Any work that may be required, implied, or inferred by the Contract Documents, or any one or more of them, as necessary to produce the intended result shall be provided by the Contractor for the Project Price as provided by Task Order.
- 1.5.2 The Contract is intended to be an integral whole and shall be interpreted as internally consistent. What is required by any one Contract Document shall be considered as required by the Contract.

The issuance or the express or implied approval by the County of the Contract Documents, Shop Drawings, or Product Data shall not relieve Contractor of the continuing duty set forth in this paragraph. The County has requested that the Project Manager only oversee preparation of documents for the Work, including the Drawings and Specifications for the Work, which are accurate, adequate, consistent, coordinated, and sufficient for construction. **HOWEVER, THE COUNTY MAKES NO REPRESENTATION OR WARRANTY OF ANY NATURE WHATSOEVER TO THE CONTRACTOR CONCERNING SUCH DOCUMENTS.** By the execution hereof, the Contractor acknowledges and represents that it has received, reviewed and carefully examined such documents, has found them to be complete, accurate, adequate, consistent, coordinated and sufficient for construction. - 1.5.9 As between numbers and scaled measurements on the Drawings and in the Design, the numbers shall govern; as between larger scale and smaller scale drawings, the larger scale shall govern.
- 1.5.10 Neither the organization of any of the Contract Documents into divisions, sections, paragraphs, articles, (or other categories), nor the organization or arrangement of the Design, shall control the Contractor in dividing the Work or in establishing the extent or Scope of Work to be performed by Subcontractors.

## **ARTICLE II – THE WORK**

- 2.1 The Contractor shall perform all of the Work required, implied, or reasonably inferable from the Contract.
- 2.2 The term "Work" shall mean whatever is done by or required of the Contractor to perform and complete its duties under the Contract, including the following: construction of the whole or a designated part of a project as set forth each Task Order; furnishing of any required Surety Bonds and insurance; and the provision or furnishing of labor, supervision, services, materials, supplies, equipment, fixtures, appliances, facilities, tools, transportation, storage, power, permits and licenses required of the Contractor, fuel, heat, light, cooling and all other utilities as required by the Contract. The Work to be performed by the Contractor on each project shall be specifically described in, and authorized by Task Order issued by the County. Each Task Order issued by the County under the Contract shall further specify the amount of time permitted for completion of the Work ("Project Time") and the amount to be paid as compensation for completion of Work ("Project Price").

## **ARTICLE III – PROJECT TIME**

- 3.1 Time and Liquidated Damages

3.1.1 The Contractor shall commence the Work for each project upon receipt of a Notice to Proceed, or as stated on the fully executed Task Order, issued by the County, and shall reach Substantial and Final Completion of all Work as specified by Task Order.

For each project, the number of calendar days from the date on which the Work is permitted to proceed through the date set forth in the Task Order for Final Completion shall constitute the "Project Time."

3.1.2 For each project, the Contractor shall pay the County the sum of nine hundred fifty eight dollars (\$958.00), based on the current FDOT Table for Liquidated Damages, for each and every calendar day of unexcused delay in achieving Substantial Completion of the Work beyond the date specified by Task Order for Substantial Completion of the Work. Any sums due and payable hereunder by the Contractor shall be payable, not as a penalty, but as liquidated damages representing an estimate of delay damages likely to be sustained by the County, estimated at or before the time of issuing the Task Order. When the County reasonably believes that Substantial Completion shall be inexcusably delayed the County shall be entitled, but not required, to withhold from any amounts otherwise due the Contractor an amount then believed by the County to be adequate to recover liquidated damages applicable to such delays. If and when the Contractor overcomes the delay in achieving Substantial Completion, or any part thereof, for which the County has withheld payment, the County shall promptly release to the Contractor those funds withheld, but no longer applicable, as liquidated damages.

3.2 Substantial Completion

3.2.1 "Substantial Completion" shall mean that stage in the progression of the Work when the Work is sufficiently complete as provided by Task Order that the County can enjoy beneficial use or occupancy of the Work and can utilize the Work for its intended purpose.

3.3 Time is of the Essence

3.3.1 All limitations of time set forth in the Contract Documents are of the essence of this Contract.

#### **ARTICLE IV – PROJECT PRICE**

4.1 The Project Price

4.1.1 The County shall pay, and the Contractor shall accept, as full and complete payment for all Work required by each Task Order, the amount specified and authorized by each Task Order upon satisfactory completion of the Work for each project. The amount set forth in each Task Order shall not exceed two hundred thousand dollars (\$200,000), without prior written authorization by the Board of County Commissioners.

