CONFLICT OF INTEREST DISCLOSURE FORM**

Project (RFP) Number/Description: RFP No 17-71 Installation & Repair of Countywide Access Control & CCTV Systems

The term "conflict of interest" refers to situations in which financial or other considerations may adversely affect, or have the appearance of adversely affecting a consultant's/contractor's professional judgment in completing work for the benefit of St. Johns County ("County"). The bias such conflicts could conceivably impart may inappropriately affect the goals, processes, methods of analysis or outcomes desired by the County.

Consultants/Contractors are expected to safeguard their ability to make objective, fair, and impartial decisions when performing work for the benefit of the County. Consultants/Contractors, therefore must there avoid situations in which financial or other considerations may adversely affect, or have the appearance of adversely affecting the consultant's/contractor's professional judgement when completing work for the benefit of the County.

The mere appearance of a conflict may be as serious and potentially damaging as an actual distortion of goals, processes, methods of analysis or outcomes. Reports of conflicts based upon appearances can undermine public trust in ways that may not be adequately restored even when the mitigating facts of a situation are brought to light. Apparent conflicts, therefore, should be disclosed and evaluated with the same vigor as actual conflicts.

It is expressly understood that failure to disclose conflicts of interest as described herein may result in immediate disqualification from evaluation or immediate termination from work for the County.

Please check the appropriate statement:

I hereby attest that the undersigned Respondent has no actual or potential conflict of interest due to any other clients, contracts, or property interests for completing work on the above referenced project.

"Each Respondent must provide written proof of being an authorized dealer of Apollo Security Sales, Inc. If a Respondent is not currently an authorized dealer for Apollo Security Sales, Inc, the Respondent must provide written documentation that they are currently in the process of becoming an authorized dealer and will be named an authorized dealer by or before December 31, 2017. Written documentation must be in the form of a letter from Apollo Security Sales, Inc, and signed by an authorized representative". Each Respondent must provide documentation to fully demonstrate the qualifications of any and all key team members and subcontractors and that they have sufficient and relevant experience and credentials to perform the services described herein. This information shall be provided in the form of resumes of all staff members/personnel and subcontractors, including any and all licenses/certifications held

by staff members, education and experience related information for each staff member. Each Respondent must include Attachment E – Licenses, Permits, and Certifications, Attachment “F” – List of Proposed Sub-Contractors, and Attachment “G” – Company Staff, and Sub-Contractor Certifications in this section.

Respondents with no current Apollo certified technicians on staff, but showing proof of currently being in process of obtaining certification, and that this status can and will be achieved by or before December 31, 2017, will be awarded ten (10) points.

Respondents with two (2) or more Apollo certified technicians on staff will be awarded five (5) additional points for each additional Apollo certified technician on staff up to a maximum of forty (40) points. For example, two (2) Apollo certified technicians on staff equals a score of twenty five (25) points; three (3) Apollo certified technicians on staff equals a score of thirty (30) points, etc. Respondents with five (5) or more Apollo certified technicians on staff will receive a maximum score of forty (40) points.”

3. On Page 15, Section 6: Experience with Access Control, CCTV System, and Biometric Projects, the last paragraph regarding distribution of evaluation points has been removed and replaced with revised verbiage as follows below (revised verbiage is printed in red):

~~“Respondents showing experience for the minimum five (5) years’ experience with Apollo APACS installations, minimum five (5) years’ experience with CCTV system installations, and experience with L1 Biometric (or other major brand biometric) projects for both the Company and for the assigned Project Manager will be awarded fifty (50) points. Respondents showing minimum five (5) years’ experience with Apollo APACS installations, minimum five (5) years’ experience with CCTV system installations, and experience with L1 Biometric (or other major brand biometric) projects for the Company and less than the minimum years’ experience for the assigned Project Manager, forty (40) points will be awarded. Respondents showing experience for the minimum five (5) years’ experience with major brand access control systems (Non-Apollo APACS) installations, CCTV system installations, and experience with L1 Biometric (or other major brand biometric) projects for both the Company and the assigned Project Manager will be awarded thirty (30) points. Respondents showing experience for the minimum five (5) years’ experience with major brand access control systems (Non-Apollo APACS) installations, minimum five (5) years’ experience with CCTV system installations, and experience with L1 Biometric (or other major brand biometric) projects for the Company and less than the minimum years’ experience for the assigned Project Manager will be awarded twenty (20) points. Evaluation points will be awarded based on the experience of the Company and the assigned Project Manager with access control and CCTV systems, and biometric projects.”

