1.02 Authority for this Instrument. This Instrument is adopted pursuant to the provisions of Chapter 125, Part I, Florida Statutes, as amended, Section 3.04(I) of the Original Instrument, and other applicable provisions of law.

1.03 Findings. It is hereby found and determined that:

(A) The Issuer presently owns and operates a county water and sewer system for the benefit of its inhabitants; and the Project is necessary for the continued preservation of the health, welfare, convenience and safety of the Issuer and its inhabitants.

(B) The Issuer has been advised by its consulting engineers and it is hereby found and determined that the estimated Cost of the Project will not exceed \$6,000,000, which shall be financed ultimately with the proceeds from the sale of the Bonds and which shall be financed initially with the proceeds from the sale of the Notes, to the extent that such Cost shall not be paid from a federal grant for which the Issuer has applied.

(C) The revenues to be derived annually from the Rates will be sufficient to pay, as the same shall become due and payable, the principal of and interest on the Prior Lien Obligations, the Parity Obligations and the Bonds and Operating Expenses. It is estimated that the period of usefulness of the Facilities will exceed forty-one years.

(D) It is deemed necessary and desirable to pledge the Pledged Funds to the payment of the principal of and interest on the Bonds and the Notes. No part of the Pledged Funds has been pledged or hypothecated except with respect to the Notes and the Bonds, except that the Pledged Funds have been pledged first to the payment of the principal of and interest on the Prior Lien Obligations, the Parity Obligations and the Series 1988A Notes. The Original Instrument in Section 3.04(I) thereof, provides for the issuance of additional parity obligations under the terms, limitations and conditions provided therein; and the Issuer will issue the Bonds as additional parity obligations within the authorization contained in Section 3.04(I) of the Original Instrument pursuant to written consent of the Government, the expected purchaser and holder of all of the Parity Obligations, and its waiver of any of the provisions of Section 3.04(I) of the Original Instrument which are not complied with. The Bonds shall be payable on a parity and rank equally as to lien on and source and

security for payment from the Pledged Funds, and in all other respects, with the Parity Obligations.

(E) This Instrument is declared to be and shall constitute a contract between the Issuer and the Holders; and the covenants and agreements herein set forth to be performed by the Issuer are and shall be for the equal benefit, protection and security of all of the Holders, all of which shall be of equal rank and without preference, priority or distinction of any of the Bonds or the Notes over any other, except as hereinafter provided.

(F) The Issuer is not, under this Instrument, obligated to levy any ad valorem taxes on any real or personal property situated within its territorial limits to pay the principal of or interest on the Bonds or the Notes or to pay Operating Expenses. Neither the Bonds nor the Notes shall constitute a lien upon the Facilities or any other property of the Issuer or situated within its territorial limits.

(G) Prior to issuance of the Notes the Issuer will have entered into a loan agreement with the Government, pursuant to which the Government will contract to purchase the Bonds from the Issuer upon substantial completion of the Project. It is necessary and urgent that funds be made immediately available in order to provide money for the commencement of the Project at this time and for the continued construction of the Project until its substantial completion. The Issuer must, therefore, anticipate the receipt by it of the proceeds to be derived from the sale of the Bonds, and the Issuer has determined that it is in the best interest of the Issuer and its residents and inhabitants that the Notes be issued pursuant to this Instrument in anticipation of the receipt by the Issuer of the proceeds from the sale of the Bonds.

(H) In the event that the Issuer shall be unable to market any series of the Notes in the private sector, either for the initial interim construction financing or for the purpose of extending and renewing the indebtedness evidenced by an outstanding issue of Notes, the Government may purchase the Bonds in the alternative form of the single Bond set out in Section 2.08 of this Instrument, the proceeds of which Bond shall be drawn down in installments, paid by the Government to the Issuer as the same shall be needed by the Issuer from time to time for the payment of such outstanding Notes and/or items of the Cost of the Project.

1.04 Project Authorized. The Project is hereby authorized.

ARTICLE II

AUTHORIZATION, TERMS, EXECUTION AND REGISTRATION

2.01 Authorization of Bonds. Subject and pursuant to the provisions of this Instrument, obligations of the Issuer to be known as "Water and Sewer Revenue Bonds, Series 1989B," are hereby authorized to be issued in an aggregate principal amount not exceeding Six Million Dollars (\$6,000,000) for the purpose of providing all or part of the funds required to pay Notes on the maturity date thereof and thereby providing the long-term financing of a part of the Cost of the Project, or for the purpose of providing funds directly to pay all or part of the Cost of the Project in the event that the Issuer shall be unable to market any issue of Notes or shall elect not to issue Notes pursuant to Section 5.03 of this Instrument.

2.02 Description of Bonds. The Bonds shall be dated as of the date of their delivery; shall bear interest at a rate or rates not exceeding the maximum rate permitted by law, payable on September 1, 1990 and annually thereafter on September 1 of each year; and shall be issued as a single Bond payable in installments in such amounts and on September 1 of such years, not exceeding 40 years from its date, or as serial Bonds in the denomination of \$1,000 each and integral multiples thereof not exceeding the aggregate amount of Bonds maturing on the same date and maturing in such amounts and on September 1 of such years, not exceeding 40 years from their date, as the Issuer shall hereafter by resolution provide.

The interest payable on the Bonds on any interest payment date will be paid to the Holder in whose name such Bond shall be registered at the close of business on the date which shall be the fifteenth day (whether or not a business day) of the calendar month next preceding such interest payment date. In the event the interest payable on the Bonds is not punctually paid or duly provided for by the Issuer on such interest payment date, such defaulted interest will be paid to the person in whose name such Bond shall be registered at the close of business on a special record date for the payment of such defaulted interest as established by notice to the Holder thereof, not less than ten (10) days preceding such special record date.

2.03 Payment of Bonds and Notes. The Bonds and the Notes shall be payable as to both principal and interest at such place or places as the Issuer shall hereafter by resolution designate, in lawful money of the United States of America, and shall bear interest from the date of issue; provided, however, that Bonds held by the Government shall be payable at "Finance Office, U.S. Department of Agriculture, Farmers Home Administration, 1520

Market Street, St. Louis, Missouri 63103," or at such other places as the Government shall from time to time in writing designate to the Issuer.

