

RESOLUTION NO. 88-231

WHEREAS, the St. Johns County Public Golf Course is currently under construction and prior to completion will require golf cars with electrical battery charging systems to be available; and

WHEREAS, the single unit charger is normally provided with each golf car purchased and is not considered a economically operated piece of equipment, and

WHEREAS, the manufacturer, Premier Engineered Products Company, has a four-unit charger that is more economical to install and operate at a considerable savings, and

WHEREAS, the above Premier Engineered Products Charger is unlike any other golf car battery system charger in that it is capable of charging four golf cars at once, and is provided solely by Premier Engineered Products Company,

NOW THEREFORE BE IT RESOLVED, by the Board of County Commissioners of St. Johns County, Florida, that the Board authorizes the County Administrator to purchase nineteen (19) each of the four-unit chargers and necessary mounting hardware from Premier Engineered Products Company, as provided in Florida Law 81-843, paragraph (d) when the good, supplies, and materials are available from only one source.

ADOPTED this 13th day of September, 1988, by the St. Johns County Board of County Commissioners.
