2. PUBLIC HEARING, CDD AMD 2016-01, TWIN CREEKS NORTH CDD CONTRACTION. A PETITION TO AMEND THE TWIN CREEKS NORTH CDD, TO REMOVE APPROXIMATELY 61.79 ACRES. THE TWIN CREEKS NORTH CDD IS LOCATED ON THE NORTH SIDE OF CR 210. THE PROPERTY BEING REMOVED IS LOCATED JUST WEST OF US 1. THE APPROXIMATE 61 ACRE PARCEL IS NOT PART OF THE RESIDENTIAL COMMUNITY AND RECEIVES NO BENEFIT FROM THE CDD. THE PARCEL IS DESIGNATED FOR FLEX INDUSTRIAL USES, WITHIN THE DRI AND PUD. STAFF RECOMMENDS APPROVAL OF CDD AMD 2016-01, TWIN CREEKS NORTH CDD. THESE FINDINGS ARE BASED UPON THE FOLLOWING INFORMATION: THE PROPOSED CDD PETITION AND SUPPORT MATERIALS, POTENTIAL CONSISTENCY WITH APPLICABLE POLICIES OF THE COMPREHENSIVE PLAN, THE LAND DEVELOPMENT CODE REQUIREMENTS, AND OTHER RELEVANT INFORMATION AVAILABLE TO STAFF

Proof of publication for the notice of public hearing on CDD AMD, Twin Creeks North CDD Contraction, having been published in *The St. Augustine Record* on November 18, 2016.

Teresa Bishop, Planning Division Manager, presented details of the amendment of the CDD, via PowerPoint. Staff found that the removal of the 61.79 acres was consistent with the State and County's comprehensive plans, the removal of the 61.79 acres did not impact the overall function of the CDD or the remaining community served by the CDD, the contracted CDD served as an alternative to provide facilities and services for the community, the contracted CDD did not impact the provision of the facilities and services to the community, and did not impact the community as a whole. Staff found that the amendment met the standards of the Land Development Code and Chapter 190 and recommended approval, with three Findings of Fact.

(10:29 a.m.) Ellen Avery-Smith, Rogers Towers, 100 Whetstone Place, provided an overview of Twin Creeks and the status of the project. She explained why the 61.79 acres was being removed, stating that it was more of a scrivener's error to the CDD.

(10:34 a.m.) Jerry Knight, 515 East Las Olas Boulevard, Ft. Lauderdale, Florida, attorney for Twin Creeks North, spoke on the CDD amendment, stating that the 61.79 acres was the only Flex-Industrial parcel within the CDD and would be developed on its own.

(10:37 a.m.) Morris commented on the removal of the property as good business.

(10:38 a.m.) Motion by Johns, seconded by Morris, carried 5/0, to enact Ordinance No. 2016-62, CDD AMD 2016-01, contracting the Twin Creeks North CDD, based upon Findings of Fact 1-3, to support the motion.

Valerie Stukes, Planner, presented details of the MAJMOD, via PowerPoint including the requested waivers.

(10:44 a.m.) Ellen Avery-Smith, Rogers Towers, 100 Whetstone Place, reviewed the request to change the front yard setback, for the 415 lots owned by D.R. Horton, to a minimum of 15 feet; reducing the secondary and front corners to a 10 foot setback, with vehicular access in only the front yard setback for corner lots; and specific age restricted units. She spoke on being compliant with the Affordable Housing requirements.

(10:48 a.m.) Johns questioned whether the age restriction designation would be a part of the Home Owners Association (HOA) and Covenant Deed Restriction Documents for future home owners. Avery-Smith stated that it would.