From and after any maturity date or interest payment date of any of the Bonds or Notes or any date fixed for redemption as designated in any notice given pursuant to Section 2.04 hereof (deposit of moneys for the payment of the principal or redemption price of and/or interest on such Bonds or Notes having been made by the Issuer and notice of redemption having been given to the extent required hereunder), notwithstanding that any of such Bonds or Notes shall not have been surrendered for payment and cancellation, no further interest shall accrue upon the principal of such Bonds or Notes after such date, no interest shall accrue upon the interest which shall have accrued and shall then be due on such date, and such Bonds or Notes shall cease to be entitled to any lien, benefit or security under this Instrument, and the Holders shall have no rights in respect of such Bonds or Notes except to receive, but solely from legally available revenues derived from sources other than ad valorem taxation, payment of such principal or the redemption price thereof and unpaid interest accrued to the due date or redemption date.

2.04 Redemption of Bonds and Notes. In this section the word "Bonds" shall be deemed to include the respective installments of principal of the single Bond corresponding to the serial maturities of the serial Bonds.

Bonds maturing on or before September 1, 1994 are not subject to redemption prior to their respective stated dates of maturity. Bonds maturing September 1, 1995 and thereafter shall be redeemable, at the option of the Issuer, in whole or in part, in inverse numerical and maturity order, on September 1, 1994 or on any interest payment date thereafter at par and accrued interest, plus the following premiums, expressed as percentages of the par value of the Bonds so redeemed, if redeemed in the following years:

- 3%, if redeemed on September 1, 1994 or thereafter, to and including September 1, 1997;
- 2 1/2%, if redeemed on September 1, 1998 or thereafter, to and including September 1, 2001;
- 2%, if redeemed on September 1, 2002 or thereafter, to and including September 1, 2005;
- 1 1/2%, if redeemed on September 1, 2006 or thereafter, to and including September 1, 2009;

1%, if redeemed on September 1, 2010 or thereafter,
to and including September 1, 2013;

Without premium, if redeemed on September 1, 2014 or
thereafter, but prior to maturity.

If the Bonds shall be issued on September 1, 1990 or
thereafter each of the dates in this section shall be deferred by
one year for each year or fraction of a year that the issuance of
the Bonds shall be deferred beyond August 31, 1990 and all other
dates in this Instrument shall be deferred correspondingly.

Bonds held by the Government may be redeemed by the
Issuer on any interest payment date prior to maturity at the price
of par and accrued interest, without premium.

Each series of Notes may be made subject to redemption
or not subject to redemption as shall be expressed by appropriate
provisions stated on the face of the Notes of such series.

Unless waived by any Holder of Bonds or Notes to be re-
deemed, notice of any redemption made pursuant to this section
shall be given by the Registrar on behalf of the Issuer by mail-
ing a copy of an official redemption notice by registered or cer-
tified mail at least 30 days and not more than 60 days prior to
the date fixed for redemption to each Holder of Bonds or Notes to
be redeemed at the address of such Holder shown on the Bond Reg-
ister or the Note Register, or at such other address as shall be
furnished in writing by such Holder to the Registrar; provided,
however, that no defect in any notice given pursuant to this sec-
tion to any Holder of Bonds or Notes to be redeemed nor failure
to give such notice to any such Holder nor failure of any such
Holder to receive such notice shall in any manner defeat the ef-
fectiveness of a call for redemption as to all other Holders of
Bonds or Notes to be redeemed.

Every official notice of redemption shall be dated and
shall state:

- (1) the redemption date,
- (2) the redemption price,
- (3) if less than all outstanding Bonds or Notes are to
be redeemed, the number (and, in the case of a partial redemption
of any Bond or Note, the principal amount) of each Bond or Note
to be redeemed,

(4) that on the redemption date the redemption price will become due and payable upon each such Bond or Note or portion thereof called for redemption, and that interest thereon shall cease to accrue from and after said date, and

(5) that such Bonds or Notes to be redeemed, whether as a whole or in part, are to be surrendered for payment of the redemption price at the principal office of the Registrar.

Prior to any redemption date, the Issuer shall deposit with the Registrar an amount of money sufficient to pay the redemption price of all the Bonds or the Notes or portions thereof which are to be redeemed on that date.

Official notice of redemption having been given as aforesaid, the Bonds or the Notes or portions thereof to be redeemed shall, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the Issuer shall default in the payment of the redemption price) such Bonds or Notes or portions thereof shall cease to bear interest. Upon surrender of such Bonds or Notes for redemption in accordance with said notice, such Bonds or Notes shall be paid by the Registrar at the redemption price. Each check or other transfer of funds issued by the Registrar for the purpose of the payment of the redemption price of Bonds or Notes being redeemed shall bear the CUSIP number identifying, by issue and maturity, the Bonds or Notes being redeemed with the proceeds of such check or other transfer. Installments of interest due on or prior to the redemption date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption of any Bond or Note, there shall be prepared for the Holder a new Bond or Bonds, or a new Note or Notes of the same maturity in the amount of the unpaid principal of such partially redeemed Bond or Note. All Bonds or Notes which have been redeemed shall be cancelled and destroyed by the Registrar and shall not be re-issued.

In addition to the foregoing notice, further notice shall be given by the Clerk as set out below, but no defect in said further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as above prescribed.

(1) Each further notice of redemption given hereunder shall contain the information required above for an official notice of redemption plus (i) the CUSIP numbers of all Bonds or Notes being redeemed; (ii) the date of issue of the Bonds or Notes as originally issued; (iii) the rate of interest borne by each Bond or Note being redeemed; (iv) the maturity date of each

Bond or Note being redeemed; and (v) any other descriptive information needed to identify accurately the Bonds or Notes being redeemed.

(2) Each further notice of redemption shall be sent at least 35 days before the redemption date by registered or certified mail or overnight delivery service to all registered securities depositories then in the business of holding substantial amounts of obligations of types comprising the Bonds or the Notes (such depositories now being Depository Trust Company of New York, New York, Midwest Securities Trust Company of Chicago, Illinois, Pacific Securities Depository Trust Company of San Francisco, California, and Philadelphia Depository Trust Company of Philadelphia, Pennsylvania) and to one or more national information services that disseminate notices of redemption of obligations such as the Bonds or the Notes.

