(c) Lessee will not use the leasehold interest hereby conveyed by Lessor in any manner, whether directly or indirectly, that will interfere with or otherwise reduce Lessor's or any Public Safety Agency's use of the Communication Tower or the Equipment Shelter, or any other governmental or non-governmental use of the Communication Tower or Equipment Shelter in violation of Article 9 of this Lease Agreement.

Article 3. Granting Provisions.

(a) Notwithstanding any other provision contained herein, it is specifically noted that this Lease Agreement shall not be effective unless and until Lessee has successfully completed all Prerequisites as determined by the Lessor, in its reasonable discretion.

(b) Lessor shall review and approve all drawings, plans, specifications, structural analyses and Interference analyses set forth in Exhibit B prior to execution of this Lease.

(c) All structural analyses provided pursuant to this Article shall be performed in accordance with the ANSI/TIA-222-G-2-2009 Structural Standard for Antenna Supporting Structures and Antennas – Addendum 2 based upon a 3-second basic wind speed of 155 mph, Structure Class III, Importance Factor 1.15, and Exposure Category C per section 1609.3.1 as required for the use in the TIA-222-G standard per Exception #5 of Section 1609.1.1. These design criteria exceed the requirements of the 2010 Florida Building Code based upon a 3-second ultimate wind speed of 200 mph, Risk Category IV, and Exposure Category C.

(d) Notwithstanding any other provision contained herein, this Lease Agreement shall not be effective unless and until Lessee has obtained all insurance coverage as provided under Article 15, and such insurance coverage has been approved by Lessor.

3.2 Leasehold and Permitted Use.

(a) Lessor, in consideration of the Lease Payment, covenants and agreements of the Lessee contained herein, does hereby lease to Lessee space within the Premises and necessary space on the Communication Tower located at the Premises, as specifically described and depicted in Exhibit C, entitled “Tower and Ground Lease Area,” attached hereto and incorporated herein.

(b) Such lease permits Lessee to use the Premises for the transmission and reception of communication signals and the installation, construction, maintenance, operation, repair, replacement and upgrade of its communication fixtures and related equipment, cables and accessories and improvements, as well as the right to test, survey and review title on the Premises.

(c) Lessee’s construction and installation of all equipment at the Premises shall be performed in accordance with plans, drawings and specifications approved by Lessor in writing not to be unreasonably withheld, conditioned or delayed. Except as provided herein, no subsequent modification, alteration, supplementation, replacement, upgrade, expansion or relocation of any equipment at the Premises shall be made without prior review and written

approval by Lessor not to be unreasonably withheld, conditioned or delayed. To the extent it deems advisable, Lessor retains the right to monitor and inspect Lessee's construction and/or installation of any or all equipment at the Premises. Notwithstanding the foregoing, Lessor and Lessee agree that Lessee shall not be required to obtain the prior written approval of Lessor for modifications, additions, upgrades, expansions, relocations and repairs to Lessee's Equipment within its Ground Lease Area or in connection with Like-for-Like Equipment Modifications (as defined herein) on the Communication Tower, provided that Lessee presents written documentation, sealed by a professional engineer, that the proposed Like-for-Like Equipment Modifications does not increase the loading of the Lessee's equipment on the tower and will not adversely affect the structural integrity of the tower. For purposes of this Lease Agreement, "Like-for-Like Equipment Modifications" means removal of all or any portion of the Lessee's Equipment on the Communication Tower (collectively, the "Old Equipment") and replacing the same with similar and comparable equipment that does not increase the loading of the Lessee's equipment on the tower. Further, with respect to modifications, additions, upgrades, expansions, relocations and repairs requiring Lessor's consent, Lessor may not condition its approval by requiring an increase in rent for any tower equipment modifications, additions, replacements, expansions or relocations that do not cause increased tower loading of the Communication Tower or jeopardize the structural integrity of the Communication Tower. All changes to the Lessee's Equipment shall require the parties to amend this Lease Agreement and revise Exhibit D to reflect the changes. In the case of Like-for-Like Equipment Modifications, the parties shall execute an amendment to this Lease Agreement, acceptable to both parties in their reasonable discretion, which amendment will revise Exhibit D to reflect the modification. The parties will use commercially reasonable efforts to execute such amendment within thirty (30) days of commencing the Like-for-Like Equipment Modifications.