(10:50 a.m.) **Motion by Smith, seconded by Morris, carried 5/0, to enact Ordinance No. 2016-63, MAJMOD 2016-12, Woodlawn PUD, adopting Findings of Fact 1-6, to support the motion.**

4. PUBLIC HEARING, DEVAGRMOD 2016-01, DURBIN CREEK NATIONAL DEVELOPMENT AGREEMENT MODIFICATION (SECOND READING). THIS IS THE FIRST AMENDMENT OF THE DURBIN CREEK NATIONAL DEVELOPMENT AGREEMENT THAT WAS APPROVED IN 2015. THE MODIFICATION REQUESTS TO INCREASE THE SHOPPING CENTER SQUARE FOOTAGE IN PHASE 1A BY 100,000 SQUARE FEET AND DECREASE PHASE 1B BY AN EQUAL AMOUNT, TO CLARIFY THAT THE 50% OF ACTIVE RECREATION FACILITIES CAN EITHER BE DEDICATED TO THE COUNTY OR TO A POA OR CDD, PROVIDED THESE FACILITIES REMAIN AVAILABLE FOR PUBLIC USE; AND TO CLARIFY THAT EXHIBIT 11, DEPICTS THE CONCEPTUAL LOCATION OF THE PROJECTED DEVELOPMENT PHASES AND IS SUBJECT TO CHANGE, AS PORTIONS OF THE PROPERTY ARE REZONED. THE LOCATION OF PHASE 1A HAS BEEN IDENTIFIED AND WILL BE RESTRICTED TO THE AREA SHOWN ON EXHIBIT 11 (AS MODIFIED), SITUATED BETWEEN SR 9B AND WEST PEYTON PARKWAY. TRANSPORTATION MITIGATION FOR PHASE 1A HAS BEEN COMPLETED, BY THE DONATION OF THE SR 9B RIGHT-OF-WAY TO FDOT. THE INCREASE TO 700,000 SQ. FT. IN PHASE 1A, DOES NOT INCREASE PROJECT IMPACTS WITH THE COMPANION DECREASE IN PHASE 1B; AND IDENTIFYING THE SPECIFIC LOCATION FOR PHASE 1A, IN AN AREA WHERE ROADWAY IMPROVEMENTS/WIDENING IS CURRENTLY UNDER CONSTRUCTION, WHEN THE LOCATION WAS PREVIOUSLY UNKNOWN, IS A POSITIVE CHANGE. THIS IS THE FINAL PUBLIC HEARING THAT IS SCHEDULED BEFORE THE BOARD ON DECEMBER 6, 2016

Proof of publication for the notice of public hearing on DEVAGRMOD 2016-01, Durbin Creek National Development Agreement Modification, having been published in *The St. Augustine Record* on September 29, 2016.

Phong Nguyen, Transportation Development Manager, presented details of the Durbin Creek National DEVAGRMOD, via PowerPoint. He reviewed the development phases and the transportation improvement phases, noting that Phase 1A was deemed fully mitigated and complete; and reviewed that requested changes to the Development Agreement. Staff found that the proposed changes did not substantially change the transportation mitigation for the projected development, was consistent with Article XI, and recommended approval of the modification to the existing Development Agreement.

(11:03 a.m.) Smith disclosed ex parte communication with Frank and Frankie Gatlin, Ellen Avery-Smith, Mr. Ken Wilson, Mr. Drew Frick, viewed a virtual tour of the property, and discussed the proposals. Dean noted he had also met with Avery-Smith, Wilson and Gatlin. Johns and Morris both disclosed meeting with the applicants.

(11:04 a.m.) Joseph Cearley, Special Projects Manager, presented the details on the rezoning requests, via PowerPoint, stating that the applicant requested 22 waivers that were listed in the staff report. He said Planning and Zoning recommended approval, with a 6/0 vote, based on nine Findings of Fact.

(11:09 a.m.) Johns questioned the total amount of conservation. Cearley responded that there were 120 acres, of which 99 acres would be preserved.

(11:10 a.m.) Ellen Avery-Smith, Rogers Towers, 100 Whetstone Place, presented the history of the property, the Development Agreement, improvements to Race Track

Road, reviewed the building phases, the revisions to Exhibit 11, and the architectural signage and scenic edges. She noted that the 700 feet of retail space would create 1000 jobs, with a capital investment of approximately \$150 million that would generate additional property taxes, annual sales tax would exceed \$25 million, ad valorem taxes would be \$3 million, and at full project build-out, sales tax would exceed \$90 million.

