I. PROGRAM DESCRIPTION

On March 11, 2021, the American Rescue Plan, Pub. L. No. 117-2 (ARPA) was signed into law. Pursuant to section 9901 of ARPA, Sections 602(b) and 603(b) were added to the Social Security Act (the Act), establishing the Coronavirus State Fiscal Recovery Fund and the Coronavirus Local Fiscal Recovery Fund, which together make up the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program, as authorized by the Department of the Treasury (Treasury). This program is intended to provide support to State, territorial, local, and Tribal governments in responding to the economic and public health impacts of COVID-19 and in their efforts to contain impacts on their communities, residents, and businesses. Federal funds disbursed under this program may only be used in compliance with the Act, Treasury's regulations implementing the Act, applicable provisions of 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and all other applicable federal statutes, regulations, and executive orders. For additional information about the SLFRF program, please see the Assistance Listing in SAM.gov under assistance listing number (formerly known as CFDA number) 21.027.

Pursuant to Section 152 of the 2022 General Appropriations Act, the 2021 Florida Legislature authorized certain nonrecurring appropriations from the General Revenue Fund, contingent upon the Florida's Department of Financial Services receiving and depositing into the General Revenue Fund any amount from the state's allocation from the federal Coronavirus State Fiscal Recovery Fund. This appropriation allocated federal SLFRF funds to the Department of State for Fixed Capital Outlay to conduct an expedited, supplemental grant funding process for capital projects at facilities in Florida that highlight the contributions, culture, or history of African-Americans. The Florida Council on Arts and Culture and the Florida Historical Commission shall coordinate to jointly conduct an expedited grant application process using policies and guidelines similar to those approved for the annual cultural and historic grant processes utilized by the department. Priority shall be given to projects that encourage the design or construction of a new facility or the renovation of an existing facility in an area with great cultural significance in which no facility exists; enhance the beauty or aesthetic value of facilities named for significant African-Americans; or restore facilities on the National Register of Historic Places. The guidelines shall outline a process for accepting, reviewing, and ranking applications for supplemental or new funding awarded under this African-American Cultural and Historical (AACH) Grant Program. An eligible project may receive up to \$500,000 or up to \$1,000,000 with 50 percent matching funds from other sources.

The Department of State's overarching goals, mission, and principles include providing State and Federal grant funds for historic preservation, culture, and the arts to assist major local, regional and state-wide efforts to preserve significant historic and archaeological resources and to renovate or newly construct cultural facilities so as to promote knowledge and appreciation of the history of Florida and the programming, production, presentation, and exhibition of any of the arts and cultural disciplines. These guidelines detail the policies and requirements for the application and administration of the AACH as it relates to the Department's mission, as well as the requirements of the federal SLFRF program.

AACH expenses must fit into one of the four statutory eligible uses of Fiscal Recovery Funds authorized by ARPA. For additional information on uses of ARPA funds, see Treasury's Interim Final Rule, 31 CFR Part 35 at <https://www.govinfo.gov/content/pkg/FR-2021-05-17/pdf/2021-10283.pdf>

3. The AACH Review Panel approves the ranked list for submission to the Secretary of State.
4. The Department forwards the ranked list to the Secretary of State.
5. The Secretary of State reviews and approves the ranked list.

Such requests will be made in writing to the Applicant Organization via the DOS Grants System online using the contact information provided in the application. These requests are to clarify the information already submitted in the application. Responses received after the established deadline will not be accepted and the application will be presented to the AACH Review Panel by Department staff as submitted, along with staff recommendations on how to address the outstanding issues. Clarifications will become an official part of the application.

C. Information Provided to the Review Panel

1. The Department shall make available online electronic copies of the eligible applications (along with their support materials) to the AACH Review Panel in sufficient time for its members to review all applications prior to convening a public meeting for the purpose of considering the applications for funding. Ineligible applications will not be reviewed by the AACH Review Panel or discussed at the public meeting.

