**Section 4. Findings.** It is hereby ascertained, determined and declared as follows:

(A) The Issuer hereby determines that certain capital improvements to the System should be acquired, constructed and equipped in order to improve and maintain the health, safety and welfare of the Issuer's inhabitants, such capital improvements being generally described in Exhibit A hereto and more particularly described in the records, plans and specifications on file with the Issuer, as the same may be amended or supplemented from time to time (the "Series 2022 Project").

(B) The Issuer deems it necessary, desirable and in the best interests of the Issuer that the issuance of the Series 2022 Bonds be authorized as provided herein for the purpose of financing Costs of the Series 2022 Project and paying costs of issuance of the Series 2022 Bonds.

(C) The Issuer deems it necessary, desirable and in the best interest of the Issuer that the Pledged Funds be pledged to the payment of the principal of and interest on the Series 2022 Bonds. No part of the Pledged Funds shall be pledged or encumbered in any manner, except that the Pledged Funds have been pledged as security for the Parity Obligations, and except that a portion of the Pledged Funds have been pledged, on a subordinate basis, as security for the Outstanding Subordinated Indebtedness. No Assessments are pledged to the payment of the principal of and interest on the Series 2022 Bonds or the Parity Obligations.

(D) Section 5.02 of the Resolution provides for the issuance of Additional Bonds payable from the Pledged Funds on a parity with the Parity Obligations under the terms, limitations and conditions provided therein. The Issuer will issue the Series 2022 Bonds as Additional Bonds within the authorization contained in Section 5.02 of the Bond Resolution. Except as otherwise provided herein or in the Bond Resolution, the Series 2022 Bonds shall be payable on a parity and rank equally as to lien on, and source and security for payment from, the Pledged Funds and in all other respects, with the Parity Obligations. The Series 2022 Bonds shall be payable on a senior basis as to lien on, and source and security for payment from, the Pledged Funds and in all other respects, to the Outstanding Subordinated Indebtedness.

(E) No Bondholder shall ever be entitled to compel the payment of the principal of and interest on the Series 2022 Bonds or any other payments provided for in the Bond Resolution from any funds or revenues of the Issuer other than the sources provided in the Bond Resolution in accordance with the terms thereof and hereof, nor will any Bondholder have the right to compel the exercise of the ad valorem taxing power of the Issuer to pay the principal of or interest on the Series 2022 Bonds or to make any other payments provided for in the Bond Resolution, and the Series 2022 Bonds shall not constitute a lien upon the System or any other property of the Issuer or any other property situated within its territorial limits, except the Pledged Funds.

(F) In accordance with Section 218.385, Florida Statutes, and pursuant to this Resolution, the Series 2022 Bonds shall be advertised for competitive bids pursuant to the Official Notice of Sale.

(G) Pursuant to the Official Notice of Sale, any competitive bids received in accordance with the Official Notice of Sale on or prior to the time and date determined by the County Administrator upon the advice of the Financial Advisor, in accordance with the terms and provisions of the Official Notice of Sale, shall be publicly opened and announced.

(H) It is desirable for the Issuer to be able to advertise and award the Series 2022 Bonds at an economically advantageous time and date which shall be determined by the County Administrator upon the advice of the Financial Advisor; and, accordingly, the

Issuer hereby determines to delegate the advertising and awarding of the Series 2022 Bonds to the County Administrator within the parameters described herein.

(I) It is necessary and appropriate that the Governing Body determine certain parameters for the terms and details of the Series 2022 Bonds and to delegate certain authority to the County Administrator for the award of the Series 2022 Bonds and the approval of the terms of the Series 2022 Bonds in accordance with the provisions hereof and of the Official Notice of Sale.

(J) In the event Bond Counsel to the Issuer shall determine that the Series 2022 Bonds have not been awarded competitively in accordance with the provisions of Section 281.385, Florida Statutes, the Governing Body may adopt such resolutions and make such findings as shall be necessary to authorize and ratify a negotiated sale of the Series 2022 Bonds in accordance with said Section 218.385, Florida Statutes.

(K) The Issuer is current in all deposits into the various funds and accounts established by the Bond Resolution and all payments theretofore required to have been deposited or made by the Issuer under the provisions of the Bond Resolution have been deposited or made and the Issuer has complied with the covenants and agreements of the Bond Resolution.

**Section 5. Authorization of the Series 2022 Project.** The acquisition, construction and equipping of the Series 2022 Project is hereby authorized. Proceeds of the Series 2022 Bonds are authorized to finance Costs of the Series 2022 Project as provided herein and in the Bond Resolution.

**Section 6. Authorization of Series 2022 Bonds.** The Issuer hereby authorizes the issuance of a Series of Bonds of the Issuer to be designated as "St. Johns County, Florida Water and Sewer Revenue Bonds, Series 2022," in an aggregate principal amount not to exceed \$130,000,000 for the principal purposes of financing Costs of the Series 2022 Project and paying the costs of issuing the Series 2022 Bonds.

**Section 7. Description of Series 2022 Bonds; Award of the Series 2022 Bonds.** (A) The Series 2022 Bonds shall be issued as fully registered Bonds, shall be numbered consecutively from one upward in order of maturity preceded by the letter "R," shall be in denominations of \$5,000 and integral multiples of \$5,000, and shall bear interest at rates not exceeding the maximum rate permitted by law (calculated on the basis of a 360-day year of twelve 30-day months), payable on June 1 and December 1 in each year, commencing on June 1, 2023, or such other date(s) as the County Administrator may determine (each an "Interest Date"). The final maturity of the Series 2022 Bonds shall not be later than June 1, 2052. The Series 2022 Bonds shall bear interest at such rates and yields, shall mature on June 1 of each of the years and in the principal amounts corresponding to such years, and shall have such redemption provisions as determined by

the public bidding and sale of the Series 2022 Bonds in accordance with the provisions set forth herein and the provisions of the Official Notice of Sale.

The principal of the Series 2022 Bonds or Redemption Price, if applicable, on the Series 2022 Bonds is payable only upon presentation and surrender of the Series 2022 Bonds at the designated office of the Paying Agent, except as otherwise provided pursuant to the Book-Entry System. Interest payable on any Series 2022 Bond on any Interest Date will be paid by check or draft of the Paying Agent to the Holder in whose name such Bond shall be registered at the close of business on the date which shall be the fifteenth day (whether or not a business day) of the calendar month next preceding such Interest Date, or, at the request of such Holder, by bank wire transfer for the account of such Holder. In the event the interest payable on any Series 2022 Bond is not punctually paid or duly provided for by the Issuer on such Interest Date, such defaulted interest will be paid to the Holder in whose name such Series 2022 Bond shall be registered at the close of business on a special record date for the payment of such defaulted interest as established by notice to such Holder, not less than ten (10) days preceding such special record date. All payments of principal of and Redemption Price, if applicable, and interest on the Series 2022 Bonds shall be payable in any coin or currency of the United States of America which at the time of payment is legal tender for the payment of public and private debts.

(B) The County Administrator, on behalf of the Issuer and only in accordance with the terms hereof and of the Official Notice of Sale, shall award the Series 2022 Bonds to the underwriter or underwriters (the "Underwriters") that submit a bid proposal which complies in all respects with the Bond Resolution, this Resolution and the Official Notice of Sale and offers to purchase the Series 2022 Bonds at the lowest true interest cost to the Issuer, as calculated by the Financial Advisor in accordance with the terms and provisions of the Official Notice of Sale; provided, however the true interest cost may not exceed 5.50%. In accordance with the provisions of the Official Notice of Sale, the County Administrator may, in his sole discretion, reject any and all bids.

All of the terms of the Series 2022 Bonds will be included in a certificate to be executed by the County Administrator following the award of the Series 2022 Bonds (the "Award Certificate") and shall be set forth in the final Official Statement, as described herein.

**Section 8. Application of Series 2022 Bond Proceeds.** The proceeds derived from the sale of the Series 2022 Bonds shall be applied by the Issuer as follows:

(A) A sufficient amount of the proceeds of the Series 2022 Bonds shall be applied to the payment of costs and expenses relating to the issuance of the Series 2022 Bonds.

(B) All remaining proceeds of the Series 2022 Bonds shall be deposited to a separate account within the Construction Fund which is hereby established as the "Series 2022 Bonds Account" and such proceeds shall be used to pay and/or reimburse Costs of

the Series 2022 Project, in accordance with Section 4.04 of the Resolution. Any remaining proceeds of the Series 2022 Bonds shall be applied to pay scheduled interest on the Series 2022 Bonds.

**Section 9. Book-Entry Only.** A Depository may act as securities depository for the Series 2022 Bonds. The ownership of one fully-registered, certificated Series 2022 Bond for each maturity of the Series 2022 Bonds, each in the aggregate initial principal amount of such maturity, may be registered in the name of a Depository or its nominee. The Series 2022 Bonds shall initially be registered in the name of Cede & Co., as nominee for The Depository Trust Company.

The Series 2022 Bonds in a Book-Entry System registered in the name of a Depository or its nominee shall be payable in lawful money of the United States of America in immediately available funds (a) in the case of principal of such Series 2022 Bonds, delivered or transmitted to the Depository or its authorized representative when due, and (b) in the case of interest on the Series 2022 Bonds, delivered or transmitted on any date interest is due to the Depository or nominee that was the Holder of that Series 2022 Bond (or one or more predecessor Series 2022 Bonds) at the close of business on the record date applicable to that interest payment date.

The Issuer will recognize the Depository or its nominee as the Holder for all purposes, including notices. Conveyance of notices and other communications by the Depository to participants, by participants to indirect participants, and by participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory and regulatory requirements as may be in effect from time to time.

In the event that (a) the Depository determines to discontinue providing its service with respect to the Series 2022 Bonds by giving written notice to the Issuer and discharging its responsibilities with respect thereto under applicable law, and the Issuer fails to appoint a successor Depository for the Series 2022 Bonds, or (b) the Issuer determines to discontinue the Book-Entry System through a Depository, then bond certificates are required to be delivered as described in the Series 2022 Bonds. The purchasers of beneficial ownership interests in the Series 2022 Bonds (the "Beneficial Owners"), upon registration of certificates held in the Beneficial Owner's name, will become the registered owner of the Series 2022 Bonds.

Neither the Issuer, the Registrar nor the Paying Agent will have any responsibility or obligation to any Beneficial Owner or any other person with respect to (a) the accuracy of any records maintained by the Depository or any persons participating by or through the Depository; (b) the payment by the Depository or any persons participating by or through the Depository of any amount with respect to the principal or interest on the Series 2022 Bonds; (c) any notice which is permitted or required to be given to Holders pursuant to the Bond Resolution or this Resolution; or (d) any consent given or other action taken by the Depository as Holder.

**Section 10. Series 2022 Subaccount of the Reserve Account.** Pursuant to the provisions of Section 4.06(A)(2)(d) of the Bond Resolution, upon the issuance of the Series 2022 Bonds there shall be established a separate subaccount in the Reserve Account for the Series 2022 Bonds which shall be designated as the "Series 2022 Subaccount" of the Reserve Account. The Reserve Account Requirement with respect to the Series 2022 Subaccount and the Series 2022 Bonds shall be zero dollars and zero cents (\$0.00) or such other amount as the County Administrator may determine prior to the sale of the Series 2022 Bonds, upon the advice of the Financial Advisor. The Series 2022 Subaccount shall solely secure the Series 2022 Bonds and the Series 2022 Bonds shall not be secured by any other portion of the Reserve Account or any other subaccount therein.

**Section 11. Application of Bond Resolution.** The Series 2022 Bonds shall for all purposes be considered to be Additional Bonds issued under the authority of Section 5.02 of the Bond Resolution and shall be entitled to all the protection and security provided in and by the Bond Resolution for Bonds issued thereunder, and the Series 2022 Bonds shall be in all respects entitled to the same security, rights and privileges enjoyed by the Parity Obligations, except as otherwise provided herein or in the Bond Resolution.

**Section 12. Approval of Preliminary Official Statement and Final Official Statement.** (A) The Issuer hereby authorizes the distribution and use of the Preliminary Official Statement in substantially the form attached hereto as Exhibit C in connection with the offering of the Series 2022 Bonds for sale. If between the date hereof and the mailing of the Preliminary Official Statement, it is necessary to make insertions, modifications or changes in the Preliminary Official Statement, the County Administrator is hereby authorized to approve such insertions, changes and modifications. The County Administrator is hereby authorized to deem the Preliminary Official Statement "final" within the meaning of Rule 15c2-12(b)(1) under the Securities Exchange Act of 1934 in the form as mailed. Execution of a certificate by the County Administrator deeming the Preliminary Official Statement "final" as described above shall be conclusive evidence of the approval of any insertions, changes or modifications.

(B) Subject in all respects to the successful award of the Series 2022 Bonds as provided herein, the Chairman is hereby authorized and directed to execute and deliver a final Official Statement, dated the date of the sale of the Series 2022 Bonds, which shall be in substantially the form of the Preliminary Official Statement relating to the Series 2022 Bonds, in the name and on behalf of the Issuer, and thereupon to cause such Official Statement to be delivered to the Underwriters with such changes, amendments, modifications, omissions and additions as may be approved by the Chairman. Said Official Statement, including any such changes, amendments, modifications, omissions and additions as approved by the Chairman, and the information contained therein are hereby authorized to be used in connection with the sale of the Series 2022 Bonds to the public. Execution by the Chairman of the Official Statement shall be deemed to be conclusive

evidence of approval of any such changes, amendments, modifications, omissions or additions.

**Section 13. The Issuer hereby authorizes and directs the Chairman to execute the Registrar and Paying Agent Agreement and to deliver the same to the Registrar and Paying Agent for the Series 2022 Bonds. All of the provisions of the Registrar and Paying Agent Agreement, when executed, dated and delivered by or on behalf of the Issuer as authorized herein and by or on behalf of the Registrar and Paying Agent for the Series 2022 Bonds, shall be deemed to be a part of this Resolution as fully and to the same extent as if incorporated verbatim herein.

The Issuer hereby authorizes and directs the Chairman to execute and deliver the Continuing Disclosure Certificate. All of the provisions of the Continuing Disclosure Certificate, when executed, dated and delivered by or on behalf of the Issuer as authorized herein, shall be deemed to be a part of this Resolution as fully and to the same extent as if incorporated verbatim herein.

The Issuer agrees that it will comply with and carry out all of the provisions of the Continuing Disclosure Certificate executed by the Issuer and dated the date of issuance of the Series 2022 Bonds, as originally executed and as it may be amended from time to time in accordance with the terms thereof. Notwithstanding any other provision of this Resolution, failure of the Issuer to comply with the Continuing Disclosure Certificate shall not be considered an Event of Default under Section 6.01 of the Bond Resolution; however, any Bondholder or Beneficial Owner (as hereinafter defined) may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Issuer to comply with its obligations under this Section 14. For purposes of this Section 14, "Beneficial Owner" means any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Series 2022 Bonds (including persons holding Series 2022 Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Series 2022 Bonds for federal income tax purposes.

## **ADJUSTMENT OF AMOUNTS AND MATURITIES**

The aggregate principal amount of each maturity of Series 2022 Bonds is subject to adjustment by the County after the receipt and opening of the bids for their purchase. Changes to be made after the opening of the bids will be communicated to the successful bidder directly prior to 8:00 a.m., Eastern Daylight Savings Time on the date following the sale date.

