

RESOLUTION NO. 85-136

A RESOLUTION OF ST. JOHNS COUNTY, FLORIDA, SUPPORTING THE CONSTRUCTION OF AN INTERCHANGE AT INTERSTATE 95 AND NINE MILE ROAD UTILIZING PRIVATE CONSTRUCTION FUNDS.

WHEREAS, St. Johns County which is largely rural in character, is anticipating rapid growth in population in certain concentrated areas of development within the County; and,

WHEREAS, rapid growth in population will cause the public need for additional means of ingress and egress to and from the primary road system within the county to these areas of concentrated development; and,

WHEREAS, new growth in the area will impose a burden on existing interchanges at State Road 210 and Interstate 95 and State Road 16 and Interstate 95 and the connecting transportation system; and,

WHEREAS, the funding of the proposed interchange is to be from non-tax sources; and,

WHEREAS, upon completion the proposed interchange would meet the public need of providing safe ingress and egress to and from anticipated rapid growth areas adjacent to and nearby the proposed interchange;

NOW, THEREFORE, BE IT RESOLVED, that the Board of County Commissioners of St. Johns County, Florida, hereby endorses the construction of the interchange at Interstate Highway 95 (State Road 9) and Nine Mile Road (County Road) because of the public need of providing safe ingress and egress to and from areas of anticipated population concentration that would be served by the interchange and promote the needed free flow of transportation while providing the safety, viability and well being of the County and its surrounding environs; this Board further requests that the State Department of Transportation take whatever steps necessary to expedite the approval of this interchange.

This resolution shall not be construed as an approval of any

particular proposed development.

PASSED AND ADOPTED by the Board of County Commissioners
of St. Johns County, Florida, this 24 day of September,
1985.

BOARD OF COUNTY COMMISSIONERS
OF ST. JOHNS COUNTY, FLORIDA