(d) A professional engineer shall seal all structural analyses, Interference analyses, plans, drawings and specifications for construction and installation of any equipment on the Communications Tower, including any subsequent modifications, alterations, supplementations, replacements, upgrades, expansions or relocations of equipment at the Premises. In connection with Lessee's modifications, additions, upgrades, expansions, relocations and repairs of Lessee's Equipment on the Tower, Lessor hereby retains the right to require Lessee, at the Lessee's expense, to obtain a third party technical study thereof performed by a contractor, approved by Lessor.

(e) Lessor grants to Lessee a non-exclusive easement and right of way for ingress and egress at all times throughout the Term of this Lease Agreement, and at no charge to Lessee. Lessee and its employees, agents, and subcontractors, will have twenty-four (24) hour per day, seven (7) day per week pedestrian and vehicular access to and over the Premises and any existing access roads, easements and/or rights of way owned by Lessor to the Premises for the purpose of constructing, installing, maintaining, operating and repairing Lessee's Equipment.

(f) Lessor and Lessee mutually and expressly agree that grant of the lease and permitted use of the Premises is contingent upon the suitability of the Premises for Lessee's intended use and Lessee's ability to obtain all requisite local, state and federal licenses, permits, and/or other necessary approvals including without limitation applications for zoning variances, zoning ordinances, amendments, special use permits and construction permits (collectively "Government Approvals"). Lessor authorizes Lessee, at Lessee's sole cost and expense, to prepare, execute and file all required applications to obtain Government Approvals. Lessor agrees to reasonably assist Lessee with Lessee's applications for the Government Approvals, however assumes no responsibility for obtaining and/or maintaining any such Government Approvals. Subject to Lessee's opportunity to cure pursuant to Article 6 of this Lease Agreement, once obtained, failure by Lessee to maintain any Government Approval governing Lessee's activity at the Premises shall constitute cause for Lessor to terminate this Lease Agreement without penalty or further liability.

Article 4. Lease Term.

(a) The initial lease term shall be five (5) years ("Initial Term"), commencing on the Commencement Date. The Initial Term will expire on the fifth (5th) anniversary of the Commencement Date.

(b) This Lease Agreement will automatically renew for up to four (4) additional five (5) year terms(s) (each five (5) year term shall be defined as an "Extension Term"), upon the same terms and conditions provided herein, unless Lessee notifies Lessor, in writing of its intent not to renew this Lease Agreement at least one hundred and eighty (180) days prior to the expiration of the then existing Term.

(c) If after expiration/termination of any Term provided herein, Lessee shall continue to occupy the Premises and/or Communication Tower without the express written consent of Lessor, such occupancy shall be a tenancy at sufferance as provided under State law. Rent during such time shall be at the then current Rent rate plus five percent (5%) ("Holdover Rate"). The Holdover Rate shall be subject to an additional five percent (5%) annual increase each year Lessee continues to occupy the Premises and/or Communication Tower without consent by Lessor. Acceptance of any and all Rent by the Lessor during such time shall not constitute: (i) a renewal of this Lease Agreement; (ii) Lessor's consent to such occupancy; (iii) a waiver of Lessor's right of reentry; (iv) a waiver of any other right contained herein; nor (v) a waiver of any remedy available to Lessor at law or in equity.

(d) The word "Term" as used herein shall mean the Initial Term and any available Extension Terms(s)

Article 5. Rent.

