The State of Florida will provide prompt written notification of claim of copyright or patent infringement. Further, if such claim is made or is pending, the Subcontractor may, at its option and expense, procure for the Department of State, the right to continue use of, replace, or modify the article to render it non-infringing. - (b) The Subcontractor must clearly label any portion of the documents, data or records submitted that it considers exempt from public inspection or disclosure pursuant to Florida's Public Records Law as proprietary or trade secret. The labeling will include a justification citing specific statutes and facts that authorize exemption of the information from public disclosure. If different exemptions are claimed to be applicable to different portions of the protected

information, the Subcontractor shall include information correlating the nature of the claims to the particular protected information.

- (c) SJC and/or DCF, when required to comply with a public records request including documents submitted by the Subcontractor, may require the Subcontractor to expeditiously submit redacted copies of documents marked as confidential or trade secret in accordance with the paragraph above. Accompanying the submission shall be an updated version of the justification stated in the paragraph above, correlated specifically to redacted information. The redacted copy must exclude or obliterate only those exact portions that are claimed to be proprietary or trade secret. If the Subcontractor fails to promptly submit a redacted copy and updated justification in accordance with this paragraph, SJC and/or DCF is authorized to produce the records sought without any redaction of proprietary or trade secret information.
- (d) SJC and/or DCF is not obligated to agree with the Subcontractor's claim of exemption on the basis of proprietary or trade secret confidentiality and the Subcontractor shall be responsible for defending its claim that each and every portion of the redactions of proprietary or trade secret information are exempt from inspection and copying under Florida's Public Records Law.

### **ARTICLE III: Compensation and Billing**

#### **3.1 Compensation for Services:**

- (a) SJC' obligation to pay under this contract is contingent upon an annual appropriation by the legislature contracted to SJC by DCF. Funding available in this contract is for services excluding all successfully billed third party payments, including but not limited to Medicaid. Supporting documentation of aggregate third party collections shall be available at the Subcontractor's location, or if applicable at the Subcontractor's subcontractor location(s) for inspection by DCF or SJC.

Failure to request an administrative review within the time allowed constitutes an irrevocable waiver of Subcontractor's right to request an administrative review for the permanently denied invoice.

3.5 Return of Funds:

The Subcontractor will return to SJC any overpayments due to unearned funds or funds disallowed pursuant to the terms of this contract. In the event that the Subcontractor or its independent auditor discovers that an overpayment has been made, the Subcontractor shall repay SJC the total amount overpaid within forty (40) calendar days without prior notification from SJC. In the event that SJC first discovers an overpayment has been made, SJC will notify the Subcontractor in writing. The Subcontractor shall pay all costs and fees including attorneys' fees related to these obligations and their enforcement by SJC. The Subcontractor and SJC shall make every reasonable attempt to resolve any dispute arising under this Contract between them. Both parties recognize that resolution of all disputes without third party intervention is most desirable. Should Subcontractor and SJC not be able to resolve any

dispute arising under this Contract after 30 calendar days of discussion, both parties may suggest additional mediation as a means to resolve the dispute, in which case the parties shall jointly choose a mediator for that purpose. The mediator and the parties shall establish whatever mediation guidelines are necessary. Each party shall assume its own costs, but SJC and Subcontractor shall share the expense of the mediator equally.

The Subcontractor shall not submit press releases, call press conferences or initiate media coverage concerning this Contract or Services provided under this Contract without first informing SJC of its intended action and seeking SJC approval. Nothing in this Section 8.2, however, shall be construed or interpreted as prohibiting Subcontractor from responding to media inquiries concerning this Contract or Services provided under this Contract.

##### **8.2 Publicity:**

Without limitation, the provider and its employees, agents, and representatives will not, without prior Department of Children and Families written consent in each instance, use in advertising, publicity or any other promotional endeavor any State mark, the name of the State's mark, the name of the State or any State affiliate or any officer or employee of the State, or represent, directly or indirectly, that any product or service provided by the provider has been approved or endorsed by the State, or refer to the existence of this contract in press releases, advertising or materials distributed to the providers prospective customers.

SJC's failure to demand performance of any provision of this contract shall not be deemed a waiver of such performance. SJC waiver of any one breach of any provision of this contract shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this contract. Any waiver by either party of a violation of any provision of this Contract shall not be considered a waiver of any subsequent violation. The provisions in this contract do not limit SJC right to remedies at law or in equity.

9.5 Notices:

Any notice, request or other communication required or permitted hereunder will be in writing and be deemed to have been duly given if personally delivered, sent by facsimile transmission or mailed, first class, postage prepaid, to the other party at its address below, or at such other address as either party may designate in writing from time to time.

