SUBJECT OR TITLE: Award of SS No: 1930; Radio Network Infrastructure System Upgrade and 24/7 Technical Support and On-Call On-Site Response - Motorola Solutions

AGENDA TYPE: Consent Agenda, Contract, Resolution

BACKGROUND INFORMATION:

The 800MHz Interoperable Public Safety Network comprises an eleven (11) site simulcast system and includes fifteen (15) channels. It supports five (5) dispatch locations and utilizes seven thousand five hundred (7500) series consoles. These services are essential because the network comprises multiple specialized parts within an aging system that are susceptible to failure. Motorola Solutions' support is crucial to ensure the system remains operational and reliable to meet Public Safety Departments needs. These services ensure that the SJC Fire Rescue communication systems remain robust, reliable, and capable of supporting the demands of public safety operations throughout the contract period. SJC Purchasing posted a Single Source notice, in accordance with Florida Statute, for the intent to contract with Motorola Solutions for system upgrades every two (2) years, over a six (6) year term, and for 24/7 on-call technical support and on-site response to ensure the network infrastructure remains operational at all times. The system upgrades are vital to maintaining up-to-date stability and functionality for SJC Fire Rescue communication systems, enabling them to perform their duties without technical hindrances. The County's current agreement with Motorola Solutions for these services is set to expire on 9/30/2024. To ensure continuous support, the SJC Fire Rescue Department, recommends entering into new six (6) year contracts for these services with Motorola Solutions. If approved, the new contracts shall have a term of six (6) years, and will be effective from October 1, 2024, through September 30, 2030. The On-Call Technical Support and On-Site Response shall have a total not-to-exceed amount of \$1,371,483.24 for all six years. The System Upgrade Agreement shall have a not-to-exceed amount of \$4,439,206.00 for all six years.

Motorola Solutions Customer Agreement

This Motorola Solutions Customer Agreement (the “**MCA**”) is entered into between Motorola Solutions, Inc., with offices at 500 W. 1. Agreement.

1.1. Scope; Agreement Documents. This MCA governs Customer’s purchase of Products (as defined below) and Services (as defined below) from Motorola. Additional terms and conditions applicable to specific Products and Services are set forth in one or more addenda attached to this MCA (each an “**Addendum**”, and collectively the “**Addenda**”). In addition, the Parties may agree upon solution descriptions, equipment lists, statements of work, schedules, technical specifications, and other ordering documents setting forth the Products and Services to be purchased by Customer and provided by Motorola and additional rights and obligations of the Parties (the “**Ordering Documents**”, “Initial Order Form”, or “Order Form”). To the extent required by applicable procurement law, a proposal submitted by Motorola in response to a competitive procurement process will be included within the meaning of the term Ordering Documents. This MCA, the Addenda, and any Ordering Documents collectively form the Parties’ “**Agreement**”.

1.2. Order of Precedence. Each Addendum will control with respect to conflicting terms in the MCA, but only as applicable to the Products and Services described in such Addendum. Each Ordering Document will control with respect to conflicting terms in the MCA or any Addenda, but only as applicable to the Products and Services described on such Ordering Document.

2. Products and Services.

2.1. Scope of Services. Motorola will provide maintenance services] as seen in the attached proposals and statement of works, dated [xx July], 2024, for St. Johns County Communications and Interoperable Radio System Departments. The Services will conclude upon the expiration or termination.

2.1.b. If Customer purchases from Motorola additional equipment that becomes part of the same system as the initial Equipment, the additional equipment may be added to this Agreement and will be billed at the applicable rates after the warranty for that additional equipment expires.

2.1.c. All Equipment must be in good working order on the Start Date or when additional equipment is added to the Agreement. Upon reasonable request by Motorola, Customer will provide a complete serial and model number list of the Equipment. Customer must promptly notify Motorola in writing when any Equipment is lost, damaged, stolen or taken out of service. Customer's obligation to pay Service fees for this Equipment will terminate at the end of the month in which Motorola receives the written notice.

2.1.d. Customer must specifically identify any Equipment that is labeled intrinsically safe for use in hazardous environments.

2.1.e. If Equipment cannot, in Motorola's reasonable opinion, be properly or economically serviced for any reason, Motorola

2.5 Change Orders. Unless a different change control process is agreed upon in writing by the Parties, a Party may request changes to an Addendum or an Ordering Document by submitting a change order to the other Party (each, a “**Change Order**”). If a requested change in a Change Order causes an increase or decrease in the Products or Services, the Parties by means of the Change Order will make appropriate adjustments to the Fees, project schedule, or other matters. Such representations and warranties will apply only to the applicable Product or Service that is the subject of such Addendum or Ordering Document.

6.3 Warranty Claims; Remedies. To assert a warranty claim, Customer must notify Motorola in writing of the claim prior to the expiration of any warranty period set forth in this MCA or the applicable Addendum or Ordering Document. Unless a different remedy is otherwise expressly set forth for a particular warranty under an Addendum, upon receipt of such claim, Motorola will investigate the claim and use commercially reasonable efforts to repair or replace any confirmed materially non-conforming Product or re-perform any non-conforming Service, at its option. Such remedies are Customer's sole and exclusive remedies for Motorola's breach of a warranty. Motorola's warranties are extended by Motorola to Customer only, and are not assignable or transferrable.

6.4 Pass-Through Warranties. Notwithstanding any provision of this Agreement to the contrary, Motorola will have no liability for third-party software or hardware provided by Motorola; provided, however, that to the extent offered by third-party providers of software or hardware and to the extent permitted by law, Motorola will pass through express warranties provided by such third parties.

6.5 WARRANTY DISCLAIMER. EXCEPT FOR THE EXPRESS AND PASS THROUGH WARRANTIES IN THIS AGREEMENT, PRODUCTS AND SERVICES PURCHASED HEREUNDER ARE PROVIDED "AS IS" AND WITH ALL FAULTS. WARRANTIES SET FORTH IN THE AGREEMENT ARE THE COMPLETE WARRANTIES FOR THE PRODUCTS AND SERVICES AND MOTOROLA DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND QUALITY. MOTOROLA DOES NOT REPRESENT OR WARRANT THAT USE OF THE PRODUCTS AND SERVICES WILL BE UNINTERRUPTED, ERROR-FREE, OR FREE OF SECURITY VULNERABILITIES, OR THAT THEY WILL MEET CUSTOM R'S PARTICULAR REQUIREMENTS.

7 Indemnification.

7.3 General Indemnity. Motorola will defend, indemnify, and hold harmless Customer, its officers, and employees from and against any and all damages, losses, liabilities, and expenses, including but not limited to reasonable attorneys' fees, arising from any third party actual claim, demand, action, or proceeding ("**Claim**") for personal injury, death, or direct damage to tangible property to the extent caused by Motorola's gross negligence, recklessness, or intentionally wrongful conduct of Motorola Solutions or other persons employed or utilized by Motorola Solutions in the performance of services under this Agreement; except to the extent the Claim arises from Customer's negligence or willful misconduct. Motorola's duties under this **Section 7.1 – General Indemnity** are conditioned upon: (a) Customer promptly notifying Motorola in writing of the Claim; (b) Motorola having sole control of the defense of the suit and all negotiations for its settlement or compromise; and (c) Customer cooperating with Motorola and, if requested by Motorola, providing reasonable assistance in the defense of the Claim.

7.3.1 To the extent permitted by applicable law, Motorola Solutions further agrees that "damages, losses, and costs", includes fines, citations, court judgments, insurance claims, restoration costs, or other liability, to the extent caused by the gross negligence, recklessness, or intentionally wrongful conduct of Motorola Solutions and person employed or utilized by Motorola Solutions in the performance of Services under this Agreement.

7.3.2 To the extent permitted by applicable law, for purposes of indemnity, the “ persons employed or utilized by Motorola Solutions” shall be construed to include, but not be limited to, Motorola Solutions, its staff, employees, subcontractors, all deliverers, suppliers, furnishers of materials or services or anyone acting for, on behalf of, or at the request of Motorola Solutions.

7.4 **Intellectual Property Infringement.** Motorola will defend Customer against any third-party claim alleging that a Motorola-developed or manufactured Product or Service (the “**Infringing Product**”) directly infringes a United States patent or copyright (“**Infringement Claim**”), and Motorola will pay all damages finally awarded against Customer by a court of competent jurisdiction for an Infringement Claim, or agreed to in writing by Motorola in settlement of an Infringement Claim. Motorola’s duties under this **Section 7.2 – Intellectual Property Infringement** are conditioned upon: (a) Customer promptly notifying Motorola in writing of the Infringement Claim; (b) Motorola having sole control of the defense of the suit and all negotiations for its settlement or compromise; and (c) Customer cooperating with Motorola and, if requested by Motorola, providing reasonable assistance in the defense of the Infringement Claim.

7.4.1 If an Infringement Claim occurs, or in Motorola’s opinion is likely to occur, Motorola may at its option and expense: (a) procure for Customer the right to continue using the Infringing Product; (b) replace or modify the Infringing Product so that it becomes non-infringing; or (c) grant Customer (i) a pro-rated refund of any amounts pre-paid for the Infringing Product (if the Infringing Product is a software Product, i.e., Licensed Software or Subscription Software) or (ii) a credit for the Infringing Product, less a reasonable charge for depreciation (if the Infringing Product is Equipment, including Equipment with embedded software).

7.4.2 In addition to the other damages disclaimed under this Agreement, Motorola will have no duty to defend or indemnify Customer for any Infringement Claim that arises from or is based upon: (a) Customer Data, Customer-Provided Equipment, Non-Motorola Content, or third-party equipment, hardware, software, data, or other third-party materials; (b) the combination of the Product or Service with any products or materials not provided by Motorola; (c) a Product or Service designed, modified, or manufactured in accordance with Customer’s designs, specifications, guidelines or instructions; (d) a modification of the Product or Service by a party other than Motorola; (e) use of the Product or Service in a manner for which the Product or Service was not designed or that is inconsistent with the terms of this Agreement; or (f) the failure by Customer to use or install an update to the Product or Service that is intended to correct the claimed infringement. In no event will Motorola’s liability resulting from an Infringement Claim extend in any way to any payments due on a royalty basis, other than a reasonable royalty based upon revenue derived by Motorola from Customer from sales or license of the Infringing Product.

7.4.3 This **Section 7.2 – Intellectual Property Infringement** provides Customer’s sole and exclusive remedies and Motorola’s entire liability in the event of an Infringement Claim. For clarity, the rights and remedies provided in this Section are subject to, and limited by, the restrictions set forth in **Section 8 – Limitation of Liability** below.

7.5 **Customer Indemnity.** Customer will defend, indemnify, and hold Motorola and its subcontractors, subsidiaries and other affiliates harmless from and against any and all damages, losses, liabilities, and expenses (including reasonable fees and expenses of attorneys) arising from any actual or threatened third-party claim, demand, action, or proceeding arising from or related to (a) Customer-Provided Equipment, Customer Data, or Non-Motorola Content, including any claim, demand, action, or proceeding alleging that any such equipment, data, or materials (or the integration or use thereof with the Products and Services) infringes or misappropriates a third-party intellectual property or other right, violates applicable law, or breaches the Agreement; (b) Customer-Provided

Equipment's failure to meet the minimum requirements set forth in the applicable Documentation or match the applicable specifications provided to Motorola by Customer in connection with the Products or Services; (c) Customer's (or its service providers, agents, employees, or Authorized User's) negligence or willful misconduct; and (d) Customer's or its Authorized User's breach of this Agreement. This indemnity will not apply to the extent any such claim is caused by Motorola's use of Customer-Provided Equipment, Customer Data, or Non-Motorola Content in violation of the Agreement. Motorola will give Customer prompt, written notice of any claim subject to the foregoing indemnity. Motorola will, at its own expense, cooperate with Customer in its defense or settlement of the claim.

8 Limitation of Liability.

8.1 DISCLAIMER OF CONSEQUENTIAL DAMAGES. EXCEPT FOR PERSONAL INJURY OR DEATH, MOTOROLA, ITS AFFILIATES, AND ITS AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, SUBCONTRACTORS, AGENTS, SUCCESSORS, AND ASSIGNS (COLLECTIVELY, THE "**MOTOROLA PARTIES**") WILL NOT BE LIABLE IN CONNECTION WITH THIS AGREEMENT (WHETHER UNDER MOTOROLA'S INDEMNITY OBLIGATIONS, A CAUSE OF ACTION FOR BREACH OF CONTRACT, UNDER TORT THEORY, OR OTHERWISE) FOR ANY INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, PUNITIVE, OR CONSEQUENTIAL DAMAGES OR DAMAGES FOR LOST PROFITS OR REVENUES, EVEN IF MOTOROLA HAS BEEN ADVISED BY CUSTOMER OR ANY THIRD PARTY OF THE POSSIBILITY OF SUCH DAMAGES OR LOSSES AND WHETHER OR NOT SUCH DAMAGES OR LOSSES ARE FORESEEABLE.

8.2 DIRECT DAMAGES. EXCEPT FOR PERSONAL INJURY OR DEATH, THE TOTAL AGGREGATE LIABILITY OF THE MOTOROLA PARTIES, WHETHER BASED ON A CLAIM IN CONTRACT OR IN TORT, LAW OR EQUITY, RELATING TO OR ARISING OUT OF THE AGREEMENT WILL NOT EXCEED THE FEES SET FORTH IN THE ORDERING DOCUMENT UNDER WHICH THE CLAIM AROSE. NOTWITHSTANDING THE FOREGOING, FOR ANY SUBSCRIPTION SOFTWARE OR FOR ANY RECURRING SERVICES, THE MOTOROLA PARTIES' TOTAL LIABILITY FOR ALL CLAIMS RELATED TO SUCH PRODUCT OR RECURRING SERVICES IN THE AGGREGATE WILL NOT EXCEED THE TOTAL FEES PAID FOR SUCH SUBSCRIPTION SOFTWARE OR RECURRING SERVICE, AS APPLICABLE, DURING THE CONSECUTIVE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT FROM WHICH THE FIRST CLAIM AROSE.

8.3 ADDITIONAL EXCLUSIONS. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, MOTOROLA WILL HAVE NO LIABILITY FOR DAMAGES ARISING OUT OF (A) CUSTOMER DATA, INCLUDING ITS TRANSMISSION TO MOTOROLA, OR ANY OTHER DATA AVAILABLE THROUGH THE PRODUCTS OR SERVICES; (B) CUSTOMER-PROVIDED EQUIPMENT, NON-MOTOROLA CONTENT, THE SITES, OR THIRD-PARTY EQUIPMENT, HARDWARE, SOFTWARE, DATA, OR OTHER THIRD-PARTY MATERIALS, OR THE COMBINATION OF PRODUCTS AND SERVICES WITH ANY OF THE FOREGOING; (C) LOSS OF DATA OR HACKING, RANSOMWARE, OR OTHER THIRD-PARTY ATTACKS OR DEMANDS; (D) MODIFICATION OF PRODUCTS OR SERVICES BY ANY PERSON OTHER THAN MOTOROLA; (E) RECOMMENDATIONS PROVIDED IN CONNECTION WITH OR BY THE PRODUCTS AND SERVICES; (F) DATA RECOVERY SERVICES OR DATABASE MODIFICATIONS; OR (G) CUSTOMER'S OR ANY AUTHORIZED USER'S BREACH OF THIS AGREEMENT OR MISUSE OF THE PRODUCTS AND SERVICES.

8.4 Voluntary Remedies. Motorola is not obligated to remedy, repair, replace, or refund the purchase price for the disclaimed issues in **Section 8.3 – Additional Exclusions** above, but if Motorola agrees to provide Services to help resolve such issues, Customer will reimburse Motorola for its reasonable time and expenses, including by paying Motorola any Fees set forth in an Ordering Document for such Services, if applicable.

8.5 Statute of Limitations. Customer may not bring any claims against a Motorola Party in connection with this Agreement or the Products and Services more than one (1) year after the date of accrual of the cause of action.

9 Confidentiality.

9.3 Confidential Information. “**Confidential Information**” means any and all non-public information provided by one Party (“**Discloser**”) to the other (“**Recipient**”) that is disclosed under this Agreement in oral, written, graphic, machine recognizable, or sample form, being clearly designated, labeled or marked as confidential or its equivalent or that a reasonable businessperson would consider non-public and confidential by its nature. With respect to Motorola, Confidential Information will also include Products and Services, and Documentation, as well as any other information relating to the Products and Services. The nature and existence of this Agreement are considered Confidential Information of the Parties. In order to be considered Confidential Information, information that is disclosed orally must be identified as confidential at the time of disclosure and confirmed by Discloser by submitting a written document to Recipient within thirty (30) days after such disclosure. The written document must contain a summary of the Confidential Information disclosed with enough specificity for identification purpose and must be labeled or marked as confidential or its equivalent.

9.4 Obligations of Confidentiality. 9.5 Exceptions. Recipient is not obligated to maintain as confidential any information that Recipient can demonstrate by documentation (a) is publicly available at the time of disclosure or becomes available to the public without breach of this Agreement; (b) is lawfully obtained from a third party without a duty of confidentiality to Discloser; (c) is otherwise lawfully known to Recipient prior to such disclosure without a duty of confidentiality to Discloser; or (d) is independently developed by Recipient without the use of, or reference to, any of Discloser’s Confidential Information or any breach of this Agreement. Additionally, Recipient may disclose Confidential Information to the extent required by law, including a judicial or legislative order or proceeding.