5.1 Lessee shall pay the Lessor monthly rent in the amount of Three Thousand Two Hundred Dollars and No/100 (\$3,200.00), plus all taxes, if applicable, and subject to the annual increases as provided below in this Article. The initial rent payment shall be due on the first (1st) day of the first (1st) month following full execution of this Lease Agreement (“Commencement Date”), and each subsequent monthly payment shall be due on or before the first (1st) day of each calendar month (“Due Date”) for the Term of this Lease Agreement. Lessor agrees to provide Lessee with a completed IRS Form W-9, or its equivalent, upon execution of this Lease Agreement and at such other times as may be reasonably requested by Lessee, including, any change in Lessor’s name or address. Lessor and Lessee acknowledge and agree that initial rental payment(s) shall not actually be sent by Lessee until sixty (60) days after the Commencement Date. By way of illustration of the preceding sentence, if the Commencement Date is January 1, Lessee shall send to the Lessor the rental payments for January 1, February 1, and March 1 by March 1.

Rent shall be payable to Lessor at the following address:

**St. Johns County Land Management Systems
Attention: Real Estate Division
500 San Sebastian View
St. Augustine, Florida 32084**

5.2 The rent shall increase annually on the anniversary of the Commencement Date by an amount equal to three percent (3%) of the rent paid during the previous year.

5.3 A late fee in the amount of five percent (5%) shall be assessed against any monthly rent payment not made on or before the Due Date. Notwithstanding any other provision contained herein, failure by Lessee to make any monthly rent payment within thirty (30) calendar days after written notice of default from Lessor, pursuant to Section 13.1 of this Lease Agreement, shall constitute cause for termination of this Lease Agreement by Lessor with no further obligation or penalty.

5.4 All charges payable under this Lease Agreement such as utilities and taxes shall be billed by Lessor within one (1) year from the end of the calendar year in which the charges were incurred; any charges beyond such period shall not be billed by Lessor, and shall not be payable by Lessee. The foregoing shall not apply to monthly rent which is due and payable without a requirement that it be billed by Lessor. The provisions of this subsection shall survive the termination or expiration of this Lease Agreement.

Article 6. Termination.

(a) Lessor shall have the right to terminate this Lease Agreement for cause, without penalty or further liability, if Lessee, after its receipt of thirty (30) days prior written notice of default from Lessor, fails to comply with any applicable local, state and/or federal provision governing Lessee's activity at the Premises within the time prescribed by the governing authority, or within thirty (30) calendar days if no time is prescribed. Lessor shall allow Lessee the time prescribed by the governing authority, as may be extended, to cure or become in compliance with such failure to the extent that such time to cure does not interfere with Lessor's operation of the interoperable communication system. Delay in curing a cited Lessee activity under this Section will be excused if due to causes beyond the reasonable control of Lessee.

(b) Lessee shall have the right to terminate this Lease Agreement: (i) at any time prior to the Commencement Date, with written notice to Lessor; and thereafter, (ii) upon at least one hundred eighty (180) calendar days prior written notice to Lessor of the intent to terminate, and subject to payment of an early termination fee equal to six (6) months of Rent payments at the then current rate.

(c) Either party shall have the right to terminate this Lease Agreement, without penalty or further liability, if Lessee is denied, after exhaustion of all applicable appeals (provided that Lessee elects to appeal), any required Government Approvals necessary for construction, installation or operation of Lessee's Equipment at the Premises. Once obtained, failure by Lessee to maintain any Government Approval shall not constitute cause for termination of this Lease Agreement by Lessee except as otherwise provided herein.

(d) In accordance with Article 13 of this Lease Agreement, entitled "Default and Right to Cure," either party may terminate this Lease Agreement for cause upon prior written notice to the defaulting party, if the defaulting party fails to cure within the applicable cure periods provided therein. Delay in curing a default will be excused if due to causes beyond the reasonable control of Lessor or Lessee, and to the extent that such delay does not interfere with Lessor's operation of the interoperable communication system.

