Subrecipient must complete: HUD Form 935.2B, Affirmative Fair Housing Marketing (AFHM) – Single-Family Housing, https://www.hud.gov/sites/documents/935-2B.PDF."

The purpose of the Affirmative Fair Housing Marketing (AFHM) Plan is to help applicants offer equal housing opportunities regardless of race, color, national origin, religion, sex, familial status, or disability. The AFHMP helps owners/agents (respondents) effectively market the availability of housing opportunities to individuals of both minority and non-minority groups that are least likely to apply for occupancy. The AFHM Plan is used to ensure that developers and/or subrecipients are taking necessary steps to eliminate discriminatory practices and to overcome the effects of past discrimination involving HUD-assisted housing.

Affirmative fair housing marketing and planning is a requirement for access to CDBG funding for all new construction, substantial rehabilitation, and existing project marketing and advertising activities. An AFHM program, as specified in this Plan, shall be in effect for each assisted rental housing project throughout the life of the CDBG and/or related housing subsidy affordability compliance period.

The responses are required to obtain or retain benefits under the Fair Housing Act, Section 808(e)(5) & (6) and 24 CFR Part 200, Subpart M. The form contains no questions of a confidential nature. The AFHMP, once approved by the County, must be made available for public inspection at the sales or rental offices of the respondent (24 CFR 200.625) and may not be revised without County approval.

In formulating the Affirmative Marketing Program, Subrecipient must do the following:

1. Targeting.

Identify the segments of the eligible population which are least likely to apply for housing without special outreach efforts.

Consider the current racial and ethnic composition of the residential area.

Also consider language barriers and income eligibility requirements.

2. Outreach.

Outline an outreach program which includes special measures designed to attract those groups identified as least likely to apply and other efforts designed to attract persons from the total eligible population.

Community Contacts. The housing provider must list at least one community organization that serves each group determined to be least likely to apply and who has agreed to help the provider in their marketing efforts. In the plan include the name of the contact person, contact information,

experience working with the target population as well as the number and language of materials to be provided to such agencies.

Media. The housing provider should specify the particular means of advertising to reach a target group and the reasoning behind the particular type of advertising. Advertisements should include the fair housing logo.

If the immediate housing market area is not demographically diverse enough to draw applicants considered "least likely to apply" then an expanded housing market area should be used.

3. Indicators.

State the indicators to be used to measure the success of the marketing program.

Recording information on how an individual heard about the housing and why they decided to apply will provide useful data for the evaluation process.

In addition, comparing the number of units now occupied by persons previously determined to be "least likely to apply" and the number of people least likely to apply on the waiting list prior to and after the marketing process is a good starting place for the evaluation.

4: Staff Training.

• Demonstrate the capacity to provide training and information on fair housing laws and objectives to sales or rental staff.

- 12. The Mortgagor further covenants and agrees all sums of money secured hereby shall be payable without any relief wherever from any valuation or appraisement laws.
- 13. If default occurs in payment of the principal or interest of the Note or any part thereof when due, or in payment, when due or any other sum secured hereby, or in performance of any the Mortgagor's obligations, covenants or agreements hereunder, in the Note or in the Agreement, all of the indebtedness secured hereby shall become and be immediately due and payable at the option of the Mortgagee, without notice or demand, which are hereby expressly waived, in which event, the Mortgagee may avail itself of all rights and remedies, at law or in equity, and this Mortgage may be foreclosed with all rights and remedies afforded by the laws of Florida, and the Mortgagor shall pay all costs, charges, and expenses thereof, including a reasonable attorney's fee, and all such other costs, expenses and attorney's fees for any retrial, rehearing or appeal. The indebtedness secured hereby shall bear interest at the rate provided herein from and after the date of any such default of the Mortgagor.