Customer acknowledges that Motorola may use or provide Customer with access to software, tools, data, and other materials, including designs, utilities, models, methodologies, systems, and specifications, which Motorola has developed or licensed from third parties (including any corrections, bug fixes, enhancements, updates, modifications, adaptations, translations, de-compilations, disassemblies, or derivative works of the foregoing, whether made by Motorola or another party) (collectively, "**Motorola Materials**"). The Products and Services, Motorola Data, Third-Party Data, and Documentation, are considered Motorola Materials. Except when Motorola has expressly transferred title or other interest to Customer by way of an Addendum or Ordering Document, the Motorola Materials are the property of Motorola or its licensors, and Motorola or its licensors retain all right, title and interest in and to the Motorola Materials (including, all rights in patents, copyrights, trademarks, trade names, trade secrets, know-how, other intellectual property and proprietary rights, and all associated goodwill and moral rights). implication, estoppel or otherwise. Customer will not modify, disassemble, reverse engineer, derive source code or create derivative works from, merge with other software, distribute, sublicense, sell, or export the Products and Services or other Motorola Materials, or permit any third party to do so.

Motorola acquires no rights to Customer Data except those rights granted under this Agreement including the right to Process and use the Customer Data as set forth in **Section 10.4 – Processing Customer Data** below and in other applicable Addenda. The Parties agree that with regard to the Processing of personal information which may be part of Customer Data, Customer is the controller and Motorola is the processor, and may engage sub-processors pursuant to **Section 10.4.3 – Sub-processors**.

10.6 Processing Customer Data.

10.6.1 Motorola Use of Customer Data. To the extent permitted by law, Customer grants Motorola and its subcontractors a right to use Customer Data and a royalty-free, worldwide, non-exclusive license to use Customer Data (including to process, host, cache, store, reproduce, copy, modify, combine, analyze, create derivative works from such Customer Data and to communicate, transmit, and distribute such Customer Data to third parties engaged by Motorola) to (a) perform Services and provide Products under the Agreement, (b) analyze the Customer Data to operate, maintain, manage, and improve Motorola Products and Services, and (c) create new products and services. Customer agrees that this Agreement, along with the Documentation, are Customer's complete and final documented instructions to Motorola for the processing of Customer Data. Any additional or alternate instructions must be agreed to according to the Change Order process. Customer represents and warrants to Motorola that Customer's instructions, including appointment of Motorola as a processor or sub-processor, have been authorized by the relevant controller.

10.6.2 Collection, Creation, Use of Customer Data. Customer further represents and warrants that the Customer Data, Customer's collection, creation, and use of the Customer Data (including in connection with Motorola's Products and Services), and Motorola's use of such Customer Data in accordance with the Agreement, will comply with all laws and will not violate any applicable privacy notices or infringe any third-party rights (including intellectual property and privacy rights). It is Customer's responsibility to obtain all required consents, provided all necessary notices, and meet any other applicable legal requirements with respect to collection and use (including Motorola's use) of the Customer Data as described in the Agreement.

10.6.3 Sub-processors. Customer agrees that Motorola may engage sub-processors who in turn may engage additional sub-processors to Process personal data in accordance with this Agreement. When engaging sub-processors, Motorola will enter into agreements with the sub-processors to bind them to data processing obligations to the extent required by law.

10.7 Data Retention and Deletion. Except as expressly provided otherwise under the Agreement, Motorola will delete all Customer Data following termination or expiration of this MCA or the applicable Addendum or Ordering Document, with such deletion to occur no later than ninety (90) days following the applicable date of termination or expiration, unless otherwise required to comply with applicable law. Any requests for the exportation or download of Customer Data must be made by Customer to Motorola in writing before expiration or termination, subject to **Section 13.9 – Notices**. Motorola will have no obligation to retain such Customer Data beyond expiration or termination unless the Customer has purchased extended storage from Motorola through a mutually executed Ordering Document.

Motorola may use Service Use Data to (a) operate, maintain, manage, and improve existing and create new products and services, (b) test products and services, (c) to aggregate Service Use Data and combine it with that of other users, and (d) to use anonymized or aggregated data for marketing, research or other business purposes. Customer and its Authorized Users may use Motorola Data and Third-Party Data as permitted by Motorola and the applicable Third-Party Data provider, as described in the applicable Addendum. Unless expressly permitted in the applicable Addendum, Customer will not, and will ensure its Authorized Users will not: (a) use the Motorola Data or Third-Party Data for any purpose other than Customer's internal business purposes; (b) disclose the data to third parties; (c) "white label" such data or otherwise misrepresent its source or ownership, or resell, distribute, sublicense, or commercially exploit the data in any manner; (d) use such data in violation of applicable laws; (e) remove, obscure, alter, or falsify any marks or proprietary rights notices indicating the source, origin, or ownership of the data; or (f) modify such data or combine it with Customer Data or other data or use the data to build databases. Additional restrictions may be set forth in the applicable Addendum. Any rights granted to Customer or Authorized Users with respect to Motorola Data or Third-Party Data will immediately terminate upon termination or expiration of the applicable Addendum, Ordering Document, or this MCA. Further, Motorola or the applicable Third-Party Data provider may suspend, change, or terminate Customer's or any Authorized User's access to Motorola Data or Third-Party Data if Motorola or such Third-Party Data provider believes Customer's or the Authorized User's use of the data violates the Agreement, applicable law or Motorola's agreement with the applicable Third-Party Data provider. Upon termination of Customer's rights to use any Motorola Data or Third-Party Data, Customer and all Authorized Users will immediately discontinue use of such data, delete all copies of such data, and certify such deletion to Motorola. Notwithstanding any provision of the Agreement to the contrary, Motorola will have no liability for Third-Party Data or Motorola Data available through the Products and Services. Motorola and its Third-Party Data providers reserve all rights in and to Motorola Data and Third-Party Data not expressly granted in an Addendum or Ordering Document.

10.10 Feedback. Any Feedback provided by Customer is entirely voluntary, and will not create any confidentiality obligation for Motorola, even if designated as confidential by Customer. Motorola may use, reproduce, license, and otherwise distribute and exploit the Feedback without any obligation or payment to Customer or Authorized Users and Customer represents and warrants that it has obtained all necessary rights and consents to grant Motorola the foregoing rights.

10.11 Improvements; Products and Services. The Parties agree that, notwithstanding any provision of this MCA or the Agreement to the contrary, all fixes, modifications and improvements to the Services or Products conceived of or made by or on behalf of Motorola that are based either in whole or in part on the Feedback, Customer Data, or Service Use Data (or otherwise) are the exclusive property of Motorola and all right, title and interest in and to such fixes, modifications or improvements will vest solely in Motorola. Customer agrees to execute any written documents necessary to assign any intellectual property or other rights it may have in such fixes, modifications or improvements to Motorola.

11 Force Majeure; Delays Caused by Customer.

11.3 Force Majeure. Neither Party will be responsible for nonperformance or delayed performance due to events that are not reasonably foreseeable and are outside of its reasonable control. If performance will be significantly delayed, the affected Party will provide notice to the other Party, and the Parties will agree (in writing) upon a reasonable extension to any applicable performance schedule.

11.4 Delays Caused by Customer. Motorola's performance of the Products and Services will be excused for delays caused by Customer or its Authorized Users or subcontractors, or by failure of any assumptions set forth in this Agreement (including in any Addendum or Ordering Document). In the event of a delay under this **Section 11.2 – Delays Caused by Customer**, (a) Customer will continue to pay the Fees as required hereunder, (b) the Parties will agree (in writing) upon a reasonable extension to any applicable performance schedule, and (c) Customer will compensate Motorola for its out-of-pocket costs incurred due to the delay (including those incurred by Motorola's affiliates, vendors, and subcontractors).

12 Disputes. The Parties will use the following procedure to resolve any disputes relating to or arising out of this Agreement (each, a "**Dispute**"):

12.1.1 If any dispute between the County and Motorola arises under this Contract and such dispute cannot be resolved by good faith negotiation at the field level between the Authorized Representatives of each Party, such dispute shall be promptly escalated to Consultant's and County's Senior Representatives, upon the request of either Party, who shall meet as soon as conveniently possible, but in no case later than fourteen (14) calendar days after such a request is made, to attempt to resolve such dispute or disagreement. Five (5) calendar days prior to any meetings between the Senior Representatives, the Parties will exchange relevant information that will assist the Parties in resolving the dispute or disagreement.

12.1.2 If after meeting, the Senior Representatives determine that the dispute or disagreement cannot be resolved on terms satisfactory to both Parties, the Motorola shall submit a Contract claim as provided herein.

12.1.3 Claims arising from this Contract shall be filed with the Purchasing Director. Prior to filing a contract claim, Motorola shall first exhaust all remedies set forth in the Contract Documents. The Contract Claim must be submitted to the Purchasing Director within five (5) business days of exhausting the all remedies set forth above. Pending final resolution of a dispute or claim, unless otherwise agreed in writing, the Motorola is required to proceed with performance of the Services and maintain effective progress in the performance of the Services as set forth in this Contract. The contract claim shall include, at a minimum, the following:

12.1.1.1 The name and address of the Motorola and any legal counsel; and

12.1.1.2 The address to which the Purchasing Director should send their final decision; and

12.1.1.3 Identification of the final adverse decision or document that is the subject of the contract claim; and

12.1.1.4 Identification of the administrative remedies provided for in the contract that were pursued prior to the claim and the outcome; and

12.1.1.5 A statement of the grounds for each issue to be reviewed and the applicable provisions of the Contract, as well as any applicable Laws, or other legal authorities which the Contract deems applicable to the claim; and

12.1.1.6 A statement of the grounds for each issue raised in the contract claim; and

12.1.1.7 A copy of the final adverse decision or document that is the subject of the claim and any exhibits, evidence or documents which the Motorola deems applicable to the issues raised in the claim.

12.1.4 During the Purchasing Director's review of the contract claim, the Purchasing Director may request additional information from either Party. The Parties are to provide the Purchasing Director with the requested information within the time period set forth in the request. Failure of either Party to timely

comply may result in resolution of the claim without consideration of the requested information.

12.1.5 The Purchasing Director shall render a decision on the Contract Claim within twenty-one (21) calendar days of receipt of all requested information. The written decision of the Purchasing Director shall be sent to the Motorola to the notice address listed herein or by such other means as agreed to by the Parties.

12.1.6 The decision for any Contract Claim by the Purchasing Director may be appealed by the Motorola to the County Administrator. Motorola must submit their appeal to the County Administrator, including any and all information, documentation, backup data, or other supplemental facts or figures within five (5) business days of receipt of the Purchasing Director's decision. Failure of the Motorola to submit an appeal within the prescribed timeframe shall be a waiver of a right to appeal the rendered decision. The appeal shall include any and all information, documentation and data relative to the Contract Claim and subsequent appeal. The County Administrator shall render a decision within thirty (30) calendar days of receipt of all information. The County Administrator's decision shall be considered final, but shall not prohibit nor restrict the Consultant's ability to legal action in circuit court.

12.3 Governing Law. All matters relating to or arising out of the Agreement are governed by the laws of the State of Florida, unless Customer is the United States Government (or an agency thereof), in which case all matters relating to or arising out of the Agreement will be governed by the laws of the State in which the Products and Services are provided. The terms of the U.N. Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transactions Act will not apply.

12.4 Negotiation. Either Party may initiate dispute resolution procedures by sending a notice of Dispute ("**Notice of Dispute**") to the other Party. The Parties will attempt to resolve the Dispute promptly through good faith negotiations, including timely escalation of the Dispute to executives who have authority to settle the Dispute (and who are at a higher level of management than the persons with direct responsibility for the matter). All communication relating to the Dispute resolution will be maintained in strict confidence by the Parties. Notwithstanding the foregoing, any Dispute arising from or relating to Motorola's intellectual property rights will not be subject to negotiation in accordance with this Section, but instead will be decided by a court of competent jurisdiction, in accordance with **Section 12.3 – Litigation, Venue, Jurisdiction** below.

12.5 Litigation, Venue, Jurisdiction. If the Dispute has not been resolved within sixty (60) days from the Notice of Dispute, either Party may submit the Dispute exclusively to a court in St. Johns County, FL. Each Party expressly consents to the exclusive jurisdiction of such courts for resolution of any Dispute.

13 General.

13.3 Compliance with Laws. Each Party will comply with applicable laws in connection with the performance of its obligations under this Agreement, including that Customer will ensure its and its Authorized Users' use of the Products and Services complies with law (including privacy laws), and Customer will obtain any FCC and other licenses or authorizations (including licenses or authorizations required by foreign regulatory bodies) required for its and its Authorized Users' use of the Products and Services. Motorola may, at its discretion, cease providing or otherwise modify Products and Services (or any terms related thereto in an Addendum or Ordering Document), in order to comply with any changes in applicable law.

13.4 Audit; Monitoring. Motorola will have the right to monitor and audit use of the Products, which may also include access by Motorola to Customer Data and Service Use Data. Customer will provide notice of such monitoring to its Authorized Users and obtain any required consents, including individual end users, and will cooperate with Motorola in any monitoring or audit. Customer will maintain during the Term, and for two (2) years thereafter, accurate records relating to any software licenses granted under this Agreement to verify compliance with this Agreement. Motorola or a third party (“**Auditor**”) may inspect Customer’s and, as applicable, Authorized Users’ premises, books, and records. Motorola will pay expenses and costs of the Auditor, unless Customer is found to be in violation of the terms of the Agreement, in which case Customer will be responsible for such expenses and costs.

13.5 Assignment and Subcontracting. Neither Party may assign or otherwise transfer this Agreement without the prior written consent of the other Party, which will not be unreasonably withheld. Subject to the foregoing, this Agreement will be binding upon the Parties and their respective successors and assigns.

13.6 Waiver. A delay or omission by either Party to exercise any right under this Agreement will not be construed to be a waiver of such right. A waiver by either Party of any of the obligations to be performed by the other, or any breach thereof, will not be construed to be a waiver of any succeeding breach or of any other obligation. All waivers must be in writing and signed by the Party waiving its rights.

13.7 Severability. If any provision of the Agreement is found by a court of competent jurisdiction to be invalid, illegal, or otherwise unenforceable, such provision will be deemed to be modified to reflect as nearly as possible the original intentions of the Parties in accordance with applicable law. The remaining provisions of this Agreement will not be affected, and each such provision will be valid and enforceable to the full extent permitted by applicable law.

13.8 Independent Contractors. Each Party will perform its duties under this Agreement as an independent contractor. The Parties and their personnel will not be considered to be employees or agents of the other Party. Nothing in this Agreement will be interpreted as granting either Party the right or authority to make commitments of any kind for the other. This Agreement will not constitute, create, or be interpreted as a joint venture, partnership, or formal business organization of any kind.

13.9 Third-Party Beneficiaries. The Agreement is entered into solely between, and may be enforced only by, the Parties. Each Party intends that the Agreement will not benefit, or create any right or cause of action in or on behalf of, any entity other than the Parties. Notwithstanding the foregoing, a licensor or supplier of third-party software included in the software Products will be a direct and intended third-party beneficiary of this Agreement.

13.10 Interpretation. The section headings in this Agreement are included only for convenience. The words “including” and “include” will be deemed to be followed by the phrase “without limitation”. This Agreement will be fairly interpreted in accordance with its terms and conditions and not for or against either Party.

13.11 Notices. Any and all notices, requests, consents, approvals, demands, determinations, instructions, and other forms of written communication (“Notices”) under this Agreement shall be validly given when delivered as follows:

1. Hand delivered to Consultant’s Authorized Representative or hand delivered during normal business hours and addressed as shown below; or

The Deliverables, if any, are more fully described in the Statements of Work.

2.9 “**Third-Party Data**” has the meaning given to it in the DPA.

Section 8 **Section 3. LICENSE, DATA AND SERVICE CONDITIONS**

3.1 Delivery of Cyber Services

3.1.1 All Professional Services will be performed in accordance with the performance

schedule included in a SOW. Delivery of hours purchased as Retainer Services is at the onset of the applicable retainer period. Hours purchased as Retainer Services expire and are forfeited if not used within the Retainer period, subject to terms of use, expiration and extension, if any, as set out in the applicable SOW or ordering document. Professional Services described in a SOW will be deemed complete upon Motorola's performance of such Services or, if applicable, upon exhaustion or expiration of the Retainer Services hours, whichever occurs first.

3.1.2 Subscription Services. Delivery of Subscription Services will occur upon Customer's receipt of credentials required for access to the Subscription Services or upon Motorola otherwise providing access to the Subscription Services platform.

3.1.3 To the extent Customer purchases equipment from Motorola ("**Supplied Equipment**"), title and risk of loss to the Supplied Equipment will pass to Customer upon installation (if applicable) or shipment by Motorola. Customer will take all necessary actions, reimburse freight or delivery charges, provide or obtain access and other rights needed and take other requested actions necessary for Motorola to efficiently perform its contractual duties. To the extent Supplied Equipment is purchased on an installment basis, any early termination of the installment period will cause the outstanding balance to become immediately due.

3.2 Motorola may use or provide Customer with access to software, tools, enhancements, updates, data, derivative works, and other materials which Motorola has developed or licensed from third parties (collectively, "**Motorola Materials**"). The Services, Motorola Data, Third-Party Data, and related documentation, are considered Motorola Materials. Notwithstanding the use of such materials in Services or Deliverables, the Motorola Materials are the property of Motorola or its licensors, and Motorola or its licensors retain all right, title and interest in and to the Deliverables and the Motorola Materials. Motorola grants Customer and Authorized Users a limited, non-transferable, non-sublicensable, and non-exclusive license to use the Services and associated Deliverables solely for Customer's internal business purposes.

