The location of the ingress and egress area to the Easement area has been mutually agreed upon by the Grantor and Grantee. This easement is for sewer utility services only and does not convey any right to install any other utilities such as, but not limited to, cable television service lines.

TO HAVE AND TO HOLD, unto Grantee, its successors and assigns for the purposes aforesaid. Said Grantor is lawfully seized of said land in fee simple and thereby has the authority to grant said easement.

The easement herein granted is subject to covenants, restrictions, easements, liens and encumbrances of record.

(b) All Utility Lines and Associated Equipment will be installed, operated and maintained at all times beneath the surface of the Easement Area provided that the same may be temporarily exposed or removed to the surface when necessary or desirable for the purpose of repairing and/or replacing the same. Provided, however, that Associated Equipment that is customarily installed above ground may be installed above ground subject to the right of Grantor, consistent with good engineering practices to approve the location of such above ground installation in its reasonable discretion.

(c) The easement granted by this instrument may be relocated to a location acceptable to the Grantee at any time upon Grantor’s request provided that Grantor bears the cost of relocating the underground sewer utility lines and facilities located within the Easement area.