The County may cancel the sale of the Series 2022 Bonds or adjust the aggregate principal amount. The County may increase or decrease the principal amount of the Series 2022 Bonds or any maturity thereof by no more than the individual maturity or aggregate principal percentages, if any, shown in the Summary Table. This may include the elimination of one or more maturities. The County will consult with the successful bidder before adjusting the amount of any maturity of the Series 2022 Bonds or canceling the Series 2022 Bonds; however, the County reserves the sole right to make adjustments, within the limits described above, or cancel the sale of the Series 2022 Bonds.

Adjustment to the size of the Series 2022 Bonds within the limits described above does not relieve the purchaser from its obligation to purchase all of the Series 2022 Bonds offered by the County.

Each bid must specify the initial reoffering prices to the public of each maturity of the Series 2022 Bonds. Adjustments may be made to the principal amounts based on the reoffering prices shown on the Parity System. In determining whether there will be any revision to the principal amount of or maturity of the Series 2022 Bonds subsequent to the bid opening and award, the County expects that changes may be made that are necessary to increase or decrease the principal amount of the Series 2022 Bonds to meet the County's funding objectives, all subject to the limitations set forth above.

In the event that the principal amount of any maturity of the Series 2022 Bonds is revised after the award, the interest rate and reoffering price for each maturity and the Underwriter's Discount on the Series 2022 Bonds as submitted by the successful bidder shall be held constant. The "Underwriter's Discount" shall be defined as the difference between the purchase price of the Series 2022 Bonds submitted by the bidder and the price at which the Series 2022 Bonds will be issued to the public, calculated from information provided by the bidder, divided by the par amount of the Series 2022 Bonds bid.

## **FORM AND PAYMENT**

The Series 2022 Bonds will be issued in fully registered, book-entry only form and a bond certificate for each maturity will be issued to The Depository Trust Company, New York, New York ("DTC"), registered in the name of its nominee, Cede & Co. A book-entry system will be employed, evidencing ownership of the Series 2022 Bonds, with transfers of ownership effected on the records of DTC and its participants pursuant to rules

and procedures adopted by DTC and its participants. The successful bidder, as a condition to delivery of the Series 2022 Bonds, will be required to deposit the Series 2022 Bond certificates with DTC or the Registrar (as defined below), registered in the name of Cede & Co. Principal of, premium, if any, and interest on the Series 2022 Bonds will be payable by U.S. Bank Trust Company, National Association, Jacksonville, Florida, the paying agent and registrar (the "Paying Agent" or the "Registrar") for the Series 2022 Bonds by wire transfer or in clearinghouse funds to DTC or its nominee as registered owner of the Series 2022 Bonds. Transfer of principal, premium, if any, and interest payments to the beneficial owners by participants of DTC will be the responsibility of such participants and other nominees of beneficial owners. Neither the County nor the Registrar will be responsible or liable for payments by DTC to its participants or by DTC participants to beneficial owners or for maintaining, supervising or reviewing the records maintained by DTC, its participants or persons acting through such participants.

Except as otherwise provided in the Bond Resolution, principal of, and premium, if any, on the Series 2022 Bonds will be payable upon presentation and surrender thereof at the designated office of the Paying Agent on the dates, in the years and amounts established in accordance with the award of the Series 2022 Bonds. Interest on the Series 2022 Bonds is payable on the dates shown in the Summary Table. The Paying Agent will mail interest payments on the Series 2022 Bonds on each interest payment date to the owners of the Series 2022 Bonds at the addresses listed on the registration books maintained by the Registrar for such purpose at the close of business on the date which shall be the fifteenth day (whether or not a business day) of the calendar month next proceeding the applicable payment date, or, at the request of the holder of the Series 2022 Bonds, by bank wire transfer to the account of such holder, all as described in the Bond Resolution. So long as DTC or its nominee is the registered owner of the Series 2022 Bonds, payments of principal, interest and any redemption premium on the Series 2022 Bonds will be made by the Paying Agent to DTC or its nominee.

## **PRELIMINARY OFFICIAL STATEMENT AND FINAL OFFICIAL STATEMENT**

The County has authorized the preparation and distribution of a Preliminary Official Statement containing information relating to the Series 2022 Bonds. The Preliminary Official Statement has been deemed final by the County as required by Rule 15c2-12 of the Securities and Exchange Commission. The County will furnish the successful bidder on the date of closing, with its certificate as to the completeness and accuracy of the Official Statement.

The Preliminary Official Statement and this Official Notice of Sale and any other information concerning the proposed financing will be available from PFM Financial Advisors LLC, Financial Advisor to the County, 200 South Orange Avenue, Suite 760, Orlando, Florida 32801, telephone: (407) 406-5760 or email [gloverj@pfm.com](mailto:gloverj@pfm.com).

The Preliminary Official Statement, when amended to reflect the actual amount of the Series 2022 Bonds sold, the interest rates specified by the successful bidder and the price or yield at which the successful bidder will reoffer the Series 2022 Bonds to the public, together with any other information required by law, will constitute a final "Official Statement" with respect to the Series 2022 Bonds as that term is defined in Rule 15c2-12. The County shall furnish at its expense within seven (7) business days after the Series 2022 Bonds have been awarded to the successful bidder no more than 100 copies of the final Official Statement. Additional copies of the Official Statement may be provided at the request and expense of the winning bidder. If the Series 2022 Bonds are awarded to a syndicate, the County will designate the senior managing underwriter of the syndicate as its agent for purposes of distributing copies of the Official Statement to each participating underwriter. Any underwriter submitting a bid with respect to the Series 2022 Bonds agrees thereby that if its bid is accepted, it shall accept such designation and shall enter into a contractual relationship with all participating underwriters for the purpose of assuring the receipt and distribution by each participating underwriter of the Official Statement.

## **LEGAL OPINIONS**

The Series 2022 Bonds will be sold subject to the opinion of Nabors, Giblin & Nickerson, P.A., the County's Bond Counsel, as to the legality thereof and such opinion will be furnished without cost to the purchaser and all bids will be so conditioned. A form of Bond Counsel's opinion is attached to the Preliminary Official Statement as Appendix E. Certain matters will be passed on for the County by David Migut, Esq., County Attorney and Foley & Lardner LLP, the County's Disclosure Counsel.

A legal opinion (or reliance letter thereon) of Foley & Lardner LLP, Jacksonville, Florida, Disclosure Counsel, and a legal opinion of David Migut, Esq., County Attorney, with respect to certain matters concerning the Official Statement will be furnished without charge to the successful bidder at the time of delivery of the Series 2022 Bonds.

## **BIDDING PROCEDURE**

Only electronic bids submitted via the Parity System will be accepted. No other provider of electronic bidding services will be accepted. No bid delivered in person or by facsimile directly to the County will be accepted. Bidders are permitted to submit bids for the Series 2022 Bonds during the bidding time period, provided they are eligible to bid as described under "GENERAL" above. Each electronic bid submitted via the Parity System shall be deemed an irrevocable offer in response to this Official Notice of Sale and shall be binding upon the bidder as if made by a signed, sealed bid delivered to the County. All bids remain firm until an award is made.

## **FORM OF BID**

Bidders must bid to purchase all maturities of the Series 2022 Bonds. Each bid must specify (1) an annual rate of interest for each maturity, (2) reoffering price or yield for each maturity and (3) a dollar purchase price for the entire issue of the Series 2022 Bonds. No more than one (1) bid from any bidder will be considered.

A bidder must specify the rate or rates of interest per annum (with no more than one rate of interest per maturity), which the Series 2022 Bonds are to bear, to be expressed in multiples of 1/8 or 1/100 of 1%. Any number of interest rates may be named, but the Series 2022 Bonds of each maturity must bear interest at the same single rate for all bonds of that maturity.

Each bid for the Series 2022 Bonds must meet the minimum and maximum reoffering price criteria shown in the Summary Table on a maturity and aggregate basis.

Reoffering prices presented as a part of the bids will not be used in computing the bidder's true interest cost. As promptly as reasonably possible after bids are received, the County will notify the successful bidder that it is the apparent winner.

## **AWARD OF BID**

The County expects to award the Series 2022 Bonds to the winning bidder as soon as practicable after the bids are opened on the sale date. Bids may not be withdrawn prior to the award. Unless all bids are rejected, the Series 2022 Bonds will be awarded by the County on the sale date to the bidder whose bid complies with this Official Notice of Sale and results in the lowest true interest cost ("TIC") to the County, as determined by the Financial Advisor to the County. The lowest TIC will be determined by doubling the semi-annual interest rate, compounded semi-annually, necessary to discount the debt service payments from the payment dates to the dated date of the Series 2022 Bonds and to the aggregate purchase price of the Series 2022 Bonds. If two or more responsible bidders offer to purchase the Series 2022 Bonds at the same lowest TIC, the County will award the Series 2022 Bonds to one of such bidders by lot. Only the final bid submitted by any bidder through the Parity System will be considered. The right reserved to the County shall be final and binding upon all bidders with respect to the form and adequacy of any proposal received and as in its conformity to the terms of this Official Notice of Sale.

## **RIGHT OF REJECTION**

THE COUNTY RESERVES THE RIGHT, IN ITS DISCRETION, TO REJECT ANY AND ALL BIDS, FOR ANY REASON, AND TO WAIVE IRREGULARITY OR INFORMALITY IN ANY BID.

## **DELIVERY AND PAYMENT**

Delivery of the Series 2022 Bonds will be made by the County to DTC in book-entry only form, in New York, New York on or about the delivery date shown in the Summary Table, or such other date agreed upon by the County and the successful bidder. Payment for the Series 2022 Bonds must be made in Federal Funds or other funds immediately available to the County at the time of delivery of the Series 2022 Bonds. Any expenses incurred in providing immediate funds, whether by transfer of Federal Funds or otherwise, will be borne by the purchaser. The County intends to conduct the closing in St. Augustine, Florida.

## **RIGHT OF CANCELLATION**

The successful bidder will have the right, at its option, to cancel its obligation to purchase the Series 2022 Bonds if the Registrar fails to authenticate the Series 2022 Bonds and tender the same for delivery within 60 days from the date of sale thereof, and in such event the successful bidder will be entitled to the return of the Good Faith Deposit accompanying its bid.

## **GOOD FAITH DEPOSIT**

The successful bidder for the Series 2022 Bonds is required to submit its Good Faith Deposit to the County in the form of a wire transfer in federal funds not later than 2:30 p.m., Eastern Daylight Savings Time, on the day of the award. If such deposit is not received by that time, the County may reject such bid and award the Bonds to the bidder that submitted the next best bid in accordance with the terms of the Official Notice of Sale. See "Summary Table" herein for the amount of the Good Faith Deposit.

The Good Faith Deposit so wired will be retained by the County until the delivery of such Series 2022 Bonds, at which time the good faith deposit will be applied against the purchase price of such Series 2022 Bonds or the Good Faith Deposit will be retained by the County as partial liquidated damages in the event of the failure of the successful bidder to take up and pay for such Series 2022 Bonds in compliance with the terms of the Official Notice of Sale and of its bid. The County will pay no interest on the good faith deposit. The balance of the purchase price must be wired in federal funds to the account detailed in the closing memorandum provided by the County to the successful purchaser, simultaneously with delivery of such Series 2022 Bonds.

## **CUSIP NUMBERS**

It is anticipated that CUSIP numbers will be printed on the Series 2022 Bonds, but neither failure to print such numbers on any Series 2022 Bonds nor any error with respect thereto will constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for the Series 2022 Bonds. Bond Counsel will not review or express

any opinion as to the correctness of such CUSIP numbers. The policies of the CUSIP Service Bureau will govern the assignment of specific numbers to the Series 2022 Bonds. The County's Financial Advisor will be responsible for applying for and obtaining CUSIP numbers for the Series 2022 Bonds. All expenses in relation to the printing of CUSIP numbers on the Series 2022 Bonds will be paid for by the County; provided, however, that the CUSIP Service Bureau charge for the assignment of said numbers will be the responsibility of and will be paid for by the successful bidder.

## **BLUE SKY**

The County has not undertaken to register the Series 2022 Bonds under the securities laws of any state, nor investigated the eligibility of any institution or person to purchase or participate in the underwriting of the Series 2022 Bonds under any applicable legal investment, insurance, banking or other laws. By submitting a bid for the Series 2022 Bonds, the successful bidder represents that the sale of the Series 2022 Bonds in states other than Florida will be made only under exemptions from registration or, wherever necessary, the successful bidder will register the Series 2022 Bonds in accordance with the securities laws of the state in which the Series 2022 Bonds are offered or sold. The County agrees to cooperate with the successful bidder, at the bidder's written request and expense, in registering the Series 2022 Bonds or obtaining an exemption from registration in any state where such action is necessary; provided, however, that the County shall not be required to consent to suit or to service of process in any jurisdiction.

## **CERTAIN DISCLOSURE OBLIGATIONS OF THE PURCHASER**

Section 218.38(1)(b)(2), Florida Statutes, requires that the successful purchaser file a statement with the County containing information with respect to any fee, bonus or gratuity paid, in connection with the Series 2022 Bonds, by any underwriter or financial consultant to any person not regularly employed or engaged by such underwriter or consultant. Receipt of such statement is a condition precedent to the delivery of the Series 2022 Bonds to such successful bidder.

The winning bidder must (1) complete the Truth-in-Bonding Statement provided by Bond Counsel (the form of which is attached hereto as Exhibit A) and (2) indicate whether such bidder has paid any finder's fee to any person in connection with the sale of the Series 2022 Bonds in accordance with Section 218.386, Florida Statutes.

## **ESTABLISHMENT OF ISSUE PRICE**

The winning bidder shall assist the County in establishing the issue price of the Bonds and shall execute and deliver to the County on or prior to the closing date for the Bonds an "issue price" or similar certificate setting forth the reasonably expected initial offering prices to the public or the actual sales price or prices of the Bonds, together with the supporting pricing wires or equivalent communications, substantially in the applicable

form attached hereto as Exhibit B, with such modifications as may be appropriate or necessary, in the reasonable judgment of the winning bidder, the County and Bond Counsel. All actions to be taken by the County under this Official Notice of Sale to establish the issue price of the Bonds may be taken on behalf of the County by the County's financial advisor identified herein and any notice or report to be provided to the County may be provided to the County's financial advisor.

The County intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Bonds) will apply to the initial sale of the Bonds ("competitive sale requirements") because:

- (1) the County has disseminated this Official Notice of Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;
- (2) all bidders shall have an equal opportunity to bid;
- (3) the County expects to receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
- (4) the County anticipates awarding the sale of the Bonds to the bidder who submits a firm offer to purchase the Bonds at the lowest true interest cost, as set forth in this Official Notice of Sale.