3.2.1 Motorola may use, engage, resell, or otherwise interface with third-party software, hardware or services providers (such as, for example, third-party end point detection and response providers) and other sub-processors, who in turn may engage additional sub-processors to process personal data and other Customer Data. Customer agrees that such third-party software or services providers, sub-processors or their respective sub-processors may process and use personal and other Customer Data in accordance with and subject to their own respective licenses or terms and in accordance with applicable law. Customer authorizes and will provide and obtain all required notices and consents, if any, and comply with other applicable legal requirements, if any, with respect to such collection and use of personal data and other Customer Data by Motorola, and its subcontractors, sub-processors and/or third-party software, hardware or services providers.

3.2.2 In addition to terms set forth in this Addendum, certain components of the Subscription Services and the Motorola Materials may be governed by one or more third-party End User License Agreements ("**EULA**"), which include terms governing third-party software licensed to Motorola ("**Licensed Software**"), such as open source software, included in the Subscription Services and/or the Motorola Materials. Customer will comply, and ensure its Authorized Users comply, with such additional license agreements. EULAs for the Licensed Software are linked through the proposal to which this Addendum is attached.

3.3 To the extent Customer is permitted to access, use, or integrate Customer or third-party software, services, content, or data that is not provided by Motorola (collectively, "**Non-Motorola**

Content) with or through the Services, or will use equipment or software not provided by Motorola, which may be required for use of the Services ("**Customer-Provided Equipment**"), Customer will obtain and continuously maintain all rights and licenses necessary for Motorola to efficiently perform all contemplated Services under this Addendum and will assume responsibility for operation and integration of such content and equipment.

3.4 Ownership of Customer Data. Customer retains all right, title and interest, including intellectual property rights, if any, in and to Customer Data. Motorola acquires no rights to Customer Data except those rights granted under this Addendum including the right to Process and use the Customer Data as set forth in the DPA. The Parties agree that with regard to the Processing of personal information that may be part of Customer Data, Customer is the controller and Motorola is the processor, and Motorola may engage sub-processors pursuant to the provisions of the DPA.

3.5 Motorola Use of Customer Data. Notwithstanding any provision to the contrary in this Addendum or any related agreement, and except as may be provided to the contrary in the DPA, and in addition to other uses and rights set out herein, Customer understands and agrees that Motorola may obtain, use and/or create and use, anonymized, aggregated and/or generalized Customer Data, such as data relating to actual and potential security threats and vulnerabilities, for its lawful business purposes, including improving its services and sharing and leveraging such information for the benefit of Customer, other customers, and other interested parties.

3.6 Authorized Users. Customer will ensure its employees and Authorized Users comply with the terms of this Addendum and will be liable for all acts and omissions of its employees and Authorized Users. Customer is responsible for the secure management of Authorized Users' names, passwords and login credentials for access to products and Services. "**Authorized Users**" are Customer's employees, full-time contractors engaged for the purpose of supporting the products and Services that are not competitors of Motorola or its affiliates, and the entities (if any) specified in a SOW or otherwise approved by Motorola in writing (email from an authorized Motorola signatory accepted), which may include affiliates or other Customer agencies.

3.7 Beta or Proof of Concept Services. If Motorola makes any beta version of its Services ("**Beta Service**") available to Customer, or provides Customer a trial period or proof of concept period (or other demonstration) of the Services at reduced or no charge ("**Proof of Concept**" or "**POC Service**"), Customer may choose to use such Beta or POC Service at its own discretion, provided, however, that Customer will use the Beta or POC Service solely for purposes of Customer's evaluation of such Beta or POC Service, and for no other purpose. Customer acknowledges and agrees that all Beta or POC Services are offered "as-is" and without any representations or warranties or other commitments or protections from Motorola. Motorola will determine the duration of the evaluation period for any Beta or POC Service, in its sole discretion, and Motorola may discontinue any Beta or POC Service at any time. Customer acknowledges that Beta Services, by their nature, have not been fully tested and may contain defects or deficiencies. Notwithstanding any other provision of this Agreement, to the extent a future paid Service has been agreed upon subject to and contingent on the Customer's evaluation of a Proof of Concept Service, Customer may cancel such future paid Service as specified in the SOW or, if not specified, within a reasonable time before the paid Service is initiated.

Section 9 **Section 4. WARRANTY**

4.1 CUSTOMER ACKNOWLEDGES, UNDERSTANDS AND AGREES THAT MOTOROLA DOES NOT GUARANTEE OR WARRANT THAT IT WILL DISCOVER ALL OF CUSTOMER'S

SECURITY EVENTS (SUCH EVENTS INCLUDING THE UNAUTHORIZED ACCESS, ACQUISITION, USE, DISCLOSURE, MODIFICATION OR DESTRUCTION OF CUSTOMER DATA), THREATS, OR SYSTEM VULNERABILITIES. MOTOROLA DISCLAIMS ANY AND ALL RESPONSIBILITY FOR ANY AND ALL LOSS OR COSTS OF ANY KIND ASSOCIATED WITH SECURITY EVENTS, THREATS OR VULNERABILITIES WHETHER OR NOT DISCOVERED BY MOTOROLA. MOTOROLA DISCLAIMS ANY RESPONSIBILITY FOR CUSTOMER'S USE OR IMPLEMENTATION OF ANY RECOMMENDATIONS PROVIDED IN CONNECTION WITH THE SERVICES. IMPLEMENTATION OF RECOMMENDATIONS DOES NOT ENSURE OR GUARANTEE THE SECURITY OF THE SYSTEMS AND OPERATIONS EVALUATED. CUSTOMER SHALL BE RESPONSIBLE TO TAKE SUCH ACTIONS NECESSARY TO MITIGATE RISKS TO ITS OPERATIONS AND PROTECT AND PRESERVE ITS COMPUTER SYSTEMS AND DATA, INCLUDING CREATION OF OPERATIONAL WORKAROUNDS, BACKUPS AND REDUNDANCIES.

4.2. Except in instances of gross negligence in performing the Services, Motorola disclaims responsibility for costs incurred by Customer in connection with any such disruptions of and/or damage to Customer's or a third party's information systems, equipment, voice transmissions, data and Customer Data, including, but not limited to, inadequacies in or failure of Customer's network, denial of access to a legitimate system user, automatic shut-down of information systems caused by intrusion detection software or hardware, or failure of the information system resulting from the provision or delivery of the Services.

4.3. Motorola warrants that Supplied Equipment, for the use of Cyber Security only, under normal use and service, will be free from material defects in materials and workmanship for one (1) year from the date of shipment, subject to Customer providing written notice to Motorola within that period. AS IT RELATES TO THE SUPPLIED EQUIPMENT, MOTOROLA DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, AND FITNESS FOR A PARTICULAR PURPOSE.

4.4 Motorola warrants that the Services will be performed in a professional and workmanlike manner and will conform in all material respects to the SOW(s). This warranty will be for a period of ninety (90) days following completion of the Services. If Motorola breaches this warranty, Customer's sole and exclusive remedy is to require Motorola to re-perform the non-conforming Services or to refund, on a pro-rata basis, the fees paid for the non-conforming Services. OTHER THAN THOSE WARRANTIES SET FORTH IN THIS SECTION 4, MOTOROLA DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. Customer acknowledges that the Deliverables for the Subscription Services may contain recommendations, suggestions or advice from Motorola to Customer (collectively, "recommendations"). Motorola makes no warranties concerning those recommendations, and Customer alone accepts responsibility for choosing whether and how to implement the recommendations and the results to be realized from implementing them.

4.5. Pass-Through Warranties. Notwithstanding any provision of this Addendum or any related agreement to the contrary, Motorola will have no liability for third-party software, hardware or services resold or otherwise provided by Motorola; provided, however, that to the extent offered by third-party software, hardware or services providers and to the extent permitted by law, Motorola will pass through to Customer express warranties provided by such third parties.

5.4. Voluntary Remedies. Motorola is not obligated to remedy, repair, replace, or refund the purchase price for the disclaimed issues in **Section 5.3 – Additional Exclusions**, but if Motorola agrees to provide Services to help resolve such issues, Customer will reimburse Motorola for its reasonable time and expenses, including by paying Motorola any fees set forth in this Addendum or separate order for such Services, if applicable.

5.5. Representations and Standards. Except as expressly set out in this Addendum or the applicable Motorola proposal or statement of work relating to the cyber products or services, or applicable portion thereof, Motorola makes no representations as to the compliance of Motorola cyber products and services with any specific standards, specifications or terms. Remote Technical Support Statement of Work

1.1 Overview

Motorola Solutions' Remote Technical Support service provides telephone consultation for technical issues that require a high level of ASTRO[®] 25 network knowledge and troubleshooting capabilities. Remote Technical Support is delivered through the Motorola Solutions Centralized Managed Support Operations ("CMSO") organization by a staff of technical support specialists skilled in diagnosis and swift resolution of infrastructure performance and operational issues.

Motorola Solutions applies leading industry standards in recording, monitoring, escalating, and reporting for technical support calls from its contracted customers to provide the support needed to maintain mission-critical systems.

This Statement of Work ("SOW"), including all of its subsections and attachments, is an integral part of the applicable agreement ("Agreement") between Motorola Solutions, Inc. ("Motorola Solutions") and the customer ("Customer").

In order to receive the services as defined within this SOW, the Customer is required to keep the system within a standard support period as described in Motorola Solutions' [Software Support Policy \("SwSP"\)](#).

1.2 Description of Service

The CMSO organization's primary goal is Customer Issue Resolution ("CIR"), providing incident restoration and service request fulfillment for Motorola Solutions' currently supported infrastructure. This team of highly skilled, knowledgeable, and experienced specialists is an integral part of the support and technical issue resolution process. The CMSO supports the Customer remotely using a variety of tools, including fault diagnostics tools, simulation networks, and fault database search engines.

Calls requiring incidents or service requests will be logged in Motorola Solutions' Customer Relationship Management ("CRM") system, and Motorola Solutions will track the progress of each incident from initial capture to resolution. This helps ensure that technical issues are prioritized, updated, tracked, and escalated as necessary, until resolution. Motorola Solutions will advise and inform Customer of incident resolution progress and tasks that require further investigation and assistance from the Customer's technical resources.

The CMSO Operations Center classifies and responds to each technical support request in accordance with Section 1.8: Priority Level Definitions and Response Times.

This service requires the Customer to provide a suitably trained technical resource that delivers maintenance and support to the Customer's system, and who is familiar with the operation of that system. Motorola Solutions provides technical consultants to support the local resource in the timely closure of infrastructure, performance, and operational issues.

1.3 Scope

The CMSO Service Desk is available via telephone 24 hours per day, 7 days per week, and 365 days per year to receive and log requests for technical support. Remote Technical Support service is provided in accordance with Section 1.8: Priority Level Definitions and Response Times.

INFLATION ADJUSTMENT. For multi-year agreements, at the end of the first year of Agreement and each year thereafter, a CPI percentage change calculation shall be performed using the U.S. Department of Labor, Consumer Price Index, all terms, Unadjusted Urban Areas (CPI-U). Should the annual inflation rate increase greater than 3% during the previous year, Motorola shall have the right to increase all future maintenance prices by the CPI increase amount exceeding 3%. All items, not seasonally adjusted shall be used as the measure of CPI for this price adjustment. Measurement will take place once the annual average for the new year has been posted by the Bureau of Labor Statistics. For purposes of illustration, if in year 5 the CPI reported an increase of 8%, Motorola may increase the Year 6 price by 5% (8%-3% base).

Motorola Solutions Customer Agreement

This Motorola Solutions Customer Agreement (the “**MCA**”) is entered into between Motorola Solutions, Inc., with offices at 500 W. Monroe Street, Suite 4400, Chicago, IL 60661 (“**Motorola**”) and the entity set forth in the signature block below (“**Customer**”). Motorola and Customer will each be referred to herein as a “**Party**” and collectively as the “**Parties**”. This Agreement (as defined below) is effective as of the date of the last signature (the “**Effective Date**”).

1. Agreement.

1.1. Scope; Agreement Documents. This MCA governs Customer’s purchase of Products (as defined below) and Services (as defined below) from Motorola. Additional terms and conditions applicable to specific Products and Services are set forth in one or more addenda attached to this MCA (each an “**Addendum**”, and collectively the “**Addenda**”). In addition, the Parties may agree upon solution descriptions, equipment lists, statements of work, schedules, technical specifications, and other ordering documents setting forth the Products and Services to be purchased by Customer and provided by Motorola and additional rights and obligations of the Parties (the “**Ordering Documents**”, “Initial Order Form”, or “Order Form”). To the extent required by applicable procurement law, a proposal submitted by Motorola in response to a competitive procurement process will be included within the meaning of the term Ordering Documents. This MCA, the Addenda, and any Ordering Documents collectively form the Parties’ “**Agreement**”.

1.2. Order of Precedence. Each Addendum will control with respect to conflicting terms in the MCA, but only as applicable to the Products and Services described in such Addendum. Each Ordering Document will control with respect to conflicting terms in the MCA or any Addenda, but only as applicable to the Products and Services described on such Ordering Document.

2. Products and Services.

2.1. Scope of Services. Motorola will provide SUAII services as seen in the attached proposals and statement of works, dated [xx July], 2024, for St. Johns County Communications and Interoperable Radio System Departments. The Services will conclude upon the expiration or termination.

2.1.a. If Motorola is providing Services for Equipment, Motorola parts or parts of equal quality will be used; the Equipment will be serviced at levels set forth in the manufacturer's product manuals; and routine service procedures that are prescribed by Motorola will be followed.

2.1.b. If Customer purchases from Motorola additional equipment that becomes part of the same system as the initial Equipment, the additional equipment may be added to this Agreement and will be billed at the applicable rates after the warranty for that additional equipment expires.

2.1.c. All Equipment must be in good working order on the Start Date or when additional equipment is added to the Agreement. Upon reasonable request by Motorola, Customer will provide a complete serial and model number list of the Equipment. Customer must promptly notify Motorola in writing when any Equipment is lost, damaged, stolen or taken out of service. Customer's obligation to pay Service fees for this Equipment will terminate at the end of the month in which Motorola receives the written notice.

2.1.d. Customer must specifically identify any Equipment that is labeled intrinsically safe for use in hazardous environments.

2.1.e. If Equipment cannot, in Motorola's reasonable opinion, be properly or economically serviced for any reason, Motorola

may modify the scope of Services related to that Equipment; remove that Equipment from the Agreement; or increase the price to Service that Equipment.

2.1.f. Customer must promptly notify Motorola of any Equipment failure. Motorola will respond to Customer's notification in a manner consistent with the level of Service purchased as indicated in this Agreement.

Excluded Services

2.1.g. Service excludes the repair or replacement of Equipment that has become defective or damaged from use in other than the normal, customary, intended, and authorized manner; use not in compliance with applicable industry standards; excessive wear and tear; or accident, liquids, power surges, neglect, acts of God or other force majeure events that are not reasonably foreseeable and are outside of its reasonable control.

2.1.h. Unless specifically included in this Agreement, Service excludes items that are consumed in the normal operation of the Equipment, such as batteries or magnetic tapes.; upgrading or reprogramming Equipment; accessories, belt clips, battery chargers, custom or special products, modified units, or software; and repair or maintenance of any transmission line, antenna, microwave equipment, tower or tower lighting, duplexer, combiner, or multicoupler. Motorola has no obligations for any transmission medium, such as telephone lines, computer networks, the internet or the worldwide web, or for Equipment malfunction caused by the transmission medium.

Time and Place of Service

2.1.i. Service will be provided at the location specified in this Agreement. When Motorola performs service at Customers location, Customer will provide Motorola, at no charge, a non-hazardous work environment with adequate shelter, heat, light, and power and with full and free access to the Equipment. Waivers of liability from Motorola or its subcontractors will not be imposed as a site access requirement. Customer will provide all information pertaining to the hardware and software elements of any system with which the Equipment is interfacing so that Motorola may perform its Services. Unless otherwise stated in this Agreement, the hours of Service will be 8:30 a.m. to 4:30 p.m., local time, excluding weekends and holidays. Unless otherwise stated in this Agreement, the price for the Services exclude any charges or expenses associated with helicopter or other unusual access requirements; if these charges or expenses are reasonably incurred by Motorola in rendering the Services, Customer agrees to reimburse Motorola for those charges and expenses.

2.1.1 Non-Preclusion. If, in connection with the Products and Services provided under this Agreement, Motorola makes recommendations, including a recommendation to purchase other products or services, nothing in this Agreement precludes Motorola from participating in a future competitive bidding process or otherwise offering or selling the recommended products or other services to Customer. Customer represents that this paragraph does not violate its procurement standards or other laws, regulations, or policies.

2.1.2 Customer Obligations. Customer will ensure that information Customer provides to Motorola in connection with receipt of Products and Services are accurate and complete in all material respects. Customer will make timely decisions and obtain any required management approvals that are reasonably necessary for Motorola to provide the Products and Services and perform its other duties under this Agreement. Unless the applicable Ordering Document states otherwise, Motorola may rely upon and is not required to evaluate, confirm, reject, modify, or provide advice concerning any assumptions or Customer information, decisions, or approvals described in this Section. If any assumptions in the Ordering Documents or information provided by Customer prove to be incorrect, or if Customer fails to perform any of its obligations under this Agreement, Motorola's ability to perform its obligations may be impacted and changes to the Agreement, including the scope, Fees, and performance schedule may be required.