(3) Each such further notice shall be published one time in the Bond Buyer of New York, New York or, if such publication is impractical or unlikely to reach a substantial number of the Holders of the Bonds or the Notes, in some other financial newspaper or journal which regularly carries notices of redemption of obligations similar to the Bonds or the Notes, such publication to be made at least 30 days prior to the date fixed for redemption.

2.05 Execution of Bonds and Notes. The Bonds and the Notes shall be executed in the name of the Issuer with the manual or facsimile signature of the Chairman and the official corporate seal of the Issuer shall be impressed or imprinted thereon, attested and countersigned with the manual or facsimile signature of the Clerk. At least one such officer of the Issuer shall sign manually in the event the Bond or Note shall not be required to be authenticated by the Registrar. In case any one or more of the officers who shall have signed or sealed any of the Bonds or Notes or whose facsimile signature shall appear thereon shall cease to be such officer of the Issuer before the Bonds or Notes so signed and sealed have been actually sold and delivered such Bonds or Notes may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds or Notes had not ceased to hold such office. Any Bond or Note may be signed and sealed on behalf of the Issuer by such person who at the actual time of the execution of such Bond or Note shall hold the proper office of the Issuer, although at the date of such Bonds or Notes such person may not have held such office or may not have been so authorized. Coupons attached to Notes issued in bearer form shall be authenticated with the facsimile signatures of any present or future Chairman and Clerk. The Issuer may adopt and use for such purposes the facsimile signatures of any such persons who shall have held such offices at any time after the date of the adoption of this Instrument,

notwithstanding that either or both shall have ceased to hold such office at the time the Bonds or the Notes shall be actually sold and delivered.

From time to time after the adoption of this Instrument, the Issuer may deliver executed serial Bonds or fully registered Notes to the Registrar for authentication, and the Registrar shall manually authenticate and deliver such serial Bonds or fully registered Notes in accordance with written instructions of the Issuer and not otherwise. No serial Bond or fully registered Note shall be entitled to any benefit under this Instrument or be valid for any purpose unless there appears on such serial Bond or fully registered Note a certificate of authentication substantially in the form set forth in the form of serial Bond set out in Section 2.08 hereof or the form of fully registered Note set out in Section 4.02 hereof executed on behalf of the Registrar with the manual signature of an authorized signatory of the Registrar. Such certificate of authentication executed as aforesaid on a serial Bond or fully registered Note shall be conclusive evidence that such serial Bond or fully registered Note has been authenticated and delivered under this Instrument.

2.06 Negotiability, Registration, Transfer and Exchange.
The Bonds, the Notes and coupons appertaining to bearer Notes shall be and shall have all the qualities and incidents of negotiable instruments under the laws of the State of Florida, and each successive Holder, in accepting any Bonds, Notes or coupons shall be conclusively deemed to have agreed that the same shall be and have all of said qualities and incidents of negotiable instruments.

The transfer of Bonds and Notes other than bearer Notes shall be registered on the Bond Register or the Note Register, as the case may be, upon delivery to the Registrar of the Bonds or the Notes to be transferred, accompanied by a written instrument or instruments of transfer in form and with guaranty of signatures satisfactory to the Registrar, duly executed by the Holder of the Bonds or the Notes to be transferred, or by such Holder's attorney duly authorized in writing, containing such identification information for the transferee as the Registrar shall reasonably require.

In all cases of the transfer of any Bond or Note, the Registrar shall enter the transfer of ownership in the Bond Register or the Note Register, as the case may be, and shall deliver in the name of the transferee or transferees a new registered Bond or Bonds or Note or Notes, of authorized denominations of the same maturity and interest rate for the aggregate principal amount which the registered owner is entitled to receive at the earliest practicable time in accordance with the provisions of this Instrument. The Issuer or the Registrar may charge the owner

of such Bond or Note for every such transfer sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such transfer and may require that such charge be paid before any such new Bond or Note shall be delivered.

The Issuer and the Registrar shall not be required to issue or transfer any Bonds or Notes during the period beginning with the fifteenth day next preceding either any interest payment date or any day on which such Bonds or Notes shall have been duly called for redemption in whole or in part and with respect to which the applicable notice of redemption shall have been duly given.

New Bonds or Notes delivered upon any transfer shall be valid, limited obligations of the Issuer, evidencing the same debt as the Bonds or Notes surrendered, shall be payable solely from the Pledged Funds and shall be entitled to all of the security and benefits hereof to the same extent as the Bonds or Notes surrendered.

The Issuer and the Registrar may treat the registered owner of any Bond or Note as the absolute owner thereof for all purposes, whether or not such Bond or Note shall be overdue, and any notice to the contrary shall not be binding upon the Issuer or the Registrar.

Notes maturing in one year or less may be issued as coupon notes and may be registrable on the Note Register, at the option of the Holder, as to principal only or as to both principal and interest, at the office of the Registrar, such registration to be noted on the back of such Notes in the space provided therefor. After such registration as to principal only or as to both principal and interest, no transfer of such Notes shall be valid unless made at such office by written assignment of the registered owner or by such owner's duly authorized attorney in a form satisfactory to the Registrar and similarly noted on the Notes, but such Notes may be discharged from registration by being in like manner transferred to bearer and thereupon transferability by delivery shall be restored. At the option of the Holder, such Notes may thereafter again from time to time be registered or transferred to bearer as before. Registration as to principal only shall not affect the negotiability of the coupons which shall continue to pass by delivery.

At the expense of the Holder, the single Bond may be exchanged by the Holder at any time, not more than ninety days after surrender of such Bond to the Registrar, for an equal aggregate principal amount of serial Bonds maturing in the years and amounts corresponding to the years and amounts of the unpaid

installments of principal of the single Bond and in the form prescribed for serial Bonds in Section 2.08 of this Instrument; and if all of the serial Bonds outstanding shall be owned and held by a single Holder such Bonds may, in like manner, be exchanged at the expense of such Holder at any time, not more than ninety days after surrender of such Bonds to the Registrar, for a single Bond in principal amount equal to the aggregate principal amount of such serial Bonds surrendered, maturing in installments in the years and amounts corresponding to the years and amounts of the maturities of such serial Bonds so surrendered and in the form prescribed for the single Bond in Section 2.08 of this Instrument.