Any bid submitted pursuant to this Official Notice of Sale shall be considered a firm offer for the purchase of the Bonds, as specified in the bid. **BY SUBMITTING A BID FOR THE BONDS, A BIDDER REPRESENTS AND WARRANTS TO THE COUNTY THAT THE BIDDER HAS AN ESTABLISHED INDUSTRY REPUTATION FOR UNDERWRITING NEW ISSUANCES OF MUNICIPAL BONDS SUCH AS THE BONDS AND SUCH BIDDER'S BID IS SUBMITTED FOR AND ON BEHALF OF SUCH BIDDER BY AN OFFICER OR AGENT WHO IS DULY AUTHORIZED TO BIND THE BIDDER TO A LEGAL, VALID AND ENFORCEABLE CONTRACT FOR THE PURCHASE OF THE BONDS.** Once the bids are communicated electronically via the Parity System to the County, each bid will constitute an irrevocable offer to purchase the Bonds on the terms herein and therein provided.

In the event that the competitive sale requirements are not satisfied, the County shall so advise the winning bidder. In such case, the County may determine to treat (i) the first price at which 10% of a maturity of the Bonds is sold to the public (the "10% test") as the issue price of that maturity, and/or (ii) the initial offering price to the public as of the date of any maturity of the Bonds as the issue price of that maturity (the "hold-the-offering price" rule), in each case applied on a maturity-by-maturity basis. The winning bidder shall

advise the County if any maturity of the Bonds satisfies the 10% test as of the date and time of the award of the Bonds. The County shall promptly advise the winning bidder which maturities (and if different interest rates apply within a maturity, which separate CUSIP number within that maturity) of the Bonds shall be subject to the 10% test or shall be subject to the hold-the-offering-price rule. Bids will not be subject to cancellation by the bidders in the event that the competitive sale requirements are not satisfied and the County determines to apply the hold-the-offering-price rule; provided, however, the County reserves the right to reject any and all bids, for any reason, as set forth herein. Bidders should prepare their bids on the assumption that all of the maturities of the Bonds will be subject to the hold-the-offering-price rule in order to establish the issue price of the Bonds.

By submitting a bid, the winning bidder shall (i) confirm that it and all other underwriters participating in the winning bidder's syndicate have offered or will offer the Bonds to the public on or before the date of award at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in the bid submitted by the winning bidder and (ii) agree, on behalf of itself and all other underwriters participating in the purchase of the Bonds, that the underwriters will neither offer nor sell unsold Bonds of any maturity to which the hold-the-offering-price rule shall apply to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (1) the close of the fifth (5th) business day after the sale date; or
- (2) the date on which the underwriters have sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The winning bidder will advise the County promptly after the close of the fifth (5th) business day after the sale date whether it has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

If the competitive sale requirements are not satisfied, then until the 10% test has been satisfied as to each maturity of the Bonds, the winning bidder agrees to promptly report to the County the prices at which the unsold Bonds of each maturity have been sold to the public. That reporting obligation shall continue, whether or not the closing date for the Bonds has occurred, until the 10% test has been satisfied for each maturity or until all Bonds of that maturity have been sold.

The County acknowledges that, in making the representations set forth above, the winning bidder will rely on (i) the agreement of each underwriter to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event

a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an underwriter or dealer who is a member of the selling group is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The County further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule if applicable to the Bonds.

By submitting a bid, each bidder confirms that:

(i) any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the bidder is a party) relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(A)(i) to report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it, whether or not the closing date has occurred, until either all Bonds of that maturity allocated to it have been sold or it is notified by the winning bidder that the 10% test has been satisfied as to the Bonds of that maturity, and (ii) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the winning bidder and as set forth in the related pricing wires, (B) to promptly notify the winning bidder of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below), and (C) to acknowledge that, unless otherwise advised by the underwriter, dealer or broker-dealer, the winning bidder shall assume that each order submitted by the underwriter, dealer or broker-dealer is a sale to the public.

(ii) any agreement among underwriters or selling group agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or

will contain language obligating each underwriter or dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it, whether or not the closing date has occurred, until either all Bonds of that maturity allocated to it have been sold or it is notified by the winning bidder or such underwriter that the 10% test has been satisfied as to the Bonds of that maturity, and (B) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the winning bidder or the underwriter and as set forth in the related pricing wires.

Sales of any Bonds to any person that is a related party to an underwriter shall not constitute sales to the public for purposes of this Official Notice of Sale. Further, for purposes of this Official Notice of Sale:

(i) "public" means any person other than an underwriter or a related party (as defined in Section 1.150-1(b) of the Treasury Regulations) to an underwriter,

(ii) "underwriter" means (A) any person that agrees pursuant to a written contract (i.e. this Official Notice of Sale) with the County (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the public),

(iii) generally, a purchaser of any of the Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) "sale date" means the date that the Bonds are awarded by the County to the winning bidder.

The purpose of the following two paragraphs is to furnish, pursuant to the provisions of Sections 218.385(2) and (3), Florida Statutes, as amended, the truth-in-bonding statement required thereby, as follows:

(a) The County is proposing to issue \$ \_\_\_\_\_ principal amount of the above-referenced Series 2022 Bonds for the principal purposes of financing various capital improvements to its water and sewer system and paying certain costs of issuance of the Series 2022 Bonds. This obligation is expected to be repaid over a period of approximately \_\_\_\_ years. As of the date of this certificate, for each Maturity of the Bonds, the first price at which at least 10% of such Maturity of the Bonds was sold to the Public is the respective price listed in Schedule A. Each maturity of the Bonds of which at least 10% of such maturity has not yet been sold to the public (the "Unsold Bonds") is also identified in Schedule A. Attached as Schedule B are true and correct copies of the bid provided by \_\_\_\_\_ to purchase the Bonds, and the pricing wire or equivalent communication for the Bonds. \_\_\_\_\_ has and will comply with the requirements set forth under the heading "Establishment of Issue Price Certificate" in the Official Notice of Sale for the Bonds, including reporting on the sale prices of the Unsold Bonds after the date hereof as provided therein.]

The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Certificate as to Arbitrage and Certain Other Tax Matters relating to the Bonds and with respect to compliance with the federal income tax rules affecting the Bonds, and by Nabors, Giblin & Nickerson, P.A. in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the Issuer from time to time relating to the Bonds.

## DESCRIPTION OF THE SERIES 2022 BONDS

### General

The Series 2022 Bonds are issuable only in fully registered form in denominations of \$5,000 and integral multiples thereof, shall be dated the date of delivery and shall bear interest from their dated date at the rates per annum as set forth on the inside cover of this Official Statement. Interest on the Series 2022 Bonds shall be computed on the basis of a 360-day year consisting of twelve 30-day months and will be payable semiannually on June 1 and December 1 of each year, commencing on June 1, 2023 (each an “Interest Date”). The Series 2022 Bonds will mature on June 1 in the years and principal amounts set forth on the inside cover of this Official Statement.

The principal or Redemption Price, if applicable, on the Series 2022 Bonds is payable only upon presentation and surrender of the Series 2022 Bonds at the designated office of U.S. Bank Trust Company, National Association, Jacksonville, Florida, as Paying Agent (the “Paying Agent”). Interest shall be payable on any Series 2022 Bond on any Interest Date to the Holder in whose name such Series 2022 Bond shall be registered at the close of business on the date which shall be the fifteenth day (whether or not a business day) of the calendar month next preceding such Interest Date by check or draft of the Paying Agent or, at the request of such Holder, by bank wire transfer for the account of such Holder.

### Redemption

***Optional Redemption.*** The Series 2022 Bonds maturing on or prior to June 1, 2032 are not subject to redemption prior to maturity. The Series 2022 Bonds maturing after June 1, 2032 may be redeemed prior to maturity at the option of the County as a whole or in part, from such maturity or maturities as the County shall designate and by lot within a maturity, on December 1, 2032, or on any date thereafter, at a redemption price of 100% of the principal amount to be redeemed, together with accrued interest to the date set for redemption.

***Notice of Redemption.*** Unless waived by any Holder of the Series 2022 Bonds to be redeemed, notice of any redemption shall be given by the Registrar on behalf of the County by mailing a copy of an official redemption notice by registered or certified mail at least thirty (30) days and not more than sixty (60) days prior to the date fixed for redemption to each Holder of the Series 2022 Bonds to be redeemed at the address of such Holder shown on the registration books maintained by the Registrar or at such other address as shall be furnished in writing by such Holder to the Registrar; provided, however, that no defect in any notice given pursuant to the Resolution to any Holder of Series 2022 Bonds to be redeemed nor failure to give such notice shall in any manner defeat the effectiveness of a call for redemption as to all other Holders of the Series 2022 Bonds to be redeemed. Additional notice shall be given as provided in the Resolution.

*Notwithstanding the foregoing, so long as Cede & Co. is the registered owner of the Series 2022 Bonds pursuant to DTC’s book-entry only system of registration (described below), notice of redemption required to be mailed to Holders of the Series 2022 Bonds shall only be sent to Cede & Co.*

Payment of Redeemed Bonds. Official notice of redemption having been given substantially as provided in the Resolution, the Series 2022 Bonds or portions of the Series 2022 Bonds to be redeemed shall, on the redemption date, become due and payable at the Redemption Price therein specified, and from and after such date (unless the County shall default in the payment of the Redemption Price) such Series 2022 Bonds or portions of Series 2022 Bonds shall cease to bear interest. Upon surrender of such Series 2022 Bonds for redemption in accordance with said notice, such Series 2022 Bonds shall be paid by the Registrar and/or Paying Agent at the appropriate Redemption Price, plus accrued interest. Installments of interest due on or prior to the Redemption Date shall be payable as provided in the Resolution for payment of interest. All Series 2022 Bonds which have been redeemed shall be canceled by the Registrar and shall not be reissued.

### **Book-Entry Only System**

THE FOLLOWING INFORMATION CONCERNING DTC AND DTC'S BOOK-ENTRY ONLY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE COUNTY BELIEVES TO BE RELIABLE, BUT THE COUNTY TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF.

SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE SERIES 2022 BONDS, AS NOMINEE OF DTC, CERTAIN REFERENCES IN THIS OFFICIAL STATEMENT TO THE SERIES 2022 BONDHOLDERS OR REGISTERED OWNERS OF THE SERIES 2022 BONDS SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE SERIES 2022 BONDS. THE DESCRIPTION WHICH FOLLOWS OF THE PROCEDURES AND RECORD KEEPING WITH RESPECT TO BENEFICIAL OWNERSHIP INTERESTS IN THE SERIES 2022 BONDS, PAYMENT OF INTEREST AND PRINCIPAL ON THE SERIES 2022 BONDS TO DIRECT PARTICIPANTS (AS HEREINAFTER DEFINED) OR BENEFICIAL OWNERS OF THE SERIES 2022 BONDS, CONFIRMATION AND TRANSFER OF BENEFICIAL OWNERSHIP INTERESTS IN THE SERIES 2022 BONDS, AND OTHER RELATED TRANSACTIONS BY AND BETWEEN DTC, THE DIRECT PARTICIPANTS AND BENEFICIAL OWNERS (AS HEREINAFTER DEFINED) OF THE SERIES 2022 BONDS IS BASED SOLELY ON INFORMATION FURNISHED BY DTC. ACCORDINGLY, THE COUNTY NEITHER MAKES NOR CAN MAKE ANY REPRESENTATIONS CONCERNING THESE MATTERS.

DTC will act as securities depository for the Series 2022 Bonds. The Series 2022 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2022 Bond certificate will be issued for each maturity of the Series 2022 Bonds as set forth in the inside cover of this Official Statement, each in the aggregate initial principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity, corporate and municipal

debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The Direct Participants and the Indirect Participants are collectively referred to herein as the "DTC Participants." DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its DTC Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of Series 2022 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2022 Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2022 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2022 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2022 Bonds, except in the event that use of the book-entry system for the Series 2022 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2022 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Series 2022 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2022 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2022 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Series 2022 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2022 Bonds, such as redemptions, tenders, defaults, and proposed

amendments to the security documents. For example, Beneficial Owners of Series 2022 Bonds may wish to ascertain that the nominee holding the Series 2022 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Series 2022 Bonds within a series or maturity of a series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such series or maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2022 Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the County as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Series 2022 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Series 2022 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the County or the paying agent on the payment date in accordance with their respective holdings shown on DTC's records. Payments by DTC Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the County, or the paying agent, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest on the Series 2022 Bonds, as applicable, to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the County and/or the paying agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series 2022 Bonds at any time by giving reasonable notice to the County. Under such circumstances, in the event that a successor depository is not obtained, the Series 2022 Bond certificates are required to be printed and delivered.

The County may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, the Series 2022 Bond certificates will be printed and delivered.

*If the DTC system is discontinued the transfer, exchange and registration of the Series 2022 Bonds will be governed by the provisions of the Resolution. See APPENDIX E attached hereto.*

## SECURITY FOR THE SERIES 2022 BONDS

### Source of Payment

The Series 2022 Bonds are special obligations of the County secured equally and ratably by a pledge of and prior lien upon the Pledged Funds. The Series 2022 Bonds are being issued on a parity with the Parity Obligations and any Additional Bonds issued after the date hereof as to the lien on and pledge of the Pledged Funds. "Pledged Funds" are defined in the Resolution to mean the Net Revenues, any Connection Charges on deposit in the Current Account and, until applied in accordance with the provisions of the Resolution, the proceeds of the Bonds and all moneys, including investments thereof, in the Revenue Fund and the Debt Service Fund. Pledged Funds do not include Net Revenues on deposit in the Rebate Fund or Connection Charges on deposit in the Stabilization Account. The County has covenanted that it will deposit all Gross Revenues it collects from the operation of or ownership of the System into the Revenue Fund, where they will be subject to the lien of the Bonds. Before money on deposit in the Revenue Fund may be used to pay debt service on the Bonds, however, an amount sufficient to pay the Operating Expenses of the System each month will be withdrawn and placed in the Operation and Maintenance Fund, which Fund is not subject to the lien of the Bonds.

System. Pursuant to the Resolution, "System" means the complete water facilities now owned, operated and maintained by the County, every Additional Project and any and all other water and sewer facilities hereafter acquired and operated by the County which shall be expressly declared by resolution of the Board to be part of the System, which System shall also include any and all improvements, extensions and additions to the foregoing which shall be hereafter constructed or acquired, whether the same shall be financed from the proceeds of Bonds or from any other funds or sources, together with all property, real or personal, tangible or intangible, now or hereafter owned or used in connection therewith.

Net Revenues. Pursuant to the Resolution, Net Revenues include all income and moneys received by the County from the fees and charges made and collected by the County (excluding Connection Charges and non-ad valorem special assessments) for the use of the services or facilities of the System (such fees and charges, the "Rates"), together with all earnings and income derived from the investment of moneys under the provisions of the Resolution which are transferred to the Revenue Fund or the Interest Account as provided in the Resolution, less the County's expenses for operation, maintenance, repairs and replacements with respect to the System, as further provided in the Resolution.

Connection Charges. Pursuant to the Resolution, Connection Charges include all non-refundable (except at the option of the County) "water unit connection fees," "sewer unit connection fees," impact fees, capital expansion fees, utility improvement fees or other similar fees and charges, whether payable in full prior to connection with the System or to initiation of any service afforded by System facilities or payable in installments over any period of time, separately imposed from time to time by the County upon new customers of the System as a nonuser capacity charge for a proportionate share of the cost of the acquisition or construction of Expansion Facilities, which are imposed by the County for the purpose of allocating to each such customer a proportionate share of the cost of the additional System capacity made necessary by the inclusion or expected inclusion of System services to such new customers, but only to the

extent that any such fee or charge has been lawfully levied and collected by the County and may under applicable law be used for the acquisition or construction of the Expansion Facilities or for debt service thereon as more particularly provided in the Resolution, and any income from the investment of moneys on deposit in the Connection Charges Fund or any other moneys transferred to the Connection Charges Fund pursuant to the provisions of the Resolution. Connection Charges do not include Assessments.