(11:24 a.m.) Drew Frick, 9540 San Jose Boulevard, Jacksonville, FL, Gate Petroleum, played a video of the proposed, completed project.

(11:27 a.m.) Johns questioned the visual appeal of the buildings facing Race Track Road and the location and the amount of acreage that would be recreational.

(11:28 a.m.) Frank Gatlin, Gatlin Construction, responded that there would be fake facades to mirror the front of the building and the loading area would be screened, to hide it from traffic site.

(11:32 a.m.) Avery-Smith reviewed possible recreation plans.

(11:34 a.m.) Johns noted that the funding responsibility would come solely from the developer and the Department of Transportation (DOT), not the taxpayer's.

(11:36 a.m.) Locklear confirmed that DOT was funding 9B and West Commerce Parkway; however there was a Tax Increment Financing (TIF) associated with the project that would reimburse the developer/road builder, through the lift in the property value.

(11:38 a.m.) Nguyen spoke on the phases regarding the widening of Race Track Road.

(11:40 a.m.) Ellen Whitmer, 1178 Natures Hammock Road South, spoke in support of the visual aspect of the project and that the commercial property would be developed first.

(11:42 a.m.) BJ Kalaidi, 8 Newcomb Street, spoke about the proposed recreation for the area and the projected sales tax to be generated by the commercial property.

(11:43) Motion by Johns, seconded by Smith, carried 5/0, to approve the first amendment of the Durbin Creek National Development Agreement, DEVAGRMOD 2016-01, finding that the proposed changes do not substantially change the transportation or recreation impacts for the projected development; and the finding that the request is consistent with Article XI of the Land Development Code and Florida Statutes.

(12/06/16 - 12 - 10:51 a.m.)

5. PUBLIC HEARING, PUD 2016-17, DURBIN PARK, PHASE 1A. PLANNING AND ZONING AGENCY RECOMMENDED APPROVAL, WITH A 6 - 0 VOTE, ON NOVEMBER 3, 2016

Proof of publication for the notice of public hearing on PUD 2016-17, Durbin Park, Phase 1A, having been published in *The St. Augustine Record* on October 14, 2016.

6. PUBLIC HEARING, MAJMOD 2015-14, VILLA SOVANA PUD. THIS IS A REQUEST FOR A MAJOR MODIFICATION TO THE VILLA SOVANA PLANNED UNIT DEVELOPMENT, TO ELIMINATE THE REQUIREMENT FOR FIVE FOOT WIDE SIDEWALKS, ON THE SOUTH SIDE OF VILLA SOVANA COURT. THIS MAJOR MODIFICATION REQUEST ALSO ACKNOWLEDGES AND REFLECTS THE 2010 APPLICATION, FOR A SMALL ADJUSTMENT TO THE VILLA SOVANA PUD THAT ELIMINATED THE REQUIREMENT FOR FIVE FOOT WIDE SIDEWALKS, ON THE NORTHERN SIDE OF VILLA SOVANA COURT. SIDEWALKS WERE NOT REQUIRED TO BE CONSTRUCTED AT THE TIME EACH HOME WAS BUILT, AS THE DEVELOPER PROVIDED A SIDEWALK BOND FOR \$5,798 TO ENSURE THE CONSTRUCTION OF SIDEWALKS WITHIN VILLA SOVANA. THE SIDEWALK FUND WAS RECENTLY RENEWED IN 2016 AND IS STILL VALID. SHOULD THIS MAJOR MODIFICATION REQUEST BE APPROVED, THE SIDEWALK BOND WOULD BE RETURNED, AND NO SIDEWALKS WOULD BE REQUIRED TO BE CONSTRUCTED IN THE SUBDIVISION. ON OCTOBER 20, 2016, THE PLANNING AND ZONING AGENCY RECOMMENDED APPROVAL, BY A VOTE OF 6-0

Proof of publication for the notice of public hearing on MAJMOD 2015-14, Villa Sovana PUD, having been published in *The St. Augustine Record* on September 29, 2016.

Patrick Doty, CFM, Planner, presented details of the Villa Sovana MAJMOD, removal of the five foot sidewalk requirement, via PowerPoint.

