Grantor fully warrants title to said Property, and will warrant and defend the same against the lawful claims of all persons whomsoever **[PRIOR TO EXECUTION, NEED UPDATED O&E REPORT BASED ON NEW PROPERTY DESCRIPTION]**.

1. Purpose. The purpose of this Conservation Easement is to assure that the Property will be retained forever in its existing natural condition and to prevent any use of the Property that will impair or interfere with the environmental value of the Property.

2. Prohibited Uses. Any activity on or use of the Property inconsistent with the purpose of this Conservation Easement is prohibited. Without limiting the generality of the foregoing, the following activities and uses are expressly prohibited, except to the extent specifically authorized by the Permits:

(f) Activities detrimental to drainage, flood control, water conservation, erosion control, soil conservation, or fish and wildlife habitat preservation.

(g) Acts or uses detrimental to such retention of land or water areas.

(h) Acts or uses detrimental to the preservation of the structural integrity or physical appearance of sites or properties of historical, architectural, archaeological, or cultural significance.

5. Grantee's Discretion. Grantee may enforce the terms of this Conservation Easement at its discretion, but if Grantor breaches any term of this Conservation Easement and Grantee does not exercise its rights under this Conservation Easement, Grantee's forbearance shall not be construed to be a waiver by Grantee of such term, or of any subsequent breach of the same, or any other term of this Conservation Easement, or of any of the Grantee's rights under this Conservation Easement. No delay or omission by Grantee in the exercise of any right or remedy upon any breach by Grantor shall impair such right or remedy or be construed as a waiver. Grantee shall not be obligated to Grantor, or to any other person or entity, to enforce the provisions of this Conservation Easement.

6. Grantee's Liability. Grantor will assume all liability for any injury or damage to the person or property of third parties which may occur on the Property arising solely from Grantor's actions upon the Property or ownership of the Property, but excluding any liability for acts of Sembler, the County or

7. Acts Beyond Grantor's Control. Nothing contained in this Conservation Easement shall be construed to entitle Grantee to bring any action against Grantor for any injury to or change in the Property unless caused by Grantor. Without limiting the foregoing, nothing contained in this Conservation Easement shall be construed to entitle Grantee to bring any action against Grantor for any injury to or change in the Property resulting from natural causes beyond Grantor's control, including, without limitation, fire, flood, storm and earth movement, or from any necessary action taken by Grantor under emergency conditions to prevent, abate or mitigate significant injury to the Property or to persons resulting from such causes, or for any acts or omissions of Sembler, the County, the Grantee or any other person other than Grantor, or any person claiming by or through Sembler, the County, the Grantee or any other person other than Grantor in the conduct of their activities upon the Property.

8. Recordation. Grantor shall record this Conservation Easement in timely fashion in the Official Records of St. Johns County, Florida, and shall rerecord it at any time Grantee may require to preserve its rights. The County shall pay all recording costs and taxes necessary to record this Conservation Easement in the public records. The County will hold Grantee harmless from any recording costs or taxes necessary to record this Conservation Easement in the public records.

9. Successors. The covenants, terms, conditions and restrictions of this Conservation Easement shall be binding upon, and inure to the benefit of the parties hereto and their respective personal representatives, heirs, successors and assigns and shall continue as a servitude running in perpetuity with the Property.

Re: Conservation Easement (the "Conservation Easement") dated as of _____, 2004, granted by Sonoc Company, LLC ("Sonoc") to the St. Johns River Water Management District (the "District"), with respect to certain real property in St. Johns County, Florida, including that property described on Exhibit "A" attached hereto (the "Wetland Creation Property"), such Conservation Easement having been granted to satisfy a condition of modification of District Permit No. 4-109-90981-1 ("Sembler's Permit")

Ladies and Gentlemen:

This letter will serve to confirm that Sonoc agrees to allow St. Johns County, Florida (the "County") to go onto the Wetland Creation Property for a reasonable period of time for the sole purpose of performing wetlands mitigation activities subject to and in accordance with the Conservation Easement, Sembler's Permit and Sonoc's conceptual Permit ("Sonoc's Permit") issued by the District and bearing District Permit No. 4-031-87432-1 (including, without limitation, the County's compliance with the Greenway Management Plan contained in Sonoc's Permit).

Sonoc also grants to the County a temporary non-exclusive access easement over and across Sonoc's real property described on Exhibit "B" attached hereto (the "Access Easement") for access to the Wetland Creation Property for such purposes.

of or in connection with the activities of the County or its employees, agents or contractors on the Wetland Creation Property and the Access Easement, subject to Florida Statutes §768.28.

The rights of the County hereunder shall terminate upon the District deeming the mitigation on the Wetland Creation Property, as contemplated by the modification of Sembler's Permit, to have been successful.