Assessments. Pursuant to the Resolution, Assessments are the proceeds to be derived by the County from any non-ad valorem special assessments which are levied by the County, on its own behalf or as the governing body of a municipal service benefit unit, against some or all of the parcels of real property to be specially benefited by the services and facilities of any Additional Project or by any portion thereof, and which are expressly declared by one or more resolutions of the Board to be Assessments, and which are expressly pledged by such resolutions, including interest on such non ad valorem special assessments and any penalties thereon and moneys received upon the foreclosure of the liens thereof and, by reason of such non ad valorem special assessments, upon the sale of tax certificates, to the payment of the principal of, redemption premium, if any, and interest on the Bonds or one or more Series of Bonds. The County has the right to levy and collect non ad valorem special assessments upon some or all of the parcels of real property specially benefited by any Additional Project or by any portion thereof without declaring that such assessments shall be Assessments, as defined in the Resolution, and to provide for the application of such assessments to any lawful public purpose, including provision for the application of such assessments to the payment of the principal of or Redemption Price, if applicable, and interest on any particular Series of Bonds or Subordinated Indebtedness or any other obligations of the County. No Assessments are currently pledged to the payment of the principal of or Redemption Price, if applicable, or interest on the Series 2022 Bonds or on any Parity Obligations.

The Series 2022 Bonds are being issued on a parity with the County's Outstanding: Water and Sewer Revenue and Refunding Bonds, Series 2013B (the "Series 2013B Bonds"), consisting of and Capital Appreciation Bonds with an Accreted Value of 40,191,276 as of June 1, 2022; Water and Sewer Revenue Refunding Bonds, Series 2014 (the "Series 2014 Bonds"), outstanding in the aggregate principal amount of \$2,345,000 as of June 1, 2022; Water and Sewer Revenue and Refunding Bonds, Series 2016 (the "Series 2016 Bonds"), outstanding in the aggregate principal amount of \$43,160,000 as of June 1, 2022; and Taxable Water and Sewer Revenue Refunding Bonds, Series 2021 (the "Series 2021 Bonds" and, collectively with the Series 2013B Bonds, the Series 2014 Bonds, the Series 2016 Bonds and the Series 2021 Bonds, the "Parity Obligations"), outstanding in the aggregate principal amount of \$39,025,000 as of June 1, 2022; and any Additional Bonds issued after the date hereof. See "SECURITY FOR THE SERIES 2022 BONDS – Additional Bonds" below.

The County also has outstanding the following subordinated indebtedness (the "Subordinated Indebtedness"): (i) a draw-down loan in the outstanding principal amount of \$ \_\_\_\_\_ as of September 30, 2022, evidenced by a Clean Water State Revolving Fund Loan Agreement dated May 17, 2011, as amended, between the County and the Florida Department of Environmental Protection, (ii) a draw-down loan in the outstanding principal amount of \$ \_\_\_\_\_, as of September 30, 2022, evidenced by a Drinking Water State Revolving Fund Construction Loan Agreement dated October 23, 2013, as amended, between the County and

the Florida Department of Environmental Protection, (iii) a draw-down loan in the outstanding principal amount of \$ \_\_\_\_\_, as of September 30, 2022, evidenced by a Clean Water State Revolving Fund Loan Agreement dated January 28, 2018, as amended, between the County and the Florida Department of Environmental Protection, (iv) a draw-down loan in the outstanding principal amount of \$ \_\_\_\_\_, as of September 30, 2022, evidenced by a Drinking Water State Revolving Fund Loan Agreement dated November 21, 2019 between the County and the Florida Department of Environmental Protection, (v) a draw-down loan in the outstanding principal amount of \$ \_\_\_\_\_, as of September 30, 2022, evidenced by a Drinking Water State Revolving Fund Loan Agreement dated February 17, 2020 between the County and the Florida Department of Environmental Protection, (vi) a draw-down loan in the outstanding principal amount of \$ \_\_\_\_\_, as of September 30, 2022, evidenced by a Clean Water State Revolving Fund Construction Loan Agreement dated April 27, 2021 between the County and the Florida Department of Environmental Protection, (vii) a draw-down loan in the outstanding principal amount of \$ \_\_\_\_\_, as of September 30, 2022, evidenced by a Clean Water State Revolving Fund Design Loan Agreement dated April 27, 2021 between the County and the Florida Department of Environmental Protection, (viii) a draw-down loan in the outstanding principal amount of \$ \_\_\_\_\_, as of September 30, 2022, evidenced by a Clean Water State Revolving Fund Construction Loan Agreement dated April 27, 2021 between the County and the Florida Department of Environmental Protection, and (ix) a draw-down loan in the outstanding principal amount of \$ \_\_\_\_\_, as of September 30, 2021, evidenced by a Clean Water State Revolving Fund Construction Loan Agreement dated February 18, 2022 between the County and the Florida Department of Environmental Protection. The Subordinated Indebtedness is payable from and secured by a lien upon and pledge of certain Pledged Funds which is junior and subordinate in all respects to the lien of and pledge thereon in favor of the Series 2022 Bonds and the Parity Obligations.

**THE SERIES 2022 BONDS SHALL NOT BE OR CONSTITUTE GENERAL OBLIGATIONS OR INDEBTEDNESS OF THE COUNTY AS “BONDS” WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY PROVISION, BUT SHALL BE SPECIAL OBLIGATIONS OF THE COUNTY, PAYABLE SOLELY FROM AND SECURED BY A LIEN UPON AND A PLEDGE OF THE PLEDGED FUNDS IN ACCORDANCE WITH THE TERMS OF THE RESOLUTION. NO HOLDER OF ANY SERIES 2022 BONDS SHALL EVER HAVE THE RIGHT TO COMPEL THE EXERCISE OF THE AD VALOREM TAXING POWER OF THE COUNTY, THE STATE OR ANY POLITICAL SUBDIVISION THEREOF TO PAY THE PRINCIPAL OF OR INTEREST ON SUCH SERIES 2022 BOND OR SHALL BE ENTITLED TO PAYMENT OF SUCH SERIES 2022 BOND FROM ANY MONEYS OF THE COUNTY EXCEPT THE PLEDGED FUNDS IN THE MANNER PROVIDED IN THE RESOLUTION.**

#### **Funds and Accounts**

Pursuant to the Resolution, the following funds and accounts have been established:

- (1) The Construction Fund, which includes the Series 2022 Bonds Account;
- (2) The Revenue Fund;

- (3) The Connection Charges Fund, which shall consist of the Current Account and the Stabilization Account;
- (4) The Operation and Maintenance Fund;
- (5) The Debt Service Fund, which shall consist of the Interest Account, the Principal Account, the Bond Amortization Account and the Reserve Account;
- (6) The Renewal and Replacement Fund;
- (7) The Rebate Fund; and
- (8) The Assessment Fund.

The moneys required to be accounted for in each of the funds and accounts established in the Resolution may be deposited in a single bank account and funds allocated to the various funds and accounts established in the Resolution may be invested in a common investment pool, provided that adequate accounting records are maintained by the County to reflect and control the restricted allocation of the moneys on deposit therein and such investments for the various purposes of such funds and accounts as provided in the Resolution. The designation and establishment of the various funds and accounts shall not be construed to require the establishment of any completely independent, self-balancing funds, as such term is commonly defined and used in governmental accounting, but rather is intended solely to constitute an earmarking of certain revenues for certain purposes and to establish certain priorities for application of such revenues as provided in the Resolution.

#### **Flow of Funds**

(A) The County will deposit the Connection Charges into the Current Account, promptly upon the receipt thereof, until an amount equal to the Connection Charges Debt Service Components for the then current Bond Year shall have been deposited into the Current Account in such Bond Year. After an amount equal to such Connection Charges Debt Service Components shall have been deposited into the Current Account in such Bond Year, the County will deposit additional Connection Charges received in such Bond Year into the Stabilization Account.

On or before the last day of each month, all or any portion of the moneys in the Current Account may, at the option of the County, be deposited or credited to the Debt Service Fund in the manner described in subsection (B)(2) below, provided, however, that such moneys shall be deposited or credited to the Debt Service Fund in the manner described in subsection (B)(2) below in the event that moneys in the Revenue Fund are insufficient or unavailable to make all of the deposits into the Debt Service Fund required by the Resolution as described in subsection (B)(2) below. The balance of any moneys remaining in the Current Account after such deposits, if any, shall be transferred to the Stabilization Account.

Moneys in the Stabilization Account may, to the extent such moneys are lawfully available for such purpose, be applied only (i) to the Current Account in an amount which shall not exceed the Connection Charges Debt Service Components for the then current Bond Year, less amounts previously transferred from the Current Account to the Debt Service Fund during such Bond Year,

(ii) to the purchase or redemption of Bonds or (iii) to the County, from time to time, for the acquisition and construction of Expansion Facilities.

Notwithstanding anything to the contrary contained in the Resolution, the aggregate amount of Connection Charges applied and allocated to the aggregate Debt Service Requirements for the Bonds shall never exceed the aggregate Connection Charges Debt Service Components for the Bonds.

(B) The County will deposit all Gross Revenues into the Revenue Fund, promptly upon the receipt thereof. On or before the last day of each month, the moneys in the Revenue Fund shall be deposited or credited in the following manner and in the following order of priority:

(1) Operation and Maintenance Fund. The County will deposit into or credit to the Operation and Maintenance Fund such sum as shall be necessary to cause the moneys in the Operation and Maintenance Fund to be sufficient to pay Operating Expenses for the next succeeding month according to the Annual Budget; provided, however, that subject always to the provisions of the Resolution, the County will transfer moneys from the Revenue Fund to the Operation and Maintenance Fund at any time to pay Operating Expenses to the extent there shall be a deficiency in the moneys in the Operation and Maintenance Fund for such purpose. Moneys in the Operation and Maintenance Fund shall be paid out from time to time by the County to pay reasonable and necessary Operating Expenses as and when the same shall be incurred.

(2) Debt Service Fund. Next, the County will deposit into or credit to the Debt Service Fund, from moneys in the Revenue Fund and/or the Current Account, such sums which, together with the moneys deposited into or credited to the Debt Service Fund from the Assessment Fund pursuant to the provisions of part (7) below, will be sufficient to make all of the deposits, transfers and payments described in this part (2). The moneys on deposit in the Debt Service Fund shall be applied by the County in the manner provided in the Resolution solely for the payment of the principal of or Redemption Price, if applicable, and interest on the Bonds, including Assessments Redemption Bonds, and for the purchase of, and reinstatement of the maximum limits of, any Reserve Account Insurance Policy and/or Reserve Account Letter of Credit, and shall not be available for any other purpose. The moneys transferred to the Debt Service Fund from the Assessments Fund, the Revenue Fund and the Current Account shall be deposited or credited in the following manner and in the following order of priority:

(a) Interest Account. The County will deposit into or credit to the Interest Account the sum which, together with the surplus moneys in the Interest Account not theretofore allocated to supplement any previous monthly deposit to the credit of the Interest Account, will be sufficient to pay one-sixth (1/6) of all interest coming due on the Bonds on the next Interest Date, plus the full balance of any continuing deficiencies in prior deposits to the Interest Account. Moneys in the Interest Account shall be applied by the County to pay interest on the Bonds as and when the same become due, whether by redemption or otherwise, and for no other purpose. The County will adjust the amount of the deposit into the Interest Account not later than the month immediately preceding any Interest Date so as to

provide sufficient moneys in the Interest Account to pay the interest on the Bonds coming due on such Interest Date.

(b) Principal Account. Next, the County will deposit into or credit to the Principal Account the sum which, together with the surplus moneys in the Principal Account not theretofore allocated to supplement any previous monthly deposit to the credit of the Principal Account, will be sufficient to pay (i) the principal amount of all Outstanding Bonds other than Term Bonds due and unpaid and (ii) one-twelfth (1/12) of the principal amount of the Bonds other than Term Bonds which shall thereafter mature during the then current Bond Year. Serial Capital Appreciation Bonds (including their respective interest components) shall be payable entirely from moneys in the Principal Account on their respective maturity dates, and deposits or credits to the Principal Account to provide funds for such purpose shall commence in the month which is one year prior to each such maturity date. Moneys in the Principal Account shall be applied by the County to pay the principal of the Bonds other than Term Bonds as and when the same shall mature, and for no other purpose.

(c) Bond Amortization Account. Payments to the Bond Amortization Account shall be on a parity with payments to the Principal Account. Commencing in the month which is one year prior to the due date of each Amortization Installment, the County will deposit into or credit to the Bond Amortization Account the sum which, together with the balance in said account held for the credit of such Amortization Installment and all Outstanding Term Bonds due and unpaid and not theretofore allocated to supplement any previous monthly deposit, will be sufficient to pay (i) one-twelfth (1/12) of such Amortization Installments and (ii) the full balance of any continuing deficiencies in prior deposits to the Bond Amortization Account for such Amortization Installment and the principal amount of all such Outstanding Term Bonds due and unpaid. Term Capital Appreciation Bonds (including their respective interest components) shall be payable entirely from moneys in the Bond Amortization Account on the respective due dates of the Amortization Installments applicable thereto, and deposits or credits to the Bond Amortization Account to provide funds for such purpose shall commence in the month which is one year prior to each such Amortization Installment due date. Moneys in the Bond Amortization Account shall be applied by the County to purchase or redeem Term Bonds in the manner herein provided, and for no other purpose. All expenses in connection with the purchase or redemption of Term Bonds shall be paid by the County from the Revenue Fund.

(d) Reserve Account. Next, the County will deposit into or credit to the Reserve Account such sum, if any, as will be necessary to immediately restore the funds on deposit therein to an amount equal to the Reserve Account Requirement including the reinstatement of any Reserve Account Insurance Policy or Reserve Account Letter of Credit on deposit therein or the cash replacement thereof. On or prior to each Interest Date and each maturity or redemption date for the payment of any principal of the Bonds, moneys in the Reserve Account shall be applied by the County to the payment of the principal of or Redemption Price, if applicable, and

interest on the Bonds secured by the Reserve Account to the extent moneys in the Interest Account, the Principal Account and the Bond Amortization Account shall be insufficient for such purpose in the manner provided in the Resolution. Whenever there shall be surplus moneys in the Reserve Account by reason of a decrease in the Reserve Account Requirement or as a result of a deposit therein of a Reserve Account Insurance Policy and/or a Reserve Account Letter of Credit, such surplus moneys shall be deposited by the County into the Principal Account or such other appropriate fund or account of the County, provided such deposit to such other fund or account will not adversely affect the exclusion from gross income of interest on the Bonds for federal income tax purposes.

(3) Subordinated Indebtedness. Next, the County will apply available moneys in the Revenue Fund to the payment of the debt service for any Subordinated Indebtedness.