#### **ARTICLE V – PAYMENT OF THE PROJECT PRICE**

5.1 Schedule of Values

5.1.1 Upon request by the County, the Contractor shall submit a Schedule of Values allocating the Project Price to the various portions of the Work included in the Task Order for each project. The Contractor's Schedule of Values shall be prepared in such form, with such detail, and supported by such data as the County may require, in order to substantiate its accuracy. The Contractor shall not imbalance its Schedule of Values, nor artificially inflate any element thereof. The violation of this provision by the Contractor shall constitute a material breach of the Contract. The Schedule of Values shall be used only as a basis for the Contractor's Requests for Payment and shall only constitute such basis after it has been agreed upon in writing by the County.

5.2 Payment Procedure

5.2.1 The County shall pay the Project Price to the Contractor as provided below.

5.2.2 Progress Payments - Based upon the Contractor's Requests for Payment submitted to the County and upon Certificates for Payment subsequently issued to the County by the Project Manager, the County shall make progress payments to the Contractor on account of the Project Price. Retainage in the amount of ten percent (10%) will be withheld from each progress payment until County has issued Final Acceptance of the Work. Progress payments for each project shall be provided by Task Order.

5.2.3 On or before the fifteenth (15th) day of each month after commencement of the Work for each project, the Contractor shall submit an Application for Payment for the period ending the thirtieth (30th) day of the previous month to the Project Manager in such form and manner, and with such supporting data and content, as the Project Manager may require. Therein, the Contractor may request payment for ninety percent (90%) of that portion of

the Project Price properly incorporated in the Work less the total amount of previous payments received from the County.

Such Application for Payment shall be signed by the Contractor and shall constitute the Contractor's representation that the Work has progressed to the level for which payment is requested, that the Work has been properly installed or performed in full accordance with the Contract Documents, and that the Contractor knows of no reason why payment should not be made as requested. Thereafter, the Project Manager (and Engineer if applicable) shall review the Application for Payment and may also review the Work at the project site or elsewhere to determine whether the quantity and quality of the Work is as represented in the Application for Payment and is as required by the Contract Documents. The Project Manager shall determine and certify to the County the amount properly owing to the Contractor. The County shall make partial payments on accounts of the Project Price within thirty (30) days following the Project Manager's receipt of each Application for Payment. The amount of each partial payment shall be the amount certified for payment by the Project Manager less such amounts, if any, otherwise owing by the Contractor to the County or which the County shall have the right to withhold as authorized by the Contract. The Project Manager's certification of the Contractor's Application for Payment shall not preclude the County from the exercise of any of its rights, as set forth in Paragraph 5.3 herein below.

- 5.2.4 The Contractor warrants that title to all Work covered by an Application shall pass to the County no later than time of payment. The Contractor further warrants that upon submittal of an Application for Payment, all Work for which payments have been received from the County shall be free and clear of liens, claims, security interest or other encumbrances in favor of the Contractor or any other person or entity whatsoever.
- 5.2.5 The Contractor shall promptly pay each Subcontractor out of the amount paid to the Contractor on account of such Subcontractor's Work, the amount to which such Subcontractor is entitled. In the event the County becomes informed that the Contractor has not paid a Subcontractor as herein provided, the County shall have the right, but not the duty or obligation, to issue future checks in payment to the Contractor of amounts otherwise due hereunder naming the Contractor and such Subcontractor as joint payees. Such joint check procedure, if employed by the County, shall create no rights in favor of any person or entity beyond the right of the named payees to payment of the check and shall not be deemed to commit the County to repeat the procedure in the future.
- 5.2.6 No progress payment, nor any use or occupancy of any project by the County, shall be interpreted to constitute an acceptance of any Work not in strict accordance with the Contract Documents.

### 5.3 Withheld Payment

- 5.3.1 County may decline to make payment, may withhold funds and, if necessary, may demand the return of some or all of the amounts previously paid to the Contractor, to protect the County from loss because of:
- (1) defective Work not remedied by the Contractor and, in the opinion of the County, not likely to be remedied by the Contractor;
  - (2) claims of third parties against the County or the County's property;
  - (3) failure by the Contractor to pay Subcontractors or others in a prompt and proper fashion;
  - (4) evidence that the balance of the Work cannot be completed in accordance with the Task Order for unpaid balance of the Project Price;
  - (5) evidence that the Work shall not be completed in the time required for Substantial or Final Completion of the Work;
  - (6) repeated failure (two or more times) to carry out the Work as specified by Task Order;
  - (7) damage to the County or a third party to whom the County is, or may be, liable;
  - (8) failure by the Contractor to timely pay, any, and all, applicable taxes, fees (including permit or use fees), costs, or expenses, associated with the Project.