B. REQUEST RECEIVED FOR MODIFICATION ON MINIMUM QUALIFICATIONS:

1. Regarding RFP NO: 17-71 as currently written: “Part III: REQUIREMENTS OF THIS RFP, Item B. MINIMUM QUALIFICATIONS: States that Respondents must be an authorized dealer of Apollo Security Sales, Inc. Any RFP package submitted by a firm that is not an authorized dealer will be deemed non-responsive, and will not be included in the evaluation.”

Request for Modification: We kindly ask that the language in Item B. Be modified to read: “Respondents must be or become an authorized and factory trained dealer of Apollo Security Sales, Inc. Any RFP package submitted by a firm that is not an authorized and factory trained dealer must have a current and written plan to become factory authorized and trained with-in 90 days of Approval of Award.” We also ask that the words “Apollo APACS” be eliminated from the remaining paragraphs in Item B. After speaking with Apollo Security Sales, Inc. It is my

understanding that there is only one (1) Apollo Security dealer in the NE Florida area and that is W.W. Gay. Apollo could not confirm if W.W. Gay completed the most recent training and certifications. We believe that any firm meeting all other requirements, and agrees to become a factory trained and certified Apollo Access dealer, should be included in the evaluation process. Otherwise, you may narrow the bid process to a point that only one (1) company can be evaluated for award. We understand the value of factory training and support. Our firm carries most TIER-1 security manufacturer lines and certified on them.

Answer: The County has verified with Apollo Security Sales, Inc. that there are currently five (5) authorized and certified dealers in the State of Florida, with three (3) of those dealers being located in Northeast Florida. The request for modification has been reviewed and the Minimum Qualifications for this RFP are modified as identified in "Section A" above.

C. QUESTIONS:

1. If a company does not have an official Drug-Free Workplace Program (Attachment B of RFP Form) does that eliminate the company from potential award?

Answer: No, not having an official Drug-Free Workplace Program does not eliminate a company from potential award. Pursuant to Florida Statute Section 287.087, in the event two or more proposals are equal with respect to price, quality, and service are received, preference will be given to the company that has implemented a drug-free workplace program.

If a company does not have an official Drug-Free Workplace Program, an unsigned copy of Attachment B must still be included in the RFP package along with a separate letter from the company stating it does not have such a program.

THE RFP DUE DATE REMAINS AUGUST 17, 2017 AT 4:00 P.M.

A. CHANGES TO MINIMUM QUALIFICATIONS AND EVALUATION CRITERIA:

The following changes to the minimum qualifications and evaluation criteria for the above referenced RFP have been made.

1. On page 6 of the RFP document, Part III: Requirements of This RFP, Item B. Minimum Qualifications has been modified. The first two paragraphs are replaced with the verbiage as follows below (modified verbiage is printed in red):

“Respondents must be an authorized dealer of Apollo Security Sales, Inc, and provide written documentation as proof of this status. If a Respondent is not currently an authorized dealer for Apollo Security Sales, Inc, the Respondent must provide written documentation that they are currently in the process of becoming an authorized dealer and will be named an authorized dealer by or before December 31, 2017. Written documentation must be in the form of a letter from Apollo Security Sales, Inc, and signed by an authorized representative.” ~~Any RFP Package submitted by a firm that is not an authorized dealer will be deemed non responsive, and will not be included in the evaluation.~~ Each Respondent must include in their submitted RFP Package, documentation demonstrating their status as an authorized dealer, as provided above.

Respondents must be currently licensed to do business in the State of Florida, must have a minimum of five (5) years in the access control industry, must have previously installed Apollo APACS access control systems, and show proof thereof in each copy of the submitted RFP Package.”

2. Under Section “E. RFP Package Components”, on page 15, “Section 5: Qualifications of Staff and Sub-Contractors” has been revised as follows:

“Each Respondent must provide written proof of being an authorized dealer of Apollo Security Sales, Inc. If a Respondent is not currently an authorized dealer for Apollo Security Sales, Inc, the Respondent must provide written documentation that they are currently in the process of becoming an authorized dealer and will be named an authorized dealer by or before December 31, 2017. Written documentation must be in the form of a letter from Apollo Security Sales, Inc, and signed by an authorized representative”. Each Respondent must provide documentation to fully demonstrate the qualifications of any and all key team members and subcontractors and that they have sufficient and relevant experience and credentials to perform the services described herein. This information shall be provided in the form of resumes of all staff members/personnel and subcontractors, including any and all licenses/certifications held

by staff members, education and experience related information for each staff member. Each Respondent must include Attachment E – Licenses, Permits, and Certifications, Attachment “F” – List of Proposed Sub-Contractors, and Attachment “G” – Company Staff, and Sub-Contractor Certifications in this section.

Respondents with no current Apollo certified technicians on staff, but showing proof of currently being in process of obtaining certification, and that this status can and will be achieved by or before December 31, 2017, will be awarded ten (10) points.

