Section 78XXX-XXXX, State Road - King Street
St. Johns County, Parcel No. 6(78570-2601)
Crossing No. 271887-B, RRMP: MJ 0.39

Dear Mr. Castle:

Please be advised, that the referenced crossing is in the Safety Program for railroad signal installation for fiscal year 1991-1992. This crossing was selected on a state-wide priority.

The estimated cost of Type IV Class III signals at this location is \$75,000.00. The Federal Highway Administration agrees to pay ninety percent (90%) and the Florida Department of Transportation will be responsible for the remaining ten percent (10%) of the total installation cost. The annual maintenance cost of Type IV Class III signals at the location is \$980.00. The County is responsible for fifty percent (50%) of the annual maintenance cost and the railroad company is responsible for the remaining fifty percent (50%).

A resolution is required by the Department from the County before any preliminary engineering can be started by the railroad company.

Please execute the enclosed resolution or furnish me with a letter stating that the County objects to installing railroad signals at this location.

Your expeditious handling of this matter is appreciated. If I may be of assistance, please call me at (904) 695-4041.

Sincerely,

Lillian G. Porter
Assistant District
Railroad Coordinator