2.1.3 Documentation. Products and Services may be delivered with documentation for the Equipment, software Products, or data that specifies technical and performance features, capabilities, users, or operation, including training manuals, and other deliverables, such as reports, specifications, designs, plans, drawings, analytics, or other information (collectively, "**Documentation**"). Documentation is and will be owned by Motorola, unless otherwise expressly agreed in an Addendum or Ordering Document that certain Documentation will be owned by Customer. Motorola hereby grants Customer a limited, royalty-free, worldwide, non-exclusive license to use the Documentation solely for its internal business purposes in connection with the Products and Services.

2.2 Motorola Tools and Equipment. As part of delivering the Products and Services, Motorola may provide certain tools, equipment, models, and other materials of its own. Such tools and equipment will remain the sole property of Motorola unless they are to be purchased by Customer as Products and are explicitly listed on an Ordering Document. The tools and equipment may be held by Customer for Motorola's use without charge and may be removed from Customer's premises by Motorola at any time without restriction. Customer will safeguard all tools and equipment while in Customer's custody or control, and be liable for any loss or damage. Upon the expiration or earlier termination of this Agreement, Customer, at its expense, will return to Motorola all tools and equipment in its possession or control.

2.3 Authorized Users. Customer will ensure its employees and Authorized Users comply with the terms of this Agreement and will be liable for all acts and omissions of its employees and Authorized Users. Customer is responsible for the secure management of Authorized Users' names, passwords and login credentials for access to Products and Services. "**Authorized Users**" are Customer's employees, full-time contractors engaged for the purpose of supporting the Products and Services that are not competitors of Motorola, and the entities (if any) specified in an Ordering Document or otherwise approved by Motorola in writing (email from an authorized Motorola signatory accepted), which may include affiliates or other Customer agencies.

2.4 Export Control. Customer, its employees, and any other Authorized Users will not access or use the Products and Services in any jurisdiction in which the provision of such Products and Services is prohibited under applicable laws or regulations (a "**Prohibited Jurisdiction**"), and Customer will not provide access to the Products and Services to any government, entity, or individual located in a Prohibited Jurisdiction. Customer represents and warrants that (a) it and its Authorized Users are not named on any U.S. government list of persons prohibited from receiving U.S. exports, or transacting with any U.S. person; (b) it and its Authorized Users are not a national of, or a company registered in, any Prohibited Jurisdiction; (c) Customer will not permit its Authorized Users to access or use the Products or Services in violation of any U.S. or other applicable export embargoes, prohibitions or

restrictions; and (d) Customer and its Authorized Users will comply with all applicable laws regarding the transmission of technical data exported from the U.S. and the country in which Customer, its

employees, and the Authorized Users are located.

2.5 Change Orders. Unless a different change control process is agreed upon in writing by the Parties, a Party may request changes to an Addendum or an Ordering Document by submitting a change order to the other Party (each, a “**Change Order**”). If a requested change in a Change Order causes an increase or decrease in the Products or Services, the Parties by means of the Change Order will make appropriate adjustments to the Fees, project schedule, or other matters. Change Orders are effective and binding on the Parties only upon execution of the Change Order by an authorized representative of both Parties.

3 Term and Termination.

3.1 Term. The term of this MCA (“**Term**”) will commence on the Effective Date and continue until six (6) years, unless the MCA is earlier terminated as set forth herein. The applicable Addendum or Ordering Document will set forth the term for the Products and Services governed thereby.

3.2 Termination. Either Party may terminate the Agreement or the applicable Addendum or Ordering Document if the other Party breaches a material obligation under the Agreement and does not cure such breach within thirty (30) days after receipt of notice of the breach or fails to produce a cure plan within such period of time. Each Addendum and Ordering Document may be separately terminable as set forth therein, however, termination of this Agreement shall constitute termination of all Addendums and Ordering Documents, unless otherwise set forth within the Notice of Termination.

3.2.1 Termination for Non-Appropriation. Customer may terminate this Agreement, with thirty (30) days written notice due to the lack of lawfully appropriated funds in any given Fiscal Year. The termination shall take effect on the last day of the fiscal year for which the appropriation was made without penalty or expense to the Customer.

3.2.3 SUA upgrade payment requirement. SUA annualized price is based on the fulfillment of the system release upgrade in each eligible System Upgrade window. If the Customer terminates, except if Motorola is the defaulting party, the Customer will be required to pay for the balance of payments owed in that eligible System Upgrade window if a system release upgrade has been taken prior to the point of termination.

3.3 Suspension of Services. Motorola may terminate or suspend any Products or Services under an Ordering Document if Motorola determines: (a) the related Product license has expired or has terminated for any reason; (b) the applicable Product is being used on a hardware platform, operating system, or version not approved by Motorola; (c) Customer fails to make any payments when due; or (d) Customer fails to comply with any of its other obligations or otherwise delays Motorola’s ability to perform.

3.4 Effect of Termination or Expiration. Upon termination for any reason or expiration of this Agreement, an Addendum, or an Ordering Document, Customer and the Authorized Users will return or destroy (at Motorola’s option) all Motorola Materials and Motorola’s Confidential Information in their possession or control and, as applicable, provide proof of such destruction, except that Equipment purchased by Customer should not be returned. If Customer has any outstanding payment obligations under this Agreement, Motorola may accelerate and declare all such obligations of Customer immediately due and payable by Customer. Notwithstanding the reason for termination or expiration, Customer must pay Motorola for Products and Services already delivered. Customer has a duty to mitigate any damages under this Agreement, including in the event of default by Motorola and Customer’s termination of this Agreement.

4 Payment and Invoicing.

4.1 Fees. Customer shall compensate Motorola Solutions in accordance with the mutually agreed to Order Form entered into between the County and Motorola Solutions. The Initial Order Form reflects an Order Total for Year 1 of six hundred ninety thousand fifty dollars, (\$690,650),), which shall be paid upon Contract Execution.

4.1.1 Customer affirms they have signatory authority to execute this contract. The contract price is \$4,439,206.00. Customer will make all reasonable efforts to provide funds needed by Motorola Solutions to perform under this Agreement and as funds are appropriated by their governing board. Customer makes no express commitment to provide such funds in any given Customer Fiscal Year. Moreover, it is expressly noted that Motorola Solutions cannot demand that Customer provide any such funds in any given Customer Fiscal Year.

Customer will be responsible for providing all necessary permits, licenses, and other approvals necessary for the installation and use of the Products and the performance of the Services at each applicable Site, including for Motorola to perform its obligation hereunder, and for facilitating Motorola's access to the Sites. No waivers of liability will be imposed on Motorola or its subcontractors by Customer or others at Customer facilities or other Sites, but if and to the extent any such waivers are imposed, the Parties agree such waivers are void.

5.2 Site Conditions. Customer will ensure that (a) all Sites are safe and secure, (b) Site conditions meet all applicable industry and legal standards (including standards promulgated by OSHA or other governmental or regulatory bodies), (c) to the extent applicable, Sites have adequate physical space, air conditioning, and other environmental conditions, electrical power outlets, distribution, equipment,

This Agreement is predicated upon normal soil conditions as defined by the version of E.I.A. standard RS-222 in effect on the Effective Date.

5.3 Site Issues. Motorola will have the right at any time to inspect the Sites and advise Customer of any deficiencies or non-conformities with the requirements of this **Section 5 – Sites; Customer-Provided Equipment; Non-Motorola Content**. If Motorola or Customer identifies any deficiencies or non-conformities, Customer will promptly remediate such issues or the Parties will select a replacement Site. If a Party determines that a Site identified in an Ordering Document is not a ceptable or desired, the Parties will cooperate to investigate the conditions and select a replacement Site or otherwise adjust the installation plans and specifications as necessary. A change in Site or adjustment to the installation plans and specifications may cause a change in the Fees or performance schedule under the applicable Ordering Document.

5.4 Customer-Provided Equipment. Certain components, including equipment and software, not provided by Motorola may be required for use of the Products and Services (“**Customer-Provided Equipment**”). Customer will be responsible, at its sole cost and expense, for providing and maintaining the Customer-Provided Equipment in good working order. Customer represents and warrants that it has all rights in Customer-Provided Equipment to permit Motorola to access and use the applicable Customer-Provided Equipment to provide the Products and Services under this Agreement, and such access and use will not violate any laws or infringe any third-party rights (including intellectual property rights). Customer (and not Motorola) will be fully liable for Customer-Provided Equipment, and Customer will immediately notify Motorola of any Customer-Provided Equipment damage, loss, change, or theft that may impact Motorola’s ability to provide the Products and Services under this Agreement, and Customer acknowledges that any such events may cause a change in the Fees or performance schedule under the applicable Ordering Document.

5.5 Non-Motorola Content. In certain instances, Customer may be permitted to access, use, or integrate Customer or third-party software, services, hardware, content, and data that is not provided by Motorola (collectively, “**Non-Motorola Content**”) with or through the Products and Services. If Customer accesses, uses, or integrates any Non-Motorola Content with the Products or Services, Customer will first obtain all necessary rights and licenses to permit Customer’s and its Authorized Users’ use of the Non-Motorola Content in connection with the Products and Services. Customer will also obtain the necessary rights for Motorola to use such Non-Motorola Content in connection with providing the Products and Services, including the right for Motorola to access, store, and process such Non-Motorola Content (e.g., in connection with Subscription Software), and to otherwise enable interoperation with the Products and Services. Customer represents and warrants that it will obtain the foregoing rights and licenses prior to accessing, using, or integrating the applicable Non-Motorola Content with the Products and Services, and that Customer and its Authorized Users will comply with any terms and conditions applicable to such Non-Motorola Content. If any Non-Motorola Content require access to Customer Data (as defined below), Customer hereby authorizes Motorola to allow the provider of such Non-Motorola Content to access Customer Data, in connection with the interoperation of such Non-Motorola Content with the Products and Services. Customer acknowledges and agrees that Motorola is not responsible for, and makes no representations or warranties with respect to, the Non-Motorola Content (including any disclosure, modification, or deletion of Customer Data resulting from use of Non-Motorola Content or failure to properly interoperate with the Products and Services). If Customer receives notice that any Non-Motorola Content must be removed, modified, or disabled within the Products or Services, Customer will promptly do so. Motorola will have the right to disable or remove Non-Motorola Content if Motorola believes a violation of law, third-party rights, or Motorola’s policies is likely to occur, or if such Non-Motorola Content poses or may pose a security or other risk or adverse impact to the Products or Services, Motorola, Motorola’s systems, or any third party (including other Motorola customers). Motorola may provide certain Non-Motorola Content as an authorized sales representative of a third party as set out in an Ordering Document. As an authorized sales representative, the third party’s terms and conditions, as set forth in the Ordering Document, will apply to any such sales. Any orders for such Non-Motorola Content will be filled by the third party. Nothing in this Section will limit the exclusions set forth in **Section 7.2 – Intellectual Property Infringement**.

5.6 End User Licenses. Notwithstanding any provision to the contrary in the Agreement, certain Non-Motorola Content software are governed by a separate license, EULA, or other agreement, including terms governing third-party equipment or software, such as open source software, included in the Products and Services. Customer will comply, and ensure its Authorized Users comply, with any such additional terms applicable to third-party equipment or software. Such express warranties are included in the applicable Addendum or Ordering Document. Such representations and warranties will apply only to the applicable Product or Service that is the subject of such Addendum or Ordering Document.

6.3 Warranty Claims; Remedies. To assert a warranty claim, Customer must notify Motorola in writing of the claim prior to the expiration of any warranty period set forth in this MCA or the applicable Addendum or Ordering Document. Unless a different remedy is otherwise expressly set forth for a particular warranty under an Addendum, upon receipt of such claim, Motorola will investigate the claim and use commercially reasonable efforts to repair or replace any confirmed materially non-conforming Product or re-perform any non-conforming Service, at its option. Such remedies are Customer's sole and exclusive remedies for Motorola's breach of a warranty. Motorola's warranties are extended by Motorola to Customer only, and are not assignable or transferrable.

6.4 Pass-Through Warranties. Notwithstanding any provision of this Agreement to the contrary, Motorola will have no liability for third-party software or hardware provided by Motorola; provided, however, that to the extent offered by third-party providers of software or hardware and to the extent permitted by law, Motorola will pass through express warranties provided by such third parties.

6.5 WARRANTY DISCLAIMER. EXCEPT FOR THE EXPRESS AND PASS THROUGH WARRANTIES IN THIS AGREEMENT, PRODUCTS AND SERVICES PURCHASED HEREUNDER ARE PROVIDED "AS IS" AND WITH ALL FAULTS. WARRANTIES SET FORTH IN THE AGREEMENT ARE THE COMPLETE WARRANTIES FOR THE PRODUCTS AND SERVICES AND MOTOROLA DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND QUALITY. MOTOROLA DOES NOT REPRESENT OR WARRANT THAT USE OF THE PRODUCTS AND SERVICES WILL BE UNINTERRUPTED, ERROR-FREE, OR FREE OF SECURITY VULNERABILITIES, OR THAT THEY WILL MEET CUSTOM R'S PARTICULAR REQUIREMENTS.

7.4.2 In addition to the other damages disclaimed under this Agreement, Motorola will have no duty to defend or indemnify Customer for any Infringement Claim that arises from or is based upon: (a) Customer Data, Customer-Provided Equipment, Non-Motorola Content, or third-party equipment, hardware, software, data, or other third-party materials; (b) the combination of the Product or Service with any products or materials not provided by Motorola; (c) a Product or Service designed, modified, or manufactured in accordance with Customer’s designs, specifications, guidelines or instructions; (d) a modification of the Product or Service by a party other than Motorola; (e) use of the Product or Service in a manner for which the Product or Service was not designed or that is inconsistent with the terms of this Agreement; or (f) the failure by Customer to use or install an update to the Product or Service that is intended to correct the claimed infringement. In no event will Motorola’s liability resulting from an Infringement Claim extend in any way to any payments due on a royalty basis, other than a reasonable royalty based upon revenue derived by Motorola from Customer from sales or license of the Infringing Product.

7.4.3 This **Section 7.2 – Intellectual Property Infringement** provides Customer’s sole and exclusive remedies and Motorola’s entire liability in the event of an Infringement Claim. For clarity, the rights and remedies provided in this Section are subject to, and limited by, the restrictions set forth in **Section 8 – Limitation of Liability** below.

7.5 Customer Indemnity. Customer will defend, indemnify, and hold Motorola and its subcontractors, subsidiaries and other affiliates harmless from and against any and all damages, losses, liabilities, and expenses (including reasonable fees and expenses of attorneys) arising from any actual or threatened third-party claim, demand, action, or proceeding arising from or related to (a) Customer-Provided Equipment, Customer Data, or Non-Motorola Content, including any claim, demand, action, or proceeding alleging that any such equipment, data, or materials (or the integration or use thereof with the Products and Services) infringes or misappropriates a third-party intellectual property or other right, violates applicable law, or breaches the Agreement; (b) Customer-Provided

11.4 Delays Caused by Customer. Motorola's performance of the Products and Services will be excused for delays caused by Customer or its Authorized Users or subcontractors, or by failure of any assumptions set forth in this Agreement (including in any Addendum or Ordering Document). In the event of a delay under this **Section 11.2 – Delays Caused by Customer**, (a) Customer will continue to pay the Fees as required hereunder, (b) the Parties will agree (in writing) upon a reasonable extension to any applicable performance schedule, and (c) Customer will compensate Motorola for its out-of-pocket costs incurred due to the delay (including those incurred by Motorola's affiliates, vendors, and subcontractors).

12 Disputes. The Parties will use the following procedure to resolve any disputes relating to or arising out of this Agreement (each, a "**Dispute**"):

12.1.1 If any dispute between the County and Motorola arises under this Contract and such dispute cannot be resolved by good faith negotiation at the field level between the Authorized Representatives of each Party, such dispute shall be promptly escalated to Consultant's and County's Senior Representatives, upon the request of either Party, who shall meet as soon as conveniently possible, but in no case later than fourteen (14) calendar days after such a request is made, to attempt to resolve such dispute or disagreement. Five (5) calendar days prior to any meetings between the Senior Representatives, the Parties will exchange relevant information that will assist the Parties in resolving the dispute or disagreement.

12.1.2 If after meeting, the Senior Representatives determine that the dispute or disagreement cannot be resolved on terms satisfactory to both Parties, the Motorola shall submit a Contract claim as provided herein.

12.1.3 Claims arising from this Contract shall be filed with the Purchasing Director. Prior to filing a contract claim, Motorola shall first exhaust all remedies set forth in the Contract Documents. The Contract Claim must be submitted to the Purchasing Director within five (5) business days of exhausting the all remedies set forth above. Pending final resolution of a dispute or claim, unless otherwise agreed in writing, the Motorola is required to proceed with performance of the Services and maintain effective progress in the performance of the Services as set forth in this Contract. The contract claim shall include, at a minimum, the following:

12.1.1.1 The name and address of the Motorola and any legal counsel; and

12.1.1.2 The address to which the Purchasing Director should send their final decision; and

12.1.1.3 Identification of the final adverse decision or document that is the subject of the contract claim; and

12.1.1.4 Identification of the administrative remedies provided for in the contract that were pursued prior to the claim and the outcome; and

12.1.1.5 A statement of the grounds for each issue to be reviewed and the applicable provisions of the Contract, as well as any applicable Laws, or other legal authorities which the Contract deems applicable to the claim; and

12.1.1.6 A statement of the grounds for each issue raised in the contract claim; and

12.1.1.7 A copy of the final adverse decision or document that is the subject of the claim and any exhibits, evidence or documents which the Motorola deems applicable to the issues raised in the claim.