Respondents with one (1) Apollo certified technician on staff will be awarded twenty (20) points. Respondents with two (2) or more Apollo certified technicians on staff will be awarded five (5) additional points for each additional Apollo certified technician on staff up to a maximum of forty (40) points. For example, two (2) Apollo certified technicians on staff equals a score of twenty five (25) points; three (3) Apollo certified technicians on staff equals a score of thirty (30) points, etc. Respondents with five (5) or more Apollo certified technicians on staff will receive a maximum score of forty (40) points.“

3. On Page 15, Section 6: Experience with Access Control, CCTV System, and Biometric Projects, the last paragraph regarding distribution of evaluation points has been removed and replaced with revised verbiage as follows below (revised verbiage is printed in red):

~~“Respondents showing experience for the minimum five (5) years’ experience with Apollo APACS installations, minimum five (5) years’ experience with CCTV system installations, and experience with L1 Biometric (or other major brand biometric) projects for both the Company and for the assigned Project Manager will be awarded fifty (50) points. Respondents showing minimum five (5) years’ experience with Apollo APACS installations, minimum five (5) years’ experience with CCTV system installations, and experience with L1 Biometric (or other major brand biometric) projects for the Company and less than the minimum years’ experience for the assigned Project Manager, forty (40) points will be awarded. Respondents showing experience for the minimum five (5) years’ experience with major brand access control systems (Non Apollo APACS) installations, CCTV system installations, and experience with L1 Biometric (or other major brand biometric) projects for both the Company and the assigned Project Manager will be awarded thirty (30) points. Respondents showing experience for the minimum five (5) years’ experience with major brand access control systems (Non Apollo APACS) installations, minimum five (5) years’ experience with CCTV system installations, and experience with L1 Biometric (or other major brand biometric) projects for the Company and less than the minimum years’ experience for the assigned Project Manager will be awarded twenty (20) points. Respondents showing a total combined minimum five (5) years’ experience between Company and Project Manager in all areas will be awarded ten (10) points. Respondents unable to show a total minimum five (5) years’ experience between the Company and the Project Manager in all areas will be awarded zero (0) points.~~

Evaluation points will be awarded based on the experience of the Company and the assigned Project Manager with access control and CCTV systems, and biometric projects.”

B. REQUEST RECEIVED FOR MODIFICATION ON MINIMUM QUALIFICATIONS:

1. Regarding RFP NO: 17-71 as currently written: “Part III: REQUIREMENTS OF THIS RFP, Item B. MINIMUM QUALIFICATIONS: States that Respondents must be an authorized dealer of Apollo Security Sales, Inc. Any RFP package submitted by a firm that is not an authorized dealer will be deemed non-responsive, and will not be included in the evaluation.”

Request for Modification: We kindly ask that the language in Item B. Be modified to read: “Respondents must be or become an authorized and factory trained dealer of Apollo Security Sales, Inc. Any RFP package submitted by a firm that is not an authorized and factory trained dealer must have a current and written plan to become factory authorized and trained with-in 90 days of Approval of Award.” We also ask that the words “Apollo APACS” be eliminated from the remaining paragraphs in Item B. After speaking with Apollo Security Sales, Inc. It is my

understanding that there is only one (1) Apollo Security dealer in the NE Florida area and that is W.W. Gay. Apollo could not confirm if W.W. Gay completed the most recent training and certifications. We believe that any firm meeting all other requirements, and agrees to become a factory trained and certified Apollo Access dealer, should be included in the evaluation process. Otherwise, you may narrow the bid process to a point that only one (1) company can be evaluated for award. We understand the value of factory training and support. Our firm carries most TIER-1 security manufacturer lines and certified on them.

Answer: The County has verified with Apollo Security Sales, Inc. that there are currently five (5) authorized and certified dealers in the State of Florida, with three (3) of those dealers being located in Northeast Florida. The request for modification has been reviewed and the Minimum Qualifications for this RFP are modified as identified in "Section A" above.

C. QUESTIONS:

1. If a company does not have an official Drug-Free Workplace Program (Attachment B of RFP Form) does that eliminate the company from potential award?

Answer: No, not having an official Drug-Free Workplace Program does not eliminate a company from potential award. Pursuant to Florida Statute Section 287.087, in the event two or more proposals are equal with respect to price, quality, and service are received, preference will be given to the company that has implemented a drug-free workplace program.

If a company does not have an official Drug-Free Workplace Program, an unsigned copy of Attachment B must still be included in the RFP package along with a separate letter from the company stating it does not have such a program.

THE RFP DUE DATE REMAINS AUGUST 17, 2017 AT 4:00 P.M.