(e) In the event the Premises and/or Communication Tower are damaged by fire, casualty, natural disaster or other harm so as to render it and/or them unleaseable, the Rent shall abate from the date of such damage and shall not resume until the Premises and/or Communication Tower are restored to a leaseable condition. If Lessor undertakes to rebuild or restore the Premises and/or the Communication Tower, Lessor agrees to permit Lessee to place temporary transmission and reception facilities on the property subject to the provisions of Article 5 contained herein, and to the extent that placement and/or operation of such temporary facilities do not interfere with Lessor's efforts to rebuild or restore the Premises and/or Communication Tower, and to the extent

that placement and/or operation of such temporary facilities do not interfere with Lessor's operation of the interoperable communication system. In the event such damage shall render restoration by Lessor impossible within ninety (90) days of the time of such damage, Lessee may elect to terminate this Lease Agreement without penalty or further liability from the date of said damage. Any unpaid balance of Rent shall be prorated as of such termination date and paid in full by Lessee. Any prepaid Rent shall be prorated and returned to the Lessee for the period the Premises and/or Communication tower are unleaseable.

Article 7. Removal

All personal property as described in the Lessee Equipment Schedule, attached hereto as Exhibit D and as amended from time to time by written amendment executed by the parties, and incorporated herein, shall remain the sole property of Lessee and shall be removed by Lessee upon termination/expiration of this Lease Agreement. Failure to remove Lessee's Equipment from the Premises and/or Communication Tower within ninety (90) calendar days after the Term of this Lease Agreement, or other timeframe mutually agreed to by the parties in writing, may result in Lessor removing Lessee's equipment at Lessee's sole cost and expense.

Article 8. Maintenance.

8.1 Lessor will repair and maintain the Premises, the Communication Tower and access thereto in good condition, reasonable wear and tear and damage from the elements excepted. Lessee shall keep and maintain all leased portions of the Premises in good condition, reasonable wear and tear expected. Lessee shall provide Lessor reasonable advance notice of any repairs and/or maintenance conducted at the Premises.

8.2 Lessee, at Lessee's sole cost and expense, shall repair and maintain Lessee's Equipment at the Premises or on the Communication Tower in a condition satisfactory to Lessor. Lessee, at Lessee's sole cost and expense, shall maintain and repair Lessee's Equipment, except such maintenance and repair as may be necessitated by or as a result of the negligence of Lessor, in which case, the cost of such reasonable repairs shall be charged to and paid by Lessor.

Article 9. Interference.

9.1 Lessee's installation, operation, and use of Lessee's Equipment shall not damage or interfere in any way with operation of the interoperable communication system, its lighting system, related repair and maintenance activities or the activities of any Public Service Agency at the Premises. Lessee acknowledges that Interference with operation of the interoperable communication system could cause irreparable harm. In the event that there is Interference to Lessor's operation of the interoperable communication system caused by Lessee's Equipment,

Lessee shall promptly cease all operations which are suspected of causing such Interference (except for intermittent testing to determine the cause of such Interference) until the Interference has been corrected.

9.2 Lessor agrees to provide reasonable advance notice of such activities to Lessee and to reasonably cooperate with Lessee to eliminate the cause of such Interference in order to restore operations.

9.3 Upon execution of this Agreement, Lessor shall provide to Lessee a schedule of reserved and existing radio frequencies in use at the Premises. Lessee warrants and represents that its use of the Premises will not cause Interference to the operations of any reserved or existing frequencies contained therein.

9.4 Prior to the installation of any of Lessee's Equipment on the Communication Tower or at the Premises, Lessee shall provide to Lessor an intermodulation analysis of all existing and proposed receiver and transmitter frequencies and shall certify that no Interference to any existing or proposed transceiver will occur as a result of the installation of any such equipment.