#### 1. Definition of terms

##### 1. General Terms

Administrative Cost – Costs not readily assignable to a particular project, but necessary to the operation of the organization and performance of the project. Includes any time spent on issues relating to overall management, i.e. oversight and general business management, risk management, general record keeping, budgeting, financing, accounting activities, salaries and expenses of the board and non-program staff, preparation, production and distribution of the annual report, operating and maintaining facilities, timesheet preparation, invoice coding, all staff meetings, vacation and sick time, and personnel issues.

Amendment - A document by which substantial changes are made to the terms of an executed contract. (Changes requiring an amendment include, but are not limited to, adjustments in costs, services, time period, and methods of payment. The amendment is incorporated as part of the original contract.)

Adoption Services - Services needed to move a child from temporary placement in a relative or foster home, to permanent, legally finalized adoption with an adoptive family. These services include preparation of the child, recruitment and training of the adoptive parent, and the provision of services needed to sustain the adoption prior to and following legal finalization of the adoption.

Adult Household Member – A person 18 years of age or older who is present in the home on a permanent or indefinite basis or the adult paramour of a household member who frequents the home.

Available for Placement – A foster home willing and able to receive/accept a child for placement on the last calendar day of each month. This will exclude any foster homes with a status of inactive for a period longer than thirty (30) days. Inactive status includes but is not limited to; a home where the foster family is on an extended vacation longer than thirty (30) days, a family taking a maternity leave due to the addition of a new child to the family due to birth, adoption or relative placement, an ongoing abuse investigation where the investigation has not been completed within thirty (30) days or a hold on any placements has been authorized until close of the investigation.

Capacity –Agency capacity for placement determined on the last calendar day of each month of any licensed homes available for placement.

Case File - A combination of an electronic FSFN and hard copy file that documents all services and activities related to the child and the child's family.

Case Management - The identification, linkage, coordination and monitoring of all child protection services for the child or family. The Dependency Case Manager (DCM) serves as the single and continuous point of contact for the child, family and other stakeholders from entry into services until exit from services.

Case Supervision - Having primary responsibility for the welfare of a child under the supervision of Community Based Care (CBC) Agencies and/or in the legal custody of the State of Florida, this entails on-call availability 24 hours a day, 7 days per week; assuring that the child's needs for appropriate nurture and security are met; and providing emotional support to assist the child in coping with aftereffects of trauma and/or adjusting to new living arrangements.

Child - Any unmarried person under the age of 18 years.

Child Maltreatment - Any willful act or threatened act that results in any physical, mental, or sexual injury or harm that causes or is likely to cause the child's physical, mental, or emotional health to be significantly impaired. Child maltreatment includes acts or omissions. Corporal discipline of a child by a parent or legal custodian for disciplinary purposes does not in itself constitute maltreatment when it does not result in harm to the child. Types of child maltreatment include physical, emotional, or sexual abuse, neglect or abandonment.

Children's Legal Services (CLS) - A statewide law firm within the Department of Children and Families. The attorneys are employed by the department and represent the State of Florida, acting through the department in its parens patriae role, in fulfilling the duties set forth in Chapter 39, Florida Statutes. Children's Legal Services duties in representing the State are to ensure the health, safety, and well being of children and the integrity of families when they come into contact with the department as a result of an allegation of abuse, abandonment or neglect. In some parts of the State, Children's Legal Services contracts with the Attorney General's Office or the State Attorney's office to fulfill the role of Children's Legal Services. For purposes of this definition, those contractors are part of Children's Legal Services.

Contract Compliance - Periodic external review activities conducted by the Administration for Children and Families, Auditor General, the Department, SJC, and the Subcontractor to assure that the agreed upon level of quality services is achieved and maintained by the Provider. Contract Compliance activities will assess compliance with contract requirements, state and federal laws and associated administrative rules, regulations, and operating procedures and validate quality improvement systems and findings.

## ATTACHMENT III PLACEMENT UNIT

The following is a brief outline of the operating procedures.

### Subcontractor Requests

Subcontractors are required to give the Placement Unit two (2) weeks notice when they wish to have a child removed from his/her care, as outlined in the bi-lateral service agreement. Exceptions to this requirement are outlined in the agreement and must be authorized by the Placement Supervisor.

When a group home provider wishes to have a child (ren) removed they must first contact the child's Dependency Case Manager (DCM). The child's DCM should work with the group home to resolve the issues that led to the provider's request for an alternative placement. It is expected that the provider will make reasonable efforts to resolve any problems before contacting the Placement Unit. These efforts should, at a minimum, involve a meeting between the group home provider, DCM, Placement Supervisor, and any other interested parties (case manager, therapist, GAL, etc.). If it is determined that the issues can not be resolved and the child(ren) needs to be moved, the Placement Counselor will begin looking for an alternative placement. The Placement Unit reserves the right to make the final placement decision, with input from the provider, DCM and other interested parties.

