

RESOLUTION NO. 2020- 452

A RESOLUTION BY THE BOARD OF COUNTY COMMISSIONERS OF ST. JOHNS COUNTY, FLORIDA, APPROVING THE TERMS AND AUTHORIZING THE COUNTY ADMINISTRATOR, OR DESIGNEE, TO SUBMIT A BUDGET PLAN TO THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION, OFFICE OF COASTAL RESILIENCE AND COASTAL PROTECTION, AS REQUIRED TO SUPPORT A LOCAL GOVERNMENT FUNDING REQUEST TO SUPPORT THE PONTE VEDRA BEACH RESTORATION PROJECT.

WHEREAS, St. Johns County is currently working with the Florida Department of Environmental Protection (FDEP) on the Ponte Vedra Beach Restoration Project (the "Project"); and,

WHEREAS, St. Johns County will provide local cost share funding for design from the General Fund Budget in the Fiscal Year 2021 budget; and,

WHEREAS, St. Johns County will continue to serve as the local sponsor; and,

WHEREAS, the FDEP has begun a new grant cycle and St. Johns County has submitted an annual Local Government Funding Request (LGFR) to the Florida Department of Environmental Protection, Office of Coastal Resilience and Coastal Protection for the State share of costs associated with design and construction for the Project; and,

WHEREAS, the LGFR application requires a Resolution from the County to affirm the Long Range Budget Plan for the Project; and,

WHEREAS, the FDEP requires an annual contract for its local share, contingent upon annual appropriations by the legislature.

NOW THEREFORE BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ST. JOHNS COUNTY, FLORIDA, AS FOLLOWS:

Section 1. The above Recitals are incorporated by reference into the body of this Resolution and such Recitals are adopted as findings of fact.

Section 2. A suggested Budget Plan for funding the State's portion of the Project shall be filed with the Florida Department of Environmental Protection, Office of Coastal Resilience and Coastal Protection (the "Department").

Section 3. The County Administrator, or designee, is hereby authorized to submit a proposed Budget Plan to the Department substantially in the form attached and to execute any necessary agreements concerning the beach projects with the Department, upon a finding of legal sufficiency by the Office of the County Attorney.

Section 4. The County Administrator's, or designee's, submission of any budget plan is subject to, and contingent upon, an annual budget appropriation by the Board of County Commissioners.

Section 5. To the extent that there are typographical and/or administrative errors and/or omissions that do not change the tone, tenor, or content of this Resolution, then this Resolution may be revised without subsequent approval of the Board of County Commissioners.

PASSED AND ADOPTED by the Board of County Commissioners of St. Johns County, State of Florida, this 17th day of November 2020

**BOARD OF COUNTY COMMISSIONERS OF ST.
JOHNS COUNTY, FLORIDA**

Beach Management Funding Assistance Program
FY 2021/22 Local Government Funding Request
Beach Projects Application

PART III: EVALUATION CRITERIA

1. Project Name: (as listed in the Strategic Beach Management Plan)

North Ponte Vedra Beach and Dune Restoration, St Johns County R-1 through R-46

2. Project Description: Include county, location with reference to FDEP range monuments, brief project history, and description of proposed activities. (Note: The box will expand as needed. To expand for printing purposes, click anywhere outside the box when complete.)

St. Johns County has been conducting a locally-funded project since October 28, 2019 consisting of feasibility analyses, permitting, final design and construction for North Ponte Vedra Beach (R-1 to R-46), which has experienced significant erosion from hurricanes Matthew and Irma.

Work will include a beach management needs assessment, environmental characterization of the beach and offshore, reconnaissance and detailed level borrow area investigations, project alternatives analysis (including cost effectiveness), selection of appropriate beach management alternatives on a reach by reach basis, permitting and final design of the selected alternatives, and construction.

The Board of County Commissioners allocated \$3,000,000 and \$500,000 per year for the proposed work. Additional decisions regarding the County funding will be made in the near future and it is expected that an MSTU will be levied. In its FY 2019-2020 budget, the State of Florida appropriated \$500,000 for a dune and beach restoration project in North Ponte Vedra Beach (R1-R46). We anticipate those funds will be available at a 50:50 state:local cost share. That funding will be used as part of the \$1.3M required for this project. To cover the \$300,000 gap, in this request St. Johns County is asking for monies from the State to fund the project through final design. Further, additional monies are requested for project construction.