- 14. If default be made in payment, when due, of any indebtedness secured hereby, or in performance of any of the Mortgagor's obligations, covenants or agreements in this Mortgage, the Note or the Agreement:
 - a) The Mortgagee is authorized at any time, without notice, in its sole discretion to enter upon and take possession of the Mortgaged Property or any part thereof, to perform any acts the Mortgagee deems necessary or proper to conserve the Mortgaged Property and to collect and receive all rents, issues, profits, revenues, royalties, rights, proceeds, accounts, accounts receivable, and benefits thereof, including those past due as well as those accruing thereafter; and
 - b) The Mortgagee shall be entitled, as a matter of strict right, without notice and ex parte, and without regard to the value or occupancy of the Mortgaged Property, or the solvency of the Mortgagor, or the adequacy of the Mortgaged Property as security for the Note to have a receiver appointed to enter upon and take possession of the Mortgaged Property, collect the rents, issues, profits, revenues, royalties, rights, proceeds, accounts, accounts receivable, and benefits therefrom and apply the same as the court may direct, such receiver to have all the rights and powers permitted under the laws of Florida.

In either such case, the Mortgagee or the receiver may also take possession of, and for these purposes, use any and all personal property which is a part of the Mortgaged Property and used by the Mortgagor in the rental or leasing thereof or any part thereof. The expense (including receiver's fees, attorney's fees, costs, and agent's compensation) incurred pursuant to the powers herein contained shall be secured hereby. The Mortgagee shall (after payment of all costs and expenses incurred) apply such rents, issues, and profits received by it on the indebtedness secured hereby in such order and as the Mortgagee determines. The right to enter and take possession of the Mortgaged Property, to manage and operate the same, and to collect the rents, issues, profits, revenues, royalties, rights, proceeds, accounts, accounts receivable and benefits thereof, whether by a receiver or otherwise, shall be cumulative to any other right or remedy hereunder or afforded by law, and may be exercised concurrently therewith or independently thereof. The Mortgagee shall be liable to account only for such rents, issue and profits actually received by the Mortgagee.

- 15. If the indebtedness secured hereby is now or hereafter secured by chattel mortgages, security interests, financing statements, pledges, contracts of guaranty, assignments of leases, or other securities, or if the Mortgaged Property hereby encumbered consists of more than one (1) parcel of real property, the Mortgagee may, at its option, exhaust any one or more of said securities and security hereunder, or such parcels of security hereunder, either concurrently or independently, and in such order as it may determine.
- 16. This Mortgage shall secure not only existing indebtedness, but also such future advances, whether such advances are obligatory or to be made at the option of Mortgagee, or otherwise, as are made within six (6) years from the date hereof, to the same extent as if such future advances were made on the date of the execution of this Mortgage, but such secured indebtedness shall not exceed at

any time the maximum principal amount of two (2) times the amount of the Note, plus interest thereon, plus any disbursements made for the payment of taxes, levies, or insurance on the Mortgaged Property, plus interest on such disbursements. Any such future advances, whether obligatory or to be made at the option of the Mortgagee, or otherwise, may be made either prior to or after the due date of the Note or any other notes secured by this Mortgage. This Mortgage is given for the specific purpose of securing any and all indebtedness by Mortgagor to Mortgagee (but in no event shall the secured indebtedness exceed at any time the maximum principal amount set forth in this paragraph) in whatever manner this indebtedness may be evidenced or represented until this Mortgage is satisfied of record. All covenants and agreement contained in this Mortgage shall be applicable to all further advances made by the Mortgagee to the Mortgagor under this future advance clause.