In the event that the County makes written demand upon the Contractor for amounts previously paid by the County as contemplated in this Subparagraph 5.3.1, the Contractor shall promptly comply with such demand.

### 5.4 Unexcused Failure to Pay

- 5.4.1 If within ten (10) days after the date established by Task Order for payment to the Contractor by the County, the County, without cause or basis hereunder, fails to pay the Contractor any amount due and payable to the Contractor, then the Contractor may after seven (7) additional days, written notice to the County and the Project Manager, and without prejudice to any other available rights or remedies it may have, stop the Work until

payment of those amounts due from the County have been received. Any payment not made within ten (10) days after the date due shall bear interest at the rate of twelve percent (12%) per annum.

## 5.5 Substantial Completion

5.5.1 When the Contractor believes the Work required by Task Order for each project is Substantially Complete, the Contractor shall submit to the Project Manager a list of items to be completed or corrected. When the Project Manager on the basis of an inspection determines that the Work is in fact Substantially Complete, the Project Manager shall prepare a Certificate of Substantial Completion which shall establish the date of Substantial Completion of the Work, shall state the responsibilities of the County and the Contractor for project security, maintenance, heat, utilities, damage to the Work, and insurance, and shall fix the time within which the Contractor shall complete the items listed therein. Guarantees required by the Contract Documents shall commence on the date of Substantial Completion of the Work. The Certificate of Substantial Completion shall be submitted to the County and the Contractor for their written acceptance of the responsibilities assigned to them in such certificate.

Until Final Completion and acceptance of the Work by the County, the County shall pay the Contractor an amount equal to ninety percent (90%) of the Project Price. Ten Percent (10%) of the Project Price shall be retained until Final Completion, acceptance of the Work by the County and Final Payment to the Contractor.

## 5.6 Final Completion and Final Payment

5.6.1 When all the Work required by Task Order for each project is finally complete and the Contractor is ready for a Final Inspection, it shall notify the County and the Project Manager thereof in writing. Thereupon, the Project Manager shall make Final Inspection of the Work and, if the Work is complete in full accordance with the project Task Order and the Task Order has been fully performed, the Project Manager shall promptly issue a Final Certificate for Payment for the project and if required to repeat its Final Inspection of the Work, the Contractor shall bear the cost of such repetition of the Work, the Contractor shall bear the cost of such repeat Final Inspection(s) which cost may be deducted by the County and all other Authorities having jurisdiction under Florida Laws or regulations.

5.6.1.1 If the Contractor fails to achieve Final Completion within the time fixed in the Certificate of Substantial Completion, the Contractor shall pay the County liquidated damages at the sum shown in Paragraph 3.1.2, per day for each and every calendar day of unexcused delay in achieving Final Completion beyond the date set forth for Final Completion of the Work. Any sums due and payable hereunder by the Contractor shall be payable, not as penalty, but as liquidated damages representing an estimate of delay damages likely to be sustained by the County, estimated at or before the time of issuance of the Task Order. When the County reasonably believes that Final Completion shall be inexcusably delayed, the County shall be entitled, but not required, to withhold from any amounts otherwise due the Contractor an amount then believed by the County to be adequate to recover liquidated damages applicable to such delays. If and when the Contractor overcomes the delay in achieving Final Completion, or any part thereof, for which the County has withheld payment, the County shall promptly release to the Contractor those funds withheld, but no longer applicable, as liquidated damages.

5.6.2 The Contractor shall not be entitled to Final Payment unless and until it submits to the Project Manager its affidavit that all payrolls, invoices for materials and equipment, and other liabilities connected with the Work on each project for which the County, or the County's property might be responsible, have been fully paid or otherwise satisfied; releases and waivers of claims and lien from all Subcontractors of the Contractor and of any and all other parties required by the County; consent of Surety, if any, to Final Payment. If any third party fails or refuses to provide a release of claim or waiver of a lien as required by County the Contractor shall furnish a bond satisfactory to the County to discharge any such lien or indemnify the County from liability.

5.6.3 The County shall make Final Payment of all sums, due the Contractor within thirty (30) days of the Project Manager's execution of a Final Certificate for Payment.

5.6.4. Acceptance of Final Payment shall constitute a waiver of all claims against the County by the Contractor except for those claims previously made in writing against the County by the Contractor, pending at the time of Final Payment, and identified in writing by the Contractor as unsettled at the time of its request for Final Payment.