(11:48 a.m.) Brad Davis, Prosser, 13901 Sutton Park Drive South, Suite 200, Jacksonville Florida, spoke on removing the five foot sidewalk requirement, residential approval, and staff recommending approval, with a 6/0 vote. He said sidewalks in this area would be cumbersome and displayed an image of the property, *Exhibit A*. He noted that the five year plan showed no projects anticipated on CR 13, *Exhibit B*.

(11:52 a.m.) Johns questioned whether the funds for the sidewalks could be redirected where they are needed in other parts of the County. Davis indicated that the Sidewalk Bond was \$5,798, and was a cost to the homeowners individually, not to the applicant. Discussion ensued on redirecting the sidewalk funds to another area.

(11:57 a.m.) McCormack suggested recessing so the item could be researched. Discussion ensued on the Sidewalk Bond Funds.

The meeting recessed at 12:04 p.m. and reconvened at 12:49 p.m. with all five commissioners, Wanchick, Locklear, McCormack, Soria, and Deputy Clerk Sindy Wiseman.

(12:49 p.m.) McCormack presented the options to build the sidewalks or remit to the County \$4,000, which was the cost to build the sidewalks.

(12:51 p.m.) Davis said the applicant would agree to remit the \$4,000 to the County.

(12:54 p.m.) Soria provided language for the motion.

(12:54 p.m.) Motion by Johns, seconded by Dean, carried 5/0, to enact Ordinance No. 2016-65, MAJMOD 2015-14, Villa Sovana PUD, based upon the six Findings of Fact, with a payment of approximately \$4,000 to the County Sidewalk Fund, in lieu of actual construction.

ORDINANCE NO. 2016-65

AN ORDINANCE OF THE COUNTY OF ST. JOHNS, STATE OF FLORIDA, APPROVING A MAJOR MODIFICATION TO THE VILLA SOVANA PLANNED UNIT DEVELOPMENT (PUD), ORDINANCE NO. 2005-64, AS AMENDED; REMOVING THE REQUIRED FIVE FOOT SIDEWALK, ALONG THE SOUTH SIDE OF VILLA SOVANA COURT; MAKING FINDINGS OF FACT; PROVIDING A SAVINGS CLAUSE; REQUIRING RECORDATION; AND PROVIDING AN EFFECTIVE DATE

7. PUBLIC HEARING, TRANSMITTAL HEARING FOR COMPAMD 2016-02, WCI C.R. 210. TRANSMITTAL HEARING FOR COMPAMD 2016-02, KNOWN AS WCI C.R. 210, A COMPREHENSIVE PLAN AMENDMENT, TO AMEND THE FUTURE LAND USE MAP FROM RURAL/SILVICULTURE (R/S) TO RESIDENTIAL-B (RES-B), WITH A PROPOSED SITE-SPECIFIC AMENDMENT, TO LIMIT DEVELOPMENT OF 818 SINGLE FAMILY DWELLING UNITS AND 160,000 SQUARE FEET OF NEIGHBORHOOD COMMERCIAL USES

Proof of publication for the notice of public hearing on COMPAMD 2016-02, WCI C.R. 210, was received, having been published in *The St. Augustine Record* on October 3, 2016.

Joseph Cearley, Special Projects Manager, presented details of the request to transmit COMPAMD 2016-02, via PowerPoint.

(1:04 p.m.) Richard Barber, WCI Communities, pointed out the history of the company and other developments the company had been involved with in Florida. He noted that the average price for a home would be \$450,000 or higher within the proposed development. He mentioned that they had met with school representatives, and WCI was aware of their concerns with traffic and school concurrency.

(1:08 p.m.) Tony Robbins, Prosser Hallock representative, presented details of the WCI company and the transmittal steps involved with the proposed project. He noted that the project would be a high end luxury development to include a mix of commercial and residential properties. He offered details that included neighborhood commercial, public recreation, conservation, residential, and private recreation.