- 17. No delay by the Mortgagee in exercising any right or remedy hereunder, or otherwise afforded by law, shall operate as a waiver thereof or preclude the exercise thereof during the continuance of any default hereunder. No waiver by the Mortgagee of any default shall constitute a waiver of or consent to subsequent defaults. No failure of the Mortgagee to exercise any option herein given to accelerate maturity of the debt hereby secured, no forbearance by the Mortgagee before or after the exercise of such option, and no withdrawal or abandonment of foreclosure proceeding by the Mortgagee shall be taken or construed as a waiver of its right to exercise such option or to accelerate the maturity of the debt, hereby secured by reason of any past, present, or future default on the part of the Mortgagor; and, in like manner, the procurement of insurance or the payment of taxes or other liens or charges by the Mortgagee shall not be taken or construed as a waiver of its right to accelerate the maturity of the debt hereby secured.
- 18. Without affecting the liability of the Mortgagor or any other person (except any person expressly released in writing) for payment of any indebtedness secured hereby or for performance of any obligation contained herein, in the Note, or in the Subrecipient Agreement, and without affecting the rights of the Mortgagee with respect to any security not expressly released in writing, the Mortgagee may, at any time and from time to time, either before or after the maturity of the Note, and without notice or consent:
 - a. Release any person liable for payment of all or part of the indebtedness or for performance of any obligation;
 - b. Make any agreement extending the time or otherwise altering the terms of payment of all or any part of the indebtedness, or modifying or waiving any obligation, or subordinating, modifying or otherwise dealing with the lien or charge hereof;
 - c. Exercise or refrain from exercising or waive any right the Mortgagee may have;
 - d. Accept additional security of any kind; or

- e. Release or otherwise deal with any property, real or personal, securing the indebtedness, including all or any part of the Mortgaged Property.
- 19. Any agreement hereafter made by Mortgagor and Mortgagee pursuant to this Mortgage shall be superior to the rights of the holder of any intervening lien or encumbrance.
- 20. In the event of condemnation proceedings of the Mortgaged Property, the award or compensation payable thereunder is hereby assigned to and shall be paid to the Mortgagee. The Mortgagee shall be under no obligation to question the amount of any such award or compensation and may accept the same in the amount in which the same shall be paid. In any such condemnation proceedings, the Mortgagee may be represented by counsel selected by the Mortgagee. The proceeds of any award or compensation so received shall, at the option of the Mortgagee, either be applied to the prepayment of the Note and at the rate of interest payable on the award by the condemning authority, or at the option of the Mortgagee, such award shall be paid over to the Mortgagor for restoration of the Mortgaged Property.
- 21. At the option of Mortgagee, Mortgagor shall provide Mortgagee with periodic financial statements of the operations of and the financial condition of Mortgagor.
- 22. The loan represented by the Mortgage and the Note is personal to the Mortgagor. The Mortgagee extended the funds to the Mortgagor based upon the representations made in the Mortgagor's application and the Subrecipient Agreement between the parties as well as the Mortgagee's judgment of the ability of the Mortgagor to perform under this Mortgage, the Note, the Subrecipient Agreement, and the Mortgagee's judgment of the ability of the Mortgagor to repay all sums due under this Mortgage. Therefore, this Mortgage may not be assumed by any subsequent holder of an interest in the Mortgaged Property unless in compliance with HUD regulations and with written approval by the Mortgagee.

23. COMPLIANCE WITH ENVIRONMENTAL LAWS:

- a. Hazardous Waste: "Hazardous Waste" shall mean and include those elements or compounds which are contained in the list of hazardous substances adopted by the United States Environmental Protection Agency (EPA) and the list of toxic pollutants designated by Congress or the EPA or defined by any other federal, state or local statute, law, ordinance, code, rule, regulation, order or decree regulating, relating to or imposing liability or standards of conduct concerning any hazardous, toxic or dangerous waste, substance or material as now or at any time in effect.

- (2) The indemnification and hold harmless agreement set forth in this subparagraph shall benefit the Mortgagee from the date hereof and shall continue notwithstanding payment, release or discharge of this Mortgage or the obligations secured hereby, and, without limiting the generality of the foregoing, such obligations shall continue for the benefit of the Mortgagee during and following any possession or ownership of the Mortgaged Property by the Mortgagee, whether arising by foreclosure or deed in lieu of foreclosure or otherwise, such indemnification and hold harmless agreement to continue forever.
- d. <u>Notice of Environmental Complaint.</u> If the Mortgagor shall receive any knowledge of notice (actual or constructive) of:

In the event of an Environmental Complaint, the Mortgagee shall have the right, but not the obligation (and without limitation of the Mortgagee's rights under this Mortgage) to enter onto the Mortgaged Property or to take such other actions as it shall deem necessary or advisable to clean up, remove, resolve or minimize the impact of, or otherwise deal with, any such Hazardous Waste or Environmental Complaint. All reasonable costs and expenses, including a reasonable attorney's fee, incurred by the Mortgagee in the exercise of any such rights shall be secured by the Mortgage; shall be payable by the Mortgagor upon demand; and shall accrue interest at the highest lawful rate from the date paid by the Mortgagee.
- 24. Breach. Any breach of any warranty, representation or agreement contained in this Mortgage, the Note, or the Subrecipient Agreement shall be an Event of Default and shall entitle Mortgagee to exercise any and all remedies provided in this Mortgage, or otherwise permitted by law.
- 25. In the event any one or more of the provisions contained in this Mortgage, the Note, or the Subrecipient Agreement, shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall be severable and shall not affect any other provisions of this Mortgage, but this Mortgage shall be construed as if such invalid illegal or unenforceable provision had never been contained herein or therein. EXHIBIT D Promissory Note

\$51,000.00	DATED:	, 2019
Ψ5.24000.00		, ~~ ~

FOR VALUE RECEIVED, the undersigned (the Borrower) promises to pay to St. Johns County, a political subdivision of the State of Florida, CDBG Fund, St. Johns County, Florida, its successors or assigns (Lender), the principal sum of fifty-one thousand dollars and zero cents (\$51,000.00) or such other amount as may be advanced by Lender from time to time hereunder, and to pay interest on the outstanding principal balance at the rate of zero (0%) percent from the above date until fully paid. Payment shall be due upon sale, transfer, or refinance of the collateral securing this note to St. Johns County, or if home/property is used for purposes other than affordable rental housing for low-income to moderate-income CDBG eligible people.

This Note and all other obligations of the Borrower, including the agreement entered into between the parties entitled Community Development Block Grant Subrecipient Agreement between St. Johns County and St. Johns Housing Partnership, Inc. (the Subrecipient Agreement) are secured by a lien on collateral in the form of real property located in St. Johns County, Florida (the Security), pursuant to a Mortgage Lien For Real Property Acquired With CDBG Funds (the Mortgage) held by Lender. The terms and conditions contained in the Agreement and the Mortgage are incorporated herein and made a part hereof as fully as if set forth herein. This Note, the Subrecipient Agreement, and the Mortgage are collectively referred to as the "Loan Documents". Reference herein to the Loan Documents is made for a statement of the rights and remedies of Lender with respect to such collateral. Borrower shall not sell, lease or transfer all or any part of the Security or any interest therein, including transfer by judicial sale or any other voluntary or involuntary transfer, without Lender's prior written consent prior to discharge.

1. Payment.

- A) Maturity. The purpose of this Note is to provide Borrower CDBG grant funds for the acquisition of the property to be used as a rental unit for low- and moderate-income CDBG eligible individuals and families. The maturity date of this Note shall be **September 1, 2039.**
- B) The Note is forgivable at 5 percent per year for 20 years, prorated on a monthly basis, providing that the home/property remains occupied by low to moderate income individuals, as defined by HUD, and the participants honor all requirements of this agreement.
- C) Sums due under this Note shall be payable to the St. Johns County CDBG Grant, St. Johns County, Florida, 500 San Sebastian View, St. Augustine, FL 32084, or such other place as the Note holder may designate.

D) <u>Prepayment.</u> Borrower has the option and privilege of prepaying all or any part of the outstanding principal balance evidenced by this Note without premium, penalty or charge.

2. Event of Default.

An event of default shall occur if: (a) Borrower fails to make any payment due under this Note within fifteen (15) days of the due date; or (b) an event of default occurs under any of the Loan Documents between Borrower and Lender, (collectively "Event of Default").

3. Acceleration.

Upon the occurrence of any Event of Default, the outstanding principal hereof and all accrued interest thereon, at the option of Lender, shall become immediately due and payable without notice or demand.