After each panel member has evaluated the applications, there will be a public panel meeting to review, discuss and score the applications.
3. Panel meetings are a public process and anyone can participate by attending in person or via online webinar. Participation instructions will be posted on the Florida Administrative Register (FAR) as a notice, on the Department's website and in the online grant system. X. FEDERAL REQUIREMENTS

A. Uniform Administrative Requirements

In addition to the requirements set forth in these guidelines generally applicable to grants awarded by the Department, African-American Cultural and Historical Grants, as federal pass-through grants, are also subject to additional federal requirements for use of SLFRF funds. The SLFRF awards are generally subject to the requirements set forth in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements

for Federal Awards, 2 CFR Part 200 (the “Uniform Guidance”). In all instances, Applicant Organizations should review the Uniform Guidance requirements applicable to your organization’s use of SLFRF funds, and SLFRF-funded projects.

The following sections provide a general summary of compliance responsibilities under applicable federal statutes and regulations, including the Uniform Guidance, as described in the 2020 OMB Compliance Supplement Part 3. Compliance Requirements (issued August 18, 2020). Note that the descriptions below are only general summaries and all recipients and subrecipients of SLFRF funds are advised to carefully review the Uniform Guidance requirements and any additional regulatory and statutory requirements applicable to the program.

1. **Allowable Costs/Cost Principles.** As outlined in the Uniform Guidance at 2 CFR Part 200, Subpart E regarding Cost Principles, allowable costs are based on the premise that a recipient is responsible for the effective administration of Federal awards, application of sound management practices, and administration of Federal funds in a manner consistent with the program objectives and terms and conditions of the award. As such, the Department will implement robust internal controls and effective monitoring of subrecipients to ensure compliance with the Cost Principles, which are important for building trust and accountability. SLFRF Funds may be, but are not required to be, used along with other funding sources for a given project. Note that SLFRF Funds may not be used for a non-Federal cost share or match where prohibited by other Federal programs, e.g., funds may not be used for the State share for Medicaid.
2. **Cash Management.** SLFRF payments made to recipients are not subject to the requirements of the Cash Management Improvement Act and Treasury’s implementing regulations at 31 CFR part 205 or 2 CFR 200.305(b)(8)-(9). As such, recipients can place funds in interest-bearing accounts, do not need to remit interest to Treasury, and are not limited to using that interest for eligible uses under the SLFRF award.
3. **Equipment and Real Property Management.** Any purchase of equipment or real property with SLFRF funds (as approved by the Department) must be consistent with the Uniform Guidance at 2 CFR Part 200, Subpart D. Equipment and real property acquired under this program must be used for the originally authorized purpose. Consistent with 2 CFR 200.311 and 2 CFR 200.313, any equipment or real property acquired using SLFRF funds shall vest in the non-Federal entity. Any acquisition and maintenance of equipment or real property must also be in compliance with relevant laws and regulations.
4. **Period of Performance.** All SLFRF funds remain subject to statutory requirements that they must be used for costs incurred by the recipient during the period that begins on March 3, 2021, and ends on December 31, 2024, and that award funds for the financial obligations incurred by December 31, 2024 must be expended by December 31, 2026. Any funds not used must be returned to Treasury.
5. **Procurement, Suspension & Debarment.** Recipients are responsible for ensuring that any procurement using SLFRF funds, or payments under procurement contracts using such funds are consistent with the procurement standards set forth in the Uniform Guidance at 2 CFR 200.317 through 2 CFR 200.327, as applicable. The Uniform Guidance establishes in 2 CFR 200.319 that all procurement transactions for property or services must be conducted in a manner providing full and

open competition, consistent with standards outlined in 2 CFR 200.320, which allows for non-competitive procurements only in circumstances where at least one of the conditions below is true: the item is below the micro-purchase threshold; the item is only available from a single source; the public exigency or emergency will not permit a delay from publicizing a competitive solicitation; or after solicitation of a number of sources, competition is determined inadequate. Recipients must have and use documented procurement procedures that are consistent with the standards outlined in 2 CFR 200.317 through 2 CFR 200.320. The Uniform Guidance requires an infrastructure for competitive bidding and contractor oversight, including maintaining written standards of conduct and prohibitions on dealing with suspended or debarred parties. Your organization must ensure adherence to all applicable local, State, and federal procurement laws and regulations.

