RESOLUTION NUMBER ------ 89-140
RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS
COUNTY OF ST. JONHS, STATE OF FLORIDA
APPROVING A FINAL DEVELOPMENT PLAN
FOR PHASE IV
CAMACHEE ISLAND PLANNED UNIT DEVELOPMENT
PURSUANT TO ORDINANCE NUMBER 81-45

BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ST.
JOHNS COUNTY, FLORIDA:

SECTION 1. Pursuant to the request for approval made by
Camachee Cove Yacht Harbor, Incorporated in accordance with
Section 8-3 of the St. Johns County Zoning Ordinance, and
subsequent review and approval by the St. Johns County
Planning and Zoning Agency, the Final Development Plan
attached hereto as Exhibit F-1, F-2, and F-3, is hereby
approved in reliance upon and in accordance with the
representation made in the written submission statement
attached hereto as Exhibit E and legal description of the
property for Camachee Island Homesites attached hereto as
Exhibit C.

SECTION 2. All building code, zoning ordinance, and other
land use and development regulations of St. Johns County as
may be amended from time to time, shall be applicable to this
development except those permitting variances and special
exceptions and except to the extent that they conflict with
specific provisions of the approved development plan or
Planned Unit Development Ordinance. Modification to approved
development plans by variance or special exception shall be
prohibited.

SECTION 3. All attachments included herein are incorporated
herein and made a part of the adopting ordinance.

PASSED AND ADOPTED THIS _______ 27th _______ DAY OF _______ June _______
1989.

ATTEST: CARL "BUD" MARKEL
CLERK

BOARD OF COUNTY COMMISSIONERS
OF ST. JOHN'S COUNTY, FLORIDA

BY ____________________________ CHAIRMAN

By __________________________
DEPUTY CLERK
EXHIBIT E

PHASE IV FINAL DEVELOPMENT PLAN
CAMACHEE ISLAND PLANNED UNIT DEVELOPMENT

Submitted herewith, on behalf of Camachee Cove Yacht Harbor, Incorporated, for approval by the St. Johns County Planning and Zoning Agency and the St. Johns County Board of County Commissioners, is the development map depicting the Final Development Plan (hereinafter referred to as the "Map") for Phase IV of Camachee Island Planned Unit Development. The property is located within the Camachee Island Planned Unit Development, as approved by Ordinance Number 81-45. Phase IV contains 20 single family home lots (hereinafter referred to as Camachee Island Homesites).

In accordance with Section 8-4-5 of Article 8 of the St. Johns County Zoning Ordinance, the following legal documents are provided:

Declaration of Covenants and Restrictions for Camachee Island (the "Declaration"), including as exhibits the Articles of Incorporation and Bylaws of the Camachee Island Owners Association and the Supplemental Declaration of Covenants and Restrictions for Camachee Island Homesites (the "Supplemental Declaration").

Notwithstanding that the support legal documents may be recorded in their entirety, only those sections of the support legal documents which are specifically referenced herein, shall be considered to be a part of this Final Development Plan. Nothing contained in the support legal documents shall be interpreted to limit or restrict in any way the regulatory powers of St. Johns County (including its powers to review and approve plats and replats). Those sections of the support legal documents which are specifically referenced herein are incorporated by reference in the Final Development Plan, shall be considered a part of the Final Development Plan, and may not be amended or altered in any way without the approval of the St. Johns County Planning and Zoning Agency and the St. Johns County Board of County Commissioners. The developer reserves the right to alter, amend, or allow to be amended all other sections of the support legal documents, provided, however, that if any alteration, amendment, or series of amendments to the Declaration materially erodes the protection afforded by the Declaration so that the St. Johns County Board of County Commissioners, in the exercise of its reasonable discretion, determines that there is a substantial likelihood that the spirit and intent of Article 8 of the St. Johns County Zoning Ordinance will be undermined, then the Board may require that further alterations and amendments be submitted to it for approval prior to the recording of such alterations or amendments.
SECTION 8-4 STANDARDS AND CRITERIA

8-4-1 Density of Development

The development contains a total of 86.64 acres of property with a total of 115 approved dwelling units (reduced from 182). Density for the overall development is therefore 1.3 units per acre.

Phase IV contains a total of 49.36 acres of property with a total of twenty (20) single family homesites. Therefore density for this phase is 0.4 units per acre.

8-4-2 Open Space

As indicated by the Map, and due to the single family low density lot arrangement, Camachee Island Homesites will contain no designated open space for the common use of residents of the development.