## ARTICLE VI – THE COUNTY

### 6.1 Information, Services and Things Required from County

- 6.1.1 The County shall furnish to the Contractor, at the time of issuing each Task Order, any and all written and tangible material in its possession concerning conditions below ground at the site of the project. Such written and tangible material is furnished to the Contractor only in order to make complete disclosure of such material and for no other purpose. By furnishing such material, the County does not represent, warrant, or guarantee its accuracy either in whole, in part, implicitly, or at all, and shall have no liability therefore. The County shall also furnish surveys, legal limitations and utility locations (if known), and a legal description of the project site. Copies may be provided instead of originals.

6.2 Right to Stop Work

- 6.2.1 If the Contractor persistently fails or refuses to perform Work in accordance with any Task Order, the County may order the Contractor to stop the Work, or any described portion thereof, until the cause for stoppage has been corrected, no longer exists, or the County orders that Work be resumed. In such event, the Contractor shall immediately obey such order. Further, the Contractor shall not be paid for, nor make any claim for payment for, any Work done in connection with the Project, during the period of Work stoppage.

6.3 County's Right to Perform Work

- 6.3.1 If the Contractor's Work is stopped by the County under Paragraph 6.2, and the Contractor fails within seven (7) days of such stoppage to provide adequate assurance to the County that the cause of such stoppage shall be eliminated or corrected, the County may, without prejudice to any other rights or remedies the County may have against the Contractor, proceed to carry out the subject Work.

In such a situation, an appropriate Change Order shall be issued by the County deducting from the Project Price the cost of correcting the subject deficiencies, and compensation for the County's additional services and expenses necessitated thereby, if any. If the unpaid portion of the Project Price is insufficient to cover the amount due the County, the Contractor shall pay the difference to the County.

**ARTICLE VII – THE CONTRACTOR**

- 7.1 The Contractor is again reminded of its continuing duty set forth in Subparagraph 1.5.7. The Contractor shall perform no part of the Work at any time without adequate Contract Documents or, as appropriate, approved Shop Drawings, Product Data or Samples for such portion of the Work. If the Contractor performs any of the Work where Contractor knows or should know such Work involves a recognized error, inconsistency or omission in the Contract Documents without such notice to the Project Manager and the County, the Contractor shall bear responsibility for such performance and shall bear the cost of correction.

This warranty shall survive termination of the Contract and shall not be affected by Final Payment for any project hereunder. All Work not conforming to these requirements may be considered defective.
- 7.5 Contractor shall obtain and pay for all permits, fees and licenses necessary and ordinary for the Work. The Contractor shall comply with all lawful requirements applicable to the Work and shall give and maintain any and all notices required by applicable law pertaining to the Work.

7.6 Supervision

7.6.1 The Contractor shall employ and maintain at each project site only competent supervisory personnel. Absent written instruction from the Contractor to the contrary, the superintendent shall be deemed the Contractor's authorized representative at the site and shall be authorized to receive and accept any and all communications from the County or Assignees.

7.6.2 Key supervisory personnel assigned by the Contractor to projects under the Contract are as follows:

Additionally, the Contractor shall maintain at the project site for the Project Manager the approved Product Data, Samples and other similar required submittals. For each project, upon Final Completion of the Work, such record documents shall be delivered to the County.

7.9 Product Data and Samples

It is specifically noted that such liability, claims, damages, loss or expense includes any of those referenced instances attributable to

bodily injury, sickness, disease, or death, or to injury to, or destruction of, personal and/or real property, including the loss of use resulting there from or incident to, connected with, associated with or growing out of direct and/or indirect negligent or intentional acts or omissions by the Contractor, a Subcontractor, or anyone directly, or indirectly employed by them, or anyone for whose acts the Contractor or Subcontractor may be liable, regardless of whether or not such liability, claim, damage, loss or expense is caused in part by a party indemnified hereunder.

7.12.2 In claims against any person or entity indemnified under this Paragraph 7.12 by an employee of the Contractor, a Subcontractor, any one directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under this Paragraph 7.12 shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for the Contractor or a Subcontractor under workers' compensation acts, disability benefits acts or other employee benefit acts.

### ARTICLE VIII – CONTRACT ADMINISTRATION

#### 8.1 Project Manager

8.1.1 The Project Manager, unless otherwise directed by the County shall perform those duties and discharge those responsibilities allocated to the Project Manager as set forth in the Contract. The Project Manager shall be the County's representative for the entire Term of the Contract. The Project Manager shall be authorized to act on behalf of the County only to the extent provided in the Contract.