(1:34 p.m.) Dean voiced that WCI had constructed very high quality developments in south Florida, and suggested that the proposed project was most compatible with the surrounding area, and the Board should allow the transmittal to the State. However, he asked that if the project moved forward, that the supposed deficiencies would be handled appropriately in the future.

(1:37 p.m.) Smith asked staff to clarify what roadway work was currently being completed by Rivertown located on Veterans Parkway extension, as well as the Shearwater development obligations. Nguyen detailed both obligations involving the Rivertown and Shearwater developments.

(1:40 p.m.) Smith suggested that the timing was the greater issue in regards to already approved projects in the process of being completed. Robbins replied that he was part of the team involved in the modification to Rivertown's commitment of Veterans Parkway extension and had been in consultation with the developer of Rivertown.

(1:43 p.m.) Smith pointed out required details of the comprehensive plan in regards to adequate infrastructure.

(1:44 p.m.) Morris stated that he reviewed each application on its own merit and suggested that the county's northwest section currently lacked fire services.

(1:45 p.m.) Jeff Prevatt, Assistant Fire Chief, spoke on fire services in the northwest area. He noted that the area was adequate in fire safety thus far. Morris voiced concerns with the northwest area already approved developments; however, he stated that he would reluctantly vote to transmit the proposed project to the State for review.

(1:50 p.m.) Waldron stated that he was impressed with WCI and the great facilities they had built, but he agreed that the timing was an issue. However, he voiced reservations with the proposed project involving the roads, fire services and school concurrency.

(1:52 p.m.) Johns pointed out that he had been raised in the area and it had evolved very effectively. He noted that the county could not require developers to construct roadways before the demand existed. He asked that WCI collaborate with other existing land developers in the northwest area in order to meet the infrastructure needs. He agreed that the subject intersection was a prime location for commercial development. Discussion ensued regarding compatibility for the area.

(2:04 p.m.) Morris spoke on the proposed donation of six acres for a public recreational park, but without improvements to the property. He suggested that the developer place ballfields in as part of the property donation.

(2:07 p.m.) **Motion by Dean, seconded by Johns, carried 3/2, with Smith and Waldron dissenting, to transmit COMPAMD 2016-02, WCI C.R. 210, based upon three findings of fact.**

(12/06/16 - 15 - 2:08 p.m.)

He stated that several contractors had express desire to utilize the Mickler's parking lot as a staging area to access the beach during restoration. He noted that the cost to restore the parking lot once the project was finished would be 50/50 split between the contractors and the county. He said the project would last approximately 6-8 weeks.

(2:24 p.m.) In response to an inquiry from Smith, Ross clarified that the document was in draft form and an estimate would be confirmed prior to the start of the project. Wanchick pointed out that the percentage cost could be reduced for the county if additional contractors participated in the project.

(2:41 p.m.) Howard White, Building Official, detailed the many benefits provided to the County with issuance of the Emergency Proclamation extension.

(2:46 p.m.) Smith asked why residents had delayed in requesting permits. White explained that some delays involved insurance companies and/or financial issues as

well as the lack of available contractors for residents. Discussion ensued in regards to the number of damaged homes in the county.

(2:49 p.m.) In response to an inquiry from Johns, White advised that the County followed the State guidelines in regards to continuing the issuing of Emergency Proclamations. McCormack stated that the emergency response process was on the downward slope; however, the proclamations offered a more direct method to assist those in need because of the hurricane.

He noted that the FIND and Army Corps of Engineers were working together on a project, which involved approximately 4 to 5 thousand feet of beach restoration. He said the project would not cost the county or residents. He pointed out that once the FEMA kickoff meeting took place the county had 60 days to identify and report all damages to FEMA. He mentioned a 75% funded project involving sand and beach erosion that came with 12.5% State funding, which would leave a 12.5% unfunded portion of the project. He said staff was working with State representatives on a hurricane recovery plan as a working document, which was updated daily and would offer more substance to the State appropriation bill. He stated that the County had issued Request for Qualification's to be ready for the process. He voiced that three elements would be involved, which include permits, funding, and easements. He stated that staff would survey the public to find their interest in regards to funding issues. Discussion ensued concerning engineers and specialized coastal engineers.