2.07 Bonds, Notes and Coupons Mutilated, Destroyed, Stolen or Lost. In case any Bond or Note shall become mutilated, or be destroyed, stolen or lost, the Issuer may in its discretion issue and deliver a new Bond or Note of like tenor as the Bond or Note so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond or Note, upon surrender and cancellation of such mutilated Bond or Note, or in lieu of and substitution for the Bond or Note destroyed, stolen or lost, and upon the Holder furnishing the Issuer satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer may incur. If any such Bonds or Notes shall have matured or be about to mature, instead of issuing a substitute Bond or Note the Issuer may pay the same, upon being indemnified as aforesaid, if such Bond or Note be lost, stolen or destroyed, without surrender thereof. In case any coupons shall become mutilated, or be destroyed, stolen or lost, the Issuer may pay the same, upon surrender and cancellation of such mutilated coupon, or in lieu of and substitution for the coupon destroyed, stolen or lost, and upon the Holder furnishing to the Issuer satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer may incur. All Bonds, Notes and coupons so surrendered shall be cancelled by the Clerk.

[Back of Bond]

This bond is one of an authorized issue of Water and Sewer Revenue Bonds, Series 1989B, in the aggregate principal amount of \$_____ (the "Bonds") of like date, tenor and effect, except as to number, denomination and date of maturity, issued to finance a part of the cost of acquiring, erecting and constructing additions, extensions and improvements to the water distribution facilities of the Issuer's county water and sewer system (the "Facilities"), under the authority of and in full compliance with the Constitution and laws of the State of Florida, particularly Chapter 125, Part I, Florida Statutes, as amended, and a resolution duly adopted by the Issuer on September 13, 1988 (the "Original Instrument"), as supplemented by a resolution duly

adopted by the Issuer on _____, 1988, as amended and supplemented (collectively, the "Resolution"), and is subject to all the terms and conditions of the Resolution.

This bond and the interest hereon are payable solely from and secured by a lien upon and a pledge of the net revenues to be derived from the operation of the Facilities, all in the manner described in the Resolution. It is expressly agreed by the owner of this bond that the full faith and credit of the Issuer is not pledged to the payment of the principal of and interest on this bond and that such owner shall never have the right to require or compel the exercise of the ad valorem taxing power of the Issuer for the payment of such principal and interest or the cost of maintaining, repairing and operating the Facilities. This bond and the obligation evidenced hereby shall not constitute a lien upon the Facilities or any part thereof or upon any other property of the Issuer or situated within its corporate territorial limits, but shall constitute a lien only on the net revenues to be derived from the operation of the Facilities.

The lien in favor of the owners of the Bonds on the revenues of the Facilities is junior, subordinate and inferior in every respect to the lien thereon in favor of the holders of the Issuer's outstanding Water Revenue Bond dated June 15, 1981 (the "Prior Lien Obligations"). The Issuer in the Resolution has covenanted and agreed with the owners of the Bonds that it will not hereafter issue any additional obligations payable from the revenues of the Facilities on a parity with the Prior Lien Obligations. The Bonds are payable on a parity, equally and ratable, from such net revenues with the Issuer's Water and Sewer Revenue Bonds, Series 1988A, authorized pursuant to the Original Instrument (the "Parity Obligations").

In and by the Resolution, the Issuer has covenanted and agreed with the owners of the Bonds that it will fix, establish, revise from time to time whenever necessary, maintain and collect always such fees, rates, rentals and other charges for the use of the product, services and facilities of the Facilities which will always produce cash revenues sufficient to pay, and out of such funds pay, as the same shall become due, the principal of and interest on the Prior Lien Obligations, the Parity Obligations and the Bonds, the necessary expenses of operating and maintaining the Facilities and all reserve, sinking fund or other payments required by the Resolution, and that such rates, rentals, fees and other charges will not be reduced so as to be insufficient to provide funds for such purposes.

Bonds maturing on or before September 1, 1994 are not subject to redemption prior to their respective stated dates of maturity. Bonds maturing September 1, 1995 and thereafter shall be redeemable, at the option of the Issuer, in whole or in part,

in inverse numerical and maturity order, on September 1, 1994 or on any interest payment date thereafter at par and accrued interest, plus the following premiums, expressed as percentages of the par value of the Bonds so redeemed, if redeemed in the following years:

- 3%, if redeemed on September 1, 1994 or thereafter, to and including September 1, 1997;
- 2 1/2%, if redeemed on September 1, 1998 or thereafter, to and including September 1, 2001;
- 2%, if redeemed on September 1, 2002 or thereafter, to and including September 1, 2005;
- 1 1/2%, if redeemed on September 1, 2006 or thereafter, to and including September 1, 2009;
- 1%, if redeemed on September 1, 2010 or thereafter, to and including September 1, 2013;

Without premium, if redeemed on September 1, 2014 or thereafter, but prior to maturity;

provided, however, that notice of such redemption shall be given in the manner required by the Resolution.

This bond is transferable upon the registration books of the Clerk of the Board of County Commissioners of the Issuer, [or: _____, _____,] as registrar, or such other registrar as the Issuer shall hereafter duly appoint (the "Registrar"), but only in the manner, subject to the limitations and upon payment of the charges provided in the Resolution, and upon surrender of this bond to the Registrar, with the form of Assignment hereon or other written instrument or instruments of transfer in form and with guaranty of signature satisfactory to the Registrar, duly executed by the registered owner hereof, or by such owner's attorney duly authorized in writing, and containing the information identifying the transferee requested hereon. In all cases of the transfer of this bond, the Registrar shall enter the transfer of ownership in such registration books and shall deliver in the name of the transferee or transferees a new bond or bonds of authorized denomination or denominations and of the same series, maturity, interest rate and aggregate principal amount, at the earliest practicable time. Prior to every such transfer the Registrar shall be entitled to receive from the owner of this bond a sum sufficient only to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such transfer.

As provided in the Resolution, this bond and all of the Bonds then outstanding are exchangeable at the expense of the registered owner hereof at any time, not less than ninety days after surrender of this bond and all of the Bonds then outstanding to the Registrar, for a single fully-registered bond in the denomination equal to the aggregate principal amount of this bond plus all of the Bonds then outstanding and in the form of such single bond as provided for in the Resolution.