12.1.4 During the Purchasing Director's review of the contract claim, the Purchasing Director may request additional information from either Party. The Parties are to provide the Purchasing Director with the requested information within the time period set forth in the request. Failure of either Party to timely comply may result in resolution of the claim without consideration of the requested information.

12.1.5 The Purchasing Director shall render a decision on the Contract Claim within twenty-one (21) calendar days of receipt of all requested information. The written decision of the Purchasing Director shall be sent to the Motorola to the notice address listed herein or by such other means as agreed to by the Parties.

12.1.6 The decision for any Contract Claim by the Purchasing Director may be appealed by the Motorola to the County Administrator. Motorola must submit their appeal to the County Administrator, including any and all information, documentation, backup data, or other supplemental facts or figures within five (5) business days of receipt of the Purchasing Director's decision. Failure of the Motorola to submit an appeal within the prescribed timeframe shall be a waiver of a right to appeal the rendered decision. The appeal shall include any and all information, documentation and data relative to the Contract Claim and subsequent appeal. The County Administrator shall render a decision within thirty (30) calendar days of receipt of all information. The County Administrator's decision shall be considered final, but shall not prohibit nor restrict the Consultant's ability to legal action in circuit court.

12.3 Governing Law. All matters relating to or arising out of the Agreement are governed by the laws of the State of Florida, unless Customer is the United States Government (or an agency thereof), in which case all matters relating to or arising out of the Agreement will be governed by the laws of the State in which the Products and Services are provided. The terms of the U.N. Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transactions Act will not apply.

12.4 Negotiation. Either Party may initiate dispute resolution procedures by sending a notice of Dispute ("**Notice of Dispute**") to the other Party. The Parties will attempt to resolve the Dispute promptly through good faith negotiations, including timely escalation of the Dispute to executives who have authority to settle the Dispute (and who are at a higher level of management than the persons with direct responsibility for the matter). All communication relating to the Dispute resolution will be maintained in strict confidence by the Parties. Notwithstanding the foregoing, any Dispute arising from or relating to Motorola's intellectual property rights will not be subject to negotiation in accordance with this Section, but instead will be decided by a court of competent jurisdiction, in accordance with **Section 12.3 – Litigation, Venue, Jurisdiction** below.

12.5 Litigation, Venue, Jurisdiction. If the Dispute has not been resolved within sixty (60) days from the Notice of Dispute, either Party may submit the Dispute exclusively to a court in St. Johns County, FL. Each Party expressly consents to the exclusive jurisdiction of such courts for resolution of any Dispute.

13 General.

13.3 Compliance with Laws. Each Party will comply with applicable laws in connection with the performance of its obligations under this Agreement, including that Customer will ensure its and its Authorized Users' use of the Products and Services complies with law (including privacy laws), and Customer will obtain any FCC and other licenses or authorizations (including licenses or authorizations required by foreign regulatory bodies) required for its and its Authorized Users' use of the Products and Services. Motorola may, at its discretion, cease providing or otherwise modify Products and Services (or any terms related thereto in an Addendum or Ordering Document), in order to comply with any changes in applicable law.

13.4 Audit; Monitoring. Motorola will have the right to monitor and audit use of the Products, which may also include access by Motorola to Customer Data and Service Use Data. Customer will provide notice of such monitoring to its Authorized Users and obtain any required consents, including individual end users, and will cooperate with Motorola in any monitoring or audit. Customer will maintain during the Term, and for two (2) years thereafter, accurate records relating to any software licenses granted under this Agreement to verify compliance with this Agreement. Motorola or a third party (“**Auditor**”) may inspect Customer’s and, as applicable, Authorized Users’ premises, books, and records. Motorola will pay expenses and costs of the Auditor, unless Customer is found to be in violation of the terms of the Agreement, in which case Customer will be responsible for such expenses and costs.

13.5 Assignment and Subcontracting. Neither Party may assign or otherwise transfer this Agreement without the prior written consent of the other Party, which will not be unreasonably withheld. Subject to the foregoing, this Agreement will be binding upon the Parties and their respective successors and assigns.

13.6 Waiver. A delay or omission by either Party to exercise any right under this Agreement will not be construed to be a waiver of such right. A waiver by either Party of any of the obligations to be performed by the other, or any breach thereof, will not be construed to be a waiver of any succeeding breach or of any other obligation. All waivers must be in writing and signed by the Party waiving its rights.

13.7 Severability. If any provision of the Agreement is found by a court of competent jurisdiction to be invalid, illegal, or otherwise unenforceable, such provision will be deemed to be modified to reflect as nearly as possible the original intentions of the Parties in accordance with applicable law. The remaining provisions of this Agreement will not be affected, and each such provision will be valid and enforceable to the full extent permitted by applicable law.

13.8 Independent Contractors. Each Party will perform its duties under this Agreement as an independent contractor. The Parties and their personnel will not be considered to be employees or agents of the other Party. Nothing in this Agreement will be interpreted as granting either Party the right or authority to make commitments of any kind for the other. This Agreement will not constitute, create, or be interpreted as a joint venture, partnership, or formal business organization of any kind.

13.9 Third-Party Beneficiaries. The Agreement is entered into solely between, and may be enforced only by, the Parties. Each Party intends that the Agreement will not benefit, or create any right or cause of action in or on behalf of, any entity other than the Parties. Notwithstanding the foregoing, a licensor or supplier of third-party software included in the software Products will be a direct and intended third-party beneficiary of this Agreement.

13.10 Interpretation. The section headings in this Agreement are included only for convenience. The words “including” and “include” will be deemed to be followed by the phrase “without limitation”. This Agreement will be fairly interpreted in accordance with its terms and conditions and not for or against either Party.

2.4 “**Feedback**” means comments or information, in oral or written form, given to Motorola by Customer or Authorized Users, including their end users, in connection with or relating to the Services. Any Feedback provided by Customer is entirely voluntary. Motorola may use, reproduce, license, and otherwise distribute and exploit the Feedback without any obligation or payment to Customer or Authorized Users. Customer represents and warrants that it has obtained all necessary rights and consents to grant Motorola the foregoing rights.

2.5 “**Motorola Data**” has the meaning given to it in the DPA.

2.6 “**Process**” or “**Processing**” has the meaning given to it in the DPA.

Mutually agreed upon SOWs may be attached hereto as Exhibit(s) , and/or are respectively incorporated by reference, each of which will be governed by the terms and conditions of this Addendum. Statements of Work may set out certain “**Deliverables**,” which include all written information (such as reports, specifications, designs, plans, drawings, or other technical or business information) that Motorola prepares for Customer in the performance of the Services and is obligated to provide to Customer under a SOW and this Addendum. The Deliverables, if any, are more fully described in the Statements of Work.

2.9 “**Third-Party Data**” has the meaning given to it in the DPA.

Section 8 **Section 3. LICENSE, DATA AND SERVICE CONDITIONS**

3.1 Delivery of Cyber Services

3.1.1 All Professional Services will be performed in accordance with the performance

schedule included in a SOW. Delivery of hours purchased as Retainer Services is at the onset of the applicable retainer period. Hours purchased as Retainer Services expire and are forfeited if not used within the Retainer period, subject to terms of use, expiration and extension, if any, as set out in the applicable SOW or ordering document. Professional Services described in a SOW will be deemed complete upon Motorola's performance of such Services or, if applicable, upon exhaustion or expiration of the Retainer Services hours, whichever occurs first.

3.1.2 Subscription Services. Delivery of Subscription Services will occur upon Customer's receipt of credentials required for access to the Subscription Services or upon Motorola otherwise providing access to the Subscription Services platform.

3.1.3 To the extent Customer purchases equipment from Motorola ("**Supplied Equipment**"), title and risk of loss to the Supplied Equipment will pass to Customer upon installation (if applicable) or shipment by Motorola. Customer will take all necessary actions, reimburse freight or delivery charges, provide or obtain access and other rights needed and take other requested actions necessary for Motorola to efficiently perform its contractual duties. To the extent Supplied Equipment is purchased on an installment basis, any early termination of the installment period will cause the outstanding balance to become immediately due.

3.2 Motorola may use or provide Customer with access to software, tools, enhancements, updates, data, derivative works, and other materials which Motorola has developed or licensed from third parties (collectively, "**Motorola Materials**"). The Services, Motorola Data, Third-Party Data, and related documentation, are considered Motorola Materials. Notwithstanding the use of such materials in Services or Deliverables, the Motorola Materials are the property of Motorola or its licensors, and Motorola or its licensors retain all right, title and interest in and to the Deliverables and the Motorola Materials. Motorola grants Customer and Authorized Users a limited, non-transferable, non-sublicensable, and non-exclusive license to use the Services and associated Deliverables solely for Customer's internal business purposes.

3.2.1 Motorola may use, engage, resell, or otherwise interface with third-party software, hardware or services providers (such as, for example, third-party end point detection and response providers) and other sub-processors, who in turn may engage additional sub-processors to process personal data and other Customer Data. Customer agrees that such third-party software or services providers, sub-processors or their respective sub-processors may process and use personal and other Customer Data in accordance with and subject to their own respective licenses or terms and in accordance with applicable law. Customer authorizes and will provide and obtain all required notices and consents, if any, and comply with other applicable legal requirements, if any, with respect to such collection and use of personal data and other Customer Data by Motorola, and its subcontractors, sub-processors and/or third-party software, hardware or services providers.

3.2.2 In addition to terms set forth in this Addendum, certain components of the Subscription Services and the Motorola Materials may be governed by one or more third-party End User License Agreements ("**EULA**"), which include terms governing third-party software licensed to Motorola ("**Licensed Software**"), such as open source software, included in the Subscription Services and/or the Motorola Materials. Customer will comply, and ensure its Authorized Users comply, with such additional license agreements. EULAs for the Licensed Software are linked through the proposal to which this Addendum is attached.

3.3 To the extent Customer is permitted to access, use, or integrate Customer or third-party software, services, content, or data that is not provided by Motorola (collectively, "**Non-Motorola**

Content") with or through the Services, or will use equipment or software not provided by Motorola, which may be required for use of the Services ("**Customer-Provided Equipment**"), Customer will obtain and continuously maintain all rights and licenses necessary for Motorola to efficiently perform all contemplated Services under this Addendum and will assume responsibility for operation and integration of such content and equipment.

3.4 Ownership of Customer Data. Customer retains all right, title and interest, including intellectual property rights, if any, in and to Customer Data. Motorola acquires no rights to Customer Data except those rights granted under this Addendum including the right to Process and use the Customer Data as set forth in the DPA. The Parties agree that with regard to the Processing of personal information that may be part of Customer Data, Customer is the controller and Motorola is the processor, and Motorola may engage sub-processors pursuant to the provisions of the DPA.

3.5 Motorola Use of Customer Data. Notwithstanding any provision to the contrary in this Addendum or any related agreement, and except as may be provided to the contrary in the DPA, and in addition to other uses and rights set out herein, Customer understands and agrees that Motorola may obtain, use and/or create and use, anonymized, aggregated and/or generalized Customer Data, such as data relating to actual and potential security threats and vulnerabilities, for its lawful business purposes, including improving its services and sharing and leveraging such information for the benefit of Customer, other customers, and other interested parties.

3.6 Authorized Users. Customer will ensure its employees and Authorized Users comply with the terms of this Addendum and will be liable for all acts and omissions of its employees and Authorized Users. Customer is responsible for the secure management of Authorized Users' names, passwords and login credentials for access to products and Services. "**Authorized Users**" are Customer's employees, full-time contractors engaged for the purpose of supporting the products and Services that are not competitors of Motorola or its affiliates, and the entities (if any) specified in a SOW or otherwise approved by Motorola in writing (email from an authorized Motorola signatory accepted), which may include affiliates or other Customer agencies.

3.7 Beta or Proof of Concept Services. If Motorola makes any beta version of its Services ("**Beta Service**") available to Customer, or provides Customer a trial period or proof of concept period (or other demonstration) of the Services at reduced or no charge ("**Proof of Concept**" or "**POC Service**"), Customer may choose to use such Beta or POC Service at its own discretion, provided, however, that Customer will use the Beta or POC Service solely for purposes of Customer's evaluation of such Beta or POC Service, and for no other purpose. Customer acknowledges and agrees that all Beta or POC Services are offered "as-is" and without any representations or warranties or other commitments or protections from Motorola. Motorola will determine the duration of the evaluation period for any Beta or POC Service, in its sole discretion, and Motorola may discontinue any Beta or POC Service at any time. Customer acknowledges that Beta Services, by their nature, have not been fully tested and may contain defects or deficiencies. Notwithstanding any other provision of this Agreement, to the extent a future paid Service has been agreed upon subject to and contingent on the Customer's evaluation of a Proof of Concept Service, Customer may cancel such future paid Service as specified in the SOW or, if not specified, within a reasonable time before the paid Service is initiated.

Section 9 **Section 4. WARRANTY**

4.1 CUSTOMER ACKNOWLEDGES, UNDERSTANDS AND AGREES THAT MOTOROLA DOES NOT GUARANTEE OR WARRANT THAT IT WILL DISCOVER ALL OF CUSTOMER'S

SECURITY EVENTS (SUCH EVENTS INCLUDING THE UNAUTHORIZED ACCESS, ACQUISITION, USE, DISCLOSURE, MODIFICATION OR DESTRUCTION OF CUSTOMER DATA), THREATS, OR SYSTEM VULNERABILITIES. MOTOROLA DISCLAIMS ANY AND ALL RESPONSIBILITY FOR ANY AND ALL LOSS OR COSTS OF ANY KIND ASSOCIATED WITH SECURITY EVENTS, THREATS OR VULNERABILITIES WHETHER OR NOT DISCOVERED BY MOTOROLA. MOTOROLA DISCLAIMS ANY RESPONSIBILITY FOR CUSTOMER'S USE OR IMPLEMENTATION OF ANY RECOMMENDATIONS PROVIDED IN CONNECTION WITH THE SERVICES. IMPLEMENTATION OF RECOMMENDATIONS DOES NOT ENSURE OR GUARANTEE THE SECURITY OF THE SYSTEMS AND OPERATIONS EVALUATED. CUSTOMER SHALL BE RESPONSIBLE TO TAKE SUCH ACTIONS NECESSARY TO MITIGATE RISKS TO ITS OPERATIONS AND PROTECT AND PRESERVE ITS COMPUTER SYSTEMS AND DATA, INCLUDING CREATION OF OPERATIONAL WORKAROUNDS, BACKUPS AND REDUNDANCIES.

4.2. Customer acknowledges, understands and agrees that the Services and products or equipment provided by or used by Motorola to facilitate performance of the Services may impact or disrupt information systems. Except in instances of gross negligence in performing the Services, Motorola disclaims responsibility for costs incurred by Customer in connection with any such disruptions of and/or damage to Customer's or a third party's information systems, equipment, voice transmissions, data and Customer Data, including, but not limited to, inadequacies in or failure of Customer's network, denial of access to a legitimate system user, automatic shut-down of information systems caused by intrusion detection software or hardware, or failure of the information system resulting from the provision or delivery of the Services.

4.3. Motorola warrants that Supplied Equipment, for the use of Cyber Security only, under normal use and service, will be free from material defects in materials and workmanship for one (1) year from the date of shipment, subject to Customer providing written notice to Motorola within that period. AS IT RELATES TO THE SUPPLIED EQUIPMENT, MOTOROLA DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, AND FITNESS FOR A PARTICULAR PURPOSE.

4.4 Motorola warrants that the Services will be performed in a professional and workmanlike manner and will conform in all material respects to the SOW(s). This warranty will be for a period of ninety (90) days following completion of the Services. If Motorola breaches this warranty, Customer's sole and exclusive remedy is to require Motorola to re-perform the non-conforming Services or to refund, on a pro-rata basis, the fees paid for the non-conforming Services. OTHER THAN THOSE WARRANTIES SET FORTH IN THIS SECTION 4, MOTOROLA DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. Customer acknowledges that the Deliverables for the Subscription Services may contain recommendations, suggestions or advice from Motorola to Customer (collectively, "recommendations"). Motorola makes no warranties concerning those recommendations, and Customer alone accepts responsibility for choosing whether and how to implement the recommendations and the results to be realized from implementing them.

4.5. Pass-Through Warranties. Notwithstanding any provision of this Addendum or any related agreement to the contrary, Motorola will have no liability for third-party software, hardware or services resold or otherwise provided by Motorola; provided, however, that to the extent offered by third-party software, hardware or services providers and to the extent permitted by law, Motorola will pass through to Customer express warranties provided by such third parties.

Any such sub-processors must be permitted to obtain Customer Data only to deliver the services the data importer has retained them to provide, and they are prohibited from using Customer Data for any other purpose.

ANNEX II

TECHNICAL AND ORGANIZATIONAL MEASURES INCLUDING TECHNICAL AND ORGANIZATIONAL MEASURES TO ENSURE THE SECURITY OF THE DATA

Measures of pseudonymisation and encryption of personal data

Where technically feasible and when not impacting services provided:

- We minimize the data we collect to information we believe is necessary to communicate, provide, and support products and services and information necessary to comply with legal obligations.
- We encrypt in transit and at rest.
- We pseudonymize and limit administrative accounts that have access to reverse pseudonymisation.

Measures for ensuring ongoing confidentiality, integrity, availability and resilience of processing systems and services

In order to ensure ongoing confidentiality, integrity, availability and resilience of processing systems and services, Motorola Solutions Information Protection policy mandates the institutionalization of information protection throughout solution development and operational lifecycles. Motorola Solutions maintains dedicated security teams for its internal information security and its products and services. Its security practices and policies are integral to its business and mandatory for all Motorola Solutions employees and contractors. The Motorola Chief Information Security Officer maintains responsibility and executive oversight for such policies, including formal governance, revision management, personnel education and compliance. Motorola Solutions generally aligns to the NIST Cybersecurity Framework as well as ISO 27001.

