BE IT ORDIANED BY THE BOARD OF COUNTY COMMISSIONERS OF ST. JOHNS COUNTY, FLORIDA:

Section 1. Because of the recent construction of new public schools within St. Johns County and the urgent need to allow public school informational signs to be located, or to continue to be located, at or near certain key intersections, without being in violation of the County sign ordinance, and because the current private directional sign criteria has proven unworkable in agricultural areas and requires urgent correction to alleviate confusion and economic hardship, the Board of County Commissioners of St. Johns County, Florida, waives notice requirements for this emergency ordinance and declares that an emergency exists and that the immediate enactment of this emergency ordinance is necessary.

Only one (1) private Directional Sign may be permitted at each access drive; and provided further that such Sign may only direct motorists to the location of off-street parking areas. Provided further, that on agricultural use properties, farms may display identification/directional signs which shall be limited to major access points and shall conform with all other applicable land development regulations.

(f) Public Identification, Information or Directional Signs Provided:

Such signs carry a message of general public interest, meet all other applicable land development regulations and are erected, maintained or authorized by a governmental entity including the Federal Government, State of Florida, a political subdivision thereof, or the School Board.