It is hereby certified and recited that all acts, conditions and things required to exist, to happen and to be performed precedent to and in the issuance of this bond, exist, have happened and have been performed, in regular and due form and time as required by the Constitution and laws of the State of Florida applicable hereto, and that the issuance of the Bonds does not violate any constitutional, statutory or charter limitations or provisions.

This bond is and has all the qualities and incidents of a negotiable instrument under the laws of the State of Florida.

Such interest so payable on any interest payment date will, as provided in the Resolution hereinafter mentioned, be paid to the person in whose name this bond shall be registered at the close of business on the date which shall be the fifteenth day (whether or not a business day) of the calendar month next preceding such interest payment date. In the event interest payable on this bond is not punctually paid or duly provided for by the Issuer on such interest payment date, payment of such defaulted interest shall be made to the person in whose name this bond shall be registered at the close of business on a special record date for the payment of such defaulted interest as established by notice to the registered owner hereof, not less than ten (10) days preceding such special record date. Both principal of and interest on this bond are payable at _____, _____, in lawful money of the United States of America. Payments of principal and interest, including prepayments of installments of principal as hereinafter provided, shall be noted by the owner and holder hereof on the Payment

Record made a part of this bond, and written notice of the making of each such notation shall be promptly sent to the Issuer. Upon final payment of principal and interest this bond shall be surrendered to the Issuer.

This bond evidences the Bonds of an authorized issue of Water and Sewer Revenue Bonds, Series 1989B, in the aggregate principal amount of \$_____, issued to finance a part of the cost of acquiring, erecting and constructing additions, extensions and improvements to the water facilities of the Issuer's county water and sewer system (the "Facilities"), under the authority of and in full compliance with the Constitution and laws of the State of Florida, particularly Chapter 125, Part I, Florida Statutes, as amended, and Resolution No. _____ duly adopted by the Issuer on September 13, 1988 (the "Original Instrument"), as supplemented by Resolution No. _____ duly adopted by the Issuer on _____, 1988 (collectively, the "Resolution"), and is subject to all the terms and conditions of the Resolution.

This bond and the interest hereon are payable solely from and secured by a lien upon and a pledge of the net revenues to be derived from the operation of the Facilities, all in the manner described in the Resolution. It is expressly agreed by the owner of this bond that the full faith and credit of the Issuer is not pledged to the payment of the principal of and interest on this bond and that such owner shall never have the right to require or compel the exercise of the ad valorem taxing power of the Issuer for the payment of such principal and interest or the cost of maintaining, repairing and operating the Facilities. This bond and the obligation evidenced hereby shall not constitute a lien upon the Facilities or any part thereof or upon any other property of the Issuer or situated within its territorial limits, but shall constitute a lien only on the net revenues to be derived from the operation of the Facilities.

The lien in favor of the owner of this bond on the revenues of the Facilities is junior, subordinate and inferior in every respect to the lien thereon in favor of the holders of the Issuer's outstanding Water Revenue Bond dated June 15, 1981 (the "Prior Lien Obligations"). The Issuer in the Resolution has covenanted and agreed with the owner of this bond that it will not hereafter issue any additional obligations payable from the revenues of the Facilities on a parity with the Prior Lien Obligations. The Bonds are payable on a parity, equally and ratably, from such net revenues with the Issuer's Water and Sewer Revenue Bonds, Series 1988A, authorized pursuant to the Original Instrument (the "Parity Obligations").

In and by the Resolution, the Issuer has covenanted and agreed with the owner this bond that it will fix, establish, revise from time to time whenever necessary, maintain and collect always such fees, rates, rentals and other charges for the use of

the product, services and facilities of the Facilities which will always produce cash revenues sufficient to pay, and out of such funds pay, as the same shall become due, the principal of and interest on the Prior Lien Obligations, the Parity Obligations and this bond, the necessary expenses of operating and maintaining the Facilities and all reserve, sinking fund or other payments required by the Resolution, and that such rates, rentals, fees and other charges will not be reduced so as to be insufficient to provide funds for such purposes.

The installments of principal payable upon this bond on or before September 1, 1994 are not subject to prepayment prior to their respective dates of payment. The installments of principal payable on this bond on September 1, 1995 and thereafter may be prepaid at the option of the Issuer, in whole or in part, but only in multiples of \$1,000, in inverse chronological order of said installments, on September 1, 1994 or on any interest payment date thereafter at par and accrued interest, plus the following premiums, expressed as percentages of the principal amount of said installments so prepaid, if prepaid in the following years:

- 3%, if paid on September 1, 1994 or thereafter, to and including September 1, 1997;
- 2 1/2%, if paid on September 1, 1998 or thereafter, to and including September 1, 2001;
- 2%, if paid on September 1, 2002 or thereafter, to and including September 1, 2005;
- 1 1/2%, if paid on September 1, 2006 or thereafter, to and including September 1, 2009;
- 1%, if paid on September 1, 2010 or thereafter, to and including September 1, 2013;
- Without premium, if paid on September 1, 2014 or thereafter, but prior to maturity;

provided, however, that notice of such prepayment shall be given in the manner required by the Resolution.

This bond is transferable upon the registration books of the Clerk of the Board of County Commissioners of the Issuer, [or: _____, _____, _____,] as registrar, or such other registrar as the Issuer shall hereafter duly appoint (the "Registrar"), but only in the manner, subject to the limitations and upon payment of the charges provided in the Resolution, and upon surrender of this bond to the Registrar, with the form of Assignment hereon or other written instrument or instruments of transfer in form and with guaranty of signature satisfactory

to the Registrar, duly executed by the registered owner hereof, or by such owner's attorney duly authorized in writing, and containing the information identifying the assignee requested hereon. In all cases of the transfer of this bond, the Registrar shall enter the transfer of ownership in such registration books and shall deliver in the name of the assignee or assignees a new single bond and shall verify the endorsements made on the Payment Record attached hereto as to the portion of the principal amount hereof and interest hereon paid or prepaid, and every assignee hereof shall take this bond subject to this condition. Prior to every such transfer the Registrar shall be entitled to receive from the owner of this bond a sum sufficient only to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such transfer.