In all cases, the Placement Counselor will attempt to identify a home for the child(ren) in the zip code of the removal home, unless there is a valid reason given by the child's Dependency Case Manager not to do so. If a DCM requests a placement in an area outside of a child's removal home zip code, they must provide their rationale for the request in writing (via email or fax) to the Placement Supervisor no later than one (1) hour after the request for placement. If a placement is identified during normal business hours the Placement Counselor will contact the child's DCM to arrange transportation. It is the responsibility of the DCM to transport during normal business hours. Only the Placement Supervisor can authorize exceptions to this policy. The Placement Supervisor, in consultation with the DCM and the provider(s), will consider exceptions on a case by case basis. If a placement is identified after hours, on a weekend or holiday, Placement Unit will arrange for transportation of the child (ren).

### Runaways

It is the responsibility of all providers (group homes) to report any child who runs from their placement to their local law enforcement agency, Family Service Counselor and Placement unit.

There are two (2) critical procedures that the provider must follow in every situation involving a runaway foster child:

- (1) The provider must notify their local law enforcement agency immediately, provide them with any information they need to complete their missing persons report, and obtain the missing persons CCR report number.
- (2) The provider must then notify the Placement Unit within 4 hours of the incident and provide the law enforcement report number to the Placement Counselor.

After these steps have taken place the Placement Counselor will notify the child's DCM of the incident and document notification.

When a child returns from runaway status it is the provider's responsibility to notify Placement Unit immediately. Failure to do so may result in the provider not receiving reimbursement for the number of days the child was actually in placement.

### **Internal Movements**

All movements within the foster and group home provider network should be coordinated through the Placement Unit. There may be providers with multiple programs that may on occasion need to transfer children within those programs. Any potential movement of a child should be planned in advance with input from the child's DCM and other interested parties. If a provider agency completes the transfer of a child from one program to another it is the provider's responsibility to notify the Placement Unit in writing via fax on a Placement Activity Sheet within one (1) business day of the movement. Failure to provide notification of a movement to the Placement Unit via the Placement Activity Sheet may result in the provider not receiving reimbursement for the number of days that the child was actually in placement.

### **Over-caps in Residential Group Homes**

It is sometimes necessary to place children in a residential group homes in excess of the home's licensed capacity. This is done only when there is no other placement available to meet the needs of a particular child or sibling group. The Placement Unit staff will contact the SJC Program Manager or designee in charge in each situation in which an over-cap of a residential group home becomes necessary. No residential group home will exceed licensed capacity without prior approval from SJC. The Placement Unit will also solicit input from the provider agencies to identify specific homes that should not be over-capped for any reason.

## ATTACHMENT IV

The administration of resources awarded by the Department of Children & Families to the provider may be subject to audits as described in this attachment.

In determining the Federal awards expended during its fiscal year, the recipient shall consider all sources of Federal awards, including Federal resources received from the Department of Children & Families, Federal government (direct), other state agencies, and other non-state entities. The determination of amounts of Federal awards expended should be in accordance with guidelines established by OMB Circular A-133, as revised. (d) Recipients agree to require their subrecipients to include on their SEFA information to specifically identify Recovery Act funding similar to the requirements for the recipient SEFA described above. ### MONITORING

In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, F.S., as revised, SJC and the Department may monitor or conduct oversight reviews to evaluate compliance with contract, management and programmatic requirements. Such monitoring or other oversight procedures may include, but not be limited to, on-site visits by SJC and Department staff, limited scope audits as defined by OMB Circular A-133, as revised, or other procedures. By entering into this Agreement, the recipient agrees to comply and cooperate with any monitoring procedures deemed appropriate by SJC and the Department. In the event SJC or the Department determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by SJC and the Department regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by SJC and the Department of Financial Services or the Auditor General.

SJC will limit administrative monitoring to once every three (3) years if the child welfare subcontractor is accredited by the Joint Commission on Accreditation of Healthcare Organizations, the Commission on Accreditation of Rehabilitation Facilities, or the Council on Accreditation of Children and Family Services. Notwithstanding the survey or inspection of an accrediting organization specified in this paragraph, SJC may continue to monitor the subcontractor as necessary with respect to:

- (1) Ensuring that services for which the agency is paying are being provided.
- (2) Investigating complaints or suspected problems and monitoring the subcontractor's compliance with any resulting negotiated terms and conditions, including provisions relating to consent decrees that are unique to a specific service and are not statements of general applicability.
- (3) Ensuring compliance with federal and state laws, federal regulations, or state rules if such monitoring does not duplicate the accrediting organization's review pursuant to accreditation standards.

SJC may also accept results of monitoring from state agencies or other Community-Based Care Lead Agencies when the standards monitored by these entities distinctly and specifically meet or exceed those of SJC. SJC shall prepare and submit new or revised subcontract monitoring procedures specifying any such changes to the Department contract manager for approval prior to implementation.