(4) Renewal and Replacement Fund. Next, whenever the balance on deposit in the Renewal and Replacement Fund shall be less than the Renewal and Replacement Fund Requirement, the County will deposit into or credit to the Renewal and Replacement Fund the balance of all moneys remaining in the Revenue Fund to the extent necessary to cause the moneys in the Renewal and Replacement Fund to equal the Renewal and Replacement Fund Requirement. If at any time the balance on deposit in the Renewal and Replacement Fund shall exceed the Renewal and Replacement Fund Requirement, such excess shall be withdrawn by the County from the Renewal and Replacement Fund and deposited into the Revenue Fund. The moneys in the Renewal and Replacement Fund shall be applied by the County to the payment of the cost of extensions, improvements and additions to, or renewals and replacements of the capital assets of, the System, or extraordinary repairs of the System; provided, however, that whenever moneys in the Debt Service Fund shall be insufficient to pay all or any part of the principal of, Redemption Price or interest on any of the Bonds, moneys in the Renewal and Replacement Fund shall first be used to supplement the Debt Service Fund to the extent necessary to prevent a default on the Bonds.

(5) Rebate Fund. Next, the County may, at its option, deposit into or credit to the Rebate Fund any amounts required to be rebated to the United States Treasury pursuant to the Resolution.

(6) Excess Revenues. Finally, the County may withdraw the balance of all moneys remaining on deposit to the credit of the Revenue Fund and apply the same to any lawful county purpose.

(7) Assessments. All Assessments shall be deposited by the County into the Assessments Fund promptly upon receipt thereof. Currently, no such Assessments are levied or pledged by the County for payment of the Bonds. As a first charge against moneys at any time on deposit to the credit of the Assessments Fund, the County will reimburse itself for all expenses incurred by the County in connection with its conduct of the proceedings necessary for the imposition, levy and collection of the Assessments in accordance with applicable law. On or before the last day of each month in every Bond Year, all moneys in the Assessments Fund shall be deposited or credited to the Debt Service Fund until the aggregate amount of all such deposits therein during such Bond Year shall

equal all of the installments of the Assessments scheduled to be paid to the County during such Bond Year, and all such moneys thus deposited to the Debt Service Fund shall be applied by the County in the same manner as other moneys therein are applied pursuant to the provisions of part (2) of this subsection (B). All expenses in connection with the purchase, redemption or payment of Assessments Redemption Bonds shall be paid by the County from the Revenue Fund.

(C) The County, in its discretion, may use moneys in the Principal Account and the Interest Account to purchase or redeem Bonds coming due on the next principal payment date, provided such purchase or redemption does not adversely affect the County's ability to pay the principal or interest coming due on such principal payment date on the Bonds not so purchased or redeemed.

### **Rate Covenant**

The County covenants in the Resolution to fix, establish, maintain and collect Rates, and revise the same effective at the beginning of each Fiscal Year, to the extent necessary, to provide if no Assessments are pledged to the Bonds:

(i) Net Revenues in such Fiscal Year, together with any Connection Charges actually on deposit in the Current Account at the beginning of such Fiscal Year, equal to at least one hundred twenty percent (120%) of the Debt Service Requirement for the Bond Year ending in such Fiscal Year and at least one hundred percent (100%) of any amounts required by the terms of the Resolution to be deposited in the Reserve Account or in the Renewal and Replacement Fund or with any issuer of a Reserve Account Letter of Credit or Reserve Account Insurance Policy in such Fiscal Year, and

(ii) Net Revenues in such Fiscal Year, not taking into account Connection Charges, equal to at least one hundred ten percent (110%) of the Debt Service Requirement for the Bond Year ending in such Fiscal Year and at least one hundred percent (100%) of any amounts required by the terms of the Resolution to be deposited in the Reserve Account or in the Renewal and Replacement Fund or with any issuer of a Reserve Account Letter of Credit or Reserve Account Insurance Policy in such Fiscal Year.

Under the Resolution, the County is prohibited from reducing Rates so that they will be insufficient to provide Net Revenues in each Fiscal Year which will be fully adequate for the purposes provided therefor by the Resolution, provided that the Resolution is not to be construed to obligate the County to impose or, once imposed, continue Connection Charges; but at any time and while Connection Charges shall be in effect and imposed by the County, the Connection Charges shall be pledged to the extent provided in the Resolution.

### **Reserve Account**

The Resolution requires the establishment and maintenance of a Reserve Account in an amount equal to the Reserve Account Requirement for the benefit of the owners of the Bonds. The Reserve Account Requirement is defined in the Resolution to mean, as of any date of calculation, an amount of money equal to the lesser of (i) the Maximum Debt Service Requirement for the Bonds (ii) 125% of average annual Debt Service Requirement for the Bonds, or (iii) 10% of the

initial proceeds of the Bonds; except as otherwise expressly provided in the Resolution as described below. The Resolution permits the Reserve Account Requirement to be funded by cash or by a surety bond, irrevocable letter of credit, guaranty or insurance policy issued in compliance with the Resolution. Moneys in the Reserve Account shall be used only for the purpose of payment of the principal of or Redemption Price, if applicable, and interest on the Bonds when the other moneys in the Debt Service Fund are insufficient therefor, and for no other purpose, in the manner provided in the Resolution.

Upon the issuance of Additional Bonds, the County is required by the Resolution to provide for the additional funding of the Reserve Account in the manner described in the Resolution.

Under the Resolution, the County may also establish a separate subaccount in the Reserve Account for any Series of Bonds and provide for a pledge of and lien on moneys on deposit in such subaccount exclusively for the payment of such Series of Bonds, notwithstanding any other provision of the Resolution. To the extent a Series of Bonds is secured separately by a subaccount in the Reserve Account, the Holders of such Bonds shall not be secured by any other moneys in the Reserve Account. Moneys in a separate subaccount in the Reserve Account shall be maintained at the Reserve Account Requirement applicable to such Series of Bonds secured by the subaccount; provided, the Resolution authorizing such Series of Bonds may establish the Reserve Account Requirement relating to such separate subaccount in the Reserve Account at such level as the Issuer deems appropriate (which may be \$0.00). Moneys used to replenish the Reserve Account shall be deposited in the Reserve Account and the separate subaccounts in the Reserve Account on a pro-rata basis. All cash and investments in the Reserve Account shall be transferred to the Principal Account, the Interest Account and/or the Bond Amortization Account for payment to debt service then due on such Bonds before any drawing may be made on any Reserve Account Insurance Policy in the manner provided in the Resolution.

Under the Resolution, the County has established a separate subaccount in the Reserve Account for the Series 2022 Bonds and determined the Reserve Account Requirement for the Series 2022 Bonds will be \$0.00. Accordingly, the Series 2022 Bonds will not be secured by the Reserve Account or any subaccount therein. Additionally, the Reserve Account Requirement for the Series 2014 Bonds, the Series 2016 Bonds and the Series 2021 Bonds is \$0.00.

Currently on deposit in the Reserve Account are (i) a reserve account insurance policy with a face amount of \$2,960,398.91 issued by Ambac Assurance Corporation (the "Ambac Surety Bond") in connection with the issuance of the County's Water and Sewer Revenue Bonds, Series 2004, with a stated expiration on the earlier of payment in full of all Outstanding Bonds secured by the Reserve Account or June 1, 2034 (the "Reserve Account Insurance Policy"), and (ii) cash and cash equivalents equal to \$ \_\_\_\_\_. The Reserve Account Insurance Policy, together with the cash on deposit therein, equals or exceeds the current Reserve Account Requirement for the Series 2013B Bonds, which are the only Parity Obligations secured by the Reserve Account.

So long as the Ambac Surety Bond is on deposit in the Reserve Account and effective, the County has covenanted and agreed that upon the issuance of any Additional Bonds it will establish a separate subaccount within the Reserve Account to secure such Additional Bonds and no subsequently issued Additional Bonds will be secured by or be payable from the Ambac Surety Bond or by any other moneys, Reserve Account Insurance Policy or Reserve Account Letter of

Credit in the Reserve Account or its other subaccounts. Pursuant to the Resolution, if any Reserve Account Insurance Policy terminates prior to the stated expiration date thereof, the County is required to fund the Reserve Account during a period not to exceed twelve (12) months when it shall make consecutive equal monthly payments in order that the amount on deposit in such account at the end of such period is equal to the applicable Reserve Account Requirement; provided, the County may at its sole option and discretion, with the prior written consent of the Insurers, if any, obtain a new Reserve Account Letter of Credit or a new Reserve Account Insurance Policy in lieu of making the required payments.

In the event an Insurer is unable to make payment of principal and interest as such payments become due under a Reserve Account Insurance Policy, the applicable Bonds are payable solely from the moneys received pursuant to the Resolution. Neither the County nor the Underwriter has made independent investigation into the claims paying ability of the Insurers and no assurance or representation regarding the financial strength or projected financial strength of the Insurers is given.

### **Other Covenants**

The County has also covenanted in the Resolution to maintain or cause to be maintained the System and all portions thereof in good condition and to operate the System or cause to operate the same in an efficient and economical manner, making or causing to be made such expenditures for equipment and for renewals, repairs and replacements as may be proper for the economical operation and maintenance thereof. The County must obtain and renew, to the full extent required by applicable law, all permits for acquisition, construction and operation of the System. Pursuant to the Resolution, the County is required to prepare and adopt, prior to the beginning of each Fiscal Year, an Annual Budget in accordance with applicable law and not to incur expenditures for Operating Expenses in any Fiscal Year in excess of the amount provided in the Annual Budget without a written finding and recommendation by an Authorized Issuer Officer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures and until the Board shall have approved such finding and recommendation by resolution. The County has agreed in the Resolution to keep books, records and accounts of the receipt of the Pledged Funds in accordance with generally accepted accounting principles, and any Credit Bank, Insurer, or Holder of any Bonds Outstanding or the duly authorized representatives thereof shall have the right at all reasonable times to inspect all books, records and accounts of the County related thereto. Within 180 days of the close of each Fiscal Year the County must cause to be prepared and filed with the Clerk and mailed to all Credit Banks, Insurers and Holders who have filed their names and addresses with the Clerk for such purpose a statement setting forth in respect of the preceding Fiscal Year the amount of the Pledged Funds received in the preceding Fiscal Year, the total amounts deposited to the credit of each fund and account created under the Resolution, the principal amount of all Bonds issued, paid, purchased or redeemed and the amounts on deposit at the end of such Fiscal Year to the credit of each such fund or account. An annual audit of the financial statements of the County by an independent firm of certified public accountants is required by the Resolution.

The County also irrevocably covenants and agrees in the Resolution not to sell, lease, encumber or in any manner dispose of any facilities of the System, except as provided in the Resolution, until all of the Bonds and all interest thereon shall have been paid in full or provision

for payment shall have been made in accordance with the Resolution. Pursuant to the Resolution, the County is also required to carry, with a reputable insurance carrier or carriers, such insurance as is ordinarily carried by private or public corporations owning and operating water and sewer facilities similar to the System including public liability insurance, in such amounts as the County shall determine to be sufficient. The property loss or damage insurance is required at all times to be in an amount or amounts equal to the fair appraisal value of the buildings, furniture, fixtures and equipment of the System.

### **Additional Bonds**

The County may issue Additional Bonds payable from the Pledged Funds on a parity with the Series 2022 Bonds and the Parity Obligations then Outstanding pursuant to the Resolution for the purposes specified and upon satisfaction of the requirements set forth in the Resolution including the following:

The County shall certify that it is current in all deposits into the various funds and accounts established in the Resolution and all payments theretofore required to have been deposited or made by it under the provisions of the Resolution and has complied with the covenants and agreements of the Resolution.

There shall have been obtained and filed with the County a certificate of an independent certified public accountant: (i) stating that he has examined the books and records of the County relating to the collection and receipt of the Gross Revenues, the Connection Charges and the Assessments; (ii) stating for the immediately preceding Fiscal Year or any twelve (12) consecutive months selected by the County of the twenty four (24) months immediately preceding the issuance of such Additional Bonds the amount of the Net Revenues, the amount of the Connection Charges deposited into the Current Account and, as to each separate lot of Assessments which shall have been levied for a Project or a part of a Project, the dollar amount of the Assessments deposited into the Assessments Fund, and stating, for each separate lot of Assessments which shall have been levied for a Project or a part of a Project, the dollar amount of the portion of such lot of Assessments to become due and payable to the County during the first full Fiscal Year after the issuance of such Additional Bonds in which installments of such lot of Assessments shall be payable; (iii) if no Assessments shall be pledged to the Outstanding Bonds or such Additional Bonds then proposed to be issued, stating that (a) such Net Revenues and such Connection Charges, each adjusted as provided in the Resolution, equal at least one hundred twenty percent (120%) of the Maximum Debt Service Requirement for all Outstanding Bonds and such Additional Bonds then proposed to be issued, and (b) such Net Revenues, adjusted as provided in the Resolution, not taking into account Connection Charges, equal at least one hundred ten percent (110%) of the Maximum Debt Service Requirement for all Outstanding Bonds and such Additional Bonds then proposed to be issued; (iv) if Assessments shall be pledged to the Outstanding Bonds or such Additional Bonds then proposed to be issued, stating that (a) such Net Revenues, adjusted as provided in the Resolution, together with the dollar amount of the portion of each lot of Assessments to become due and payable during the first full Fiscal Year after the issuance of such Additional Bonds in which installments of such lot of Assessments shall be payable, but (except for the first Fiscal Year in which such lot of Assessments shall be billed) not exceeding the dollar amount of the portion of such lot of Assessments deposited in the Assessments Fund as stated pursuant to clause (ii) of this paragraph, and such Connection Charges, adjusted as provided in the Resolution, equal at least

one hundred twenty percent (120%) of the Maximum Debt Service Requirement for all Outstanding Bonds and such Additional Bonds then proposed to be issued, (b) such Net Revenues, adjusted as provided in the Resolution, and the amount of the Assessments allowed under clause (iv)(a) of this paragraph, without taking into account Connection Charges, equal at least one hundred ten percent (110%) of the Maximum Debt Service Requirement for all Outstanding Bonds and such Additional Bonds then proposed to be issued, (c) such Net Revenues and Connection Charges, each adjusted as provided in the Resolution, without taking into account Assessments, equal at least one hundred twenty percent (120%) of the Maximum Debt Service Requirement for all Outstanding Bonds and such Additional Bonds then proposed to be issued, excluding all Outstanding and proposed Assessments Redemption Bonds, and (d) such Net Revenues, adjusted as provided in the Resolution, not taking into account Assessments or Connection Charges, equal at least one hundred ten percent (110%) of the Maximum Debt Service Requirement for all Outstanding Bonds and such Additional Bonds then proposed to be issued, excluding all Outstanding and proposed Assessments Redemption Bonds; and (v) stating that no Event of Default was disclosed in the report of the most recent Annual Audit, or if such Event of Default was so disclosed, that it shall have been cured.