6. **Program Income.** Generally, program income includes, but is not limited to, income from fees for services performed, the use or rental of real or personal property acquired under Federal awards and principal and interest on loans made with Federal award funds. Program income does not include interest earned on advances of Federal funds, rebates, credits, discounts, or interest on rebates, credits, or discounts. Recipients of SLFRF funds should calculate, document, and record the organization's program income. Additional controls that your organization should implement include written policies that explicitly identify appropriate allocation methods, accounting standards and principles, compliance monitoring checks for program income calculations, and records. The Uniform Guidance outlines the requirements that pertain to program income at 2 CFR 200.307. Treasury intends to provide additional guidance regarding program income and the application of 2 CFR 200.307(e)(1), including with respect to lending programs.
7. **Reporting.** All recipients of federal funds must complete financial, performance, and compliance reporting. Expenditures may be reported on a cash or accrual basis, as long as the methodology is disclosed and consistently applied. Reporting must be consistent with the definition of expenditures pursuant to 2 CFR 200.1. Your organization should appropriately maintain accounting records for compiling and reporting accurate, compliant financial data, in accordance with appropriate accounting standards and principles. In addition, where appropriate, your organization needs to establish controls to ensure completion and timely submission of all mandatory performance and/or compliance reporting to the Department, for use in its required reporting to Treasury.

B. Award Terms and Conditions

In addition to the Grant Award Agreement requirements set forth in Section IX. above, SLFRF financial assistance agreements must include compliance obligations for recipients pursuant to the SLFRF statute, the Uniform Guidance, and Treasury's Interim Final Rule. Recipients and subrecipients should ensure they remain in compliance with all SLFRF Award Terms and Conditions. These obligations include the following items in addition to those described above:

1. **SAM.gov Requirements.** All eligible recipients are also required to have an active registration with the System for Award Management (SAM) (<https://www.sam.gov>). To ensure timely receipt of funding, Treasury has stated that Non-entitlement Units of Government (NEUs) who have not previously registered with SAM.gov may do so after receipt of the award, but before the submission of mandatory reporting.

2. **Recordkeeping Requirements.** Generally, your organization must maintain records and financial documents for five years after all funds have been expended or returned to Treasury. Treasury may request transfer of records of long-term value at the end of such period. Wherever practicable, such records should be collected, transmitted, and stored in open and machine-readable formats. Your organization must agree to provide or make available such records to Treasury upon request, and to any authorized oversight body, including but not limited to the Government Accountability Office (“GAO”), Treasury’s Office of Inspector General (“OIG”), and the Pandemic Relief Accountability Committee (“PRAC”).
3. **Single Audit Requirements.** Recipients and subrecipients that expend more than \$750,000 in Federal awards during their fiscal year will be subject to an audit under the Single Audit Act and its implementing regulation at 2 CFR Part 200, Subpart F regarding audit requirements. Recipients and subrecipients may also refer to the Office of Management and Budget (OMB) Compliance Supplements for audits of federal funds and related guidance and the Federal Audit Clearinghouse to see examples and single audit submissions.
4. **Civil Rights Compliance.** Recipients of Federal financial assistance from the Treasury are required to meet legal requirements relating to nondiscrimination and nondiscriminatory use of Federal funds. Those requirements include ensuring that entities receiving Federal financial assistance from the Treasury do not deny benefits or services, or otherwise discriminate on the basis of race, color, national origin (including limited English proficiency), disability, age, or sex (including sexual orientation and gender identity), in accordance with the following authorities: Title VI of the Civil Rights Act of 1964 (Title VI) Public Law 88-352, 42 U.S.C. 2000d-1 et seq., and the Department's implementing regulations, 31 CFR part 22; Section 504 of the Rehabilitation Act of 1973 (Section 504), Public Law 93-112, as amended by Public Law 93-516, 29 U.S.C. 794; Title IX of the Education Amendments of 1972 (Title IX), 20 U.S.C. 1681 et seq., and the Department's implementing regulations, 31 CFR part 28; Age Discrimination Act of 1975, Public Law 94-135, 42 U.S.C. 6101 et seq., and the Department implementing regulations at 31 CFR part 23. In order to carry out its enforcement responsibilities under Title VI of the Civil Rights Act, Treasury will collect and review information from recipients to ascertain their compliance with the applicable requirements before and after providing financial assistance. Treasury’s implementing regulations, 31 CFR part 22, and the Department of Justice (DOJ) regulations, Coordination of Non-discrimination in Federally Assisted Programs, 28 CFR part 42, provide for the collection of data and information from recipients (see 28 CFR 42.406). Treasury may request that recipients submit data for post-award compliance reviews, including information such as a narrative describing their Title VI compliance status.