8.1.2 The County and the Contractor shall communicate with each other in the first instance through the Project Manager.

8.1.3 The Project Manager shall be the initial interpreter of the requirements of the drawings and specifications and the judge of the performance thereunder by the Contractor. The Project Manager shall render written or graphic interpretations as necessary for the proper execution or progress of the Work with reasonable promptness on request of the Contractor.

8.1.4 The Project Manager shall review the Contractor's Applications for Payment and shall certify to the County for payment to the Contractor, those amounts then due to the Contractor as provided in the Contract Documents.

8.1.5 The Project Manager shall have authority to reject Work, which is defective or does not conform to the requirements of the Contract Documents. If the Project Manager deems it necessary or advisable, the Project Manager shall have authority to require additional inspection or testing of the Work for compliance with Contract requirements at Contractor's expense.

8.1.6 The Project Manager shall review and approve, or take other appropriate action as necessary, concerning the Contractor's submittals including Product Data and Samples. Such review, approval or other action shall be for the sole purpose of determining conformance with the design concept and information given through the Contract Documents.

8.1.7 The Project Manager shall prepare Change Orders for processing by the Purchasing Department and may authorize minor changes in the Work by Field Order as provided elsewhere herein.

8.1.8 The Project Manager shall, upon written request from the Contractor, conduct inspections to determine the date of Substantial Completion and the date of Final Completion, shall receive and forward to the County for the County's review and records, written warranties and related documents required by the Contract and shall issue a Final Certificate for Payment upon compliance with the requirements of the Contract Documents.

8.1.9 The Project Manager's decision in matters relating to visual quality shall be final if consistent with the applicable provisions of the Contract Documents.

## 8.2 Claims by the Contractor

- 8.2.1 All Contractor claims shall be initiated by written notice and claim to the Project Manager. Such written notice and claims must be furnished within seven (7) days after occurrence of the event, or the first appearance of the condition, giving rise to the claim.
- 8.2.2 Pending final resolution of any claim of the Contractor, the Contractor shall diligently proceed with performance of the Work and the County shall continue to make payments to the Contractor in accordance with each Task Order. The resolution of any claim under this Paragraph 8.2 shall be reflected by a Change Order executed by the Project Manager and the Contractor.
- 8.2.3 Claims for Concealed and Unknown Conditions. Should concealed and unknown conditions encountered in the performance of the Work (a) below the surface of the ground or (b) in an existing structure be at variance with the conditions indicated by Task Order, or should unknown conditions of an usual nature differing materially from those ordinarily encountered in the area and generally recognized as inherent in Work of the character provided for in the Task Order, be encountered, wherein the Contract Documents or Standard Construction industry practices have not placed the responsibility of discovering such concealed and unknown conditions upon the Contractor prior to the Contractor submitting his Pricing Proposal for the Work, the Project Price shall be equitably adjusted by Change Order upon the written notice and claim by either party made within seven (7) days after the first observance of the condition. As a condition precedent to the County having any liability to the Contractor for concealed or unknown conditions, the Contractor must give the Project Manager written notice of, and an opportunity to observe, the condition prior to disturbing it. The failure by the Contractor to make the written notice and claim as provided in this Subparagraph shall constitute a waiver by the Contractor of any claim arising out of or relating to such concealed or unknown condition.
- 8.2.4 Claims for Additional Costs. If the Contractor wishes to make a claim for an increase in the Project Price, as a condition precedent to any liability of the County therefore, the Contractor shall give the Project Manager written notice of such claim within seven (7) days after the occurrence of the event, or the first appearance of the condition, giving rise to such claim. Such notice shall be given by the Contractor before proceeding to execute any additional or changed Work. The failure by the Contractor to give such notice prior to executing the Work shall constitute a waiver of any claim for additional compensation.
- 8.2.4.1 In connection with any claim by the Contractor against the County for compensation in excess of the Project Price, any liability of the County for the Contractor's costs shall be strictly limited to direct costs incurred by the Contractor and shall in no event include indirect costs or consequential damages of the Contractor.
- The County shall not be liable to the Contractor for claims of third parties, including Subcontractors, unless and until liability of the Contractor has been established therefore in a court of competent jurisdiction.
- 8.2.5 Claims for Additional Time. If the Contractor is delayed in progressing any Work which at the time of the delay is then critical or which during the delay becomes critical, as the sole result of any act or neglect to act by the County or someone acting on the County's behalf, or by changes ordered in the Work, unusual delay in transportation, unusually adverse weather conditions not reasonably anticipated, fire or any causes beyond the Contractor's control, then the date for achieving Substantial Completion of the Work shall be extended upon the written notice and claim of the Contractor to the Project Manager, for such reasonable time as the Project Manager may determine.
- Any notice and claims for an extension of time by the Contractor shall be made not more than seven (7) days after the occurrence of the event or the first appearance of the condition giving the rise to the claim and shall set forth in detail the Contractor's basis for requiring additional time in which to complete the project. In the event the delay to the Contractor is a continuing one, only one notice and claim for additional time shall be necessary. If the Contractor fails to make such claim for an extension of time as provided herein, then such claim shall be waived. This paragraph shall not be deemed to waive any damages for delay that are covered by insurance.
- 8.2.5.1 Delays and Extensions of Time. An extension of Project Time shall not be given due to weather conditions unless such weather conditions are more severe than average and have caused a delay. In requesting an extension of time for weather conditions, Contractor shall present complete records and such requests shall document how weather conditions delayed progress of the Work.