Measures for ensuring the ability to restore the availability and access to personal data in a timely manner in the event of a physical or technical incident

Security Incident Procedures Motorola Solutions maintains a global incident response plan to address any physical or technical incident in an expeditious manner. Motorola maintains a record of security breaches with a description of the breach, the time period, the consequences of the breach, the name of the reporter, and to whom the breach was reported, and the procedure for recovering data. For each security breach that is a Security Incident, notification will be made in accordance with the Security Incident Notification section of this C PA.

Business Continuity and Disaster Preparedness Motorola maintains business continuity and disaster preparedness plans for critical functions and systems within Motorola's control that support the Products and Services purchased under the Agreement in order to avoid services disruptions and minimize recovery risks.

Processes for regularly testing, assessing and evaluating the effectiveness of technical and organizational measures in order to ensure the security of the processing

Motorola periodically evaluates its processes and systems to ensure continued compliance with obligations imposed by law, regulation or contract with respect to the confidentiality, integrity, availability, and security of Customer Data, including personal information. Motorola documents the results of these evaluations and any remediation activities taken in response to such evaluations. Motorola periodically has third party assessments performed against applicable industry standards, such as ISO 27001, 27017, 27018 and 27701.

Measures for user identification and authorisation

Identification and Authentication. Motorola uses industry standard practices to identify and authenticate users who attempt to access Motorola information systems. Where authentication mechanisms are based on passwords, Motorola requires that the passwords are at least eight characters long and are changed regularly. Motorola uses industry standard password protection practices, including practices designed to maintain the confidentiality and integrity of passwords when they are assigned and distributed, and during storage.

Access Policy and Administration. Motorola maintains a record of security privileges of individuals having access to Customer Data, including personal information. Motorola maintains appropriate processes for requesting, approving and administering accounts and access privileges in connection with the Processing of Customer Data. Only authorized personnel may grant, alter or cancel authorized access to data and resources. Where an individual has access to systems containing Customer Data, the individuals are assigned separate, unique identifiers. Motorola deactivates authentication credentials on a periodic basis.

Measures for the protection of data during transmission

Data is generally encrypted during transmission within the Motorola managed environments. Encryption in transit is also generally required of any sub-processors. Further, protection of data in transit is also achieved through the access controls, physical and environmental security, and personnel security described throughout this Annex II.

Measures for the protection of data during storage

Data is generally encrypted during storage within the Motorola managed environments. Encryption in storage is also generally required of any sub-processors. Further, protection of data in storage is also achieved through the access controls, physical and environmental security, and personnel security described throughout this Annex II.

Measures for ensuring physical security of locations at which personal data are processed

Motorola maintains appropriate physical and environment security controls to prevent unauthorized access to Customer Data, including personal information. This includes appropriate physical entry controls to Motorola facilities such as card-controlled entry points, and a staffed reception desk to protect against unauthorized entry. Access to controlled areas within a facility will be limited by job role and subject to authorized approval. Use of an access badge to enter a controlled area will be logged and such logs will be retained in accordance with Motorola policy. Motorola revokes personnel access to Motorola facilities and controlled areas upon separation of employment in accordance with Motorola policies. Motorola policies impose industry standard workstation, device and media controls designed to further protect Customer Data, including personal information.

Measures for ensuring personnel security

Access to Customer Data. Motorola maintains processes for authorizing and supervising its employees, and contractors with respect to monitoring access to Customer Data. Motorola requires its employees, contractors and agents who have, or may be expected to have, access to Customer Data to comply with the provisions of the Agreement, including this Annex and any other applicable agreements binding upon Motorola.

Security and Privacy Awareness. Motorola must ensure that its employees and contractors remain aware of industry standard security and privacy practices, and their responsibilities for protecting Customer Data and Personal Data. This must include, but not be limited to, protection against malicious software, password protection, and management, and use of workstations and computer system accounts. Motorola requires periodic Information security training, privacy training, and business ethics training for all employees and contract resources

Sanction Policy. Motorola maintains a sanction policy to address violations of Motorola's internal security requirements as well as those imposed by law, regulation, or contract.

Background Checks. Motorola follows its standard mandatory employment verification requirements for all new hires. In accordance with Motorola internal policy, these requirements must be periodically reviewed and include, but may not be limited to, criminal background checks, proof of identity validation and any additional checks as deemed necessary by Motorola.

Measures for ensuring events logging

Protection, and Response. Motorola assesses organization's effectiveness annually via external assessors who report and share the assessment findings with Motorola Audit Services who tracks any identified remediations. For more information, please see the Motorola Trust Center at https://www.motorolasolutions.com/en_us/about/trust-center/security.html

Measures for certification/assurance of processes and products

Motorola performs internal Secure Application Review and Secure Design Review security audits and Production Readiness Review security readiness reviews prior to service release. Where appropriate, privacy assessments are performed for Motorola's products and services. A risk register is created as a result of internal audits with assignments tasked to appropriate personnel. Security audits are performed annually with additional audits as needed. Additional privacy assessments, including updated data maps, occur when material changes are made to the products or services. Further, Motorola Solution has achieved AICPA SOC2 Type 2 reporting and ISO/IEC 27001:2013 certification for many of its development and support operations.

Measures for ensuring data minimisation

Motorola Solutions policies require processing of all personal information in accordance with applicable law, including when that law requires data minimisation. Further, Motorola Solutions conducts privacy assessments of its products and services and evaluates if those products and services support the principles of processing, such as data minimisation.

Measures for ensuring data quality

Motorola Solutions policies require processing of all personal information in accordance with applicable law, including when that law requires ensuring the quality and accuracy of data. Further, Motorola Solutions conducts privacy assessments of its products and services and evaluates if those products and services support the principles of processing, such as ensuring data quality.

Measures for ensuring limited data retention

Motorola Solutions maintains a data retention policy that provides a retention schedule outlining storage periods for personal data. The schedule is based on business needs and provides sufficient information to identify all records and to implement disposal decisions in line with the schedule. The policy is periodically reviewed and updated.

Measures for ensuring accountability

To ensure compliance with the principle of accountability, Motorola Solutions maintains a Privacy Program which generally aligns its activities to both the Nymity Privacy Management and Accountability Framework and NIST Privacy Framework. The Privacy Program is audited annually by Motorola Solutions Audit Services.

Measures for allowing data portability and ensuring erasure

When subject to a data subject request to move, copy or transfer their personal data, Motorola Solutions will provide personal data to the Controller in a structured, commonly used and machine readable format. Where possible and if the Controller requests it, Motorola Solutions can directly transmit the personal information to another organization.

For transfers to (sub-) processor :

If, in the course of providing products and services under the MCA, Motorola Solutions transfers information containing personal data to third parties, said third parties will be subjected to a security assessment and bound by obligations substantially similar, but at least as stringent, as those included in this DPA.

Exhibit A

MOTOROLA SOFTWARE LICENSE AGREEMENT

This Exhibit A Motorola Software License Agreement ("Agreement") is between Motorola Solutions, Inc., ("Motorola"), and St John's County ("Licensee").

For good and valuable consideration, the parties agree as follows:

Section 1 DEFINITIONS

1.1 "Designated Products" means products provided by Motorola to Licensee with which or for which the Software and Documentation is licensed for use.

1.2 "Documentation" means product and software documentation that specifies technical and performance features and capabilities, and the user, operation and training manuals for the Software (including all physical or electronic media upon which such information is provided).

1.3 "Open Source Software" means software with either freely obtainable source code, license for modification, or permission for free distribution.

1.4 "Open Source Software License" means the terms or conditions under which the Open Source Software is licensed.

1.5 "Primary Agreement" means the agreement to which this exhibit is attached.

1.6 "Security Vulnerability" means a flaw or weakness in system security procedures, design, implementation, or internal controls that could be exercised (accidentally triggered or intentionally exploited) and result in a security breach such that data is compromised, manipulated or stolen or the system damaged.

1.7 "Software" (i) means proprietary software in object code format, and adaptations, translations, de-compilations, disassemblies, emulations, or derivative works of such software; (ii) means any modifications, enhancements, new versions and new releases of the software provided by Motorola; and (iii) may contain one or more items of software owned by a third party supplier. The term "Software" does not include any third party software provided under separate license or third party software not licensable under the terms of this Agreement.

Section 2 SCOPE

Motorola and Licensee enter into this Agreement in connection with Motorola's delivery of certain proprietary software or products containing embedded or pre-loaded proprietary software, or both. This Agreement contains the terms and conditions of the license Motorola is providing to Licensee, and Licensee's use of the proprietary software and affiliated documentation.

Section 3 GRANT OF LICENSE

3.1. Subject to the provisions of this Agreement and the payment of applicable license fees, Motorola grants to Licensee a personal, limited, non-transferable (except as permitted in Section 7) and non-exclusive license under Motorola's copyrights and Confidential Information (as defined in the Primary Agreement) embodied in the Software to use the Software, in object code form, and the Documentation solely in connection with Licensee's use of the Designated Products. This Agreement does not grant any rights to source code.

3.2. If the Software licensed under this Agreement contains or is derived from Open Source Software, the terms and conditions governing the use of such Open Source Software are in the Open Source Software Licenses of the copyright owner and not this Agreement. If there is a conflict between the terms and conditions of this Agreement and the terms and conditions of the Open Source Software Licenses governing Licensee's use of the Open Source Software, the terms and

conditions of the license grant of the applicable Open Source Software Licenses will take precedence over the license grants in this Agreement. If requested by Licensee, Motorola will use commercially reasonable efforts to: (i) determine whether any Open Source Software is provided under this Agreement; and (ii) identify the Open Source Software (or specify where that license may be found).

3.3 TO THE EXTENT, IF ANY, THAT THERE IS A SEPARATE LICENSE AGREEMENT PACKAGED WITH, OR PROVIDED ELECTRONICALLY WITH, A PARTICULAR PRODUCT THAT BECOMES EFFECTIVE ON AN ACT OF ACCEPTANCE BY THE END USER, THEN THAT AGREEMENT SUPERSEDES THE SOFTWARE LICENSE AGREEMENT AS TO THE END USER OF EACH SUCH PRODUCT.

Section 4 LIMITATIONS ON USE

4.1. Licensee may use the Software only for Licensee's internal business purposes and only in accordance with the Documentation. Any other use of the Software is strictly prohibited. Without limiting the general nature of these restrictions, Licensee will not make the Software available for use by third parties on a "time sharing," "application service provider," or "service bureau" basis or for any other similar commercial rental or sharing arrangement.

4.2. Licensee will not, and will not allow or enable any third party to: (i) reverse engineer, disassemble, peel components, decompile, reprogram or otherwise reduce the Software or any portion to a human perceptible form or otherwise attempt to recreate the source code; (ii) modify, adapt, create derivative works of, or merge the Software; (iii) copy, reproduce, distribute, lend, or lease the Software or Documentation to any third party, grant any sublicense or other rights in the Software or Documentation to any third party, or take any action that would cause the Software or Documentation to be placed in the public domain; (iv) remove, or in any way alter or obscure, any copyright notice or other notice of Motorola's proprietary rights; (v) provide, copy, transmit, disclose, divulge or make the Software or Documentation available to, or permit the use of the Software by any third party or on any machine except as expressly authorized by this Agreement; or (vi) use, or permit the use of, the Software in a manner that would result in the production of a copy of the Software solely by activating a machine containing the Software. Licensee may make one copy of Software to be used solely for archival, backup, or disaster recovery purposes; *provided* that Licensee may not operate that copy of the Software at the same time as the original Software is being operated. Licensee may make as many copies of the Documentation as it may reasonably require for the internal use of the Software.

4.3. Unless otherwise authorized by Motorola in writing, Licensee will not, and will not enable or allow any third party to: (i) install a licensed copy of the Software on more than one unit of a Designated Product; or (ii) copy onto or transfer Software installed in one unit of a Designated Product onto one other device. Licensee may temporarily transfer Software installed on a Designated Product to another device if the Designated Product is inoperable or malfunctioning, if Licensee provides written notice to Motorola of the temporary transfer and identifies the device on which the Software is transferred. Temporary transfer of the Software to another device must be discontinued when the original Designated Product is returned to operation and the Software must be removed from the other device. Licensee must provide prompt written notice to Motorola at the time temporary transfer is discontinued.

4.4 Licensee will maintain, during the term of this Agreement and for a period of two years thereafter, accurate records relating to this license grant to verify compliance with this Agreement. Motorola or an independent third party ("Auditor") may inspect Licensee's premises, books and records, upon reasonable prior notice to Licensee, during Licensee's normal business hours and subject to Licensee's facility and security regulations. Motorola is responsible for the payment of all expenses and costs of the Auditor. Any information obtained by Motorola and the Auditor will be kept in strict confidence by Motorola and the Auditor and used solely for the purpose of verifying Licensee's compliance with the terms of this Agreement.

Section 5 OWNERSHIP AND TITLE

Motorola, its licensors, and its suppliers retain all of their proprietary rights in any form in and to the Software and Documentation, including, but not limited to, all rights in patents, patent applications, inventions, copyrights, trademarks, trade secrets, trade names, and other proprietary rights in or relating to the Software and Documentation (including any corrections, bug fixes, enhancements, updates, modifications, adaptations, translations, de-compilations, disassemblies, emulations to or derivative works from the Software or Documentation, whether made by Motorola or another party, or any improvements that result from Motorola's processes or, provision of information services). No rights are granted to Licensee under this Agreement by implication, estoppel or otherwise, except for those rights which are expressly granted to Licensee

in this Agreement. All intellectual property developed, originated, or prepared by Motorola in connection with providing the Software, Designated Products, Documentation or related services, remains vested exclusively in Motorola, and Licensee will not have any shared development or other intellectual property rights.

Section 6 LIMITED WARRANTY; DISCLAIMER OF WARRANTY

6.1. Unless otherwise stated in the Primary Agreement, the commencement date and the term of the Software warranty will be a period of ninety (90) days from Motorola's shipment of the Software (the "Warranty Period"). If Licensee is not in breach of any of its obligations under this Agreement, Motorola warrants that the unmodified Software, when used properly and in accordance with the Documentation and this Agreement, will be free from a reproducible defect that eliminates the functionality or successful operation of a feature critical to the primary functionality or successful operation of the Software. Whether a defect occurs will be determined by Motorola solely with reference to the Documentation. Motorola does not warrant that Licensee's use of the Software or the Designated Products will be uninterrupted, error-free, completely free of Security Vulnerabilities, or that the Software or the Designated Products will meet Licensee's particular requirements. Motorola makes no representations or warranties with respect to any third party software included in the Software. Notwithstanding, any warranty provided by a copyright owner in its standard license terms will flow through to Licensee for third party software provided by Motorola.

6.2. Motorola's sole obligation to Licensee and Licensee's exclusive remedy under this warranty is to use reasonable efforts to remedy any material Software defect covered by this warranty. These efforts will involve either replacing the media or attempting to correct significant, demonstrable program or documentation errors or Security Vulnerabilities. If Motorola cannot correct the defect within a reasonable time, then at Motorola's option, Motorola will replace the defective Software with functionally-equivalent Software, license to Licensee substitute Software which will accomplish the same objective, or terminate the license and refund the Licensee's paid license fee.

6.3. Warranty claims are described in the Primary Agreement.

6.4. The express warranties set forth in this Section 6 are in lieu of, and Motorola disclaims, any and all other warranties (express or implied, oral or written) with respect to the Software or Documentation, including, without limitation, any and all implied warranties of condition, title, non-infringement, merchantability, or fitness for a particular purpose or use by Licensee (whether or not Motorola knows, has reason to know, has been advised, or is otherwise aware of any such purpose or use), whether arising by law, by reason of custom or usage of trade, or by course of dealing. In addition, Motorola disclaims any warranty to any person other than Licensee with respect to the Software or Documentation.

Section 7 TRANSFERS

Licensee will not transfer the Software or Documentation to any third party without Motorola's prior written consent. Motorola's consent may be withheld at its discretion and may be conditioned upon transferee paying all applicable license fees and agreeing to be bound by this Agreement. If the Designated Products are Motorola's radio products and Licensee transfers ownership of the Motorola radio products to a third party, Licensee may assign its right to use the Software (other than CPS and Motorola's FLASHport® software) which is embedded in or furnished for use with the radio products and the related Documentation; *provided* that Licensee transfers all copies of the Software and Documentation to the transferee, and Licensee and the transferee sign a transfer form to be provided by Motorola upon request, obligating the transferee to be bound by this Agreement.

Section 8 TERM AND TERMINATION

8.1. Licensee's right to use the Software and Documentation will begin when the Primary Agreement is signed by both parties and will continue for the life of the Designated Products with which or for which the Software and Documentation have been provided by Motorola, unless Licensee breaches this Agreement, in which case this Agreement and Licensee's right to use the Software and Documentation may be terminated immediately upon notice by Motorola.

8.2. Within thirty (30) days after termination of this Agreement, Licensee must certify in writing to Motorola that all copies of the Software have been removed or deleted from the Designated Products and that all copies of the Software and Documentation have been returned to Motorola or destroyed by Licensee and are no longer in use by Licensee.

