REC. \$65.00 SUR. \$72.50

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ST. JOHNS COUNTY, FLORIDA:

WHEREAS the J.A. & M.E. Hollingsworth, the owners of lands described herein, and incorporated by reference as Exhibit "A" (legal description), filed an application, incorporated by reference as File Number MAJMOD 2008-02 for a Major Modification to Anderson Park Planned Unit Development (PUD) Ordinance Number 2006-89, as amended, dated January 17, 2008 as described hereinafter, and after required notice was published, a public hearing was held on the 1st day of April, 2008, at 9:00AM on said application.

SECTION 1. That development of lands within the Anderson Park PUD shall proceed in accordance with Ordinance 2002-46, as amended, including the Application for Major Modification dated November 5, 2007 and attached hereto and made a part hereof.

SECTION 2. That the need and justification for modification of the Anderson Park PUD has been considered in accordance with Section 5.03.05.C of the St. Johns County Land Development Code and the St. Johns County Comprehensive Plan, whereby:

1. The request for a Major Modification has been fully considered after public hearing with legal notice duly published as required by law.
2. As modified, the Anderson Park PUD is consistent with the goals, policies and objectives of the 2015 St. Johns County Comprehensive Plan.
3. As modified, the Anderson Park PUD is consistent with Part 5.03.05.C of the St. Johns County Land Development Code, which provides conditions for Major Modifications to approved PUDs.
4. As modified, the Anderson Park PUD is consistent with Part 5.03.00 of the St. Johns County Land Development Code, which provides standards for Planned Unit Developments and with the General Standards of Section 5.03.02 with respect to (B) location; (C) minimum size; (D) compatibility, and (E) adequacy of facilities.
5. The Master Development Plan Map and Text for the Anderson Park PUD meet all requirements of Section 5.03.02.G of the St. Johns County Land Development Code.
6. As modified, the Anderson Park PUD does not adversely affect the orderly

development of St. Johns County and is compatible and consistent with the development trends of the surrounding area.

SECTION 3. That all other provisions of Ordinance 2006-89 as amended, not in conflict with the provisions of this ordinance shall remain in full force and effect.

SECTION 4. Except to the extent that they conflict with specific provisions of the approved development plan or the PUD Ordinance, all building code, zoning ordinance, and other land use and development regulations of St. Johns County, including, without limitation, the Concurrency Management Ordinance and the St. Johns County Comprehensive Plan, as may be amended from time to time shall be applicable to this development, except modification to approved development plans by variance or special use shall be prohibited except where allowed by the Land Development Code. Notwithstanding any provision of this ordinance, no portion of any impact fee ordinance, concurrency provision, building code, comprehensive plan or any non Land Development Code ordinance or regulation shall be deemed waived or varied by any provision herein.

SECTION 5. That the terms of this modification to the Anderson Park PUD shall take effect immediately upon receipt of the Ordinance by the Secretary of State.

SECTION 6. This Ordinance shall be recorded in a book kept and maintained by the Clerk of the Board of County Commissioners of St. Johns County, Florida, in accordance with Section 125.68, Florida Statutes.

PASSED AND ENACTED BY THE BOARD OF COUNTY COMMISSIONERS OF ST. JOHNS COUNTY, FLORIDA THIS 1st DAY OF April 2008.

NARRATIVE PLAN DESCRIPTION **ANDERSON PARK** **PLANNED UNIT DEVELOPMENT**

INTRODUCTION

The Anderson Park site consists of + 197 acres, located between County Road (C.R.) 208 and State Road (S.R.) S.R. 16, approximately ½ mile west of Interstate 95. The legal description is included as Exhibit A. Planned development includes up to + 68 acres of industrial/warehousing, up to 3.0 acres of Office, up to 31.7 acres of retail/service and up to 10.0 acres of multi-family. The retail/service components will support the industrial park, plus will also provide services to the community. The industrial warehousing uses are more limited than those allowed under the County's IW Zoning. The office and retail/service uses are more limited than the uses allowed under CG Zoning.

This is the type of development envisioned along this section of S.R. 16 per the Future Land Use Map of the County's Comprehensive Plan.