Note that the St. Johns County Board of County Commissioners created in late 2018 a Municipal Service Taxing Unit for the oceanfront property owners to fund at least a portion of the project costs.

Beach Management Funding Assistance Program
FY 2021/22 Local Government Funding Request
Beach Projects Application

3. Use of Requested Program Funds: Provide a brief description of tasks to be completed in each requested phase (Feasibility, Design, Construction, and/or Monitoring). Indicate which tasks are cost reimbursement, if the work has already been completed.

Funds requested for FY2021/22 will support the final design and construction of the selected beach management actions.

4. Map: Provide as an attachment. The map(s) of the project area must be formatted at a minimum of 1" = 200' scale.

Map elements must include:

- Compass rose with North arrow, scale, and legend.
- Project boundary, including the length of critically eroded shoreline
- FDEP range monuments
- Beach access: indicate primary or secondary access, and include the access width, number and location of parking spaces, bus stops, bike racks, and public restroom facilities
- Public lodging establishments: include the width fronting the project shoreline (for recreational benefits ranking points and eligibility determination), and include the length of street-side frontage within one-quarter mile walking distance of a secondary public access point (for eligibility determination)
- Comprehensive list of current land use designations of properties along the project shoreline (for recreational benefits ranking points)
- Include one-quarter mile buffer and provide a comprehensive list of the values of properties that are enclosed or intersected by the buffer (for value of upland property ranking points)

5. Project length: Total restored project length (in feet) of the critically eroded area (as listed in the Strategic Beach Management Plan).

Total project length in critical erosion area =
5,171 ft (R-26 through R-31)

8. Tourism-related impacts: Criteria is calculated by the Department. For reference, tax data can be obtained from the Department of Revenue website: https://floridarevenue.com/taxes/pages/colls_from_7_2003.aspx.

- Current funding request includes construction and year one post-construction monitoring
- Project is managed by two or more counties

Additional comments

9. Federal involvement: The documentation to verify authorization, federal cost share percentage, and status of funding award must be provided with the application materials for the award of points.

Is the project Federally authorized by the USACE?

Authorization Year: Expiration Year:

Does this project have a signed USACE Chief's report for authorization of the requested phase?

USACE federal cost share percentage for this project (excluding FCCE):

Select all that apply for the requested project phase(s):

- Executed USACE project agreement
- Included in USACE work plan
- Approved FEMA Project Worksheet
- Included in Congressional Appropriations Act
- Other documentation:

10. Storm damage reduction benefits: Criteria is calculated by the Department.

What is the volume (cy) of advanced nourishment lost since the last sand placement event of

Beach Management Funding Assistance Program
 FY 2021/22 Local Government Funding Request
 Beach Projects Application

a beach restoration or nourishment project as measured above the Mean High Water contour? Data should be consistent with the annual post-construction monitoring reports.

n/a

For restoration projects, what is the historical erosion rate?

Department to calculate

11. Cost effectiveness: Criteria is calculated by the Department. A project design analysis and supporting documentation must be provided with the application materials for the award of points.

What is the proposed sand placement volume (cy)?

2,400,000 CY

What is the nourishment interval (years)?

Single placement event

Select all that apply for the current project funding request:

- Enhanced longevity: Propose structural or design components that could extend the beach nourishment interval
- Dune addition: Incorporate new or enhanced dune structures or new or existing dune restoration and revegetation projects
- Innovative technology: Propose innovative technologies designed to reduce project costs
- Regionalization: Two or more local sponsors manage projects together or projects propose regional sediment management strategies to conserve sand resources or reduce project costs

Additional comments for storm damage reduction benefits and cost effectiveness

12. Previous state commitment

Has the Department previously reviewed, approved, and cost-shared on a feasibility or design phase for this project?

Has the current proposed project phase(s) received a partial appropriation within 3 years of phase completion?

Additional comments

13. Accessible beach area: Criteria is calculated by the Department. Provide data to be considered for the calculation.

Describe the landward and seaward edge of the accessible beach width

Landward edge is the pre-project MHWL and the seaward edge is the construction fill MHWL

Provide the project boundaries (R-monuments)

R-1 through R-46

Beach Management Funding Assistance Program
 FY 2021/22 Local Government Funding Request
 Beach Projects Application

Provide citations of reference sources

FDEP permit drawings. Approximate added beach area in this R1 to R46 segment = 96 acres.

14. Recreational benefits: Provide the percentage of linear footage within the project boundaries which is zoned recreational or open space; for commercial use; or to allow for public lodging establishment, or the equivalent.

