IN CONSIDERATION OF THE COVENANTS AND AGREEMENTS HEREIN AND PAYMENT OF THE FEES DESCRIBED HEREIN, THE PARTIES AGREE AS FOLLOWS:

Section 1. This agreement is based on Contractor's/Developer's Capacity Commitment Application (Application) dated _____, File No. N Wilderness Trail W/WW Line Extension - Utility Service Agreement, which is incorporated by reference and made a part hereof. Contractor/Developer further acknowledges that the County has no obligation under this agreement to provide water and/or sewage treatment capacity above and beyond the number of ERCs designated above.~~

Section 3. Section 4. Upon payment of the amount stated above, or satisfactory arrangements for extended payments, Contractor/Developer has the right to connect to the County water and/or sewer system. This provision shall not be interpreted to require Contractor/Developer to connect to the County water and/or sewer system within 12 months.

Section 5. However, if Contractor/Developer has not connected the committed ERCs in the Project prior to 12 months from the date of this Agreement; or, if connections have been made, but the physical development or vertical construction of the project has not proceeded to such an extent that the committed ERCs can practicably be used, then, in either event, Contractor/Developer shall pay water and/or sewer reserved capacity fee at the fixed minimum annual rate in effect at that time, per committed and unconnected or unused ERC