As provided in the Resolution, this bond is exchangeable at the expense of the owner and holder hereof at any time, not more than ninety days after surrender of this bond to the Registrar, for an equal aggregate principal amount of serial bonds in the denomination of \$1,000 each or any multiple thereof and maturing in the amounts and on September 1 of the years corresponding to the years and amounts of the unpaid installments of principal of this bond, and in the form of such serial bonds as provided for in the Resolution.

It is hereby certified and recited that all acts, conditions and things required to exist, to happen and to be performed precedent to and in the issuance of this bond, exist, have happened and have been performed, in regular and due form and time as required by the Constitution and laws of the State of Florida applicable hereto, and that the issuance of this bond does not violate any constitutional, statutory or charter limitations or provisions.

ARTICLE III

COVENANTS, SPECIAL FUNDS AND APPLICATION THEREOF

3.01 Bonds and Notes Not to Be General Indebtedness of Issuer. Neither the Bonds nor the Notes shall be or constitute general obligations or indebtedness of the Issuer as "bonds" within the meaning of Article VII, Section 12 of the Constitution of Florida, but shall be payable solely from and secured by a

lien upon and a pledge of the Pledged Funds or, in the case of each series of the Notes, from and secured by a prior lien upon and a pledge of the proceeds from the sale of the Bonds or the sale of Notes issued to extend and renew the indebtedness evidenced by such series of the Notes, as herein provided. No Holder shall ever have the right to compel the exercise of any ad valorem taxing power of the Issuer, the State of Florida or any political subdivision thereof to pay the principal of or interest on any Bond or Note or Operating Expenses, or be entitled to payment of such Bond or Note from any moneys of the Issuer except from the Pledged Funds or, in the case of each series of the Notes, the proceeds from the sale of the Bonds or the sale of Notes issued to extend and renew the indebtedness evidenced by such series of Notes, in the manner provided herein.

3.02 Security for Bonds and Notes. The payment of the principal of and interest on the Bonds shall be secured forthwith equally and ratably by a pledge of and lien upon the Pledged Funds. The Issuer does hereby irrevocably pledge the Pledged Funds to the payment of the principal of and interest on the Bonds and to the payment into the Debt Service Fund at the times provided of the sums required to secure to the Holders thereof the payment of the principal of and interest on the Bonds at the respective maturities thereof.

The payment of the principal of and interest on each series of the Notes shall be secured forthwith, equally and ratably, by a prior lien on and pledge of the proceeds to be derived from the sale of the Bonds or the sale of Notes issued to extend and renew the indebtedness evidenced by such series of the Notes and, if necessary, by a lien on and pledge of the Pledged Funds, subject only to the pledge thereof and lien thereon in favor of the Prior Lien Obligations.

The Bonds are payable from the Pledged Funds on a parity, equally and ratably, with the Parity Obligations.

The lien on and pledge of the Pledged Funds in favor of the Bonds and the Notes is junior, subordinate and inferior in every respect to the pledge of and lien on the Pledged Funds in favor of the Prior Lien Obligations.

3.03 Application of Proceeds of Initial Series of Notes. The Issuer hereby covenants that it will establish with an Authorized Depository a separate account or accounts to be designated collectively as the "St. Johns County Water and Sewer System 1988B Construction Account," into which shall be deposited the proceeds from the sale of the initial series of the Notes (except such portion thereof which, together with the earnings to be derived from the investment thereof, shall be necessary to pay interest on such Notes to the maturity date thereof, which portion shall be deposited in the Notes Payment Account for such initial series),

grant funds and the additional funds, if any, required to assure payment in full of the Cost of the Project. Withdrawals from the Construction Account shall be made only for such purposes as shall be specified in the Project Cost estimates and as shall be approved by the Issuer's consulting engineers for the Project.

The Issuer's share of any liquidated damages or other moneys paid by defaulting contractors or their sureties, and all proceeds of insurance compensating for damages to the Project during the period of construction, shall be deposited in the Construction Account to assure completion of the Project.

Note proceeds in the Construction Account shall be continuously secured by the Authorized Depository in the manner prescribed by the laws of the State of Florida relating to the securing of public funds. When Note proceeds on deposit in the Construction Account exceed the estimated disbursements on account of the Project for the next 90 days, the Issuer may direct the Authorized Depository to invest such excess funds in the manner prescribed by the laws of the State of Florida relating to the investment of public funds. The earnings from any investment of Construction Account moneys shall be deposited in the Construction Account. After issuance of the Bonds, moneys in the Construction Account shall be continuously secured by the Authorized Depository in accordance with U.S. Treasury Department Circular 176 and in the manner prescribed by the laws of the State of Florida relating to the securing of public funds, and excess moneys may be invested only in Federal Securities. Notwithstanding the provisions of this paragraph, when the State Board of Administration of Florida is the Authorized Depository, all Note proceeds on deposit in the Construction Account may be invested in such investments and securities and in such manner as allowed by the laws of Florida for investments by such Board.

When the construction of the Project has been completed and all Costs thereof have been paid in full, all funds remaining in the Construction Account, except grant funds, shall be deposited in the Debt Service Fund, and the Construction Account shall be closed.

All moneys deposited in the Construction Account shall be and constitute a trust fund created for the purposes stated, and there is hereby created a lien upon such fund in favor of the Holders until the moneys thereof shall have been applied in accordance with this Instrument.

In the event that the Issuer shall be unable to market any issue of Notes or shall elect not to issue Notes pursuant to the provisions of Section 5.03 of this Instrument, then the Issuer shall deposit into the Construction Account the proceeds from the

sale of the Bonds (except such portion thereof as shall be necessary to pay interest on the Bonds during the construction of the Project, which shall be deposited in the Debt Service Fund), grant funds and the additional funds, if any, required to assure payment in full of the Cost of the Project, and Bond proceeds in the Construction Account shall be applied and invested in the manner provided in this section for the application and investment of Note proceeds. In such event, if the Bonds shall be purchased by the Government, the Government and the Issuer intend that Bond proceeds shall be drawn down in installments to be paid by the Government to the Issuer as the same shall be needed by the Issuer from time to time for the payment of items of the Cost of the Project. As each such installment of Bond proceeds shall be paid by the Government and drawn down by the Issuer, the Issuer will acknowledge receipt of such portion of Bond proceeds so drawn down and the date of such receipt upon the schedule provided for such purpose upon the Bond.