Construction trailers may be placed on the PUD property on a temporary basis in support of off-site road, utility and drainage improvements. The construction trailers may be placed on and off for a period of 5 years from approval date of the major modification.

ON-SITE CHARACTERISTICS

The site was previously a timber forest and is mostly cleared. Existing tree cover consists of bay, holly, maple, cypress and blackgum. There are several large wetland areas which have been located by photographic interpretation and are shown on the master plan map. A formal wetland delineation is not yet complete.

OFF-SITE CHARACTERISTICS

The site is bordered on the west by a haul road and vacant land, on the north by S.R. 16, on the east by a proposed County road and commercial development, and on the south by C.R. 208. Development on the north side of S.R. 16 includes the St. Augustine Outlet Mall and other existing and proposed commercial uses. Development of this site will not impact the off-site wetlands areas.

ZONING AND COMPREHENSIVE PLAN

The current zoning of the parcel is OR (Open Rural). On the Future Land Use Map of the County's Adopted Comprehensive Plan, the site is designated for Mixed Use District (Md). A PUD with industrial, commercial and residential uses is consistent with this designation.

CONFORMANCE WITH THE ZONING CODE

The Anderson Park PUD conforms to the County's Zoning Code, and specifically meets the intent of Article 8 with respect to Planned Unit Development.

The planning and design of the Anderson Park PUD will further accomplish the following:

- Permit a creative approach to the development of the land;
- Accomplish a more desirable environment than would be possible through the strict application of the minimum requirements of the zoning ordinance;
- Provide for an efficient use of the land, resulting in smaller networks of utilities and streets and thereby lowering development costs;
- Provide an environment of stable character compatible with surrounding residential areas;
- Achieve 100 percent conformity with the county Comprehensive Plan, Zoning Code, and other applicable County ordinances;
- Reduce the burden of maintenance costs through efficient infrastructure and the provision of low-maintenance common areas; and
- Create jobs and support the County's economic base.

UTILITIES

Water and Sewer will be provided by the County. The St. Johns County Utility Department ("Utility Department") has agreed to service this property from existing service along S.R. 16. Water is available adjacent to the property on the south side of S.R. 16. Sewer is available on the north side of S.R. 16 and sleeves have been installed under S.R. 16 at the applicant's expense. At the request of the Utility Department, the following additional and more specific commitment to master plan the site's utility infrastructure to maintain level of service to each phase. If a change is sought in the priority of alternate phases, the utility infrastructure shall be accommodated accordingly to minimize impact to existing Utility Department infrastructure. FDEP permits will be obtained in accordance with the phasing schedule.

Utility connection points shall be confirmed at the design level. Utility connection points shall be installed as listed in the Availability letter or as directed otherwise by the Utility Department to minimize impact to the existing infrastructure or to the existing level of service.

Minimum setbacks for underground utility lines, as set by the Utility Department, shall be met, regardless of right-of-way width. Any easements necessary in the event the proposed right-of-way is insufficient to provide the required spacing for proper operation of underground utilities will be provided to the Utility Department.

All lines shall be installed in grassed areas of rights-of-way and no water or sewer pressurized mains shall be installed under pavement, sidewalk, or concrete walk unless approved by the Utility Department. Any private lines will be serviced via master meters and restoration easements for maintenance of utilities in private rights-of-way, which meet the Utility Department's requirements for operation and maintenance, shall be granted as necessary.

Any landscaping trees shall be placed at a minimum distance from pipelines of seven and one-half feet (7.5'), measured from the centerline of any pipeline to the centerline of the trees. 2. Add to Section 5.03.02.G.1.i of the Master Development Plan Text water and sewer usage as it is required in Section 11.05.02.C.2 and 11.05.03.C.2.

SITE ACCESS

Access to this development is shown on the site plan. Access on S.R. 16 meets the FDOT access management requirements. The proposed entrance locations on S.R. 16 conform to existing or planned median openings, and line up with existing entrances for the development on the north side of S.R. 16. Internal access to the business to be located in Parcel A will be provided through a private frontage road or internal drives. Access to Parcel C will be provided through an existing adjacent commercial PUD as well as to Tom's Road and CR 208.