## THE SYSTEM

**PROSPECTIVE INVESTORS MUST CLOSELY REVIEW, IN THEIR ENTIRETY, THE REPORT OF THE PROJECT ENGINEER, PREPARED INTERNALLY BY THE UTILITY DEPARTMENT (AS DEFINED HEREIN), AND THE REPORT OF THE FEASIBILITY CONSULTANT, ATTACHED AS APPENDIX C AND APPENDIX D HERETO, RESPECTIVELY, PRIOR TO MAKING AN INVESTMENT DECISION WITH RESPECT TO THE SERIES 2022 BONDS.**

*System Overview [For discussion: To avoid excess duplication and potential inconsistencies, we will be removing portions of this section and will cross reference to the Engineering Report to the extent the same information is presented there; however, we are still reviewing what portions (or at least portions of) should remain in the front part]*

Pursuant to the Resolution, the “System” includes the complete main water, wastewater and reclaimed water facilities (the “Main System”) now owned, operated and maintained by the County, the complete Ponte Vedra water, wastewater and reclaimed water facilities (the “Ponte Vedra Utility System”) now owned, operated and maintained by the County, and all other water, wastewater and reclaimed water facilities hereafter acquired and operated by the County which are expressly declared by a resolution of the Board to be part of the System.

In addition to water, wastewater and reclaimed water services provided by the County, under agreements with the County, the City of St. Augustine and JEA (formerly known as the Jacksonville Electric Authority) provide water and sewer services in portions of the unincorporated area of the County. Certain areas of the County are also served by other private utilities.

### **Other County-Owned Utilities**

The County continues to investigate and analyze the feasibility of acquiring private utility facilities within the County. It is not possible at this time to determine whether the County will actually pursue any such acquisitions or the terms upon which such an acquisition may take place. At the current time, it is likely that the County would include any such acquired utility systems as part of the System. The County would also likely issue Additional Bonds under the Resolution to finance any such acquisitions.

### **Utility Department**

The System is operated as a separate water, wastewater and reclaimed water enterprise of the utilities department of the County (the “Utility Department”). The Utility Department is operated under the direction of the Utility Director, who is directly responsible to the Assistant County Administrator for Operations. The Utility Department consists of eight divisions that report directly to the Utility Director: the Utilities Administration Division, the Water Treatment Division, the Wastewater Treatment Division, the Water and Wastewater Transmission and Distribution Division, Lift Stations Division, County Laboratory Division, Supervisory Control and Data Acquisition (SCADA) Division and Pretreatment Division.

## **Utility Administration**

The Utility Administration Division has an existing staff of approximately 50 personnel, including the Utility Director, assistant directors and managers who have experience in utility management, engineering, financing and operations.

*Biographies of Key Personnel.* The personnel strategically involved in the management of the System include the following:

Mr. Colin Groff was retained in 2021 as the Utility Director. He has a Bachelor's Degree in Civil Engineering and is a member of Design-Build Institute of America, the Florida Water Environment Association and the Florida Water Environment Federation. Mr. Groff has worked in the utility field over 30 years with 25 years in supervisory positions. Prior to serving as the Utility Director for St. Johns County, Mr. Groff served as the Assistant City Manager, Public Services for the City of Boynton Beach, Technical Services Director for JEA and other utility management positions throughout Florida.

Mr. C. Gordon Smith joined the Utility Department in 2013 as Engineering Manager and was promoted to Assistant Utilities Director for Engineering and Operations in 2015. He has a Bachelor of Science degree in Civil Engineering and is a Professional Engineer in the states of Florida and South Carolina. Prior to his current position, he served for twenty-three years as president for a private engineering consulting firm where he primarily performed treatment plant, lift station and systems designs. Mr. Smith is a member of the American Water Works Association.

Mr. Frank Kenton has been with the Utility Department since 1999 when he was hired as the Administrative Manager and was promoted to Assistant Utilities Director for Finance and Administration in 2014. He has a Bachelor's Degree in Finance and a Master's Degree in Public Administration. He has several years of experience with other municipal and privately owned utility companies. Mr. Kenton is a native of St. Johns County and a member of the American Water Works Association and the Florida Water Pollution Control Operators Association.

Mr. Neal Shinkre joined the St. Johns County Utility in 2001 as a Utility Engineering Manager and served for 12 years in that position. He then served eight years as the County Public Works Director and recently rejoined the Utility as the Assistant Director of Operations. He is a Licensed Professional Engineer in Florida and Georgia and has over 25 years of experience in civil and environmental field, both in Public and Private Sectors. Prior to his service with St. Johns County government, Neal served in project management roles at JR Wauford & Company, Blasland Bouck and Lee and CGS Consulting Inc. managing civil and environmental engineering projects in Tennessee and Florida. He holds a Bachelor of Science in Civil Engineering, Masters of Science in Civil Engineering from Tennessee Technological University and a Master in Business Administration from University of North Florida.

## **Water System**

*General.* The County's water system is governed by the Florida Department of Environmental Protection as well as the St. Johns River Water Management District ("SJRWMD") and is comprised of water supply wells, raw water mains, treatment facilities, transmission mains,

remote storage, high service pumping, localized distribution pipelines and customer metering. The County's existing water system consists of raw water supply wells, water treatment plants ("WTPs"), remote storage and pumping stations and elevated steel water storage tanks. Additionally, there are raw water supply mains, water transmission mains and localized distribution pipelines. In addition, the County entered into long-term agreements with the City of St. Augustine and JEA to provide potable capacity to a portion of the Service Area.

*Water Supply Facilities.* The water supply facilities consist of twenty-six active Floridan wells located throughout the County, one additional permitted well site with no installed facilities and land for five additional wells. In the System, the County Road 214 Water Treatment Plant (the "CR 214 WTP") is served by eight Floridan aquifer wells having a total installed pumping capacity of approximately 15 MGD, six Floridan wells serve the Northwest Water Treatment Plant ("NW WTP") and have a total installed pumping capacity of approximately 9.0 MGD. In the Ponte Vedra Utility System, four of the Floridan wells serve the Plantations Water Treatment Plant ("Plantations WTP"), two of the Florida wells serve the Sawgrass Water Treatment Plant ("Sawgrass WTP"), two of the Floridan wells serve the Marsh Landing water treatment plant (the "Marsh Landing WTP"), and the remaining four wells are located at the Innlet Beach water treatment plant (the "Innlet Beach WTP"). There are also two wells serving the Hastings WTP for a total of 225,000 gpd.

The raw water supply for the water system is regulated by the SJRWMD, a governmental agency created by the Florida Legislature, which has the responsibility of managing the water resources within its boundaries (i.e. northeast central Florida). The SJRWMD authorizes the use of groundwater by the System from the surficial and BNW

pursuant to Consumptive Use Permits ("CUP"). The current CUP for the System allows annual ground water withdrawal collectively from the two aquifers of 4,814.41 million gallons (13.26 MGD) in 2020, increasing to 5,884.04 million gallons (16.120 MGD) in 2024, and expires in November, 2024. The current CUP for the Ponte Vedra Utility System allows annual ground water withdrawal of 2,109.7 million gallons (5.8 MGD) in 2020, increasing to 2,566 million gallons (7.0 MGD) in 2032, and expires in December, 2032.

*Raw Water Transmission Facilities.* Raw water is transmitted from each of the County's raw water supply field wells via dedicated raw water transmission mains to the associated treatment facilities. The System transmission pipelines consists of approximately 8.7 miles of pipelines ranging in size from 10 to 36 inches in diameter. The System pipelines are constructed of either ductile iron ("DI") or polyvinyl chloride ("PVC").

*Water Treatment Facilities.* The County's CR 214 WTP and NW WTP provide service to unincorporated areas within the County and have permitted maximum daily demand capacities of 8.0 MGD and 9.0 MGD, respectively. Additionally, the County is responsible for the Bartram Oaks WTP, Hasting WTP, and the Northeast WTP, which are all minor facilities with permitted capacities of 0.057 MGD, 0.225 MGD, and 2.25 MGD, respectively. The Ponte Vedra Utility System currently includes four water treatment facilities: the Sawgrass WTP, the Marsh Landing WTP, the Innlet Beach WTP, and the Plantations WTP with permitted capacities of 3.0 MGD, 2.4 MGD, 3.6 MGD and 6.0 MGD, respectively.

### Water Transmission and Localized Distribution Facilities.

The water transmission and localized distribution facilities of the System are comprised of approximately 752 miles of water pipelines and range in size from 2 inches or less to 36 inches in diameter. The mains are constructed of DI, PVC, high density polyethylene (“HDPE”), cast iron pipe or asbestos cement (“AC”) and most were installed within the prior 35 years coincident with the growth and development of the System. Based on current operating records and studies performed by the Utility Department, these facilities have a line loss of less than 10% which is within industry standards.

The water transmission system is looped with small diameter (8-inches and less) localized distribution facilities within the serviced development units. The large diameter transmission mains are used along the major roadways to serve existing customers and provide for future service to platted areas adjacent to these mains which presently do not have service available. The pressure in the localized distribution system is maintained above the 40 pounds per square inch (psi) County Land Development Code requirement, which also meets the fire flow requirements of the County. The distribution system is equipped with isolation valves that allow for repairs and maintenance without the need for shutting down a significant portion of the water flow at once. As of September 2020, the localized distribution system also included approximately 4,367 fire hydrants to provide fire protection to the System service area.

Remote Storage and Booster Pumping Facilities. In addition to the storage and high service pumping facilities at each WTP, the County operates four remote storage and booster pumping facilities and one elevated storage tank as part of the System. The remote storage facilities and elevated storage tank have a total combined storage capacity of 3.8 MG, which with the additional storage located at each WTP provides System-wide aggregate storage capacity in excess of 12.4 MG. Each storage and booster pumping station generally is equipped with rechlorination facilities, standby power equipment and remote monitoring and control via telemetry.

Bulk Water Service. The County’s water system receives a portion of its water supply from the City of St. Augustine and JEA pursuant to interlocal agreements. The interlocal agreement with St. Augustine provides for up to 1.0 MGD of water to be delivered by St. Augustine on an average daily basis. Water from St. Augustine has been discontinued except for the Eagle Creek subdivision in the County. The County also has an interconnect with JEA for water supply in the Fruit Cove service area in the Northern portion of the County. The existing interconnects with St. Augustine’s system will remain as an emergency supply source. In 1999, the County entered into a 12-year bulk purchase agreement with JEA to provide up to 1.5 MGD of water on an average basis to serve growth in the County’s US 1 North Corridor. The terms of this agreement were mutually extended to 2030 for 2.25 MGD average annual daily flow, and may be extended based on mutual agreement of the parties.

### **Wastewater System**

General. The County’s wastewater system is comprised of localized collection, transmission, treatment, and effluent disposal facilities. The System wastewater system collectively consists of six wastewater treatment plants (“WWTPs”), approximately 375 miles of

gravity sewers, approximately 283 miles of force mains, and approximately 380 wastewater lift stations. A portion of the collected wastewater is transferred to the City of St. Augustine and JEA for treatment and effluent disposal per interlocal agreement. The County's wastewater system is regulated by the Florida Department of Environmental Protection.

*Collection and Transmission Facilities.* In late 2020, wastewater collection and transmission facilities for the System consisted of approximately 334 miles of gravity sewers, approximately 272 miles of force mains. The materials of construction of the localized facilities consist of PVC, vitrified clay pipe ("VCP"), cast iron ("CI"), DI and HDPE. The collection system also includes approximately 9,879 manholes for maintenance and operation access as well as approximately 380 wastewater lift stations, each of which typically has two (2) pumps or more for redundancy. Of the total number of wastewater lift stations in the System, some are considered master lift stations, which receive flow from smaller stations for repumping to the treatment facilities. The overall service areas are subdivided such that smaller lift stations boost flows to the larger master lift stations which then boost flows to the System WWTPs. Master pumping stations are equipped with standby power generators or diesel driven pumps.

The wastewater collection and transmission facilities in the System are in good condition with approximately 80% of such facilities having been constructed during or after 1990. The wastewater collection and transmission facilities in the Ponte Vedra Utility System are in average condition with approximately 65% of such facilities having been constructed before 1990. Based upon current operating records and studies performed by the Utility Department, these facilities have some infiltration and inflow that does increase with storm events. However, pump station run times during storm events and the ability of WWTFs to treat the flow of wastewater without any permit violations suggest that infiltration and inflow levels are within acceptable ranges. While not a regulatory requirement, collection personnel are trained pursuant to the Voluntary Collection Operation Certification Program Criteria.

*Wastewater Treatment Facilities.* The wastewater treatment facilities owned and operated by the County and included in the System consist of the Anastasia Island wastewater treatment plant ("Anastasia Island WWTP"), State Road 207 wastewater treatment plant ("SR 207 WWTP"), State Road 16 wastewater treatment plant ("SR 16 WWTP") and Northwest wastewater treatment plant ("NW WWTP"). In addition to these major facilities, the County is currently responsible for the Bartram Oaks wastewater treatment plant ("Bartram Oaks WWTP") and Hastings wastewater treatment plant ("Hastings WWTP") which are each considered minor facilities. All of these facilities have a total combined permitted capacity of approximately 9.32 MGD.

The wastewater treatment facilities owned and operated by the County and included in the Ponte Vedra Utility System consist of the Marsh Landing wastewater treatment plant (the "Marsh Landing WWTP") and the Players Club wastewater treatment plant (the "Players Club WWTP"). These treatment facilities have a combined permitted capacity of \_\_\_\_ MGD.

Effluent disposal for these facilities include surface water discharge, rapid rate land application, and/or non-restricted public access reuse. The County regularly applies for renewal permits and anticipates no problems with the continued issuance of permits for all facilities.

*Bulk Wastewater Service.* Similar to the potable water bulk purchase arrangements, the County has entered into agreements with JEA and St. Augustine to treat and dispose of wastewater from areas the County is currently unable to collect and treat. The agreement with the St. Augustine is for the treatment of wastewater primarily from the Eagle Creek subdivision. The County also has an interconnect with JEA for wastewater treatment in the Fruit Cove service area in the Northern portion of the County. This agreement includes treatment of wastewater from the subdivision for an indefinite time period at the County's request.

The County entered into a 30-year bulk service agreement with JEA to provide 2.35 MGD wastewater service on an average basis for an approximate 7 square mile area along the County's U.S. Highway 1 North Corridor. Wastewater flow from the north corridor is pumped north, from the northeast master lift station, along U.S. Highway 1 into Duval County where it is treated and disposed of by JEA. Currently, wastewater flows equal approximately 0.167 MGD.

### **Regulation**

The United States Environmental Protection Agency ("EPA") and the Florida Department of Environmental Protection promulgate various regulations governing operation of the System. The regulations deal primarily with the quality of effluent discharged from the wastewater treatment facilities, the disposal of sludge generated by the wastewater treatment plants, the discharge of pollutants into the groundwater and the nature of waste material discharged into the collection facilities. Various monitoring and reporting requirements are associated with the regulations. The County currently is in substantial compliance with all applicable regulations relating to its wastewater treatment and disposal facilities.

The County currently operates the WWTP's pursuant to permits issued by the Florida Department of Environmental Protection.

In addition to regulation of the wastewater treatment facilities, EPA and the Florida Department of Environmental Protection regulate the quality of the potable water. The County presently is in substantial compliance with all applicable regulations relating to water quality.

The consumptive use of water is administered by SJRWMD through a permitting system, pursuant to which water resources are divided among the permitted consumers.