3.04 Covenants of the Issuer. So long as any of the principal of or premium, if any, or interest on any of the Bonds or the Notes shall be outstanding and unpaid, or until provision for payment thereof shall have been made within the meaning of Section 5.01 hereof, except as to any Bonds or Notes which shall have not been surrendered for payment at maturity as provided in Section 2.03 hereof, the Issuer covenants with the Holders as follows:

(A) Application of Provisions of Original Instrument. The Bonds and the Notes shall for all purposes (except as herein modified) be considered to be additional parity obligations issued under the authority of Section 3.04(I) of the Original Instrument and shall be entitled to all the protection and security provided by the Original Instrument for the Parity Obligations and shall be in all respects entitled to the same security, rights and privileges enjoyed by the Parity Obligations. The covenants and pledges contained in Section 3.04 of the Original Instrument shall be applicable to the Notes and the Bonds in like manner as applicable to the Parity Obligations, except that the Notes shall be junior, subordinate and inferior to the Parity Obligations in every respect. The principal of, interest on and redemption premiums on the Bonds shall be payable from the Debt Service Fund established by the Original Instrument on a parity with the Parity Obligations, and payments shall be made into such Debt Service Fund by the Issuer in amounts fully sufficient to pay the principal of and interest on the Parity Obligations and on the Bonds as such principal and interest become due. The Reserve Account established by the Original Instrument shall be applicable pro rata to the Bonds in the same manner as applicable to the Parity Obligations.

(B) Maintenance of Facilities. The Issuer will complete the construction of the Project in an economical and efficient manner with all practicable dispatch, and thereafter will maintain the Facilities in good condition and continuously operate the same in an efficient manner at a reasonable cost.

(C) Compliance with Laws and Regulations. The Issuer covenants and agrees to perform and comply with, in every respect, the loan and grant agreements which it might have with the Government or with any other governmental agency and all applicable federal and state laws and regulations.

(D) Remedies. Any Holder may either at law or in equity, by suit, action, mandamus or other proceedings in any court of competent jurisdiction, protect and enforce any and all rights, including the right to the appointment of a receiver, existing under the laws of the State of Florida, or granted and contained in this Instrument, and may enforce and compel the performance of all duties required by this Instrument or by any applicable state or federal statutes to be performed by the Issuer or by any officer thereof. This provision shall not be deemed to waive any venue privileges which the Issuer may have.

Nothing herein, however, shall be construed to grant to any Holder any lien on the Project or any part thereof or on any other property of the Issuer or situated within its corporate territorial limits, except the Pledged Funds.

(E) Government Approval of Extensions and Financing. Anything herein to the contrary notwithstanding, while the Government is a Holder, the Issuer will not borrow any money from any source or enter into any contract or agreement or incur any other liability in connection with making extensions of or improvements to the Facilities, other than normal maintenance of the Facilities, or permit others to do so, without obtaining the prior written consent of the Government, which consent will not be unreasonably withheld.

(F) Reimbursement of Advances and Interest Thereon. While the Government shall be a Holder, the Government shall have the right to make advances for the payment of insurance premiums and/or other advances which, in the opinion of the Government, may be required to protect the Government's security interest. In the event of any such advances, the Issuer covenants and agrees to repay the same, together with interest thereon at the same rate per annum as specified in the Notes or the Bonds, whichever shall be outstanding at the time of repayment, but solely from Pledged Funds, upon demand made at any time after any such expenditure by the Government. Any such amount due the Government shall be secured by a pledge of and lien upon the Pledged Funds, on a

parity with the Notes or the Bonds, as the case may be, and payment thereof shall take priority over any other payments from the Reserve Account.

(G) Creation of Superior Liens. The Issuer covenants that it will not issue any other notes, bonds, certificates or obligations of any kind or nature or create or cause or permit to be created any debt, lien, pledge, assignment or encumbrance or charge payable from or enjoying a lien upon any of the Pledged Funds ranking prior and superior to the lien created by this Instrument for the benefit of the Notes and the Bonds.

(H) Arbitrage. The Issuer covenants that it will not knowingly make any investments or acquiesce in the making of any investments by any depository pursuant to or under the provisions of this Instrument which could cause the Notes or the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the United States Internal Revenue Code of 1986, as amended from time to time, and the applicable regulations issued thereunder (collectively, the "Internal Revenue Code"). Unless the Issuer is furnished with an opinion of counsel, which counsel's legal and tax opinion on municipal bond issues is nationally recognized ("Bond Counsel"), that the Notes or the Bonds qualify for any applicable exception to the arbitrage rebate requirements contained in the Internal Revenue Code, the Issuer covenants that it shall pay, from the special account described in paragraph (2) of this subsection, any rebate amount required to be paid on behalf of the Issuer to the U.S. Treasury pursuant to Section 148 the Internal Revenue Code. The Issuer shall take the following actions to provide for payment to the U.S. Treasury pursuant to Section 148 of the Internal Revenue Code:

(1) Unless the Issuer is furnished with an opinion of Bond Counsel to the effect that failure to make such determinations will not adversely affect the tax-exempt status of the Notes or the Bonds, either the Issuer, or Bond Counsel employed by the Issuer, shall make a determination on behalf of the Issuer of the amount required to be paid to the U.S. Treasury at least every year (as of the anniversary of the date of issue of the Notes and the Bonds) and upon the final payment of the Notes and the Bonds.

(2) An amount equal to the amount to be paid pursuant to paragraph (1) above shall be transferred from the Revenue Fund to be placed into a special account, which shall be held for the sole benefit of the U.S. Treasury and shall not be or be deemed to be a pledged fund (and no moneys deposited therein shall be or deemed to be Pledged Funds). The Issuer shall promptly deposit into the special account any deficiency in such amount.

(3) The Issuer shall make payment to the U.S. Treasury from the special account on the dates and in the manner required by law.

(4) The Issuer shall take any additional action required to be taken pursuant to the nonarbitrage certificate, or other instructions from Bond Counsel, delivered in connection with or subsequent to the issuance and sale of the Notes or the Bonds.