The C.R. 208 bypass along the eastern boundary of the PUD ("East By-Pass") has been constructed by the Applicant. A future C.R. 208 bypass ("West By-Pass") is routed through this property and has been realigned to match the existing mall entrance on S.R. 16. Both roads are proposed for dedication to St. Johns County as part of a Development Agreement. All internal roads will remain private and be maintained by the Owner's Association. The driveway entrances from County roads near their intersection with S.R. 16 are located a safe distance from the intersections.

SUBDIVISION OF PARCELS

The Master Plan Map, Exhibit D, shows a generalized layout of uses and parcels. Internal parcel boundaries and the development assigned to each parcel may be adjusted provided the number of parcels remains the same or less, and the maximum square footage is not exceeded. The location of facilities and structures will be shown on the Master Development Plans.

PEDESTRIAN CIRCULATION

A pedestrian circulation system shall be provided within the PUD as follows:

- Within all retail/service areas, designated as Parcels A, B, and C on the Master Plan Map.
- Within the multi-family parcel (Parcel F on the revised map), a sidewalk system shall be provided along the main internal roads.
- A sidewalk connection shall be provided between Parcel H (on revised plan) and the adjacent retail/service Parcel A.

The location of the sidewalks shall be determined at the time of final Development Plan review. All multifamily housing that are determined to be "Covered Dwelling Units", shall meet the requirements of the Fair Housing Act for accessible routes including sidewalks, as well as accessible parking and other parts of this Statute.

DRAINAGE

All drainage facilities and structures shall be constructed in conformance with the St. Johns County Land Development Code. Drainage within any County road rights-of-way will be the responsibility of the County. All other drainage system components shall be the responsibility of the developer, owners association, or parcel owners, as stipulated in the Covenants and Restrictions.

SIGNAGE

Major signs may be erected at the main entrances to identify the park and its occupants. Minor signs may be erected at parcel driveways to identify the uses in each area. All signs will conform to the Land Development Code at the time of permitting. Sign locations and sizes will be shown on final development plans.

INDUSTRIAL SITES

Industrial development will consist of up to 670,000 s.f. industrial/warehouse on approximately + 68 acres. Location is shown on the Master Plan Map. Allowable industrial uses will be more limited than those allowed under the County's IW Zoning classification. The allowable uses are as follows:

- A. Wholesaling, warehousing, storage or distribution establishments and similar uses.
- B. Light manufacturing, processing, including vegetable or food processing, packaging or fabrication. Animal food processing shall be not be included or allowed hereby.

- E. Vocational, technical, trade or industrial schools and similar uses.
- F. Clinic in connection with industrial activity.
- G. Miscellaneous uses such as express office, telephone exchange, commercial parking lots and parking garages, motor bus or truck or other transportation terminal.
- H. Radio or television broadcasting offices, studios, transmitters, or antennas.
- I. All essential public services including water, sewer, gas or electrical systems such as substations, lift stations, treatment plants and similar installations.
- J. Service establishments catering to commerce and industry including linen supply, laundry, package dry cleaning plants, freight movers, communications services, business machine services, canteen services, restaurants (including drive-in restaurants) hiring and union halls, employment agencies, and sign companies.
- K. Building trade contractors.

Certain restrictions shall apply to all of the previously listed uses as follows:

1. No uses will be permitted requiring the use or storage of toxic, hazardous or flammable chemicals without such permits as may be required from time to time by all State and federal Agencies. St. Johns County shall be furnished with copies of all Material Safety Data Sheets, for its use in fire prevention and safety related programs, if requested by the St. Johns County Fire Department. All storage and use of Flammable and Combustible Liquids shall comply with the latest National Fire Protection Association Publication 30, as adopted by St. Johns County.

2. All manufacturing process shall be conducted within enclosed buildings. No aerial dispersion shall be allowed without such permits as may be required from time to time by State and Federal permits. St. Johns County shall be furnished copies of all permits issued.
3. Processes producing noise shall be controlled by property sound barriers so that the sound levels at the boundary do not exceed the levels established for such uses by St. Johns County and pursuant to St. Johns County Noise Ordinance.