8.3 Licensee acknowledges that Motorola made a considerable investment of resources in the development, marketing, and distribution of the Software and Documentation and that Licensee's breach of this Agreement will result in irreparable harm to Motorola for which monetary damages would be inadequate. If Licensee breaches this Agreement, Motorola may terminate this Agreement and be entitled to all available remedies at law or in equity (including immediate injunctive relief and repossession of all non-embedded Software and associated Documentation unless Licensee is a Federal agency of the United States Government).

Section 9 Commercial Computer Software

9.1 *This Section 9 only applies to U.S. Government end users.* The Software, Documentation and updates are commercial items as that term is defined at 48 C.F.R. Part 2.101, consisting of "commercial computer software" and "computer software documentation" as such terms are defined in 48 C.F.R. Part 252.227-7014(a)(1) and 48 C.F.R. Part 252.227-7014(a)(5), and used in 48 C.F.R. Part 12.212 and 48 C.F.R. Part 227.7202, as applicable. Consistent with 48 C.F.R. Part 12.212, 48 C.F.R. Part 252.227-7015, 48 C.F.R. Part 227.7202-1 through 227.7202-4, 48 C.F.R. Part 52.227-19, and other relevant sections of the Code of Federal Regulations, as applicable, the Software, Documentation and Updates are distributed and licensed to U.S. Government end users: (i) only as commercial items, and (ii) with only those rights as are granted to all other end users pursuant to the terms and conditions contained herein.

9.2 If Licensee is licensing Software for end use by the United States Government or a United States Government agency, Licensee may transfer such Software license, but only if: (i) Licensee transfers all copies of such Software and Documentation to such United States Government entity or interim transferee, and (ii) Licensee has first obtained from the transferee (if applicable) and ultimate end user an enforceable end user license agreement containing restrictions substantially identical to the ones contained in this Agreement. Except as stated in the foregoing, Licensee and any transferee(s) authorized by this subsection 9.2 may not otherwise use or transfer or make available any Motorola software to any third party nor permit any party to do so.

Section 10 CONFIDENTIALITY

Licensee acknowledges that the Software and Documentation contain Motorola's valuable proprietary and Confidential Information and are Motorola's trade secrets, and that the provisions in the Primary Agreement concerning Confidential Information apply.

Section 11 LIMITATION OF LIABILITY

The Limitation of Liability provision is described in the Primary Agreement.

Section 12 NOTICES

Notices are described in the Primary Agreement.

Section 13 GENERAL

13.1. **COPYRIGHT NOTICES.** The existence of a copyright notice on the Software will not be construed as an admission or presumption of publication of the Software or public disclosure of any trade secrets associated with the Software.

13.2. **COMPLIANCE WITH LAWS.** Licensee acknowledges that the Software is subject to the laws and regulations of the United States and Licensee will comply with all applicable laws and regulations, including export laws and regulations of the United States. Licensee will not, without the prior authorization of Motorola and the appropriate governmental authority of the United States, in any form export or re-export, sell or resell, ship or reship, or divert, through direct or indirect means, any item or technical data or direct or indirect products sold or otherwise furnished to any person within any territory for which the United States Government or any of its agencies at the time of the action, requires an export license or other governmental approval. Violation of this provision is a material breach of this Agreement.

13.3 FUTURE REGULATORY REQUIREMENTS. The Parties acknowledge and agree that this is an evolving technological area and therefore, laws and regulations regarding Services and use of Solution may change. Changes to existing Services or the Solution required to achieve regulatory compliance may be available for an additional fee. Any required changes may also impact the price for Services.

13.4. ASSIGNMENTS AND SUBCONTRACTING. Motorola may assign its rights or subcontract its obligations under this Agreement, or encumber or sell its rights in any Software, without prior notice to or consent of Licensee.

13.5. GOVERNING LAW. This Agreement is governed by the laws of the United States to the extent that they apply and otherwise by the internal substantive laws of the State to which the Software is shipped if Licensee is a sovereign government entity, or the internal substantive laws of the State of Illinois if Licensee is not a sovereign government entity. The terms of the U.N. Convention on Contracts for the International Sale of Goods do not apply. In the event that the Uniform Computer Information Transaction Act, any version of this Act, or a substantially similar law (collectively "UCITA") becomes applicable to a party's performance under this Agreement, UCITA does not govern any aspect of this Agreement or any license granted under this Agreement, or any of the parties' rights or obligations under this Agreement. The governing law will be that in effect prior to the applicability of UCITA.

13.6. THIRD PARTY BENEFICIARIES. This Agreement is entered into solely for the benefit of Motorola and Licensee. No third party has the right to make any claim or assert any right under this Agreement, and no third party is deemed a beneficiary of this Agreement. Notwithstanding the foregoing, any licensor or supplier of third party software included in the Software will be a direct and intended third party beneficiary of this Agreement.

13.7. SURVIVAL. Sections 4, 5, 6.4, 7, 8, 9, 10, 11 and 13 survive the termination of this Agreement.

13.8. ORDER OF PRECEDENCE. In the event of inconsistencies between this Exhibit and the Primary Agreement, the parties agree that this Exhibit prevails, only with respect to the specific subject matter of this Exhibit, and not the Primary Agreement or any other exhibit as it applies to any other subject matter.

13.9. SECURITY. Motorola uses reasonable means in the design and writing of its own Software and the acquisition of third party Software to limit Security Vulnerabilities. While no software can be guaranteed to be free from Security Vulnerabilities, if a Security Vulnerability is discovered, Motorola will take the steps set forth in Section 6 of this Agreement.

ASTRO® System Upgrade Agreement Statement of Work

1.1 Overview

Utilizing the ASTRO® System Upgrade Agreement (SUA) service, St. Johns County is able to take advantage of new functionality and security features while extending the operational life of the system.

Motorola Solutions, Inc. (Motorola) continues to make advancements in on-premises and cloud technologies to bring value to our customers. Cloud technologies enable the delivery of additional functionality through frequent updates ensuring the latest in ASTRO® is available at all times.

This Statement of Work (SOW), including all of its subsections and attachments, is an integral part of the applicable agreement (Agreement) between Motorola and the Customer.

The Customer is required to keep the system within a standard support period as described in Motorola's [Software Support Policy \(SwSP\)](#).

1.2 Scope

As system releases become available, Motorola agrees to provide the Customer with the software, hardware, and implementation services required to execute up to one system infrastructure upgrade (System Upgrade) in each eligible System Upgrade window over the term of this agreement. The term of the agreement is listed in Table 1: SUA Term. The eligible System Upgrade windows and their duration are illustrated in Table 2: Eligible System Upgrade Window.

With the addition of the cloud services, Motorola will provide continuous updates to the cloud core to enable the delivery of additional functionality. Cloud updates will be more frequent than the ASTRO® System Upgrades and will occur outside the defined eligible System Upgrade windows in Table 2: Eligible System Upgrade Window. Motorola may, at its sole discretion, automatically apply the cloud updates as they become available.

If needed to perform the System Upgrade, Motorola will provide updated and/or replacement hardware for covered infrastructure components. System Upgrades, when executed, will provide an equivalent level of functionality as that originally purchased and deployed by the Customer. At Motorola's option, new system releases may introduce new features or enhancements that Motorola may offer separately for purchase.

Table 1: SUA Term

Duration	6 Year

Table 2: Eligible System Upgrade Window

First Eligible Upgrade Window	Second Eligible Upgrade Window	Third Eligible Upgrade Window
Duration:	Duration:	Duration:
2025-2026	2027-2028	2029-2030

The methodology for executing each System Upgrade is described in [Section 1.5](#). ASTRO® SUA pricing is based on the system configuration outlined in [Appendix B: System Pricing Configuration](#). This configuration is to be reviewed annually from the contract effective date. Any change in system configuration may require an ASTRO® SUA price adjustment.

The price quoted for ASTRO® SUA requires the Customer to choose a certified system upgrade path in [Appendix A: ASTRO® System Release Upgrade Paths](#). Should the Customer elect an upgrade path other than one listed in [Appendix A: ASTRO® System Release Upgrade Paths](#), the Customer agrees that additional fees may be incurred to complete the implementation of the system upgrade. In this case, Motorola will provide a price quotation for any additional materials and services necessary.

1.3 Inclusions

Refer to [Table C-6: SUA Coverage Table](#) for more detailed information on the SUA inclusions referenced in this section.

1.3.1 System Upgrades

System Upgrade coverage includes the products outlined in [Appendix B: System Pricing Configuration](#) and does not cover all products. The ASTRO® SUA applies only to System Upgrades within the ASTRO® platform and entitles the Customer to eligible past software versions for downgrading product software to a compatible release version. Past versions from within the Standard Support Period will be available.

1.3.2 Subscriber Radio Software

The ASTRO® SUA makes available the subscriber radio software releases that are shipping from the factory during the coverage period. Please refer to [Section 1.4.5](#) for further clarification on coverage.

1.4.1 Platform Migrations

Platform Migrations are the replacement of a product with the next generation of that product that is not within the same product family. This can be defined as a new technology that is based on a new hardware configuration and/or a new underlying software. Any upgrades to hardware versions and/or replacement hardware required to support new features or those not specifically required to maintain existing functionality are not included. Unless otherwise stated in this document, Platform Migrations such as, but not limited to, stations, comparators, site controllers, consoles, backhaul, and network changes are not included.

1.4.2 Non-Standard Configurations

Systems that have non-standard configurations that have not been certified by Motorola Systems Integration Testing are specifically excluded from the ASTRO® SUA unless otherwise included in this SOW. Customer acknowledges that if the system has a Special Product Feature it may be overwritten by the software upgrade. Restoration of that feature is not included in the coverage of this SOW.

1.4.3 System Expansions and New Features

Any upgrades to hardware versions, replacement hardware, and/or implementation services that are not directly required to support the certified System Upgrade are not included unless otherwise agreed to in writing by Motorola. This exclusion applies to, but is not limited to, system expansions and new features.

Support for Customer-provided connectivity to the cloud platform is not covered under this agreement.

Future cloud, IT, and security related adoption is an evolving technological area and laws, regulations, and standards relating to ASTRO® SUA may change. Any changes to ASTRO® SUA required to achieve future regulatory or Customer specific compliance requirements are not included.

1.4.5 Subscriber Radio Software

Applying software updates to subscriber radios is the Customer’s responsibility and is not included in SUA coverage. Subscriber radios must be at a software release compatible with the Customer’s

ASTRO® system configuration. Motorola will make reasonable efforts to notify the Customer if there is an incompatibility.

1.5 General Statement of Work for System Upgrades

1.5.1 Upgrade Planning and Preparation

All items listed in this section are to be completed at least 6 months prior to a scheduled upgrade.

1.5.1.1 Motorola Responsibilities

- Obtain and review infrastructure system audit data as needed.
- Identify the backlog accumulation of security patches and antivirus upgrades needed to implement a system release. If applicable, provide a quote for the necessary labor, security patches, and antivirus upgrades.
- If applicable, identify additional system hardware needed to implement a system release.
- Identify Customer provided hardware that is not covered under this agreement, or where the Customer will be responsible for implementing the system release upgrade software.
- Identify the equipment requirements and the installation plan.
- Advise the Customer of probable impact to system users during the cloud update and the actual field upgrade implementation.
- If applicable, advise the Customer on the network connection specifications necessary to perform the System Upgrade.
- Where necessary to maintain existing functionality and capabilities, deploy and configure any additional telecommunications equipment necessary for connectivity to the cloud based technologies.
- Assign program management support required to perform the certified System Upgrade. Prepare an overall System Upgrade schedule identifying key tasks and personnel resources required from Motorola and Customer for each task and phase of the System Upgrade. Conduct a review of this schedule and obtain mutual agreement of the same.
- Assign installation and engineering labor required to perform the certified System Upgrade.
- Provide access to cloud training videos, frequently asked questions, and help guide.
- Deliver release impact and change management training to the primary zone core owners, outlining the changes to their system as a result of the upgrade path elected. This training needs to be completed at least 12 weeks prior to the scheduled System Upgrade. This training will not be provided separately for user agencies who reside on a zone core owned by another entity. Unless specifically stated in this document, Motorola will provide this training only once per system.

1.5.1.2 Customer Responsibilities

- Contact Motorola to schedule a System Upgrade and provide necessary information requested by Motorola to execute the System Upgrade. Review System Upgrade schedule and reach mutual agreement of the same.

- Identify hardware not purchased through Motorola that will require the system release upgrade software.
- Purchase the security patches, antivirus upgrades and the labor necessary to address any security upgrades backlog accumulation identified in [Section 1.5.1.1 Motorola Responsibilities](#), if applicable. Unless otherwise agreed in writing between Motorola and Customer, the installation and implementation of accumulated backlog security patches and network updates is the responsibility of the Customer. (Please see RSUS SOW)
- If applicable, provide network connectivity at the zone core site(s) for Motorola to use to download and pre-position the software that is to be installed at the zone core site(s) and pushed to remote sites from there. Motorola will provide the network connection specifications, as listed in [Section 1.5.1.1 Motorola Responsibilities](#). Network connectivity must be provided at least 12 weeks prior to the scheduled System Upgrade. In the event access to a network connection is unavailable, the Customer may be billed additional costs to execute the System Upgrade.
- Assist in site walks of the system during the system audit when necessary.
- Provide a list of any FRUs and/or spare hardware to be included in the System Upgrade when applicable. Upon reasonable request by Motorola, Customer will provide a complete serial and model number list of the equipment. The inventory count of Customer FRUs and/or spare hardware to be included as of the start of the SUA is included in [Appendix B: System Pricing Configuration](#).
- Acknowledge that new and optional system release features or system expansions, and their required implementation labor, are not within the scope of the SUA. The Customer may purchase these under a separate agreement.
- Maintain an internet connection between the on premise radio solution and the cloud platform, unless provided by Motorola under separate Agreement.
- Identify any Customer specific standard or requirements that may be implicated by the planned upgrade(s), including heightened cloud, IT, or information security related standards or requirements, such as those that may apply to U.S. Federal Customer or other government Customer standards. Motorola makes no representations as to the compliance of ASTRO® SUA with any Customer specific standards, requirements, specifications, or terms, except to the extent expressly specified.
- Participate in release impact training at least 12 weeks prior to the scheduled System Upgrade. This applies only to primary zone core owners. It is the zone core owner's responsibility to contact and include any user agencies that need to be trained, or to act as a training agency for those users not included.

1.5.2 System Readiness Checkpoint

All items listed in this section are to be completed at least 30 days prior to a scheduled upgrade.

1.5.2.1 Motorola Responsibilities

- Perform appropriate system backups.
- Work with the Customer to validate that all system maintenance is current.
- Work with the Customer to validate that all available security patches and antivirus upgrades have been upgraded on the Customer's system.

- Motorola reserves the right to charge the Customer for the security patches, antivirus updates and the labor necessary to address any security updates backlog accumulation, in the event that these are not completed by the Customer at the System Readiness Checkpoint.

1.5.2.2 Customer Responsibilities

- Validate that system maintenance is current.
- Validate that all available security patches and antivirus upgrades to the Customer's system have been completed or contract Motorola to complete in time for the System Readiness Checkpoint.

1.5.3 System Upgrade

1.5.3.1 Motorola Responsibilities

- Perform System Upgrade for the system elements outlined in this SOW.

1.5.3.2 Customer Responsibilities

- Inform system users of software upgrade plans and scheduled system downtime.
- Cooperate with Motorola and perform all acts that are reasonable or necessary to enable Motorola to provide software upgrade services.

1.5.4 Upgrade Completion

1.5.4.1 Motorola Responsibilities

- Validate all certified System Upgrade deliverables are complete as contractually required.
- Confirm with Customer that the cloud is available for beneficial use.

1.5.4.2 Customer Responsibilities

- Cooperate with Motorola in efforts to complete any post upgrade punch list items as needed.

1.6 Special Provisions

The migration of capabilities from ASTRO® on-premises Core infrastructure to the cloud is included in the deliverable of the SUA agreement. Technologies based on cloud architecture will be a part of the Motorola roadmap and may be subject to additional cloud terms and conditions.

The SUA does not extend to Customer-provided software and hardware. Motorola makes no warrants or commitments about adapting our standard system releases to accommodate Customer implemented equipment. If during the course of a System Upgrade, it is determined that Customer provided software and/or hardware does not function properly, Motorola will notify the Customer of the limitations. The Customer is responsible for any costs and liabilities associated with making the Customer-provided

software and/or hardware work with the standard Motorola system release. This includes, but is not limited to, Motorola’s costs for the deployment of resources to implement the upgrade once the limitations have been resolved by the Customer.

Any Motorola software, including any system releases, is licensed to Customer solely in accordance with the applicable Motorola Software License Agreement. Any non-Motorola Software is licensed to Customer in accordance with the standard license, terms, and restrictions of the copyright owner unless the copyright owner has granted to Motorola the right to sublicense the Non-Motorola Software pursuant to the Software License Agreement, in which case it applies and the copyright owner will have all of Licensor’s rights and protections under the Software License Agreement. Motorola makes no representations or warranties of any kind regarding non-Motorola Software. Non-Motorola Software may include Open Source Software.

ASTRO® SUA coverage and the parties’ responsibilities described in this SOW will automatically terminate if Motorola no longer supports the ASTRO® 7.x software version in the Customer’s system or discontinues the ASTRO® SUA program. In either case, Motorola will refund to Customer any prepaid fees for ASTRO® SUA applicable to the terminated period.

If the Customer cancels a scheduled upgrade within less than 12 weeks of the scheduled on site date, Motorola reserves the right to charge the Customer a cancellation fee equivalent to the cost of the pre-planning efforts completed by the Motorola Upgrade Operations Team.

