NOW, THEREFORE BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ST. JOHNS COUNTY, FLORIDA

Section 1: The Board of County Commissioners of St. Johns County, Florida requests the FDOT to postpone the contract for resurfacing U. S. 1 from Moultrie Creek to State Road 207 until approximately January, 1993. This delay will allow the County to accomplish, at County expense and in compliance with FDOT standards, the design, permit, and construction work necessary to expand the existing four lane section to six lanes from Lewis Point Road to SR 312. Following the construction of the expansion, the currently programmed resurfacing project can be implemented by FDOT with required adjustments to the striping plan and material quantities.

Section 2: St. Johns County authorizes a meeting of the County staff, and if possible a County Commissioner, with appropriate FDOT District Two staff for the purpose of establishing technical and procedural details necessary to accomplish effective implementation of this cooperative project.

Section 3: County staff is authorized to solicit proposals for the design and permitting of the proposed improvement.

Section 4: The Board of County Commissioners of St. Johns County authorizes the use of County Road Impact Fee Funds to pay for the County cost to provide the widening of U. S. 1 between Lewis Point Road to State Road 312.

PASSED AND ADOPTED this 20 day of March, 1992 by the Board of County Commissioners of St. Johns County, Florida.
