

RESOLUTION NO. 88-164

WHEREAS, the St. Johns County Golf Course, in the process of construction, requires electrical power in 440 volts for the installed irrigation system pumps; and

WHEREAS, the Florida Power & Light Company has notified the St. Johns County Golf Course Project Manager that it would be at least several months before the required electrical power would be installed, and

WHEREAS, failure to provide the necessary electrical power to the irrigation pumps would cause the loss of newly laid sod on the golf course, through lack of water, and

WHEREAS, the County Golf Course Project Manager has located a used, suitable Diesel Powered Generator that would satisfy the critical requirements for operation of the irrigation pumps, and

NOW THEREFORE BE IT RESOLVED, by the Board of County Commissioners of St. Johns County, Florida, the Board authorizes the County Administrator to purchase one used Diesel Generator Set 300 KW Caterpillar Model 3406, with 2800 clock operating hours, in the amount of \$19,000.00 from Ring Power Corporation, Jacksonville, Florida, as provided in Florida Law 81-843, paragraph (c) when the goods, supplies, or materials are used or damaged.

ADOPTED this 14th day of June, 1988 by the St. Johns County Board of County Commissioners.
