THIS BOARD OF COUNTY COMMISSIONERS (BCC) BUDGET WORKSHOP IS DESIGNED TO BOTH INFORM AND ESTABLISH BUDGET GUIDELINES FOR THE UPCOMING FY 2018 COUNTY BUDGET PROCESS AND WILL FOCUS ON THE COUNTY’S TRANSPORTATION TRUST FUND AND FIRE DISTRICT FUND

Jesse Dunn, Director of Office of Management and Budget, reviewed the February 21, 2017, Budget workshop; FY 2018 budget process, including balancing the budget for FY 2018 and focusing on the Fire District Fund, via PowerPoint.

McGee left the meeting and Deputy Clerk Bonnie A. Putman entered the meeting at 1:13 p.m.

(1:13 p.m.) Dunn continued the presentation, which included the Fire District Fund, the Transportation Trust Fund, and Public Works. He explained the current revenues versus current services, with and without utilizing reserves and/or enhancing revenue, and the General Fund forecast.

(1:29 p.m.) Johns requested specific costs to maintain services, prior to polling the community, in order to make a decision on whether to decrease current services or increase funding.

(1:33 p.m.) Morris spoke in opposition to utilizing reserves and noted the projected deficit of $17 million for 2018. He stated that a funding source was needed and felt there was not anything left to cut.

(1:36 p.m.) Dean agreed that revenues needed to be enhanced, but was interested in cost reductions, i.e. health insurance, which had an 18% premium increase. He spoke on the upcoming Request for Proposal (RFP) for annual health insurance, which included County employees, the Sheriff’s Office and the other constitutional office employees. He questioned the timing of an updated report on impact fees. Locklear responded. Dean requested information on the different revenue sources and the amount generated from each source, including impact fees, ad valorem taxes, and tourist development monies, prior to the May Administrator’s Budget workshops. concerns, EMS and Fire Rescue’s concerns, and the loss of economic impact to St. Johns County.

(1:48 p.m.) Discussion ensued on the cost of the project and the quality of the sand for re-use.

(1:52 p.m.) Waldron noted that he had received a lot of feedback from the public; he had concerns with the number of upcoming tournaments and supported moving forward with the project. Discussion continued on funding for the project, including FEMA reimbursement and a RFP.

(2:02 p.m.) Johns questioned the options or recommendations from Florida Inland Navigation District (FIND). Wil Smith stated that the grant deadline was March 31, 2017, which meant they would need to wait until the next grant cycle for possible funding eligibility, which would most likely not take place until November 2018. Discussion ensued on why the grant had not been requested previously, since the Vilano Boat Ramp need had been known for some time, and the availability of matching funds.

(2:03 p.m.) Motion by Dean, seconded by Waldron, carried 5/0, to move forward to seek sealed bids for the Vilano Boat Ramp Dredging Project, with the proviso that all the bids would come back to the Board for consideration and that the Board have the absolute right to reject any and all bids; and with staff working with F.I.N.D. and the Army Corp of Engineers to determine if in fact, the sand’s quality was enough to add to the current sand replenishment project; and that the funding source, for this project, come from General Fund Reserves.
