The Federal Government has created the System for Award Management (SAM.gov) <https://www.sam.gov/portal/public/SAM/>. This system increases visibility of vendor sources for specific supplies and services as well as establishes a common source of vendor data for the Federal Government. Every vendor registered in SAM.gov has a Unique Entity ID (UEI) number. Payments to vendors are sent to the banking information that is tied to the UEI number in SAM.gov. The banking information that the vendor enters into SAM.gov is not accessible to anyone other than the vendor. It is necessary for the Site Owner/Manager to ensure that the FBI has the UEI number which has the current banking account information which the Site Owner/Manager desires the FBI to direct payments to. The Site Owner/Manager is required to keep the SAM.gov registration up-to-date and to ensure the banking information is accurate.