Public Lodging: 8,459 ft = 18.03%
 Recreational: 152.5 ft = 0.32%
 Total = 8,611.5 ft = 18.35%

15. Mitigation of inlet effects: Criteria is calculated by the Department.

Additional comments n/a

16. Successive unfunded requests

Is the current proposed project phase(s) a successive, unfunded request? If so, how many years of successive request(s) is the current application?

1

Does the successive request add the construction phase?

Yes

17. Environmental habitat enhancement: Criteria is calculated by the Department.

Is the project within a designated critical habitat area for threatened or endangered species that is subject to extensive shoreline armoring?

No

Is the project within a non-designated area where extensive shoreline armoring threatens the habitat of threatened or endangered species?

No

If yes to either of the above, does the project exceed best management practices to incorporate turtle-friendly designs and management strategies to protect resources or benefit critical habitat preservation?

No

Provide an explanation and supporting documentation for the strategies which exceed best management practices

n/a

18. Readiness to construct

Beach Management Funding Assistance Program
FY 2021/22 Local Government Funding Request
Beach Projects Application

Does the project have an active state permit?

Does the project have an active federal permit?

Permit number

Permit number

Authorization date

Authorization date

Expiration date

Expiration date

Have all necessary easements been acquired for the upcoming or proposed construction phase?

Has the necessary local funding been secured for the proposed project? If so, provide a copy of the draft Resolution. The signed Resolution is due by November 20, 2020.

Is an Erosion Control Line established along the project length?