In the industrial section of the PUD the minimum building setbacks are as follows:

Front Yard: 50 feet from road right-of-way
Rear Yard: 10 feet from property line
Side Yard: 10 feet from property line; minimum of 20 feet between buildings

Setbacks are measured from the vertical surfaces of the buildings.

OFFICE SITES

Office development shall consist of up to 30,000 s.f. on +3 acres. The office areas may be interspersed within the retail/service areas as shown on the Master Plan Map. The allowable uses will be:

- A. Medical and dental offices and clinics
- B. Professional and business offices, travel agencies, employment offices, and similar establishments.
- C. Miscellaneous uses such as express or parcel delivery office and telephone exchange.

- K. Indoor skating rink in completely enclosed building.
- L. Sale and service of alcoholic beverages with content not more than 14 percent for consumption off-premises. Sales and service of all alcoholic beverages on or off-premises in accordance with Section 7-16-13(e) of the County Zoning Code.

- M. Mini-Mart or convenience store with fuel pumps.
- N. Drive-in restaurants.
- O. Service Station with retail sales and without auto service or repair.
- P. Off site parking.

In the retail/service section of this PUD the setbacks are as follows:

- Front Yard: 25 feet from road right-of-way
- Rear Yard: 10 feet from property line
- Side Yard: 10 feet from the property line; minimum of 20 feet between buildings

Setbacks are measured from the vertical surfaces of the buildings.

MULTI-FAMILY

Multi-family development shall include up to 120 units on 10 acres. The setbacks shall be as follows:

- Front Yard: 25 feet from road right-of-way
- Rear Yard: 10 feet from property line
- Side Yard: 10 feet from property line; minimum of 10 feet between buildings

SITE DEVELOPMENT CONSTRAINTS

1. The total ground area to be occupied by all buildings and structures shall not exceed 35 percent.
2. The impervious area shall not exceed 75 percent.
3. Buildings shall not exceed 45 feet in height. All buildings over 35 feet will be sprinkled for fire safety purposes unless such requirement is waived or modified by the St. Johns County Fire Service and approved by the Board at the time subdivision or final development plan approval.
4. A natural vegetative buffer of 25 feet shall be maintained along the western property line, as shown on the Master Plan Map.
5. Vegetative buffers of at least 25 feet shall be required and maintained between natural drainage courses and developed areas to protect the water quality of the drainage course.

6. The wetland areas shown on the Master Plan Map are not included as part of the development area.

WAIVERS FROM THE LAND DEVELOPMENT CODE

1. The Applicant is requesting the following waivers from the Land Development Code.
 - a. The request includes a waiver to Section 5.03.05.C with regards to reformatting to current standards, to allow that the existing text of the PUD be incorporated into the new Major Modification to the PUD Ordinance. This application provides for a Major Modification to the PUD to extend the phasing schedule by three (3) years per phase, to add a vehicular and/or pedestrian interconnection to Parcel C and to add off site parking as a permitted use, but feels that no specific language changes would be necessary and reformatting would not provide any information that would be relevant to the development of this portion of the site. In addition, the request is consistent with the permitted uses and conditions stipulated within the original PUD, and these are in conformance with the requirements of the current Land Development Code.

PHASING

Phasing is shown below. Market conditions will determine the actual pace of development. Specific development phasing will be incorporated in the Final Development plans.

Phase	Years	Development (S.F. Cumulative)			
		Industrial	Office	Retail Service	Multi-Family
1	2005-2008	200,000	30,000	200,000	0
2	2008-2010	500,000	30,000	317,000	120
3	2010-2012	670,000	30,000	317,000	120

PARKING

The parking requirements shall be in conformance with the St. Johns County Zoning Ordinance and shall be determined at the time of Final Development Plan approval. Parking shall meet the Florida Accessibility Code and Fair Housing Act.