The ASTRO® SUA annualized price is based on the fulfillment of the system release upgrade in each eligible System Upgrade window. If the Customer terminates, except if Motorola is the defaulting party, the Customer will be required to pay for the balance of payments owed in that eligible System Upgrade window if a system release upgrade has been taken prior to the point of termination.

Appendix A: ASTRO® System Release Upgrade Paths

The upgrade paths for standard ASTRO® system releases are listed in Table A-3: Certified Standard ASTRO® System Release Upgrade Paths.

ASTRO 25 Security Update Service Statement of Work

1.7 Overview

Motorola Solutions' ASTRO® 25 Security Update Service ("SUS") provides pretested security updates, minimizing cyber risk and software conflicts. These security updates contain operating system security patches and antivirus definitions that have been validated for compatibility with ASTRO 25 systems. Security update delivery is determined by the options included as part of this service. Section 1.10 Inclusions indicates if options are included as part of this service.

This Statement of Work ("SOW"), including all of its subsections and attachments, is an integral part of the applicable agreement ("Agreement") between Motorola Solutions, Inc. ("Motorola Solutions") and the customer ("Customer").

In order to receive the services as defined within this SOW, the Customer is required to keep the system within a standard support period as described in Motorola Solutions' [Software Support Policy \("SwSP"\)](#).

1.8 Description of Service

Motorola Solutions uses a dedicated information assurance lab to test and validate security updates. Motorola Solutions deploys and tests security updates in the lab to check for and prevent potential service degradation.

Motorola Solutions releases tested, compatible security updates for download and installation. Once security updates are verified by the SUS team, Motorola Solutions uploads them to a secure website and sends a release notification email to the Customer contact to inform them that the security update release is available. If there are any recommended configuration changes, warnings, or workarounds, the SUS team will provide documentation with the security updates on the secure website.

With the base service, the Customer will be responsible for downloading security updates, installing them on applicable components, and rebooting updated components. Additional options are available for Motorola Solutions to deploy security updates, reboot servers and workstations, or both.

1.8.1 On-site Delivery

If On-site Delivery is included with SUS, Motorola Solutions provides trained technician(s) to install security updates at the Customer's location. The technician downloads and installs available security updates and coordinates any subsequent server and workstation reboots.

This submission is subject to the clarifications specified in the pricing section of the budgetary estimate/quote. This document includes Motorola Solutions' Proprietary data; such information is submitted with the restriction that it is to be used only for evaluation purposes, and is not to be disclosed publicly or in any manner to anyone other than those required to evaluate the budgetary estimate/quote. All other trademarks are the property of their respective owners. © 2023 AVTEC Solutions, Inc. All rights reserved.

1.8.2 Reboot Support

If Reboot Support is included with SUS, Motorola Solutions provides technician support to reboot impacted Microsoft Windows servers and workstations after operating system security patches have been installed.

1.9 Scope

SUS includes pretested security updates for the software listed in Table 1: Update Cadence. This table also describes the release cadence for security updates.

Table 1: Update Cadence

Software	Update Release Cadence

1.10 Inclusions

Supported ASTRO 25 core types and security update delivery methods are included in Table 2: SUS Packages. This table indicates if Motorola Solutions will provide any SUS optional services to the Customer. SUS supports the current Motorola Solutions ASTRO 25 system release and aligns with the established [Software Support Policy \(SwSP\)](#).

Motorola Solutions reserves the right to determine, which releases are supported as business conditions dictate. Additional charges may apply in the event of supporting older releases. Contact Motorola Solutions' assigned Customer Support Manager ("CSM") for the latest supported releases.

1.13 Customer Responsibilities

- Provide Motorola Solutions with predefined information necessary to complete a Customer Support Plan (“CSP”) prior to the Agreement start date.
- Provide timely updates on changes of information supplied in the CSP to Motorola Solutions’ assigned CSM.
- Update Motorola Solutions with any changes in contact information, specifically for authorized users of Motorola Solutions’ secure website.
- Provide means for accessing Motorola Solutions’ secure website to collect the pretested files.
- Download and apply only to the Customer's system as applicable, based on the Customer Agreement and the scope of the purchased service. Distribution to any other system or user other than the system/user contemplated by the Customer Agreement is not permitted.
- Implement Motorola Technical Notices (“MTN”) to keep the system current and patchable.
- Adhere closely to the Motorola Solutions Centralized Managed Support Operations (“CMSO”) troubleshooting guidelines provided upon system acquisition. Failure to follow CMSO guidelines may cause the Customer and Motorola Solutions unnecessary or overly burdensome remediation efforts. In such cases, Motorola Solutions reserves the right to charge an additional fee for the remediation effort.
- Upgrade system to a supported system release when needed to continue service. Contact Motorola Solutions’ assigned CSM for the latest supported releases.
- Comply with the terms of applicable license agreements between the Customer and non-Motorola Solutions software copyright owners.

1.14 Installation and Reboot Responsibilities

Installation and Reboot responsibilities are determined by the specific SUS package being purchased. Table 3: Installation and Reboot Responsibilities Matrix contains the breakdown of responsibilities. Section 1.10 Inclusions indicates which services are included.

Microsoft Windows servers and workstations often need to be rebooted before security updates take full effect and mitigate vulnerabilities.

1.15 Disclaimer

This service tests OEM security updates. Delivering security updates for specific software depends on OEM support for that software. If an OEM removes support (e.g. end-of-life) from deployed software, Motorola Solutions may work with the OEM to reduce the impact, but may remove support for the affected software from this service without notice.

OEMs determine security update schedules, supportability, or release availability without consultation from Motorola Solutions. Motorola Solutions will obtain and test security updates when they are made available, and incorporate those security updates into the next appropriate release.

All security updates are important. This service is intended to balance the security and compatibility of tested updates with agreed upon time/cadence of delivery. Customer assumes the risk of this inherent tradeoff.

Motorola Solutions disclaims any warranty with respect to pretested database security updates, hypervisor patches, operating system software patches, intrusion detection sensor signature files, or other third-party files, express or implied. Further, Motorola Solutions disclaims any warranty concerning non-Motorola Solutions software and does not guarantee Customers' systems will be error-free or immune to security breaches as a result of these services.

ASTRO® 25 Remote Security Update Service Statement of Work

1.16 Overview

Motorola Solutions, Inc.'s (Motorola) ASTRO® 25 Remote Security Update Service (RSUS) provides pretested security updates, minimizing cyber risk and software conflicts. These security updates contain operating system security patches and antivirus definitions that have been validated for compatibility with ASTRO 25 systems. Motorola will remotely deliver tested security updates to the Customer using a network connection. Reboot responsibility is determined by which options are included as part of this service.

The ASTRO 25 Monthly Security Update Service (SUS) is a prerequisite for RSUS. Please see the Statement of Works for: ASTRO 25 SUS Statement of Work.

This Statement of Work (SOW), including all of its subsections and attachments, is an integral part of the applicable agreement (Agreement) between Motorola and the customer (Customer).

In order to receive the services as defined within this SOW, the Customer is required to keep the system within a standard support period as described in Motorola's [Software Support Policy \(SwSP\)](#).

1.17 Description of Service

Motorola remotely installs pretested security updates on the applicable ASTRO 25 system components, as defined in Appendix 1.

Note that some ASTRO 25 system components may be covered by the self-installed SUS service and not RSUS (RSUS Exceptions).

If the Customer is unable to apply updates to RSUS exceptions, Motorola can provide Onsite SUS, whereby the Motorola field service team attend Customer premises to install the updates.

Motorola remotely installs pretested security updates on the applicable ASTRO 25 system components. Motorola tests security updates for compatibility with ASTRO 25 in a dedicated information assurance lab.

Motorola will install compatible ASTRO 25 security updates using a remote connection. After installing tested security updates remotely, Motorola provides the Customer with a report outlining the updates made to the Customer's system. This report will inform the Customer of security update network transfers and installation statuses.

1.17.1 Remote Update Requirements

An always on, reliable connection from the Customer's network to Motorola is required to enable this service. The minimum bandwidth required is 20 Mbps or higher. If the Customer elects to provide a bandwidth lower than the minimum specification, the ability to deliver the service could be impacted. Additional hardware (such as a secure router) may be provided to deliver the services. If the Customer is unable to install the equipment or provide a suitable Internet connection, please contact your CSM to discuss options. Please note, if an existing connection is available, this may be suitable to deliver the service (subject to minimum bandwidth requirement).

1.17.2 Application of Prerequisite Motorola Technical Notices (MTN)

In some instances, MTNs must be applied to enable Motorola to remotely deploy the latest security updates. MTN installation is not part of RSUS. In the event that Motorola is prevented from deploying security updates due to incomplete implementation of prerequisite MTNs, Motorola will raise a service incident and notify the Customer. Once necessary MTNs are applied to the Customer's system, Motorola will continue to remotely deploy security updates.

1.17.3 Updates to System Components in the Customer Enterprise Network

Connections to other networks, herein referred to as Customer Enterprise Network (CEN), are delineated by firewalls. All security updates deployed by RSUS are specific to the equipment included in the ASTRO 25 radio network. The only exceptions are those identified as RSUS exceptions in Appendix 1.

The Customer may request a quote, via the CSM, for Motorola to remotely install updates to eligible systems that are in the Customer's CEN.

The Customer must make the appropriate configuration changes to their firewall giving logical access and a network path to allow Motorola to remotely install the requisite patches.

1.17.4 Windows Reboot Following Security Update Installation

It is a critical requirement that Windows systems are rebooted following the installation of security updates. In the case of RSUS, this is the responsibility of the Customer.

Failure of the Customer to fulfill reboot responsibilities as described in Table X-Y: Reboot Responsibilities Matrix exposes systems to security threats. Until reboot, the system is not updated.

It will also delay execution of future RSUS updates, with a risk of failed RSUS scheduling and unnecessary Customer impact.

If Customers require further support from Motorola to reboot following Windows update deployment and installation, please contact your CSM who can discuss options for Reboot Support.

1.17.5 Reboot Support

If the Reboot Support service is sold to complement RSUS, Motorola provides technician(s) to reboot impacted Microsoft Windows servers and workstations after operating system security patches have been installed.

- The RSUS team will notify all listed contacts one week prior to patching to all required contacts (identified during service onboarding).

- On completion of patching, a final report is sent via email to the listed contacts.
- The notification will state that patching is complete and systems need to be rebooted.
- This process is repeated monthly.

Reboot Support requires that the Customer representative works with Motorola technicians to plan when reboots will be undertaken to reduce the operational impact.

1.18 Scope

RSUS includes pretested security updates for the software listed in Table 1-1. This table also describes the release cadence for security updates.

Table 0-1: Update Cadence

Software	Update Release Cadence
Antivirus Definition Files	Weekly
Microsoft Windows	Monthly
Microsoft Windows SQL Server	Quarterly
Red Hat Linux (RHEL)	Quarterly
VMWare ESXi Hypervisor	Quarterly
Trellix (McAfee) Patch(es)	Quarterly
Dot Hill DAS Firmware	Quarterly
HP SPP Firmware	Quarterly

Motorola installs security updates during normal business hours. Normal business hours are defined as 8 a.m. to 5 p.m. Central Standard Time Monday through Friday, excluding public holidays.

The Customer may submit a formal request that Motorola personnel work outside of these hours. The Customer will need to pay additional costs for work to be completed outside of normal business hours.

Motorola will provide an Impact Timeline (ITL) to the Customer to show installation tasks scheduled, including preparation work and the transfer of security updates to local storage or memory. Core Server reboots or zone controller rollover will be initiated at the times shared in the ITL.

It is a critical requirement that Windows systems are rebooted following the installation of security updates. In the case of RSUS, this is the responsibility of the Customer.

Intrusive security updates require Customer coordination, may require hardware reboots and zone controller rolling (switching from one zone controller to the other) to fully implement. Systems with redundant zone controllers (L2, M2, M3) have low downtime (minutes) as the zone controllers are rolled but systems with single zone controllers (L1, M1) will be down for longer periods. While rolling the zone controllers, the system will operate in “site trunking” mode. The Customer will need to be aware of these operational impacts, and coordinate events with users.

1.18.1 Tenanted Customers Access to Antivirus Updates

Where a Customer is a Tenant Customer (for example, a Public Safety Access Point / Dispatch Centre) on a Core system owned and operated by another organization, any Tenant customer systems such as dispatch consoles need to be able to access the core Central Security Management Server (CSMS). The RSUS team will need permission from the Core system owners to allow connectivity from the Core system to any RSUS entitled Tenant Customers.

1.19 Inclusions

Supported ASTRO 25 core types and security update delivery methods are included in Table 0-2: SUS Packages. This table indicates if Motorola will provide any RSUS optional services to the Customer. RSUS supports the current Motorola ASTRO 25 system release and aligns with the established [Software Support Policy \(SwSP\)](#).

Motorola reserves the right to determine which releases are supported as business conditions dictate. Additional charges may apply in the event of supporting releases that are no longer within the Standard Support Period (as defined by the SWSP). Contact Motorola's assigned CSM for the latest supported releases.

Table 0-2: SUS Packages

Service	ASTRO 25 Core Type	Included
Remote Security Update Service	L Core M Core Simplified Core	X

Responsibilities for rebooting applicable hardware are detailed in section 1.23 Reboot Responsibilities.

1.20 Motorola Responsibilities

- If required, Motorola will send to the customer a secure router and / or a Network Management Client for installation in the ASTRO 25 system. If the Customer is unable to install, please contact your CSM who will be able to arrange for this to be completed.
- Remotely deploy patches listed in Section 1.3 on the Customer's system. Patches will be installed on the cadence described in that section.
 - As outlined in Section 1.3, coordinate and communicate with the Customer when installing updates that will require server reboots, workstation reboots, or both.
 - Install non-intrusive updates, like antivirus definitions, as released without coordination.
- In the event that no security updates are released by the Original Equipment Manufacturers (OEM), the Final RSUS Patch Report can be reviewed by the Customer to identify where no new security updates were required.
- Coordinate RSUS activities with any other Motorola system maintenance or other engineering activities with the Customer to minimize downtime, inefficiency and operational impact.

1.21 Limitations and Exclusions

- Systems with non-standard configurations that have not been certified by Motorola's Systems Integration and Test (SIT) team are specifically excluded from this service, unless otherwise agreed in writing by Motorola.
- Interim or unplanned releases outside the supported release cadence.
- Service does not include pretested intrusion detection system (IDS) signature updates for IDS solutions. However, select vendor IDS signature updates are made available via the secure website. The available vendors may change pursuant to Motorola's business decisions. The Customer is responsible for complying with all IDS licensing requirements and fees, if any.
- This service does not include releases for Motorola products that are not ASTRO 25 L, M, and Simplified Core radio network infrastructure equipment. The following are examples of excluded products: WAVE PTX™, Critical Connect, and VESTA® solutions.
- K Core ASTRO 25 systems are excluded.
- Motorola product updates are not included in these services.
- Shared network infrastructure firmware, such as transport and firewall firmware are not included in these services.
- This service excludes the delivery of MTNs to the customer system.
- Motorola does not represent that it will identify, fully recognize, discover, or resolve all security events or threats, system vulnerabilities, malicious codes or data, backdoors, or other system threats or incompatibilities as part of the service, or that the agreed upon cadence/time of delivery will be sufficient to identify, mitigate or prevent any cyber incident.
- Motorola shall provide Customers with a list of MTNs that are prerequisite for execution of the RSUS service.

1.22 Customer Responsibilities

- This service requires connectivity from Motorola to the Customer's ASTRO 25 system. If required, procure internet connectivity before the service commences, and maintain it for the duration of the service contract.
- Refrain from making uncertified changes to the ASTRO 25 system. Consult with Motorola before making changes to the ASTRO 25 system.
- Be aware of the operational impacts of RSUS update installation, and coordinate the update process with users.
- Prerequisite Motorola Technical Notices (MTN) must be applied to enable Motorola to remotely deploy the latest security updates. The list of MTNs that must be applied are available on the SUS secure customer portal.

1.23 Reboot Responsibilities

Microsoft Windows servers and workstations often need to be rebooted before security updates take full effect and mitigate vulnerabilities. Reboot responsibilities are determined by the specific RSUS package being purchased. Table 1-3 contains the breakdown of responsibilities.

If a Customer chooses not to reboot after an update, whether for operational reasons or convenience, they are accepting the associated risks, which include:

- Greater exposure to cyber security threats and vulnerabilities.
- Impact to implementation of subsequent RSUS Windows updates at the agreed delivery cadence, until the devices are rebooted and at the correct RSUS release.

If Customers require further support from Motorola to reboot following Windows update deployment and installation, please contact your CSM who can discuss options for Reboot Support.

1.24 Disclaimer

This service tests OEM security updates. Delivering security updates for specific software depends on OEM support for that software. If an OEM removes support (e.g. end-of-life) from deployed software, Motorola may work with the OEM to reduce the impact, but may remove support for the affected software from this service without notice.

OEMs determine security update schedules, supportability, or release availability without consultation from Motorola. Motorola will obtain and test security updates when they are made available, and incorporate those security updates into the next appropriate release.

All security updates are important. This service is intended to balance the security and compatibility of tested updates with agreed upon time/cadence of delivery. Customer assumes the risk of this inherent tradeoff.

Motorola disclaims any warranty with respect to pretested database security updates, hypervisor patches, operating system software patches, intrusion detection sensor signature files, or other third-party files, express or implied. Further, Motorola disclaims any warranty concerning non-Motorola software and does not guarantee Customers' systems will be error-free or immune to security breaches as a result of these services.