C. Project Demographic Distribution

Recognizing the disproportionate impact of the pandemic-related recession on low-income communities, recipients must report whether certain types of projects are targeted to economically disadvantaged communities, as defined by HUD’s Qualified Census Tract (QCT). HUD defines a QCT as having “50 percent of households with incomes below 60 percent of the Area Median Gross Income (AMGI) or have a poverty rate of 25 percent or more.” Recipients will be asked to identify whether or not the project is serving an economically disadvantaged community. To minimize the administrative burden on recipients while ensuring that this important aspect of program performance is tracked, recipients may assume that the funds for a

project count as being targeted towards economically disadvantaged communities if the project funds are spent on:

- a) A program or service is provided at a physical location in a Qualified Census Tract (for multi-site projects, if a majority of sites are within Qualified Census Tracts);
- b) A program or service where the primary intended beneficiaries live within a Qualified Census Tract;
- c) A program or service for which the eligibility criteria are such that the primary intended beneficiaries earn less than 60 percent of the median income for the relevant jurisdiction (e.g., State, county, metropolitan area, or other jurisdiction); or
- d) A program or service for which the eligibility criteria are such that over 25 percent of intended beneficiaries are below the federal poverty line.

RE: Letter of Financial Commitment – Reconstruction of Fort Mose, Special Categories Grant Application

Dr. Parsons,

Please accept this letter as our show of support for the Florida State Park Foundation's Special Categories Grant application for the Reconstruction of Fort Mose. The Florida Division of Historical Resource's grant will help provide funding to rebuild a reconstruction of a portion of the wood and earthen bastion wall from the first Fort Mosé, structure dating to 1738, which will be used as a physical educational tool in conjunction with archaeological exhibits and an outdoor classroom.

St. Johns County recognizes the historic significance of Fort Mosé or *Gracia Real de Santa Teresa de Mosé*. Fort Mosé was the first legally sanctioned Black town in what is now the United States. The site is listed in the *National Register of Historic Places*, is a National Historic Landmark, and is a UNESCO Site of Memory. The site is also part of the National Underground Railroad Network to Freedom, the Gullah Geechee Cultural Heritage Corridor, and the Florida African American History Trail.

At the June 1, 2021 meeting, the St. Johns County Board of County Commissioners voted to recommend support for this application. On behalf of the St. Johns County Board of County Commissioners, please accept our Letter of Financial Commitment for \$50,000 which shall go toward the required Special Categories Grant match.

Your continued support to preserving and accentuating the historic culture of St. Johns County is greatly appreciated.

Sincerely,

Jeremiah R. Blocker