### **Capital Improvement Program**

The County maintains an ongoing Capital Improvement Program ("CIP") to address the expansion, upgrading and refurbishment needs of the System for continued high quality services to existing and future customers. The anticipated CIP projects for the System for Fiscal Year ending September 30, 2021 through 2027 are anticipated to equal approximately \$351,021,801. Approximately, 50% of the planned CIP projects are related to growth and capacity requirements and timing may shift based on population and customer changes. The remainder of the six-year CIP will be funded from a combination of: (i) existing and future operating reserves; (ii) unrestricted and restricted operating revenues of the System; (iii) existing and future Unit Connection Fee ("UCF") funds; (iv) proceeds of a proposed Florida Department of Environmental Protection subordinate loan; and (v) proceeds from future Bonds, as further described above. Funding sources from the UCFs have certain restrictions that limit the expenditure of such funds

to either specific projects or specific classifications of projects. The UCF expenditures are limited to capacity expansion related projects independently by water and wastewater from each respective fund.

The anticipated sources and uses of the Utility Department’s CIP is set forth in the table below, which shows by Fiscal Year the anticipated amounts by source and the anticipated uses by the System.

## Rates and Fees

The Utility Department, through the County, has established a schedule of user rates, charges and fees, miscellaneous service charges, and unit connection fees. The unit connection fees are identified as “Connection Charges” in the Resolution. These rates, charges and fees are established by County Ordinance 2022-37 and the St. Johns County Utility Rate Tariff, adopted by Resolution 2022-166 and enacted on May 17, 2022 and effective on May 19, 2022, as amended and supplemented, with respect to they System. The user rates, fees and charges are designed and structured to: (i) recover the cost incurred by the System for water, wastewater and reclaimed water services; (ii) amortize a portion of the debt; and (iii) pay for other budgeted revenue requirements of the System including addressing the necessary minimum reserve fund levels.

Existing Water, Wastewater and Reclaimed Water Rate Structure and Monthly Rates. The existing water rate structure has two main components consisting of a minimum monthly charge per ERU regardless of the level of usage; and inclining usage blocks (conservation) gallonage rates per 1,000 gallons based on monthly metering activities. A single family residential connection, the most common connection type is considered as one ERU, with the number of ERUs for multi-family customers derived from the number of dwelling units served. ERU determination for all non-residential customers is predicated on meter size. The current gallonage rates utilize a conservation block rate structure where each block gallonage rate increases in accordance with consumption block increments. The wastewater rate structure also incorporates a minimum monthly charge based on the number of ERUs; however, the gallonage rate assessed per thousand gallons is uniform per customer class with single and multi-family residential classes limited to a maximum monthly billing threshold of 10,000 and 8,000 gallons per month per ERU respectively. Existing reclaimed water rates consist of a single component, a uniform gallonage rate, charge per 1,000 gallons of metered flow for all customers. The Rate Ordinance provides for annual indexing of all user rates pursuant to the Consumer Price Index. The County’s existing user rates and charges for the System are summarized below:

Existing Water and Wastewater Unit Connection Fees. In addition to the monthly water, wastewater, and reclaimed water rates that serve as the primary source of revenue, the County also imposes UCFs on all new customers. UCFs were established to provide for cost recovery of water and wastewater treatment and water and wastewater major transmission facilities. Each new connection or property redevelopment where an increase in existing capacity is needed, are required to pay the UCF to obtain service from the County. UCFs for water and wastewater are calculated on a capacity basis per Equivalent Residential Connection (ERC) basis where one ERC is equal to one single family dwelling unit or 350 gallons per day. UCFs for reclaimed water are calculated based on Equivalent Irrigation Connection (EIC) where one EIC is equal to 300 gallons per day or approximately 3,600 sq. ft. or irrigable area. Funds generated from UCFs are restricted in their use and generally limited for expansion related costs and/or debt service. The County's existing UCFs for water, wastewater and reclaimed water in the System for FY 2023 are \$2,362.67 per ERC, \$3,805.03 per ERC and \$843.59 per EIC, respectively.

Miscellaneous Service Charges. In addition to the user rates, fees and charges the Rate Ordinance provides for miscellaneous charges and penalties to recover costs of certain services specifically requested by customers and in order to address violations. This secondary source of operating revenues assists with maintaining just cost recovery by reducing the level of expenditures funded from monthly user rates, fees and charges.

User Rates, Fees and Service Charge Comparison. The following table presents a comparison of the County's monthly rates, fees and charges for the System with those of neighboring utilities based on service to a single family dwelling unit using 5,000 gallons of potable water. The rates used to calculate the monthly bills of neighboring utilities were current as of October 1, 2021. However, such figures do not include any local taxes, franchise fees or other rate adjustments.

***Billing and Collection.*** The Utility Department is responsible for customer billings and collections. Meters are read and billed on a monthly basis. Automated meter reading devices are currently operational for the entire meter inventory. The delinquency collection procedure begins on the first day after the due date and allows ten extra days for payment. If the payment is not received at this time, the meter is disconnected with the account being closed 5 days thereafter and a final bill issued and due within another 30 days. If the bill still remains unpaid after the 30 day period, a 10 day in-house collection letter is sent. If the final bill is still unpaid after that 10 day period, the account is referred for collection.

**Customers and Usage**

***General.*** Identification of the Utility Department’s customer base pursuant to class, demand and usage (customer characteristics) provides an accurate and uniform basis to forecast services, fiscal requirements and revenues. The County provides water and wastewater service to both residential and non-residential customers located throughout the service area. Residential customers, consisting of single and multi-family connections, characteristically include dwellings such as single-family homes, apartment complexes and condominiums. Non-residential customers include all other customers that for billing purposes are further identified pursuant to the following categories: (i) commercial; (ii) government; (iii) industrial; (iv) hydrants; and (v) combination. Additionally, reclaimed water service customers are classified as either general service or large users. The large user customer class is further categorized as either pressurized, non-pressurized customers, or non-pressurized disposal. The County further identifies the customers through the

ERU criterion that relates each customer demand characteristic to that of a residential single family dwelling unit. The reclaimed water system currently provides effluent for non-potable purposes to three customers and at this time does not materially impact the customer, revenue or expense dynamics of the County.

*Ten Largest Customers.* Based on unaudited annual revenue of \$60,758,860 for the System for Fiscal Year ended September 30, 2021, the ten largest customers of the System represented approximately 2.54% of the total revenue contributed to the System through user rates, fees and charges. Additionally, the majority of the revenues, 0.42% or over 83.46% of the 2.54% total, are provided by established residential dwelling unit complexes that are historically stable and generally are not affected by conditions that reduce or discontinue usage over time

## **CERTAIN IMPACTS OF COVID-19 ON PLEDGED FUNDS AND COUNTY ECONOMICS**

[UPDATE FOR MORE RECENT IMPACTS OF COVID] A novel coronavirus outbreak first identified in 2019 is causing coronavirus disease (“COVID-19”), which in February 2020, the Center for Disease Control (“CDC”) confirmed the spread of COVID-19 to the United States, and in March 2020, cases were confirmed in Florida and the County. Also in March 2020, the World Health Organization declared the COVID-19 outbreak a pandemic. The federal government has declared COVID-19 a national emergency, and many federal and state authorities have implemented aggressive measures in an attempt to curtail the spread of the virus and to avoid overwhelming the health care system. Since the pandemic declaration, COVID-19 has negatively affected travel, commerce, and financial markets globally, and is widely expected to continue to negatively affect economic growth and financial markets worldwide, including within Florida and the County. How long this negative impact will last cannot be determined at this time. While the foregoing describes certain risks related to the current outbreak of COVID-19, the same risks may be associated with any contagious epidemic or pandemic or disease.

While the effects of COVID-19 may be temporary, it has altered the behavior of businesses and people in a manner resulting in negative impacts on global and local economies. The continued spread of COVID-19, and measures taken to prevent or reduce it, adversely impacted state, national and global economic activities and, accordingly, adversely impacted the financial condition and performance of the State and the County, and the extent of that impact could be material.

While the impact of COVID-19 on the County and the Pledged Funds is uncertain at this time, the County is monitoring and will address such impacts as they arise. In late March of 2020, the County suspended disconnection of System services due to non-payment by a customer. As a result, delinquencies have increased over the last twelve months. Financial results from the end of Fiscal Year 2019 depicted aged trial balances ranging from 61-120+ days overdue in an amount of \$94,457, compared to \$357,798 estimated for Fiscal Year 2020. The Utility expects to reinstate its late fee and disconnection process on or about April 1, 2021, although no assurance can be given that such reinstatement will occur at such time. At the time reinstatement occurs, the County will assess uncollectable accounts.

Among other things, the Report sets forth certain discussion of the System’s management, facilities, certain capital improvements, service areas and the 2022 Project. **THE REPORT OF THE PROJECT ENGINEER MUST BE READ IN ITS ENTIRETY, INCLUDING THE CONSIDERATIONS AND ASSUMPTIONS UPON WHICH IT IS BASED, PRIOR TO A PROSPECTIVE PURCHASER OF THE SERIES 2022 BONDS MAKING AN INVESTMENT DECISION WITH RESPECT THERETO.** To the extent that actual conditions differ from those

assumed in preparing such forecasted activities and events, the actual activities and events will vary from those shown therein.

### **REPORT OF FEASIBILITY CONSULTANT**

The Report of the Feasibility Consultant with respect to the System is attached as APPENDIX D hereto. Such Report was prepared by the Feasibility Consultant, Raftelis Financial Consultants, Inc., Orlando, Florida. Among other things, the Report sets forth certain discussion of the System's customer base, historic financials and projections of operating results primarily based on forecasts of operating revenue and expenses pursuant to the County's approved rate ordinance, fiscal requirements and capital budgets. The Feasibility Consultant has formed certain opinions and reached certain conclusions with respect to projected growth in customers, usage and revenues of the System, projected operating expenses of the System, capacity of the System with projected improvements to meet anticipated System demand, and sufficiency of adopted rates to meet debt service requirements on the Bonds. **THE REPORT OF THE FEASIBILITY CONSULTANT MUST BE READ IN ITS ENTIRETY, INCLUDING THE CONSIDERATIONS AND ASSUMPTIONS UPON WHICH IT IS BASED, PRIOR TO A PROSPECTIVE PURCHASER OF THE SERIES 2022 BONDS MAKING AN INVESTMENT DECISION WITH RESPECT THERETO.** To the extent that actual conditions differ from those assumed in preparing such forecasted amounts, the actual amounts will vary from those shown therein.

### **LEGAL MATTERS**

Certain legal matters in connection with the issuance of the Series 2022 Bonds are subject to an approving legal opinion of Nabors, Giblin & Nickerson, P.A., Tampa, Florida, Bond Counsel, whose approving opinion (a form of which is attached hereto as "APPENDIX G – FORM OF BOND COUNSEL OPINION") will be available at the time of delivery of the Series 2022 Bonds. Certain legal matters will be passed on for the County by the County Attorney's Office, and Foley & Lardner LLP, Jacksonville, Florida, Disclosure Counsel.

Bond Counsel has not been engaged to, nor has it undertaken to, review (1) the accuracy, completeness or sufficiency of this Official Statement or any other offering material relating to the Series 2022 Bonds; provided, however, that Bond Counsel will render an opinion to the Underwriter of the Series 2022 Bonds and the County (upon which opinion only the Underwriter and the County may rely) relating to the fairness of the presentation of certain statements contained herein under the heading "TAX MATTERS" and certain statements which summarize provisions of the Resolution and the Series 2022 Bonds and (2) the compliance with any federal or state law with regard to the sale or distribution of the Series 2022 Bonds.

### **LITIGATION**

There is no pending or, to the knowledge of the County, any threatened litigation against the County of any nature whatsoever which in any way questions or affects the validity of the Series 2022 Bonds, or any proceedings or transactions relating to their issuance, sale, execution, or delivery, or the adoption of the Resolution, or the pledge of the Pledged Funds. Neither the creation, organization or existence, nor the title of the present members of the Board or other officers of the County is being contested.

The County experiences routine litigation and claims incidental to the conduct of its affairs. In the opinion of the County Attorney, there are no actions presently pending or threatened which would materially adversely impact the County's ability to receive the Pledged Funds.

## **TAX MATTERS**

### **Opinion of Bond Counsel**

In the opinion of Bond Counsel, the form of which is included as APPENDIX G hereto, the interest on the Series 2022 Bonds is excludable from gross income of the owners thereof for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax under existing statutes, regulations, rulings and court decisions. Failure by the City to comply subsequent to the issuance of the Series 2022 Bonds with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), including but not limited to requirements regarding the use, expenditure and investment of Series 2022 Bond proceeds and the timely payment of certain investment earnings to the Treasury of the United States, may cause interest on the Series 2022 Bonds to become includable in gross income for federal income tax purposes retroactive to their date of issuance. The City has covenanted in the Resolution to comply with all provisions of the Code necessary to, among other things, maintain the exclusion from gross income of interest on the Series 2022 Bonds for purposes of federal income taxation. In rendering its opinion, Bond Counsel has assumed continuing compliance with such covenants.

### **Internal Revenue Code of 1986**

The Code contains a number of provisions that apply to the Series 2022 Bonds, including, among other things, restrictions relating to the use of investment of the proceeds of the Series 2022 Bonds and the payment of certain arbitrage earnings in excess of the "yield" on the Series 2022 Bonds to the Treasury of the United States. Noncompliance with such provisions may result in interest on the Series 2022 Bonds being included in gross income for federal income tax purposes retroactive to their date of issue.

### **Collateral Tax Consequences**

Except as described above, Bond Counsel will express no opinion regarding the federal income tax consequences resulting from the ownership of, receipt or accrual of interest on, or disposition of, the Series 2022 Bonds. Prospective purchasers of the Series 2022 Bonds should be aware that the ownership of the Series 2022 Bonds may result in other collateral federal tax consequences. For example, ownership of the Series 2022 Bonds may result in collateral tax consequences to various types of corporations relating to (1) denial of interest deduction to purchase or carry such Series 2022 Bonds, (2) the branch profits tax, and (3) the inclusion of interest on the Series 2022 Bonds in passive income for certain Subchapter S corporations. In addition, the interest on the Series 2022 Bonds may be included in gross income by recipients of certain Social Security and Railroad Retirement benefits.

**PURCHASE, OWNERSHIP, SALE OR DISPOSITION OF THE SERIES 2022 BONDS AND THE RECEIPT OR ACCRUAL OF THE INTEREST THEREON MAY HAVE ADVERSE FEDERAL TAX CONSEQUENCES FOR CERTAIN INDIVIDUAL AND CORPORATE BONDHOLDERS, INCLUDING, BUT NOT LIMITED TO, THE CONSEQUENCES**

DESCRIBED ABOVE. PROSPECTIVE SERIES 2022 BONDHOLDERS SHOULD CONSULT WITH THEIR TAX SPECIALISTS FOR INFORMATION IN THAT REGARD.

### **Other Tax Matters**

Interest on the 2022 Bonds may be subject to state or local income taxation under applicable state or local laws in other jurisdictions. Purchasers of the 2022 Bonds should consult their tax advisors as to the income tax status of interest on the 2022 Bonds in their particular state or local jurisdictions.