### 8.3 Field Orders

- 8.3.1 For each Project, the Project Manager shall have authority to order minor changes in the Work not involving a change in the Project Price or in Project Time and not inconsistent with the intent of the Contract. Such changes shall be effected by Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.

## ARTICLE IX – SUBCONTRACTORS

### 9.1 Definition

- 9.1.1 A Subcontractor is an entity, which has a direct Contract with the Contractor to perform a portion of the Work.

### 9.2 Award of Subcontracts

- 9.2.1 Prior to commencing the Work for each project, the Contractor shall furnish the Project Manager, in writing, the names of persons or entities proposed by the Contractor to act as a Subcontractor on the project. The Project Manager shall reply within seven (7) business days to the Contractor, in writing, stating any objections the Project Manager may have to such proposed Subcontractor. The Contractor shall not enter into a Subcontract with a proposed Subcontractor with reference to whom the Project Manager has made a timely objection.

- 9.2.2 All subcontracts shall afford the Contractor rights against the Subcontractor, which correspond to those rights afforded to the County by Subparagraph 12.2.1 below.

## ARTICLE X – CHANGES IN THE WORK

### 10.1 Changes Permitted

- 10.1.1 Changes in the Work within the general scope of each Task Order, consisting of additions, deletions, revisions, or any combination thereof, may be ordered without invalidating the Contract by properly executed Change or Field Order.

- 10.1.2 Changes in the Work for each project shall be performed under applicable provisions of the Contract and the Contractor shall proceed promptly with such changes.

### 10.2 Change Order Defined

- 10.2.1 The term "Change Order" shall mean a written order to the Contractor executed by the County Administrator, or authorized designee, issued after execution of the Contract, authorizing and directing a change in the Work or an adjustment in the Project Price or the Project Time, or any combination thereof. Only a duly executed Change Order may change the Scope of Work, Project Price and/or the Project Time.

### 10.3 Changes in the Project Price

- 10.3.1 Any change in the Project Price resulting from a Change Order shall be determined as follows: (a) by mutual agreement between the County and the Contractor as evidenced by (1) the change in the Project Price being set forth in the Change Order, (2) such change in the Project Price, together with any conditions or requirements related thereto, being initialed by both parties and (3) the Contractor's execution of the Change Order, or (b) if no mutual agreement occurs between the County and the Contractor, then, as provided in Subparagraph 10.3.2 below.

- 10.3.2 If no mutual agreement occurs between the County and the Contractor as contemplated in Subparagraph 10.3.1 above, the change in the Project Price, if any, shall then be determined by the Project Manager on the basis of the reasonable expenditures or savings of those performing, deleting or revising the Work attributable to the change, including, in the case of an increase or decrease in the Project Price, a reasonable allowance for direct project site overhead and profit. In such case, the Contractor shall present, in such form and with such content as the County or the Project Manager requires, an itemized accounting of such expenditures or savings shall be limited to the following: reasonable costs of materials, supplies, or equipment including delivery costs, reasonable costs of labor, including social security, old age and unemployment insurance, fringe benefits required by a pre-existing agreement or by custom, and workers' compensation insurance, reasonable costs of premiums for all Bonds and insurance, permit fees, and sales, use or other taxes related to the Work and paid by the Contractor, and reasonable costs of directly attributable to the change. In no event shall any expenditure or savings associated with the Contractor's home office or other non-project site overhead expenses be included in any change in the

Project Price. Pending final determination of reasonable expenditures or savings to the County, payments on account shall be made to the Contractor on the County's Certificate of Payment.

10.3.3 If Unit Prices are provided in a Task Order, and if the quantities contemplated are so changed by proposed Change Order that application of such Unit Prices to the quantities of Work proposed shall cause substantial inequity to the County or to the Contractor, then the applicable Unit Prices shall be equitable adjusted.