Additional comments

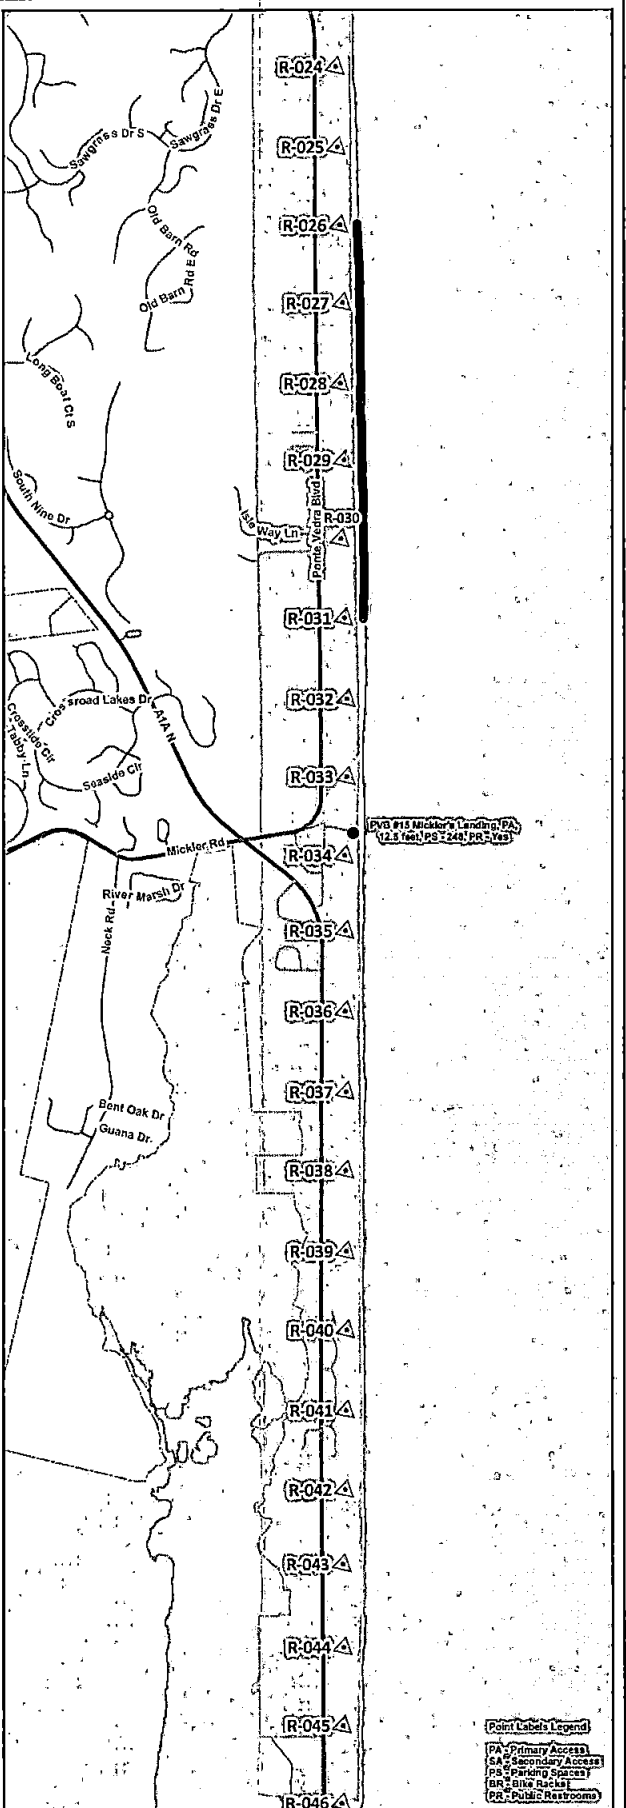

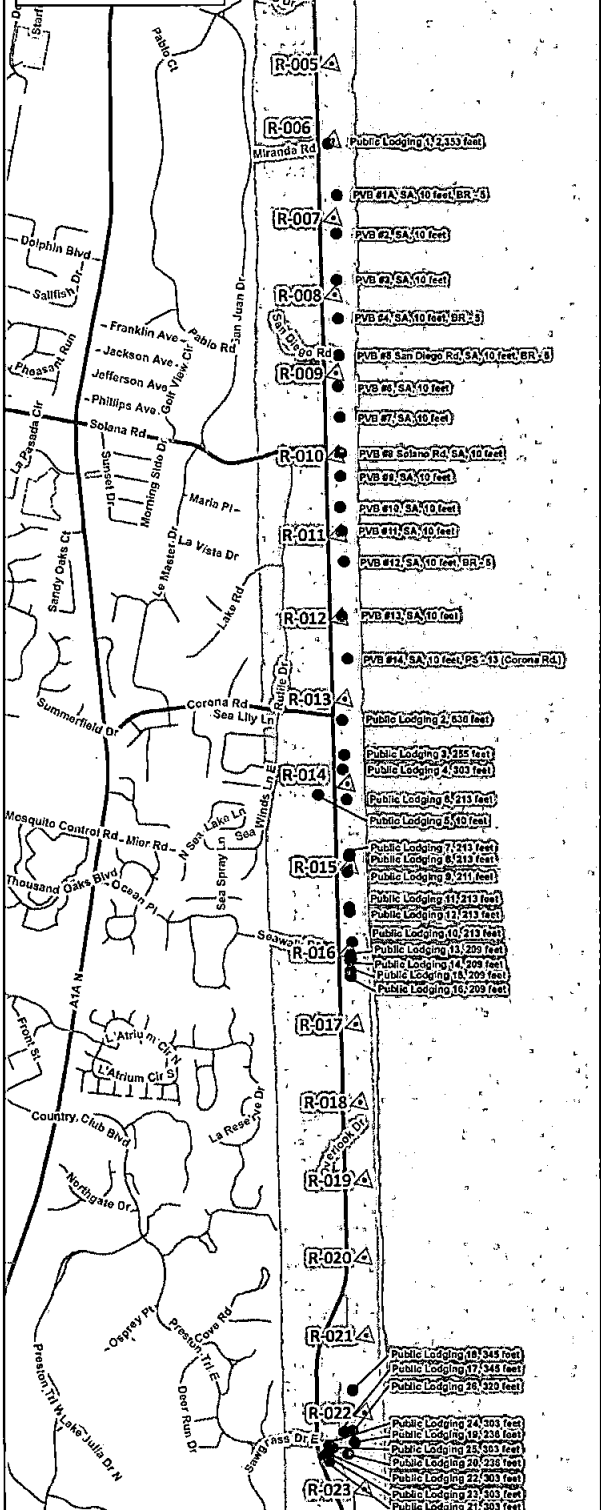

In its FY 2019-2020 budget, the State of Florida appropriated \$500,000 for a dune and beach restoration project in North Ponte Vedra Beach (R1-R46). We anticipate those funds will be available at a 50:50 state:local cost share. That funding will be used as part of the \$1.3M required for this project. To cover the \$300,000 gap, in this request St. Johns County is asking for monies from the State to fund the project through final design. Further, additional monies are requested for project construction. The 2021-2025 budget, detailed in the County's 2020 Financial Plan, includes appropriate levels of project funding.

Provide additional information and comments below or attach separate documents.