During recent years legislative proposals have been introduced in Congress, and in some cases enacted, that altered certain federal tax consequences resulting from the ownership of obligations that are similar to the 2022 Bonds. In some cases these proposals have contained provisions that altered these consequences on a retroactive basis. Such alteration of federal tax consequences may have affected the market value of obligations similar to the 2022 Bonds. From time to time, legislative proposals are pending which could have an effect on both the federal tax consequences resulting from ownership of the 2022 Bonds and their market value. No assurance can be given that additional legislative proposals will not be introduced or enacted that would or might apply to, or have an adverse effect upon, the 2022 Bonds.

### **Original Issue Discount**

Certain of the 2022 Bonds (the “Discount Bonds”) may be offered and sold to the public at an original issue discount, which is the excess of the principal amount of the Discount Bonds over the initial offering price to the public, excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers, at which price a substantial amount of the Discount Bonds of the same maturity was sold. Original issue discount represents interest which is excluded from gross income for federal income tax purposes to the same extent as interest on the Discount Bonds. Original issue discount will accrue over the term of a Discount Bond at a constant interest rate compounded semiannually. An initial purchaser who acquires a Discount Bond at the initial offering price thereof to the public will be treated as receiving an amount of interest excludable from gross income for federal income tax purposes equal to the original issue discount accruing during the period he holds such Discount Bonds and will increase its adjusted basis in such Discount Bonds by the amount of such accruing discount for purposes of determining taxable gain or loss on the sale or other disposition of such Discount Bonds. The federal income tax consequences of the purchase, ownership and prepayment, sale or other disposition of Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those above. Owners of Discount Bonds should consult their own tax advisors with respect to the precise determination for federal income tax purposes of interest accrued upon sale, prepayment or other disposition of such Discount Bonds and with respect to the state and local tax consequences of owning and disposing of such Discount Bonds.

### **Original Issue Premium**

Certain of the 2022 Bonds (the “Premium Bonds”) may be offered and sold to the public at a price in excess of the principal amount of such Premium Bond, which excess constitutes to an

initial purchaser amortizable bond premium which is not deductible from gross income for Federal income tax purposes. The amount of amortizable bond premium for a taxable year is determined actuarially on a constant interest rate basis over the term of the Premium Bonds which term ends on the earlier of the maturity or call date for each Premium Bond which minimizes the yield on said Premium Bonds to the purchaser. For purposes of determining gain or loss on the sale or other disposition of a Premium Bond, an initial purchaser who acquires such obligation in the initial offering to the public at the initial offering price is required to decrease such purchaser's adjusted basis in such Premium Bond annually by the amount of amortizable bond premium for the taxable year. The amortization of bond premium may be taken into account as a reduction in the amount of tax-exempt income for purposes of determining various other tax consequences of owning such Premium Bonds. The federal income tax consequences of the purchase, ownership and sale or other disposition of Premium Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. Owners of the Premium Bonds are advised that they should consult with their own advisors with respect to the state and local tax consequences of owning such Premium Bonds.

### **RATINGS**

S&P Global Ratings, a business unit of S&P Global Ratings ("S&P"), and Moody's Investors Service, Inc. ("Moody's") are expected to assign their municipal bond ratings of "[ ]" and "[ ]", respectively, to the Series 2022 Bonds. The ratings reflect only the views of said rating agencies and an explanation of the ratings may be obtained only from said rating agencies. There is no assurance that such ratings will continue for any given period of time or that they will not be lowered or withdrawn entirely by the rating agencies, or any of them, if in their judgment, circumstances so warrant. A downward change in or withdrawal of any of such ratings, may have an adverse effect on the market price of the Series 2022 Bonds. An explanation of the significance of the ratings is available from the rating agencies, at the following addresses: Standard & Poor's Ratings Services, 55 Water Street, 38th Floor, New York, New York 10041 and Moody's Investors Service, Inc., 7 World Trade Center, 250 Greenwich Street, 23rd Floor, New York, New York 10007.

### **COMPETITIVE SALE**

The Series 2022 Bonds are being purchased at competitive sale by \_\_\_\_\_ (the "Underwriter") at an aggregate price of \$\_\_\_\_\_ (representing the par amount of the Series 2022 Bonds [plus original issue premium][less original issue discount] of \$\_\_\_\_\_ and less Underwriter's discount of \$\_\_\_\_\_). The Underwriter's obligations are subject to certain conditions precedent described in the Official Notice of Sale and it will be obligated to purchase all of the Series 2022 Bonds if any Series 2022 Bonds are purchased. The yields shown on the inside cover page hereof were furnished by the Underwriter. All other information concerning the terms of any re-offering should be obtained from the Underwriter.

### **FINANCIAL ADVISOR**

The County has retained PFM Financial Advisors LLC, Orlando, Florida, as financial advisor in connection with the County's financing plans and with respect to the authorization and

issuance of the Series 2022 Bonds (the “Financial Advisor”). The Financial Advisor is not obligated to undertake and has not undertaken to make an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information contained in the Official Statement. The Financial Advisor did not participate in the underwriting of the Series 2022 Bonds.

### **DISCLOSURE REQUIRED BY SECTION 517.051, FLORIDA STATUTES**

Pursuant to Section 517.051, Florida Statutes, as amended, no person may directly or indirectly offer or sell securities of the County except by an offering circular containing full and fair disclosure of all defaults as to principal or interest on its obligations since December 31, 1975, as provided by rule of the Office of Financial Regulation within the Florida Financial Services Commission (the “FFSC”). Pursuant to administrative rulemaking, the FFSC has required the disclosure of the amounts and types of defaults, any legal proceedings resulting from such defaults, whether a trustee or receiver has been appointed over the assets of the County, and certain additional financial information, unless the County believes in good faith that such information would not be considered material by a reasonable investor. The County is not and has not been in default on any bond issued since December 31, 1975 that would be considered material by a reasonable investor.

The County has not undertaken an independent review or investigation of securities for which it has served as conduit issuer. The County does not believe that any information about any default on such securities is appropriate and would be considered material by a reasonable investor in the Series 2022 Bonds because the County would not have been obligated to pay the debt service on any such securities except from payments made to it by the private companies on whose behalf such securities were issued and no funds of the County would have been pledged or used to pay such securities or the interest thereon.

### **CONTINUING DISCLOSURE**

The County has covenanted for the benefit of the Series 2022 Bondholders to provide certain financial information and operating data relating to the County and the Series 2022 Bonds in each year, and to provide notices of the occurrence of certain enumerated material events. The County has agreed to file annual financial information and operating data and the audited financial statements with each entity authorized and approved by the Securities and Exchange Commission (the “SEC”) to act as a repository (each a “Repository”) for purposes of complying with Rule 15c2-12 adopted by the SEC under the Securities Exchange Act of 1934 (the “Rule”). Effective July 1, 2009, the sole Repository is the Municipal Securities Rulemaking Board (“MSRB”). The County has agreed to file notices of certain enumerated material events, when and if they occur, with the Repository.

The specific nature of the financial information, operating data, and of the type of events which trigger a disclosure obligation, and other details of the undertaking are described in “APPENDIX F – Form of Continuing Disclosure Certificate” attached hereto. The Continuing Disclosure Certificate shall be executed by the County upon the issuance of the Series 2022 Bonds.

With respect to the Series 2022 Bonds, no party other than the County is obligated to provide, nor is expected to provide, any continuing disclosure information with respect to the Rule.

The County believes it has complied in all material respects in the last five years with its prior continuing disclosure undertakings, other than described below. Under its continuing disclosure undertaking for the County's Special Obligation Refunding Revenue Bonds, Series 2019, the County is required to file notice of any material financial obligations with ten business days of the incurrence thereof. The County incurred a material financial obligation on June 10, 2020, and filed notice thereof with the MSRB on July 8, 2020, seventeen business days thereafter.

The County fully anticipates satisfying all future disclosure obligations required pursuant to the Rule. The County has continuing disclosure policies and procedures to ensure compliance with its continuing disclosure obligations and has retained Digital Assurance Certification LLC ("DAC") as its dissemination agent.

### **ENFORCEABILITY OF REMEDIES**

The remedies available to the Holders of the Series 2022 Bonds upon an event of default under the Resolution, as applicable, are in many respects dependent upon judicial actions which are often subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, including specifically the federal bankruptcy code, the remedies specified in the Resolution and the Series 2022 Bonds may not be readily available or may be limited. The various legal opinions to be delivered concurrently with the delivery of the Series 2022 Bonds (including Bond Counsel's approving opinion) are qualified, as to the enforceability of the various legal instruments, by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors enacted before or after such delivery. See "COMPOSITE RESOLUTION AND SUPPLEMENTAL RESOLUTION" attached hereto as APPENDIX E for a description of the events of default and remedies under the Resolution.

**WHEREAS**, the Issuer, by the Supplemental Resolution defined below, designated the Bank as Registrar and Paying Agent for the St. Johns County, Florida Water and Sewer Revenue Bonds, Series 2022 (the "Series 2022 Bonds"), issued by the Issuer for the purposes of (i) financing various capital improvements to the water and sewer system of the Issuer and (ii) paying costs associated with the issuance of the Series 2022 Bonds; and

**WHEREAS**, the Series 2022 Bonds are being issued pursuant to Resolution No. 98-84 adopted by the Issuer on April 25, 1989, as amended and supplemented, particularly as supplemented by Resolution No. 2022-\_\_ (the "Supplemental Resolution") of the Issuer adopted on \_\_\_\_\_, 2022 (collectively, the "Resolution"); and

**THEREFORE**, it is agreed by the parties hereto as follows:

(1) The Issuer hereby appoints the Bank as Registrar and Paying Agent for the Series 2022 Bonds and the Bank hereby accepts such appointment and agrees to perform its responsibilities as Registrar and Paying Agent pursuant to the terms hereof and the Resolution. The Bank shall have no duty to determine the performance or nonperformance of any terms or conditions of any contract or agreement other than those between the parties hereto and the duties and responsibilities of the Bank are limited to those specifically stated herein and in the Resolution.

- (a) Resolution;
- (b) Specimen of the Bond certificates;
- (c) Bond Counsel Opinion; and
- (d) Official Statement.

(3) In the event the Series 2022 Bonds are certificated, the Issuer shall furnish to the Bank a sufficient supply of blank Bond certificates and from time to time will renew such supply upon the request of the Bank. Such blank certificates are to be executed by the Issuer as required by the Resolution. In case any official of the Issuer who shall have signed manually or whose facsimile signature shall have been affixed to blank Bond

certificates shall die, resign or be removed prior to the issuance of such certificates, the Bank, as Registrar, may authenticate or register such certificates notwithstanding such death, resignation or removal; and the Issuer shall file promptly with the Bank such approval, adoption or ratification as may be required by law.

(4) Transfers of any certificated Bonds shall be registered and new certificates issued by the Bank upon surrender of outstanding Bond certificates (a) in form deemed by the Bank properly endorsed for transfer and (b) with all necessary endorser's signatures guaranteed in such manner and form as the Bank may require in accordance with the terms of the Resolution.

(5) In registering transfers, the Bank, as Registrar, may rely upon the Uniform Commercial Code or any other statutes or regulations that, in the opinion of counsel to the Bank, protect the Bank and the Issuer in not requiring complete documentation, in registering transfer without inquiry into adverse claims, in delaying registration for purposes of such inquiry, or in refusing registration where in its judgment an adverse claim requires such refusal.

All mail deliveries shall be covered while in transit to the addressee by insurance arranged by the Bank.

(7) In the event the Series 2022 Bonds are issued in certificated form, the Bank shall issue new certificates in place of certificates represented to have been lost, destroyed, or stolen upon receipt of indemnity satisfactory to the Bank and the Issuer, and shall issue new certificates in exchange for and upon surrender of, mutilated certificates, all in accordance with the terms of the Resolution.

(8) The Bank shall maintain customary records in connection with this Agreement and in accordance with federal and state regulations. It shall send all books, documents and records deemed no longer needed for current purposes to the Issuer who shall safely store such books, documents and records as required by applicable law.

(9) The Issuer shall provide immediately available funds to the Bank in a timely manner in accordance with the Bond Resolution in order to assure prompt payment of the principal of, redemption premium, if any, and interest on the Series 2022 Bonds. The Bank will hold and apply any moneys deposited with it solely for the payment of the Series 2022 Bonds.

(10) The Bank upon timely receipt of collected funds sufficient for the payment thereof, shall distribute principal and interest payments on the outstanding Bonds to the holders indicated as of the current record dates in its records as Registrar unless otherwise directed. The record date of the Bond shall be as indicated in the Resolution.

(11) The Bank shall destroy by complete mutilation all paid certificated Bonds, if any, and will furnish the required destruction certificate.

(12) The Bank at any time may apply to the Issuer for instructions and may consult with counsel in respect of any manner arising in connection with its serving as Registrar and Paying Agent.

(13) The Issuer, upon the receipt of periodic invoices, shall pay to the Bank the fees and out-of-pocket expenses, including the fees and expenses of its attorneys, incurred by it in connection with its duties hereunder as shall have been mutually agreed upon in writing.

(14) The Bank may resign at any time upon giving 90 days written notice of such resignation to the Issuer. The Bank may be removed at any time by appropriate resolution of the Issuer, a certified copy of which shall be furnished to the Bank. Upon resignation or removal, the Bank shall, to the extent permitted by law, deliver to its successor or to the Issuer its records as such agent.

(15) To the extent permitted by law, the Issuer agrees that it will indemnify and hold the Bank harmless from any and all liability, cost or expense incurred without negligence or misconduct on its part, arising out of or in connection with the acceptance or administration of the duties hereunder, including the cost and expenses (including its reasonable counsel fees) of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties under this Agreement. The indemnities contained in this Section shall survive the termination of this Agreement.

(16) The Bank may consult with legal counsel acceptable to the Issuer and the written advice of such counsel or any opinion shall be full and complete authorization and protection with respect to any action taken, suffered or omitted by it hereunder in good faith in reliance thereon; provided that any such written advice or opinion is supplied to the Issuer by the Bank.

(17) The Bank may rely and shall be protected by the Issuer against any claim by the Issuer or any other person in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, certificate, note, security, or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties. Without limiting the generality of the foregoing statement, the Bank need not examine the ownership of any certificate, but is protected in acting upon receipt of a certificate containing an endorsement or instruction of transfer or power of transfer which appears on its face to be signed by the holder or an agent of the holder. The Bank shall not be bound to make any investigation into the acts or manners stated in a resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, certificate, note, security, or other paper or document supplied by the Issuer.

(18) In the event of any merger or consolidation of the Bank with or into any other corporation or in the event of the sale of all or substantially all of the Bank's corporate trust business, the corporation resulting from such merger or consolidation, or the transferee in the case of any such sale, shall be and become successor Bank.

(19) This Agreement may be executed in several counterparts, each of which shall be an original and all of which constitute but one and the same instrument.

(20) Notwithstanding any other provisions hereof, the terms of this Agreement are subject to and shall be deemed amended in all respects if there is a conflict with the requirements of The Depository Trust Company and its system of book-entry only registration so long as said system is being used by the Issuer for the Series 2022 Bonds.

**IN WITNESS WHEREOF**, the parties have caused these presents to be duly executed, the day and year first above written.