TEMPORARY USES

Development of the site and construction of the improvements may require temporary uses such as construction trailers, sales offices, temporary signage, or temporary access. The location and timing of these uses may be depicted on the Master Development Plan. Construction trailers may be placed on the PUD property in support of off-site road, utility and drainage improvements. The construction trailers shall be removed within 30 days after completion of the off-site improvements.

COMMON AREA MAINTENANCE

Legal documents which assure adequate management and maintenance of the open space area shall be provided by the developer at the time of Final Development Plan submittal for all areas proposed for common ownership by the developer or parcel owners within the PUD. Legal instruments provided for dedications, covenants, owners associations, and development controls shall:

- Place title of common property in a form of common ownership by the developer or parcel owners within the PUD; e.g., a duly constituted and legally responsible owners association.
- Appropriately limit the use of common property.
- Place responsibility for management and maintenance of common property.
- Place responsibility for enforcement of covenants.
- Permit the subjection of each lot to assessment for its proportionate share of maintenance costs.

DEVELOPER'S AGREEMENT

The developers of Anderson Park PUD and their successors or assigns agree to proceed with the proposed development in accordance with the approved PUD ordinance and plans as per St. Johns County's Ordinances and regulations and any such conditions and safeguards as may be set by the Board of County Commissioners with respect to its approval. All detailed plans submitted for development shall be in accordance with the approved Master Site Plan for Anderson Park PUD. Private facilities, areas and systems not operated and maintained by St. Johns County shall be the responsibility of the developers and their successors in interest. The owners of the property agree to bind any successors in title to all commitments made herein.

REZONING JUSTIFICATION

The Anderson Park PUD will be a comprehensively planned, mixed-use development. The industrial park will provide a good location for new businesses to start, and existing

businesses to expand. At build-out, over 1,000 permanent jobs will be offered at the park. This project will promote the County's economic development goals.

The project provides adequate protection for any valuable jurisdictional wetlands on the site. All on-site improvements will be constructed at the developer/owner's expense. This project will add to the County's tax base. In summary, the plan as submitted assures a quality development designed to support the County's comprehensive plan objectives.

NOTICE OF A PROPOSED REZONING

NOTICE IS HEREBY GIVEN that a public hearing will be held on Tuesday, April 1, 2008 at 9:00 a.m. by the St. Johns County Board of County Commissioners in the County Auditorium, County Administration Building, 4020 Lewis Speedway, St. Augustine, Florida, to request a major modification to extend the phasing schedule by three (3) years per phase, to add a vehicular and/or pedestrian interconnection to Parcel C and to add uses to the Retail/Services site. Items not heard by 6 pm shall automatically be continued until 9 am the following day, unless otherwise directed by the Board.

The subject property is West of I-95 at the intersection of SR 16 and CR 208 (Tom's Road) within St. Johns County, Florida.

This file is maintained in the Planning Division of the Growth Management Services Department, at the Permit Center, 4040 Lewis Speedway, St. Augustine, Florida, and may be examined by interested parties prior to said public hearing.

NOTICE TO PERSONS NEEDING SPECIAL ACCOMMODATIONS AND TO ALL HEARING IMPAIRED PERSONS: In accordance with the Americans with Disabilities Act, persons needing special accommodations or an interpreter to participate in this proceeding should contact the County's ADA Coordinator at (904) 209-0650 or at the County Administration Building, 4020 Lewis Speedway, St. Augustine, Florida, 32085. For hearing impaired individuals, call Florida Relay Service at 1 800 955 8770, no later than 5 days prior to the date of this meeting.

If a person decides to appeal any decision made with respect to any matter considered at the meeting or hearing, he will need a record of the proceedings and for such purpose he may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which appeal is to be based.

This matter is subject to court imposed quasi-judicial rules of procedures. It is anticipated that one or more County Commissioners may attend this meeting. Interested parties should limit contact with the Board of County Commissioners or the Planning and Zoning Agency members on this topic, except with compliance with Resolution 95-126, to properly notified public hearings or to written communication care of St. Johns County Planning Division, 4040 Lewis Speedway, St. Augustine, Florida, 32085.