8-4-3 Waiver of Yard, Dwelling Unit, Frontage Criteria, and Use Restrictions

All development which is to occur will comply with the spirit and intent of the St. Johns County Zoning Ordinance and will conform with the requirements of Phase III. Residential dwellings may be built immediately adjacent to adjacent residential lot lines, inclusive of all overhangs, decks, stairways, etc., provided that a minimum setback of thirty (30) feet shall be provided between residential structures as measured from wall to wall, and that a minimum setback of twenty (20) feet be provided as measured from the edge of the roadway pavement to the wall of the unit. No rear yard setbacks will be required. There will be no more than twenty (20) single family residences in Camachee Island Homesites. Servant quarters and/or guest houses may be allowed provided that construction complies with the setbacks contained herein. The developer reserves the right to control and establish the location of all structures and to establish any additional setback lines, subject to compliance with other applicable fire and building code requirements.

Residential lots shall be numbered from one (1) to twenty (20), inclusive, and shall be used exclusively for residential purposes including, but not limited to dwelling unit, servant quarters, guest house, patio, decks, pools, spas,
walls and driveways. Individual private swimming pools may be constructed, provided that the pool is located in the rear yard or that portion of the side yard which is adjacent to the rear yard. Fencing of the pool will be required as per the requirements of St. Johns County.

8-4-4  Project Size

The Planned Unit Development is more than twenty (20) acres. This phase, Phase IV consists of 49.96 acres.

8-4-5  Support Legal Documents for Open Space

There is no common open space in the area of this Final Development Plan.

8-4-6  Access

Access is to be provided to each residential lot via a private vehicular way, to be owned and maintained by the Camachee Island Homeowners Association.

8-4-7  Privacy

Each dwelling unit will be assured of visual and acoustical privacy as a result of the size and nature of the lots. Walls, fencing, landscaping and combinations thereof shall be allowed by the restrictions provided as a part of the Declaration of Covenants and Restrictions of the Camachee Island Homeowners Association and any supplements thereto.

8-4-8  Community Facilities

A. Roadways and Drainage Facilities

There are no community facilities besides the roadways in Phase IV. The roadways and drainage facilities will remain privately owned and maintained by the Camachee Island Homeowners Association.

All requirements for off-street parking and loading as set forth in Article 9 of the St. Johns County Zoning Ordinance are set forth below.
9-1-1 Drainage

All roads and off street parking and loading shall be drained so as to prevent damage to abutting parcels. The general drainage plan is graphically depicted on the Map. Inlets and storm sewer lines, where applicable, will be shown on the construction plans and will fall within the right-of-ways.

9-1-2 Separation from Walkways and Streets

Each unit will have an individual garage with apron to provide for the residential units. The one and one-half (1-1/2) parking spaces per unit will be met by a total of thirty (30) parking spaces provided by the aprons for the units. Each unit will have a two car garage (minimum) and associated apron. No combined off-street parking and loading facilities will be built.

9-1-3 Entrances and Exits

The location and design of the entrances to all streets will be in conformance with County specifications.

9-1-4 Interior Drives

There are no interior drives other than private driveways.

9-1-5 Marking of Parking Spaces

There are no common parking areas.

9-1-6 Lighting

Lighting throughout the property will be provided by street lights.

9-1-7 Screening

There are no off-street parking or loading areas.

9-2 Location

There are no off-street parking or loading areas.
9-3 Off-street Parking: Numbers Required

There are no off-street parking or loading areas.

9-4 Off-Street Loading Requirements

There are no off-street parking or loading areas.

B. Traffic Pattern

The Map illustrates the anticipated traffic flow pattern. Sufficient space has been allowed for equipment and trucks such as fire fighting vehicles, moving vans, garbage trucks, etc. Please note that a T-shaped turnaround has been provided as a part of the driveway easement serving lots one (1) through three (3) in conformance with St. Johns County Fire Department standards.

C. Fire Hydrants

Fire hydrants are shown on the Map. It should be noted that a fire hydrant is located within the driveway easement serving lots one (1) through three (3) to serve these lots.

D. Utilities

All utilities serving the property, including telephone, electrical power, cable television, sewer, and water lines shall be installed underground. Drainage facilities include the retention/detention ponds located on lots six (6), nine (9), fourteen (14), and twenty (20). A storm sewer system will also be constructed.

E. Roadways

All roadways constructed on the property shall meet the standards for road construction as outlined by the St. Johns County Paving and Drainage Ordinance and approved by the St. Johns County Engineering Department. Roadway pavement widths shall be a minimum of twenty-one/(21) twenty/(20) feet in width, not including the curb and gutter (a Miami curb system) as outlined in the PUD.