#### 10.4 Minor Changes

10.4.1 The Project Manager shall have authority to order minor changes in the Work for each project not involving a change in the Project Price or an extension of the Project Time and not inconsistent with the intent of the Contract. Such minor changes shall be made by written Field Order, and shall be binding upon the County and the Contractor. The Contractor shall promptly carry out such written Field Orders.

#### 10.5 Effect of Executed Change Order

10.5.1 For each project, the execution of any Change Order by the Contractor shall constitute conclusive evidence of the Contractor's agreement to the ordered changes in the Work, the Contract Documents as thus amended, the Project Price and the Project Time. The Contractor, by executing a Change Order, waives and forever releases any claim against the County for additional time or compensation for matters relating to or arising out of or resulting from the Work included within or affected by the executed Change Order.

#### 10.6 Notice to Surety; Consent

10.6.1 The Contractor shall notify and obtain the timely consent and approval of the Contractor's surety with reference to all Change Orders if such notice, consent or approval is required by the Contractor's surety or by law. The Contractor's warranty to the County that the surety has been notified of and consents to, such Change Order and the surety shall be conclusively deemed to have been notified of such Change Order and to have expressly consented thereto.

### **ARTICLE XI – UNCOVERING AND CORRECTING WORK.**

#### 11.1 Uncovering Work

11.1.1 If any of the Work for a project is covered contrary to the Project Manager's request or to any provision of the Contract Documents, it shall, if required by the Project Manager, be uncovered for the Project Manager's inspection and shall be properly replaced at the Contractor's expense without change to the Project Time as provided in the Task Order.

11.1.2 If any of the Work for a project is covered in a manner not described in Subparagraph 11.1.1 above, it shall, if required by the Project Manager or County, be uncovered for the Project Manager's inspection. If such Work conforms strictly to the Contract Documents, costs of uncovering and proper replacement shall by Change Order be charged to the County. If such Work does not strictly conform to the Contract Documents, the Contractor shall pay the costs of uncovering and proper replacement.

#### 11.2 Correcting Work

11.2.1 The Contractor shall immediately proceed to correct Work rejected by the Project Manager as defective or failing to conform to the Contract Documents. The Contractor shall pay all costs and expenses associated with correcting such rejected Work, including any additional testing and inspections, and reimbursement to the County for the Project Manager's services and expenses made necessary thereby.

11.2.2 For each project, if within one (1) year after Substantial Completion of the Work, any of the Work is found to be defective or not in accordance with the Contract Documents, the Contractor shall correct the Work within seven (7) days at the Contractor's expense upon receipt of written notice from the County. This obligation shall survive Final Payment by the County and termination of the Contract. With respect to Work first performed and completed after Substantial Completion of the project, this one (1) year obligation to specifically correct defective and nonconforming Work shall be extended by the period of time which elapses between Substantial Completion and completion of the subject Work.

11.2.3 Nothing contained in this Paragraph 11.2 shall establish any period of limitation with respect to other obligations, which the Contractor has under the Contract. Establishment of the one (1) year time period in Subparagraph 11.2.2 relates only to the duty of the Contractor to specifically correct Work for each project, and has no

relationship to the time which the obligation to comply with the Contract Documents may be sought to be enforced.

### 11.3 County May Accept Defective or Nonconforming Work

11.3.1 If the County chooses to accept any defective or nonconforming Work, the County may do so. In such events, the Project Price shall be reduced by the greater of (a) the reasonable cost of removing and correcting the defective or nonconforming Work, and (b) the difference between the fair market value of the project had it not been constructed in such manner as to include defective or nonconforming Work. If the remaining portion of the unpaid Project Price, if any, is insufficient to compensate the County for its acceptance or defective or nonconforming Work, the Contractor shall, upon written demand from the County, pay the County such remaining compensation for accepting defective or nonconforming Work.

## ARTICLE XII -- CONTRACT TERMINATION

### 12.1 Termination by the Contractor

12.1.1 For each project, if the Work is stopped for a period of ninety (90) days by an order of any court or as a result of an act of the Government, through no fault of the Contractor or any person or entity working directly or indirectly for the Contractor, the Contractor may, upon ten (10) days written notice to the County, terminate performance under the Contract and recover from the County payment for the actual reasonable expenditures of the Contractor (as limited in Subparagraph 10.3.2 above) for all Work executed and for materials, equipment, tools, construction equipment and machinery actually purchased or rented solely for the Work, less any salvage value of any such items.