4. Relationship of Borrower and Lender.

Nothing contained in this Note shall be deemed or construed to create the relationship of partner or joint venture as between Lender and Borrower, it being agreed and understood that the only relationship between the parties is that of lender and borrower. The terms hereunder are only intended to compensate Lender for its agreement to make the loan evidenced by this Note. Market conditions as of the date of this Note have been considered.

5. <u>Costs/Attorney's Fees.</u>

Borrower, and all other persons or entities who are or may become liable on the indebtedness evidenced by this Note, agree jointly and severally, to pay all costs of collection, including reasonable attorneys' fees and all costs of any action or proceeding (including but without limitation commencement of non-judicial foreclosure or private sale), in case the unpaid principal sum of this Note is not paid when due, or in case it becomes necessary to enforce any other obligation of Borrower hereunder or to protect the Security for the indebtedness evidenced hereby, or for the foreclosure by Lender of the Mortgage, or in the event Lender is made a party to any litigation because of the existence of the indebtedness evidenced by the Note, whether suit be brought or not, and whether through courts or original jurisdiction, as well as in courts of appellate jurisdiction, or through a bankruptcy court or other legal proceedings. Borrower acknowledges that all such costs are secured by the Mortgage. As used herein "attorneys' fees" shall be deemed to include fees incurred in appellate, bankruptcy and post-judgment proceedings and shall be deemed to include charges for paralegals, law clerks, and other staff members operating under the supervision of an attorney. Any payment or award of attorney's fees shall include as part thereof any and all sales and/or use taxes imposed thereon by any appropriate governmental authority.

6. Waiver.

Borrower, and all persons or entities who are, or may become, liable for all or any part of this indebtedness, jointly and severally:

- A. Waive Lender's diligence, presentment, protest and demand for payment, notice of protest of demand, of nonpayment, of dishonor and of maturity and all other notices, filing suit and diligence in collecting this Note, in enforcing any of the security rights, or in a proceeding against the Security;
- B. Agree that time is of the essence with respect to every provision of this Note and the Loan Documents;
- C. Agree to any substitution, exchange, addition or release of any of the Security or the addition or release of any party or person primarily or secondarily liable hereon;
- D. Consent to any and all renewals, extensions or modifications agreed to by Borrower and Lender of the terms hereof or the terms contained in any of the Loan Documents, including time for payment;
- E. Expressly waive to the full extent of the law, the right, if any, to plead any and all statutes of limitation as a defense to any demand on this Note or Mortgage or any other documents executed in connection with the loan evidenced by this Note;
- F. Agree that Lender shall not be required first to institute any suit or exhaust its remedies against Borrower or any other person or party to become liable hereunder, or against the Security in order to enforce payment of this Note; and
- G. Agree that, notwithstanding the occurrence of any of the foregoing (except the express written release by Lender of any such person), they shall be and remain jointly and severally, directly and primarily, liable for all sums due under this Note.

7. Rights and Remedies of Lender.

Borrower, and all persons or entities who are, or may become, liable for all or any part of this indebtedness, jointly and severally, agree that:

- A. Lender shall have the right, at any time and from time to time, at its sole option and in its sole discretion, to waive all or any part of any charge due Lender hereunder, but such waiver shall be effective only if made in writing and shall not extend to or constitute a waiver of the same or any other term or provision herein contained or contained in the Mortgage;
- B. The rights and remedies of Lender as provided in this Note and in the Mortgage, shall be cumulative and concurrent and may be pursued singly, successively or together against Borrower, the Security encumbered by the Mortgage, or any other persons or entities who are, or may become, liable for all or any part of this indebtedness, or any and other funds, property or security held by Lender for payment hereof, or otherwise, at the sole discretion of Lender; and
- C. Failure of Lender to exercise any such right or remedy shall in no event be construed as a waiver or release of such rights or remedies, or the right to exercise them at any

later time. The acceptance by Lender of payment hereunder that is less than any payment in full of all amounts due and payable at the time of such payment shall not constitute a waiver of the right to exercise any of the foregoing options at that time or at any subsequent time or nullify any prior exercise of any such option without the express written consent of Lender. A waiver or release with reference to one Event of Default shall not be construed as a continuing, as a bar to, or as a waiver or release of, any subsequent right, remedy or recourse as to any subsequent Event of Default.