9.5 Lessee shall operate Lessee's Equipment in a manner that will not cause Interference to any and all of Lessor's current and future communication equipment which uses frequencies licensed to Lessor. Lessee shall operate Lessee's Equipment in a manner that will at no time cause Interference to the operations of any Public Service Agency operating within frequencies other than those frequencies licensed to Lessee.

9.6 Lessee shall install, operate and maintain Lessee's Equipment in a manner that will not damage or interfere with the operations of the existing equipment of other existing users. In turn, with the exception of any equipment existing at the Premises, and the exception of transmissions on any frequencies allocated by the FCC for non-commercial, public safety communication, Lessor agrees to use its best efforts within seventy two (72) hours following notice to prevent all subsequent lessees from installing and/or operating any equipment in a manner that causes harmful Interference to Lessee's Permitted Use at the Premises. In the event that any such Interference does not cease within the aforementioned cure period, Lessor shall require any subsequent lessee to cease all operations which are suspected of causing interference (except for intermittent testing to determine the cause of such Interference) until the Interference has been corrected.

Article 10. Utilities.

10.1 Lessee, at Lessee's sole cost and expense, shall be responsible for obtaining, securing and maintaining all utilities required for use and consumption at the Premises. Lessor shall not be

responsible or otherwise liable for any Interference to, interruption or failure of any such services supplied to Lessee for use at the Premises.

10.2 In the event of an interruption of any utility service provided to Lessee at the Premises, through no fault of Lessee, upon prior request by Lessee, Lessor may permit Lessee to secure a temporary source of power for the duration of the interruption. Approval of such requests will not be unreasonably withheld, conditioned or delayed by Lessor.

Article 11. Environmental.

11.1 Lessor represents and warrants, to the best of Lessor's knowledge, as of the Effective Date of this Lease Agreement (i) there are no known hazardous substances, including asbestos-containing materials and lead paint on or at the Premises; and (ii) the Premises has not been subject to any contamination or hazardous conditions resulting in any environmental investigation, inquiry or remediation.

11.2 Lessor and Lessee hereby agree that each will be individually responsible for compliance with any and all applicable governmental laws, rules, statutes, regulations, codes, ordinances or principles of common law regulating or imposing standards of liability or standards of conduct with regard to protection of the environment or worker health and safety, as may now or at any time hereafter be in effect, to the extent such apply to all use of the Premises. Lessor, to the extent permissible by law, and Lessee agree to hold harmless and indemnify the other from, and to assume all duties, responsibilities and liabilities at the sole cost and expense of the indemnifying party for, payment of penalties, sanctions, forfeitures, losses, costs or damages, and for responding to any action, notice, claim, order, summons, citation, directive, litigation, investigation or proceeding, to the extent arising from that party's breach of its obligations or representations under this Article. Lessee shall not be responsible for any liability, remediation, clean-up or damages resulting from existing environmental conditions or hazardous substances located on the Premises prior to the execution of this Agreement.

11.3 In the event either party hereto becomes aware of any hazardous materials, or any environmental, health or safety condition on, at or relating to the Premises, that party shall, within no less than five (5) calendar days of becoming aware of such event, notify the other thereof.

11.4 In the event Lessee becomes aware of any hazardous materials on the Premises, or any environmental, health or safety condition or matter relating to the Premises, not caused by Lessee, that renders the condition of the Premises unsuitable for Lessee's use, or if Lessee reasonably believes that the leasing or continued leasing of the Premises would expose Lessee to undue risks of liability to a government agency or third party, Lessee will have the right, in addition to any other rights it may have at law or in equity, to terminate this Lease Agreement with notice.

Article 12. Access.