12.1.2 For each project, if the County shall persistently or repeatedly fail to perform any material obligation to the Contractor for a period of fifteen (15) days after receiving written notice from the Contractor of its intent to terminate if such failure is not substantially corrected within fifteen (15) days, the Contractor may terminate performance under the Contract by written notice to the Project Manager. In such event, the Contractor shall be entitled to recover from the County as though the County had terminated the Contractor's performance under the Contract for convenience pursuant to Subparagraph 12.2.1 hereunder.

### 12.2 Termination by the County

#### 12.2.1 For Convenience

12.2.1.1 The County may terminate the Contract for convenience. In such instance, the County shall provide written notice of such termination to the Contractor specifying when termination shall become effective.

12.2.1.2 The Contractor shall incur no further obligations in connection with the Work and the Contractor shall stop Work when such termination becomes effective. The Contractor shall also terminate outstanding orders and subcontracts. The Contractor shall settle liabilities and claims arising out of the termination of subcontracts and orders. The County may direct the Contractor to assign the Contractor's right, title and interest under terminated orders or subcontracts to the County or its designee.

12.2.1.3 The Contractor shall transfer title and deliver to the County for such completed or partially completed Work and materials, equipment, parts, fixtures, information and Contract rights as the Contractor has in either its possession or control.

12.2.1.4 (a) The Contractor shall submit a termination claim to the Project Manager specifying the amounts due because of the termination for convenience together with costs, pricing or other data required by the Project Manager. If the Contractor fails to file a termination claim within one (1) year from the effective date of termination of the Contract, the County shall pay the Contractor, an amount derived in accordance with subparagraph (c) below.

(b) The County and the Contractor may agree to compensation, if any, due to the Contractor hereunder.

(c) Absent an agreement as to the amount due to the Contractor, the County shall pay the Contractor the following amounts:

(i) Project Prices for labor, materials, equipment, and other services accepted under the Contract;

(ii) Reasonable costs incurred in preparing to perform and in performing a portion of the Work prior to termination and not included in (i) or (ii), and in terminating the Contractor's performance, plus a fair

and reasonable allowance for overhead and profit thereon (such profit shall not include anticipated profit or consequential damages); provided, however, that if it appears that the Contractor would have not profited or would have sustained a loss if the entire Contract had been completed, no profit shall be allowed or included and the amount of compensation shall be reduced to reflect the anticipated rate of loss, if any;

(iii) Reasonable costs of settling and paying claims arising out of the termination of Subcontracts or orders pursuant to Subparagraph 12.2.1.2 of this Paragraph. These costs shall not include amounts paid in accordance with other provisions hereof.

The total sum to be paid the Contractor under this Subparagraph 12.2.1 shall not exceed the total Project Price, as properly adjusted, reduced by the amount of payments otherwise made, and shall in no event include duplication of payment.

## 12.2.2 For Cause

12.2.2.1 If the Contractor persistently or repeatedly refuses or fails to perform the Work in a timely manner, supply enough properly skilled Workers, supervisory personnel or proper equipment or materials to complete the Work, or fails to make prompt payment to Subcontractors, or for materials or labor, or persistently disregards laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or otherwise substantially violates a material provision of the Contract as determined by the County, then the County may, by written notice to the Contractor, without prejudice to any other right or remedy, terminate the Contract and take possession of the project site and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor and may finish the Work by whatever methods it may deem expedient. In such case, the termination of the Contract is effective as of the time that notice of termination is delivered to an authorized representative of the Contractor, or as of the date and time, specified in the notice of termination (whichever is applicable). In such case, the Contractor shall not be entitled to receive any further payment until the Work is completed.

12.2.2.2 If the unpaid balance of the Project Price less any liquidated damages due under the Contract, exceeds the cost of finishing the Work, including compensation for the Project Manager's additional services and expenses made necessary thereby, such exceed the unpaid balance, the Contractor shall pay the difference to the County. This obligation for payment shall survive the termination of the Contract.

12.2.2.3 In the event the Contract is terminated by the County for cause pursuant to Subparagraph 12.2.2 and it is subsequently determined by a Court of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience under Subparagraph 12.2.1 and the provisions of Subparagraph 12.2.1 shall apply.

**1. Equal Employment Opportunity.**

If this contract meets the definition of a "federally assisted construction contract" as provided in 41 C.F.R. § 60-1.3, the following shall apply to the contractor's performance under this contract:

- a. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
- b. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.
- c. The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- d. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- e. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation, to ascertain compliance with such rules, regulations, and orders.
- f. In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions as may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- g. The contractor will include the portion of the sentence immediately preceding paragraph (a) and the provisions of paragraphs (a) through (g) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request the United States to enter into such litigation to protect the interests of the United States."