- 8. <u>Waiver of Jury Trial.</u> Borrower hereby waives trial by jury in any action or proceeding to which Borrower and Lender may be parties, arising out of or in any way pertaining to the Loan. This waiver is knowingly, willingly, and voluntarily made by Borrower, and Borrower hereby represents that no representation of fact or opinion has been made by any individual to induce this waiver of trial by jury or to in any way, modify or nullify its effect.
- 9. <u>Governing Law.</u> This Note is executed and delivered in St. Johns County, Florida, and shall be construed and enforced according to the laws of the State of Florida.

IN WITNESS WHEREOF, this Note has been duly executed by the undersigned, as of the above date.

Freddle Mac Form 70 March 2005

St Johns Housing Hopkins Sub St Sebastian

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and continuing conditions, and con

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE:

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby. (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS:

The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing the appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist.

 Property is in the property in the
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Condition Ratings and Definitions

The improvements have been recently constructed and have not been previously occupied. The entire structure and all components are new and the dwelling features no physical depreciation.

Note: Newly constructed improvements that feature recycled or previously used materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100 percent new foundation and the recycled materials and the recycled components have been rehabilitated/remanufactured into like-new condition, improvements that have not been previously occupied are not considered "new" if they have any significant physical depreciation (that is, newly constructed dwellings that have been vacant for an extended period of time without

C2

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category are either almost new or have been recently completely renovated and are similar in condition to new construction.

Note: The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical degreciation, or an older property that has been recently completely repoyated.

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

Note: The improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. Its estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

Note: The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability is somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

Note: Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many

Note: Substantial repairs are needed to the improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.

Quality Ratings and Definitions (continued)

The design includes significant exterior ornamentation and Interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from "stock" standards.

Q

Q5

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.

Definitions of Not Updated, Updated, and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes.

Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major
components have been replaced or updated. Those over fifteen years of age are also considered not updated if the
appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained
and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

Undated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost.

An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components to meet existing market expectations. Updates do not include significant alterations to the existing structure.

Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion.

A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of) square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a tollet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example

3.2 indicates three full baths and two half baths.

One-Unit Residential Appraisal Desk Review Report

SCOPE OF WORK

File No. 58604

This is an appraisal DESK review which does not include inspections of either the subject property or comparable sales, nor any field analysis. The scope of work for this appraisal DESK review is defined by the complexity of the appraisal report under review and the reporting requirements of this report form, including the following statement of assumptions and limiting conditions, and certifications. The review appraisar must, at a minimum: (1) read the entire appraisal report under review, (2) assume the property condition reported in the appraisal report is accurate unless there is evidence to the contrary, (3) perform data research and analysis to determine the appropriateness and accuracy of the data in the appraisal report, (4) research, verify, and analyze data from reliable public and/or private sources, (5) determine if the analysis and conclusions support the opinion of value, and (6) if the opinion of value is not supported and/or there appears to be significant deficiencies in the analysis and reporting, the assignment must be upgraded to an appraisal Field review.

INTENDED USE

The intended use of this appraisal desk review report is for the lender/client to evaluate the accuracy and adequacy of support of the appraisal report under review.

INTENDED USER

The intended user of this appraisal desk review report is the lender/client.

"GUIDANCE FOR COMPLETING THE ONE-UNIT RESIDENTIAL APPRAISAL DESK REVIEW REPORT

The appraisal review-function is important to maintaining the integrity of both the appraisal and loan underwriting processes. The following guidance is intended to aid the review appraiser with the development and reporting of an appraisal desk review:

- 1. The review appraiser must be the Individual who personally read the entire appraisal report and performed the data research and analysis, and prepared and signed this report.
- 2. The review appraiser must focus his or her comments on the appraisal report under review and not include personal opinions about the appraiser(s) who prepared the appraisal.
- 3. The lender/client has withheld the identity of the appraiser(s) who prepared the appraisal report under review, unless otherwise indicated in this report.
- 4. The review appraiser must assume that the condition of the property reported in the appraisal report is accurate, unless there is evidence to the contrary.
- 5. The review appraiser must determine whether the opinion or market value is supported by the analysis, conclusions and reconciliation presented in the appraisal report.
- 6. The review appraiser must form an opinion about the overall accuracy and quality of the data in the appraisal report under review. The objective is to determine whether material errors exist and what effect they have on the opinions and conclusions in the appraisal report under review. When the review appraiser agrees that the data is essentially correct (although minor errors may exist), he or she must summarize the overall findings. When the review appraiser determines that material errors exist in the data, he or she must identify them, comment on their overall effect on the opinions and conclusions in the appraisal report under review, and include the correct information.
- 7. The Questions on Page 1 are intended to identify both the positive and negative elements of the appraisal under review and to report deficiencies. The review appraisar must make it clear to the reader what effect the deficiencies have on the opinions and conclusions in the appraisal report. Simple "Yes" and "No" answers are unacceptable.
- 8. The review appraiser must identify any extraordinary assumptions that were necessary in order to answer questions on Page 1. Extraordinary assumptions include the use of information from the appraisal report under review that the review appraiser concludes is reliable (such as an assumption that the reported condition of the subject property is accurate).
- A review of an appraisal on a unit in a condominium, cooperative, or PUD project requires the review appraiser to analyze the project information in the
 appraisal report under review and comment on its completeness and accuracy.
- 10. An appraisal review of a manufactured home requires the review appraiser to assume that the HUD data plate information is correct, unless information to the contrary is available. In such cases, the review appraiser must identify the source of the data.

One-Unit Residential Appraisal Desk Review Report

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS.

- 1. The review appraiser will not be responsible for matters of a legal nature that affect either the property that is the subject of the appraisal under review or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal review. The review appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The review appraiser will not give testimony or appear in court because he or she performed a review of the appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 3. Unless otherwise stated in this appraisal desk review report, the review appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as but not limited to peeded repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, expressed or implied. The review appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the review appraiser is not an expert in the field of environmental hazards, this appraisal desk review report must not be considered as an environmental assessment of the property.

One Unit Desk Review: Data and Analysis

One Unit Desk Review: Data and Analysis
 BASED ON THE LACK OF DESCRIPTION OF THE CONDITION OF THE SUBJECT PROPERTY, IT APPEARS THAT THE CONDITION ADJUSTMENT MAY BE HIGH. AS STATED EARLIER, BASED ON THE PHOTOS OF THE SUBJECT PROPERTY, THE SUBJECT SEEMS CLUTTERED AS OPPOSED TO BEING IN "FAIR" CONDITION. A MORE DETAILED EXPLANATION WOULD HAVE BEEN HELPFUL. BASED ON THE PHOTOS AND LACK OF DESCRIPTION, IT APPEARS THAT SALES 1 AND 2 ARE MORE SIMILAR TO THE SUBJECT IN CONDITION AND SALE 3 IS INFERIOR TO THE SUBJECT IN CONDITION. THE GROSS LIVING AREA ADJUSTMENT IS LOW. THE GROSS LIVING AREA ADJUSTMENT MADE AT \$17.65 - \$\$18.10 PER SQUARE FOOT. IN THIS MARKET, \$30-\$35 PER SQUARE FOOT WOULD BE MORE APPROPRIATE. ON SALE 3, THE APPRAISER ADJUSTS FOR A DETACHED GUEST APARTMENT. IT APPEARS THAT THIS IS INCLUDED IN THE 1,472 SQUARE FEET LISTED ON THE MLS.

BASED ON THE LIMITED INFORMATION ON THE CONDITION OF THE SUBJECT PROPERTY, THE GROSS LIVING AREA ADJUSTMENTS AND THE ADJUSTMENT FOR THE GUEST HOUSE ON SALE 3, THE OPINION OF VALUE IS NOT SUPPORTED.

THE SELLER HAS NEGOTIATED A SALE PRICE OF \$85,000. THE COUNTY WILL PAY \$51,000.