12.1 At all times throughout the Term of this Lease Agreement, and at no additional charge to Lessee, Lessee and its employees, agents, and subcontractors, will have twenty-four (24) hour per day, seven (7) day per week pedestrian and vehicular access to and over the Premises and property, from an open and improved public road to the Premises, for the installation, maintenance and operation of the Communication Tower and any utilities serving the Premises. Lessor shall provide to Lessee any key(s)/access code(s) necessary to access leased portions of the Premises. Lessee shall not permit any employee or agent to have access to such key(s)/access code(s) without advance written permission by Lessor. Lessee shall notify Lessor's designated representative via telephone at (904) 829-2226, prior to and immediately following each entry onto the Premises. Lessee hereby consents to a background investigation for security purposes of any person(s) it provides with the key(s)/access code(s) described herein. Lessee shall immediately notify Lessor of any compromise to the security of the Premises, and/or Communication Tower. Notwithstanding anything contained herein to the contrary, with respect to access to the Tower, Lessee shall make requests for access at least twenty-four (24) hours before access is required and Lessor shall grant such access within twenty-four (24) hours of a request by Lessee for routine maintenance, repairs and replacement of equipment. Lessor shall make all reasonable efforts to grant to Lessee access to the Tower within two (2) hours of a request by Lessee if Lessee demonstrates a need for such access upon shorter notice, which may include, but not be limited to, a storm event, loss of utility service, or failure or malfunction of Lessee's equipment. It is agreed, however, that the operation of Lessor's interoperable communication system shall be a priority in the event of an emergency or exigent circumstances.

12.2 Lessor and Lessee specifically acknowledge that Lessor reserves the right to reasonably and temporarily preclude, limit or control Lessee's access to the Premises and Communication Tower at any time. The Premises are a component of Lessor's operation of the interoperable communication system, and integrity of the system is of paramount concern. At any time during the Term of this Lease Agreement, Lessor or regulatory officials may require reasonable limitations upon Lessee's right of access with verbal and/or written notice of said limitation(s). In such case, Lessor shall provide reasonable notice to Lessee of the proposed limitations, and the parties hereto shall agree in good faith upon access limitations that take into account Lessee's needs for access to Lessee's Equipment, as well as Lessor's paramount responsibility to assure public safety and the integrity of its emergency services communication system, particularly at times of heightened local and national security alerts. Notwithstanding any other provision contained herein, any act or omission by Lessee that compromises the safety or integrity of Lessor's operation of the interoperable communication system shall be cause for immediate termination of this Lease Agreement by Lessor, with no further liability or penalty.

Article 13. Default and Right to Cure.

13.1 In addition to any other events of default and/or breach described herein, the following will be deemed a default by Lessee and cause for termination of this Lease Agreement by Lessor, with no further liability or penalty: (i) non-payment of Rent if such Rent remains unpaid for more than thirty (30) days after the Due Date after receipt of written notice from Lessor specifying the failure or (ii) Lessee's failure to perform any other term or condition under this Agreement as provided herein or within thirty (30) calendar days after receipt of written notice from Lessor specifying the failure. Delay in curing a default will be excused if due to causes beyond the reasonable control of Lessee, and to the extent that such delay does not interfere with Lessor's operation of the interoperable communication system. Notwithstanding any other provision contained herein, if Lessee remains in default beyond any applicable cure period, as may be extended or excused by Lessor, Lessor will have the right to terminate this Lease Agreement as provided elsewhere herein and exercise any and all rights and remedies available under law and equity.

13.2 In addition to any other events of default/breach described herein, the following will be deemed a default by Lessor and a breach of this Agreement: (i) failure to provide access as set forth herein; or (ii) Lessor's failure to cure an event of Interference in accordance with Article 9 contained herein; or (iii) Lessor's failure to perform any term, condition or breach of any warranty or covenant under this Agreement within thirty (30) days after receipt of written notice from Lessee specifying the failure. No such failure, however, will be deemed to exist if Lessor has commenced to cure the default within such period and provided such efforts are prosecuted to completion with reasonable diligence. Delay in curing a default will be excused if due to causes beyond the reasonable control of Lessor. If Lessor remains in default beyond any applicable cure period, Lessee will have the right to terminate this Lease Agreement as provided elsewhere herein and exercise any and all rights and remedies available under law and equity.
