Dear Board of County Commissioners:

The St. Augustine Humane Society, a non-profit animal support organization, has reopened as a resource center to the community. We are developing assistance programs that help reduce the relinquishment of animals to shelters, thereby lessening the intake burden on those facilities.

The Junior Service League has graciously offered to partner with us for their annual "Make a Difference Day" project by supplying the labor to paint our buildings' exteriors on May 15th. Upon contacting the Recycling department, we were advised that there are presently 70 gallons available. However, with a 10 gallon limit per organization, we are required to submit a special request. We respectfully request your consideration in providing 50 – 60 gallons of recycled paint (off-white) to complete this project.

Sincerely,

Carolyn Smith, vice president
St. Augustine Humane Society Board of Directors
