Budget Overview for the Fiscal Year Ending September 30, 2022

Background Information

The Clerk of the Courts is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of State law. The Clerk's office is an integral part of St. Johns County, as the Clerk serves as the Chief Financial Officer of the County. The Clerk serves more than 276,096 residents. The Clerk's annual budgets do not include the County's budget or the budgets of any other constitutional officer.

Funds Reported in this Budget Document

General Fund – The General Fund is the primary operating fund. It is used to account for and report all financial resources not accounted for in another fund.

Special Revenue Funds – The special revenue funds are used to account for the proceeds of specific revenue sources that are legally or administratively restricted to expenditures for specified purposes.

Funds not Reported in the Budget Document - Fiduciary Funds

Agency Fund – The Agency Fund is primarily used to account for and report resources held in a custodial capacity for individuals, private organizations, governments, and state agencies. The fund is excluded because of its custodial nature, and it does not involve a measurement of results of operations.

Budgetary Policies

The Clerk follows these procedures in establishing the budgetary data:

- 1. Section 218.35 of the Florida Statement requires the Clerk, as a fee officer, to establish an annual budget reflecting resources available and the function for which funds are to be expended.
- 2. The Clerk is to file a purposed budget for general governmental services with the Board of County Commissioners' Office of Management and Budget by June 1st of each year.
- The Clerk is required to submit a budget for court-related revenues and expenditures to the Florida Clerk of Courts Operations Corporation by May 1st of each year in accordance with Section 28.36 of the Florida Statutes.
- 4. The Clerk can amend the budget for the recording segment of the general government services budget and the special revenue fund budgets as deemed necessary during the year. The budgetary control is the total revenue and expenditure level.
- 5. The Clerk must receive approval from the Florida Clerk of Courts Operations Corporation in order to amend the total court-related budget. However, amendments to allocate amounts between court departments and account line items are at the Clerk's discretion.
- 6. Formal budgetary integration is employed as a management control device during the year for the Clerk's General Fund and Special Revenue Funds. Appropriations lapse at the end of each fiscal year.
- 7. The budgets for the Clerk's General Fund and Special Revenue Funds are adopted on a basis consistent with Generally Accepted Accounting Principles.

Explanation of Budget Funding Sources

Court Operations: The Florida Legislator is responsible for funding any shortfall in the Clerk's court-related budget. The court revenues are fees and services charges from court users. St. Johns County retains the responsibility for funding some court-related costs including facilities, communications, and shared technology.

General Government: The Clerk collects fees for document recordings, tax deeds, marriage licenses, and passports that fund the operations. St. Johns County provides funding for the Minutes and Records and Finance department that provide services to the County.

Title IV-D Child Support Grant Reimbursement: The Clerk is responsible for assisting in the collection of courtordered child support payments. The Clerk has engaged in a contract whereby the Federal government reimburses the Clerk for costs incurred in providing this service.

Court Modernization Trust Fund: This special revenue fund collects a \$1.90 service charge on the recording of most instruments.

Records Modernization Trust Fund: This special revenue fund collects a \$1 service charge on the first page of most recorded instruments and an additional \$.50 cents for each additional page recorded.

Expenditure Allocations

Indirect administrative expenses benefit both court-related and general government operations. They are allocated according to the method used for State court budget reporting.