(5) The Issuer shall keep records of the determinations made under this section until six years after the final payment on the Notes and the Bonds. The Issuer shall keep adequate records, including any necessary certifications, to evidence the fair market value of any Federal Securities purchased with Note or Bond proceeds.

(6) Foley & Lardner, Jacksonville, Florida, is hereby appointed to serve as rebate administrator hereunder with respect to the Bonds until the Issuer shall by resolution appoint as successor rebate administrator any other Bond Counsel or any certified public accountant, bank or trust company, or other agent of the Issuer who shall be qualified to assure compliance by the Issuer with the requirements of this section. The rebate administrator is hereby authorized to hire counsel, accountants, and other experts which the rebate administrator may, in its sole discretion, determine advisable for the purpose of obtaining the required calculations of the rebate amounts and determinations as to the due dates for the rebate thereof and other matters necessary for compliance with Section 148(f) of the Code as the same relates to the Bonds. The rebate administrator will not be liable for any loss occasioned by its reliance upon the instructions of such experts or upon the Issuer's certification of the amounts earned on nonpurpose investments, as such term is defined in Section 148(b)(2) of the Code, in which gross proceeds of the Bonds shall be invested. The duties and responsibilities of the rebate administrator may be performed by more than one Person.

(I) Compliance with Internal Revenue Code. The Issuer covenants and agrees that it will take any additional action required to be taken pursuant to the nonarbitrage certificate, or other instructions from Bond Counsel, whether delivered in connection with or subsequent to the issuance and sale of the Notes or the Bonds, in order to comply with all provisions of the Internal Revenue Code compliance with which is required to maintain the tax-exempt status of the interest payable on the Notes or the Bonds.

ARTICLE IV

AUTHORIZATION OF NOTES

4.01 Authorization of Notes. Subject and pursuant to the provisions of this Instrument, one or more series of obligations of the Issuer to be known as "Water and Sewer Revenue Bond Anticipation Notes, Series 1988B" (designated appropriately to differentiate among series if more than one series of Notes shall be issued hereunder), are hereby authorized to be issued, each series to be in an aggregate principal amount not to exceed Six Million Dollars (\$6,000,000), for the purpose of providing funds to pay all or a part of the Cost of the Project pending issuance of the Bonds and for the purpose of providing funds to pay the cost of renewing and extending the obligation evidenced by any series of Notes previously issued.

4.02 Description of Notes. The Notes of each series shall be dated as of the date of or prior to the date of their delivery to the initial purchaser or purchasers thereof, shall be payable as to both principal and interest at such place or places, shall mature on or prior to the fifth anniversary of their date and may be in such denomination or denominations, bear interest payable at maturity or periodically (and, at the Issuer's option, upon surrender of coupons in the case of Notes maturing one year after issuance or earlier) and have such registration provisions and redemption privileges as shall be acceptable to such purchaser or purchasers and hereafter specified by resolution of the Issuer. The Notes shall bear such rate or rates of interest not exceeding the legal rate and shall be in substantially the following forms, with such omissions, insertions and variations as may be necessary and/or desirable and approved by the Chairman or the Clerk prior to the issuance thereof (which necessity and/or desirability and approval shall be presumed by the Issuer's delivery of the Notes to the purchaser or purchasers thereof):

This note and the obligation evidenced hereby shall not constitute a lien upon the Facilities or any part thereof or upon any other property of the Issuer or situated within its corporate territorial limits, but shall constitute a lien only on the proceeds to be derived from the sale of the Bonds or the sale of bond anticipation notes issued to extend and renew the indebtedness evidenced by the Notes and, if necessary, said net revenues. 4.03 Additional Covenants of the Issuer. For so long as the principal of and interest on the Notes shall be outstanding and unpaid or until there shall have been irrevocably set apart in the Notes Payment Account a sum sufficient to pay, when due, the principal of the Notes and interest accrued and to accrue thereon, the Issuer covenants with the holders of the Notes as follows:

(A) Notes Payment Account. The Issuer hereby covenants that with respect to each series of Notes issued hereunder it shall establish with an Authorized Depository an account to be designated as the "St. Johns County Water and Sewer Revenue Bond Anticipation Notes, Series 1988B Payment Account" (designated appropriately to differentiate among series if more than one series of Notes shall be issued hereunder), into which there shall be deposited from the proceeds of the sale of such series of Notes and, to the extent necessary, from any other funds of the Issuer derived from sources other than ad valorem taxation a sum which, together with the earnings to be derived from the investment thereof, shall be sufficient to pay interest on such series of Notes as the same shall become due and payable, and into which there shall be deposited from the proceeds of the sale of the Bonds or of a subsequent series of Notes and, to the extent necessary, from any other funds of the Issuer derived from sources other than ad valorem taxation the sum required to pay the principal of such series of Notes on the maturity date thereof. Moneys on deposit to the credit of such Notes Payment Account shall be applied only to the payment of the principal of and interest on such series of the Notes and, until such moneys shall have been applied to such purpose, there shall be a lien upon all of the moneys of such Notes Payment Account in favor of the holders of such series of the Notes.

Any funds remaining on deposit to the credit of such Notes Payment Account after the principal of and interest on such series of the Notes shall have been paid in full shall be deposited in the Construction Account or, if the Project shall have been completed and the Construction Account closed, in the Debt Service Fund, whereupon such Notes Payment Account shall be closed.

(B) Sale of Bonds or Refunding Notes. The Issuer shall in good faith endeavor to sell a sufficient principal amount of the Bonds or of an additional series of Notes in order to have funds available to pay each series of outstanding Notes on the maturity date thereof.

(C) Supplemental Instruments. The Issuer shall, from time to time and at any time, adopt such resolutions not inconsistent with the provisions of this Instrument as shall be necessary or desirable to cure any ambiguity, defect or omission herein and/or secure, extend or renew to the holders of the Notes the pledges and covenants made herein for the payment of the Notes and the interest to accrue thereon.

(D) No Additional Obligations. The Issuer covenants and agrees that while Notes shall remain outstanding hereunder, the Issuer will not issue any additional obligations or incur any additional indebtedness payable from the Pledged Funds, except the Parity Obligations, the Bonds, refunding Notes, and the Series 1988A Notes.
